Independent Auditors' Report

401(k) Committee
SoundThinking, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of SoundThinking, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of SoundThinking, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan was established effective March 5, 2019 to enable eligible employees to save for retirement. The Plan is a defined contribution plan established, sponsored and administered by SoundThinking, Inc. (the "Company" or "Plan Administrator") for the benefit of substantially all employees of the Company. Prior to June 1, 2023, the Company and Plan Administrator's name was ShotSpotter, Inc. and the Plan name was ShotSpotter, Inc. 401(k) Plan. The Company's 401(k) Committee ("401(k) Committee") is the Plan's named fiduciary for purposes of Section 402(a) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and has overall responsibility for the operation and administration of the Plan.

Eligibility

The Plan covers substantially all employees of the Company, except for employees covered by collective bargaining agreements, nonresident aliens, leased employees and residents of Puerto Rico, once they have attained 21 years of age and have completed one month of service. An employee's entry date into the Plan will be the first day of the month coinciding with or next following the date he or she satisfies the eligibility requirements.

Contributions

Participants may contribute up to 100% of their annual compensation as pre-tax or Roth contributions, as defined in the Plan, subject to an annual limitation imposed by Internal Revenue Service ("IRS") regulations. Participants may also make rollover contributions into the Plan representing distributions from other tax-qualified employer-sponsored retirement plans. Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan.

The Plan provides that the Company may elect to make discretionary matching contributions. For 2025, the Company elected to contribute 50% of the first 2% of base compensation that a participant contributed to the Plan. To be eligible for a matching contribution, an employee must be an active participant during the year and employed by the Company as of the last day of the Plan year. Contributions are subject to certain limitations.

1. Description of the Plan, Cont'd

Participant investment account options

Participants direct the investment of all contributions into various investment options offered by the Plan. For participants who do not direct the investment of their contributions, accounts will be invested in accordance with default investment alternatives established under the Plan. The Plan currently offers various mutual funds, a money market fund, common collective trusts and a guaranteed interest account as investment options for participants.

Allocations

Each participant's account is credited with investment earnings and an allocation of certain Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

The portions of the participant's account attributable to elective deferral contributions, catch-up contributions and rollover contributions are 100% vested and non-forfeitable.

Vesting in the Company's discretionary matching contributions plus actual earnings thereon vest according to the following schedule:

Years of Service	Percentage
<1	0%
1	33%
2	66%
3	100%

Participants are 100% vested upon retirement, death, disability, or termination of the Plan.

Forfeitures

Unvested amounts forfeited by terminated employees may be used to reduce expenses related to the administration of the Plan or to reduce the Company's discretionary matching contributions payable under the Plan. During 2025, forfeited funds of $29,043 were used to reduce the Company's discretionary matching contributions and none were used to reduce expenses related to the administration of the Plan. The forfeiture account balances were $26,430 and $6,048 at December 31, 2025 and 2024, respectively.

Notes receivable from participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance.

1. Description of the Plan, Cont'd

Notes receivable from participants, cont'd

The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the rate charged by other lenders for notes made under similar circumstances. Note repayment periods may not exceed five years except for loans used to acquire a principal residence. Principal and interest are paid through payroll deductions. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive a single lump-sum payment equal to the value of participant's vested interest in his or her account if the participant's account does not exceed $5,000. If a terminated participant's vested interest in his or her account exceeds $5,000, a participant may elect to receive a single lump-sum payment or installments over a period of time of not more than his or her life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may withdraw any or all of their elective deferral account balances at any time during the Plan year upon attainment of age 59 ½ or upon incurring a financial hardship, as defined in the Plan document, if certain requirements have been met. Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan document provides that participants would become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

2. Summary of Significant Accounting Policies, Cont'd

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants subsequent to December 31, 2024. There were no excess contributions for 2025.

3. Information Certified by the Plan's Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2024 through September 30, 2025, and Voya Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions from September 30, 2025 to December 31, 2025. The Plan's trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

3. Information Certified by the Plan's Trustees, Cont'd

- Investments at fair value
- Investments at net asset value ("NAV")
- Fully benefit-responsive investment contract at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurement, Cont'd

*Common collective trust*s: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$8,370,876	$ -	$ -	$ 8,370,876
Money market fund	2,889	$ -	$ -	2,889
Total investments in fair value hierarchy	$8,373,765	$ -	$ -	$ 8,373,765

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$16,899,029	$ -	$ -	$16,899,029
Money market fund	431,204	$ -	$ -	431,204
Total investments in fair value hierarchy	$17,330,233	$ -	$ -	$17,330,233

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	$11,702,143	N/A	Daily	N/A

The following summarizes the investment strategies by major categories for these common collective trusts:

- Target retirement - these are age-based target date collective investment trusts designed to provide a complete retirement portfolio in a single fund. Each fund invests in a corresponding Capital Group Target Date Retirement Fund. The portfolio automatically becomes more conservative as the target retirement year approaches by reducing equity exposure and increasing fixed income exposure. Earlier target dates emphasize capital preservation and income, while later target dates emphasize long-term growth through higher allocations to equities.

4. Fair Value Measurement, Cont'd

- Domestic equity - the Plan's domestic equity common collective trust funds invest primarily in equity securities of United States companies. The funds employ a variety of investment strategies, including passive index replication and actively managed growth and value approaches. The index fund seeks to track the performance of large-capitalization United States equities represented by a broad market index. The actively managed funds seek long-term capital appreciation through investments in large-cap growth, mid-cap value, and small-cap value companies selected based on fundamental research, valuation characteristics, and growth potential. These investments are subject to risks associated with equity markets, including market volatility and changes in economic conditions.

- Fixed income - the Plan's fixed income common collective trust funds invest primarily in debt securities to provide current income and, to a lesser extent, capital appreciation. The funds invest in diversified portfolios of fixed income instruments, including United States government obligations, investment-grade corporate bonds, mortgage-backed and asset-backed securities, and other credit-related investments. Certain funds may also invest in long-duration corporate credit securities to enhance income potential. The value of these investments is subject to interest rate risk, credit risk, and changes in overall market conditions.

5. Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company ("VRIAC"). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer.

5. Fully Benefit-Responsive Investment Contract, Cont'd

Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants

6. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated December 10, 2020, stating that the pre-approved plan document was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). Although the pre-approved plan document has been amended since receiving the IRS opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The tax positions taken by the Plan have been analyzed and, as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Certain of the Plan's assets are invested in a money market fund and a guaranteed investment contract managed by VRIAC, who serves as the Plan's current trustee. Certain officers of the Company and members of the 401(k) Committee are current participants in the Plan. The Plan also has outstanding notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions that are exempt from the prohibited transaction rules. The Company pays directly any other fees related to the Plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

Net assets available for benefits and the net increase in net assets available for benefits, as reported in the accompanying financial statements, are consistent with amounts reported in Schedule H of Form 5500.

10. Subsequent Events

The Plan has evaluated subsequent events through September 24, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
