INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
Warrenton Oil Company, Inc. 401(k) Plan

Opinion

We have audited the financial statements of Warrenton Oil Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Warrenton Oil Company, Inc. 401(k) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Warrenton Oil Company, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Warrenton Oil Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when

it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Warrenton Oil Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Warrenton Oil Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WARRENTON OIL COMPANY, INC. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description

The following description of Warrenton Oil Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan, which was established October 1, 1992 and subsequently amended, is a defined contribution and 401(k) plan covering substantially all employees of Warrenton Oil Company, Inc. and its participating controlled group companies Abel Oil Company, Thoele, Inc., Liter's VP, LLC, and, effective April 11, 2025, WOCO Transportation, LLC (collectively the "Companies") who meet the eligibility provisions of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, not to exceed the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies are required to make safe harbor matching contributions equal to 100% of each participant's elective deferrals up to 4% of eligible compensation, as defined by the Plan. The safe harbor matching contributions are determined for the Plan year and are fully vested when contributed. The Plan also includes a provision for matching contributions and profit-sharing contributions determined by the Companies at their discretion. Effective October 1, 2024, participants direct the investments of their account balances among the investment options made available under the Plan. Prior to that date, Plan investments were directed by the Plan administrator.

Eligible Participants

Employees are eligible to participate in the Plan if they have completed 1 year of service and are at least 21 years of age.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Companies' contributions, and (c) Plan earnings and appreciation. Each participant's account is charged with (a) any withdrawals or distributions, (b) Plan losses and depreciation, and (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor contributions, plus or minus actual earnings or losses thereon.

(Continued)

(1) Plan Description (Continued)

For employer matching and profit-sharing contributions to the Plan, participants will vest as follows:

Years of Service	Vesting Percentage
Less than two	0 %
Two	20 %
Three	40 %
Four	60 %
Five	80 %
Six or more	100 %

Participants are also fully vested in employer contributions upon attainment of normal retirement age and upon termination of the Plan. Benefits payable upon death or disability are based on the participant's vested account balance.

Participants are considered to have completed one year of service upon the completion of 1,000 hours of service at any time during the employment year.

Forfeited Plan Assets

If a participant forfeits any unvested balances in his/her account, the forfeited assets are used to pay plan expenses or reduce future employer contributions. Forfeitures used to reduce employer contributions for the year ended December 31, 2025 and 2024 were immaterial. As of December 31, 2025 and 2024, the Plan held immaterial amounts of unallocated investments available to reduce future employer contributions or pay plan expenses.

Retirement and Terminations

In the case of normal retirement or retirement due to permanent disability, participants will receive the value of their vested benefits, in accordance with the provisions of the Plan, either in a lump-sum distribution or in installments payable over a period which does not exceed the life expectancy of the participant.

In the event that a participant dies before retirement, the beneficiary will receive the value of the participant’s vested benefits in a lump-sum distribution.

In the case of termination of an employee, the participant may request early payment of the vested benefit by submitting a written request to the plan administrator. The portion of the terminated participant’s account balance that is not vested is forfeited and is used to pay plan expenses or to reduce future employer contributions.

In-Service Distributions

The Plan allows for in-service distributions upon the attainment of age 59 1/2 and only from funds in which the participant is 100% vested.

(Continued)

(1) Plan Description (Continued)

Administration

Effective October 1, 2024, Capital Bank and Trust Company serves as trustee and custodian of the Plan's participant-directed investments. The investment in Royal Bancshares, Inc. common stock was administered separately by the Plan Administrator until its distribution on September 30, 2025. Prior to October 1, 2024, a majority of the assets of the Plan were held and managed by Edward D. Jones & Co and Cetera.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair values of the Plan's other financial instruments approximate their carrying amounts, either because the expected collection or payment period is relatively short or because the terms are similar to market trends. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk

Participants in the Plan assume all adverse investment risk connected with any decrease in value of plan assets, and such assets are the sole source of payments under the Plan.

(Continued)

(2) Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through the date of the independent auditor's report, which is the date the financial statements were available to be issued (see Note 9).

(3) Transactions with Parties-In-Interest

The Plan is administered by the Companies. Employees of the Companies serve as trustees and administrators of the Plan and participate in the Plan. The Plan pays for all administrative expenses related to the Plan including the fees of the independent auditor issuing the accompanying report. Prior to October 1, 2024, most of the investment funds were held and managed by Edward D. Jones & Co and Cetera. Effective October 1, 2024, Capital Bank and Trust Company was appointed trustee of the Plan, and the Plan's registered investment company holdings were transferred to Capital Bank and Trust Company's custodial platform. The Royal Bancshares, Inc. common stock continued to be administered separately by the Plan Administrator until its distribution on September 30, 2025.

(4) Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), a guideline is provided for measuring fair value under generally accepted accounting principles. The topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means for substantially the full term of the asset; and Level 3 inputs have the lowest priority and are based on prices or valuation techniques that are unobservable and not corroborated by market data. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when an active market comparable is not available and Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

(Continued)

(4) Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Level 1 Fair Value Measurements

The fair values of registered investment companies are based on quoted market prices.

Level 3 Fair Value Measurements

As of December 31, 2025 and 2024, the Plan held 0 and 1,046 shares (1%) of common stock of Royal Bancshares, Inc., a privately held company. Effective September 30, 2025, the Royal Bancshares, Inc. common stock was distributed in kind to individual retirement accounts established by the affected participants. (5) Plan Termination Policies

Although it has not expressed intent to do so, the Companies have the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

(6) Internal Revenue Service Status

The Plan has adopted a pre-approved plan document sponsored by Ascensus LLC. The Internal Revenue Service has determined and informed Ascensus LLC by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan was amended subsequent to this date; however, the Plan Administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for any uncertain tax positions in accordance with the Income Taxes topic of the FASB ASC. The topic prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken in an annual return/report of an employee benefit plan. In evaluating the Plan's tax position, interpretations and tax planning strategies are considered. The Plan believes its tax-exempt status is appropriate based on current facts and circumstances.

(7) Plan Amendments

Effective April 11, 2025, employees of WOCO Transportation, LLC are eligible to participate in the Plan.

(8) Risk and Uncertainties

The Plan invests in various securities. The underlying investments may include corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

Effective January 1, 2026, the Plan was amended to reduce the minimum age requirement for all contribution types from age 21 to age 18, while retaining the one-year service requirement. The amendment also permits Roth elective deferrals, in-plan Roth conversions, and expanded acceptance of eligible rollover contributions.
