Report of Independent Auditors

To the Participants and Administrator of
Graham Holdings Company Retiree Medical Expense Plan

Opinion

We have audited the financial statements of Graham Holdings Company Retiree Medical Expense Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits (modified cash basis) for the years then ended in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Graham Holdings Company Retiree Medical Expense Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2011 to provide medical and dental benefits to current and future retired employees of Graham Holdings Company (the Company or Plan Administrator) and its participating subsidiaries, and to their dependents and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective November 1, 2018, retirees who enroll in the Plan are required to pay 100% of the total cost of coverage, as reasonably determined by the Company.

Benefits

Benefits are provided through a combination of self-insured and insured arrangements by which benefits are paid to or on behalf of any participant who is found to have incurred a covered expense, as defined by the Plan. Health care claims of participants, dependents, and beneficiaries are processed primarily by Aetna and CVS, but the responsibility for payments to participants and providers is retained by the Plan.

Contributions

Participants may be required to assist in funding the Plan's benefits by contributing to the Graham Holdings Company Employee Benefits Association Trust (Trust), of which The Bank of New York Mellon is Trustee. The amount required for the coverage for each participant enrolled is specified by the participant's former employer within the Company. In 2025 and 2024, participant contributions for retired employees and COBRA participants ranged from 0% to 102% of the total actuarially determined contribution level.

Employer contributions to the Plan are made in accordance with a funding policy that takes into account the anticipated liquidity needs of the Plan.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan agreement to terminate the Plan. In the event the Plan terminates, the assets remaining in the Trust attributable to the Plan shall be applied against the obligations of the Plan, which includes the incurred but not reported amounts recorded through the date of Plan termination.

Tax Status

The Trust obtained its latest determination letter dated October 5, 1984, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Company has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan and Trust are subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Accordingly, contributions, benefit payments, rebates, and administrative expenses are recorded on the basis of actual amounts received or disbursed. Investment income is recorded on the accrual basis of accounting.

Use of Estimates

The preparation of the modified cash basis financial statements requires the Plan Administrator to make estimates and assumptions that affect the amounts in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are held by the Trust in which the Graham Holdings Company Medical Expense Plan also participates. Investments held by the Trust are recorded at fair value based on quoted market prices and significant other observable inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Gains or losses realized on the sale of investments are determined based on weighted average cost.

Interest income, realized gains or losses on the sale of investments, and unrealized appreciation or depreciation of investments are allocated monthly to the respective plans on the basis of each plan's percentage interest in the market value of the Trust as of the end of the prior year.

Risks and Uncertainties

Contributions, if any, to the Plan and claims incurred but unpaid or unreported and the actuarial present value of postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates, health care inflation rates, claim history and demographics. Due to

uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Refunds

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. Refunds from the PBM are recorded when received and are netted against claims paid.

Administrative Expenses

Administrative expenses, including Trustee fees, are paid by the Plan.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 25, 2026, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

NOTE 3 – BENEFIT OBLIGATIONS

As of December 31, 2025 and 2024, the Plan's total benefit obligations were as follows:

	December 31,	
	2025	2024
Amounts estimated to be payable by the Plan for:		
Claims incurred but unpaid or unreported, and other obligations	$ 63,933	$ 21,073
Postretirement benefit obligation:		
Retirees	812,387	1,069,268
Total benefit obligation	$ 876,320	$ 1,090,341

During 2025 and 2024, the postretirement benefit obligation decreased $256,881 and $274,461, respectively, primarily due to a decrease in the participants in the Plan.

Postretirement Benefits

The Company and its subsidiaries provide health care benefits to certain employees upon retirement. These employees become eligible for benefits after meeting minimum age and service requirements. The expected cost of providing these postretirement benefits is accrued over the years that employees render the necessary service.

The accumulated postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee's services rendered as of year end. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. The postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date, reduced by the actuarial present value of contributions expected to be received in the future from participants of the Plan. The obligations represent the amounts that are expected to be funded by contribution from the Company and from existing assets of the Plan.

The actuarial present value of the accumulated postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to current claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The assumed health care cost trend rate used in measuring the benefit obligation at December 31, 2025 was 8.15% for pre-age 65, 9.35% for post-age 65, and 11.00% for Medicare Advantage, all decreasing to 4.5% in the year 2034 and thereafter. The assumed health care cost trend rate used in measuring the benefit obligation at December 31, 2024 was 8.59% for pre-age 65, 9.68% for post-age 65, and 12.25% for Medicare Advantage, all decreasing to 4.5% in the year 2034 and thereafter. The discount rate used in determining the benefit obligation at December 31, 2025 and 2024 was 4.84% and 5.12%, respectively. Other assumptions used in the valuation as of December 31, 2025 include an average retirement age of 62 and use of the Pri-2012 mortality table projected with the MP-2021 mortality improvement scale on a generational basis. Other assumptions used in the valuation as of December 31, 2024 include an average retirement age of 62 and use of the Pri-2012 mortality table projected with the MP-2021 mortality improvement scale on a generational basis.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement obligation.

The Plan's deficiency of net assets over benefit obligations at December 31, 2025 and 2024, relates to the postretirement benefit obligation, the funding of which is not covered by the current

contribution policy. The Company's policy is to fund the aforementioned benefits as claims and premiums are paid.

The Plan's total benefit obligations include the Plan's liability for claims incurred as of December 31, 2025 and 2024, but not reported, and the Plan's liability for claims reported as of December 31, 2025 and 2024, but not yet processed. The Plan's liability for claims incurred but not reported is estimated by the Company utilizing prior claims experience and the expected time period from the date such claims are incurred to the date that the related claims are submitted and paid.

NOTE 4 – INVESTMENTS

The following table presents the fair values of investments and other assets held by the Trust at December 31, 2025 and 2024. As of December 31, 2025 and 2024, the assets of the Plan were comprised solely of the Plan's 0.91% and 2.66% undivided interest in the Trust.

	As of December 31, 2025		As of December 31, 2024	
	Trust	Plan's Interest in Trust	Trust	Plan's Interest in Trust
Accrued interest	$ 12,120	$ 110	$ 12,038	$ 320
Government cash management fund, at fair value	7,019,960	63,823	6,296,913	167,511
Total trust assets	$ 7,032,080	$ 63,933	$ 6,308,951	$ 167,831

Investment income was as follows:

	As of December 31, 2025		As of December 31, 2024	
	Trust	Plan's Interest in Trust	Trust	Plan's Interest in Trust
Interest income	$ 291,674	$ 2,654	$ 337,323	$ 8,973

NOTE 5 – FAIR VALUE MEASUREMENT

Fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability based on a three-tiered hierarchy that draws a distinction between market participant assumptions based on (i) observable inputs, such as quoted prices in active markets (Level 1); (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2); and (iii) unobservable inputs that require the Trust to use present value and other valuation techniques in the determination of fair value (Level 3). Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measure. The Trust's assessment of the significance of a

particular input to the fair value measurements requires judgment and may affect the valuation of the assets and liabilities being measured and their placement within the fair value hierarchy.

The Trust's financial assets measured at fair value on a recurring basis were as follows:

	As of December 31,	
	2025	2024
Assets:		
Government cash management fund [(a)]	$ 7,019,960	$ 6,296,913
Total financial assets	$ 7,019,960	$ 6,296,913

For assets that are measured using quoted prices in active markets, the total fair value is the published market price per unit multiplied by the number of units held. Assets that are measured using significant other observable inputs are primarily valued by reference to quoted prices of similar assets in active markets, adjusted for any terms specific to that asset.

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the total Trust Net Assets.

The following table set forth a summary of the Plan's investments with a reported Net Asset Value (NAV) as of December 31, 2025 and 2024:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restriction	Redemption Notice Period
Government cash management fund					
2025	$ 7,019,960	None	Daily	None	None
2024	$ 6,296,913	None	Daily	None	None

The fund's objective strategy is to provide investors with as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity.
