REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of
Exponent Technologies, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Exponent Technologies, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 24, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

EXPONENT TECHNOLOGIES, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

A. Description of the Plan

General

The following brief description of the Exponent Technologies, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The Plan is a defined contribution plan that was established February 1, 2002, and restated January 1, 2023. The Plan covers all employees of Exponent Technologies, Inc. (the "Company" or "Plan Sponsor"). Long-term part-time employees who met eligibility requirements under the SECURE Act are also eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan administrative committee is responsible for oversight of the Plan. The Plan's administrative committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute up to 100% of their eligible pre-tax annual compensation, as defined by the Plan, subject to the limitations imposed by the Internal Revenue Code (the "Code"). Participants may also elect to make Roth deferrals (after-tax contributions), which are separately accounted for along with the related investment earnings and losses. In addition, eligible participants may make rollover contributions from other qualified retirement plans. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with Code provisions.

Participants direct the investment of their contributions among the various investment options offered by the Plan. The Plan also includes an automatic enrollment feature under which newly eligible employees are automatically enrolled unless they elect otherwise. Automatically enrolled participants contribute 5% of eligible compensation, which is invested in the Plan's default target retirement date fund until modified by the participant.

The Company may make matching and other discretionary contributions as determined annually by the Plan administrative committee and in accordance with the Plan document. For the year ended December 31, 2025 and 2024, the Company provided a matching contribution equal to 50% of participant elective deferrals, up to a maximum of $6,000 per participant, resulting in total matching contributions of $503,974 and $514,328, respectively. The Company may also make discretionary profit-sharing contributions; however, no profit-sharing contributions were made during the years ended December 31, 2025 and 2024. Contributions to the Plan remain subject to applicable Code limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

A. Description of the Plan – continued

Vesting

Participants are fully vested at all times in their employee contributions, including pre-tax deferrals, Roth contributions, after-tax contributions, and rollover contributions. Participants are also fully vested in employer matching and discretionary contributions, as well as all related earnings and losses allocated to their accounts. Accordingly, participants are entitled to their entire account balance upon distribution, subject to the terms of the Plan.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the rates available for similar loans from commercial lending institutions, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless the loan is used to purchase a principal residence, in which case the repayment period may extend. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Code. Each participant may not have more than five loans outstanding at any time.

Excess Contributions Payable

Excess contributions payable were $24,067 and $0 as of December 31, 2025 and 2024, respectively. These amounts represent excess elective deferrals required to be distributed to certain active participants in order to comply with the nondiscrimination provisions of the Plan and applicable Code requirements.

Benefit Payments

Participants may request a distribution upon attaining age 59½, termination of employment, disability, death, or upon satisfaction of other distributable events permitted under the Plan. Upon termination of employment, a participant may elect to receive a lump-sum distribution equal to the vested balance of the participant's account. If a terminated participant's vested account balance is $5,000 or less, the balance may be automatically distributed in cash or rolled over to an individual retirement account ("IRA"), as required by the Plan and applicable regulations.

The Plan also permits in-service withdrawals and hardship distributions for eligible participants. Hardship distributions are available for qualifying financial needs as defined under Code regulations and may include participant self-certification as permitted under the SECURE 2.0 Act.

Investment Options

Upon enrollment in the Plan, participant contributions are directed into a variety of mutual funds of registered investment companies, common collective trusts, and pooled separate accounts. Participants should refer to the Plan's website for additional fund information.

A. Description of the Plan – continued

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Company are not reflected in these financial statements. Participant loan fees are charged directly to participant accounts and included in administrative expenses. Investment-related expenses are netted against investment income and included in net appreciation (depreciation) in the fair value of investments.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's sponsor, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

B. Summary of Significant Accounting Policies – continued

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurement

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — Quoted prices in active markets for identical assets that the Plan can access at the measurement date.

- Level 2 — Observable inputs other than quoted prices included in Level 1, including quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs observable or corroborated by observable market data.

- Level 3 — Unobservable inputs that are supported by little or no market activity and are significant to the determination of fair value. These inputs reflect the assumptions that market participants would use in pricing the asset.

- Net Asset Value ("NAV") – Certain investments, such as common collective trusts and pooled separate accounts, are valued using the NAV per unit as reported by the trustee or insurance company. The NAV is based on the fair value of the underlying investments, less liabilities . In accordance with applicable accounting guidance, investments measured at NAV as a practical expedient are not categorized within the fair value hierarchy.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the daily closing price reported by the fund. Mutual funds are open-end investment companies registered with the Securities and Exchange Commission and are classified as Level 1 investments within the fair value hierarchy.

C. Fair Value Measurement – continued

- Common collective trusts are valued at the net asset value ("NAV") per unit reported by the trustee. The NAV, which is based on the fair value of the underlying assets less liabilities, is used as a practical expedient to estimate fair value. Accordingly, these investments are not categorized within the fair value hierarchy.

- Pooled separate accounts are valued at the NAV per unit reported by the insurance company. The NAV, which is based on the fair value of the underlying investments less liabilities, is used as a practical expedient to estimate fair value. Accordingly, these investments are not categorized within the fair value hierarchy.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$15,005,635	$ -	$ -	$15,005,635
Total investments at fair value	$15,005,635	$ -	$ -	$15,005,635

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$19,201,816	$ -	$ -	$19,201,816
Total investments at fair value	$19,201,816	$ -	$ -	$19,201,816

The following table summarizes investments based on NAV per share as of December 31:

	2025	**2024**	**Unfunded Commitments**	**Redemption Frequency (if eligible)**	**Holding Period**
Collective investment trusts	$12,943,909	$ 2,065,179	N/A	Daily	None
Pooled separate accounts	4,390,912	5,811,867	N/A	Daily	None
Total NAV per share	$17,334,821	$ 7,877,046			

C. Fair Value Measurement – continued

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2025 and 2024, there were no significant transfers between levels.

D. Concentrations

As of December 31, 2025 and 2024, the Plan had an investment of $7,536,932 and $6,144,748, respectively, that was concentrated in one investment.

E. Information Certified by the Trustee

The Plan administrator has elected an ERISA Section 103(a)(3)(C) audit. Accordingly, information prepared and certified by the Trustee, including investments and investment income, was not subjected to auditing procedures, as permitted by Department of Labor regulations. The certified information includes investments and investment income as of and for the years ended December 31, 2025 and 2024, respectively, and the information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan is maintained under a standardized pre-approved plan document that received a favorable IRS opinion letter dated June 30, 2020, indicating that the form of the Plan satisfies the requirements of Section 401(a) of the Code. Accordingly, the related trust is exempt from federal income taxation under Section 501(a) of the Code.

The Plan administrator believes the Plan has been operated in compliance with the applicable requirements of the Code and that the Plan was qualified and the related trust was tax-exempt as of December 31, 2025 and 2024.

The Plan administrator has evaluated the Plan's tax positions and concluded that there were no uncertain tax positions requiring recognition or disclosure in the financial statements as of December 31, 2025 or 2024. The Plan is subject to routine examinations by taxing authorities; however, there were no examinations in progress as of either year-end.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant’s accounts will become 100% vested.

H. Party-in-Interest Transactions

Party-in-interest transactions include those with the Plan's service providers, the Company, and other parties defined under ERISA. The Plan invests in certain common collective trusts and pooled separate accounts managed by the Trustee or its affiliates. In addition, the Plan permits participant loans, which are secured by participants' account balances. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA. The Plan also pays certain administrative and investment-related expenses to service providers in the ordinary course of administering the Plan.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, concentration and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as of December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$32,626,292	$27,343,136

Other reconciling item	1,346	-
Net assets available for benefits per the Form 5500	$32,651,705	$27,343,136

The following is a reconciliation of the net increase (decrease) in net assets available for benefits for the years ended December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 5,283,156	$ 4,597,127
Prior year excess contributions payable (paid) per the financial statements	-	-
Current year excess contributions payable (paid) per the financial statements	24,067	-
Other increase (decrease)	1,346	(462)
Net increase in net assets available for benefits per the Form 5500	$ 5,308,569	$ 4,596,665

J. Reconciliation of Financial Statements to Form 5500 – continued

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

K. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 2 2026, the date the financial statements were available for issuance.
