INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of The AZEK Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The AZEK Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of The AZEK Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The AZEK Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of The AZEK Company 401(k) Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated October 9, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The AZEK Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1998, for the exclusive benefit of the employees of The AZEK Group LLC, formerly the AZEK Company, Inc. (the "Plan Sponsor") and affiliated adopting employers. Collectively bargained employees, non-resident aliens, and leased employees are excluded from the Plan. Employees who become employees through a merger or acquisition are also excluded from the Plan up until the transition period has ended. Management of the Plan Sponsor controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2024, the Plan was amended in order to merge the INTEX Millwork Solutions LLC 401(k) Profit Sharing Plan and Trust with and into the Plan (see Note 9). During 2024, assets of $2,189,833 were transferred into the Plan as a result of the merger.

Effective August 1, 2024, Fidelity Management Trust Company ("Fidelity") became trustee and recordkeeper of the Plan at which point the Plan's assets were transferred from Matrix Trust Company ("Matrix"), the former trustee of the Plan, to Fidelity (see Note 9). This change in providers initiated a "Black Out" period beginning July 29, 2024 and continued through August 30, 2024. During this period, participants' plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from Matrix to Fidelity and invested into new investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

Effective March 3, 2025, the Plan was amended in order to merge the L.B. Plastics, Inc. Retirement Plan with and into the Plan (see Note 9). During 2025, assets of $4,124,568 were transferred into the Plan as a result of the merger.

Contributions

Eligible employees ("participants"), those employees who are at least 18 years of age and have obtained 30 days of service, may contribute a portion of their compensation on a pre-tax basis, as defined, subject to certain Internal Revenue Code ("IRC") limitations. After satisfying the eligibility requirements, employees may generally enter the Plan on the first day of each calendar month. Contributions may be designated as Roth 401(k) contributions. In addition, participants who have attained age 50 before the close of the Plan year are eligible to make "catch-up" contributions up to the amount allowable under the IRC. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE Act 2.0"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Effective January 1, 2024, automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated age-appropriate fund until changed by the participant (see Note 9). The Plan also includes an automatic escalation provision where auto-enrolled participants will have their automatic deferral amount increased by 1% each plan year, subject to the provisions of the Plan, up to a maximum of 12% (see Note 9). The automatic increase will apply to all eligible participants deferring less than 12% of plan compensation, and will apply unless the participant makes an affirmative election to opt out of the automatic increase feature.

Effective January 1, 2024, the Plan provides for safe harbor matching contributions of 100% of salary deferrals up to the first 2% of eligible compensation, plus 50% of salary deferrals up to the next 4% of eligible compensation (see Note 9). The Plan Sponsor may also provide discretionary matching contributions and discretionary

nonelective profit sharing contributions. In 2025 and 2024, the Plan Sponsor made no additional discretionary contributions. A participant must be employed with the Plan Sponsor on the last day of the Plan year to be eligible for the discretionary nonelective profit sharing contributions.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Plan Sponsor's safe harbor matching and discretionary matching contributions, if any, as well as allocations of non-elective profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of their contributions, safe harbor matching contributions, discretionary matching contributions and discretionary nonelective profit sharing contributions into various investment options offered by the Plan.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts is based on years of continuous service. A participant vests in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions at the rate of 20% for each year of service. Safe harbor matching contributions are subject to a 2-year cliff vesting schedule.

Notwithstanding the above vesting for the Plan Sponsor's safe harbor matching, discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (60) while an employee, death while an employee, or becoming disabled while an employee.

Forfeited Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $388,974 and $148,014, respectively. These accounts may be used to pay expenses or to reduce future employer contributions. During the years ended December 31, 2025 and 2024, $0 and $99,115 were used to pay expenses, respectively. During the years ended December 31, 2025 and 2024, $264,052 and $71,640 were used to reduce employer contributions, respectively.

Notes Receivable from Participants
Loans to participants are permitted under the Plan and are treated as a participant directed investment. The minimum loan is $1,000. The maximum loan available is $50,000 or 50 percent of the participant's vested account balance. A participant may only have one loan outstanding at any time. All outstanding loans become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). Participant loans bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2025 range from 4.25% to 9.50% with the maturity ranging from 2025 to 2041. Loans are repayable within five years unless the loan was taken for the purpose of acquiring or rehabilitating the participant's principal residence, in which case the term of the loan may be for a period longer than five years. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account.

Benefit Payments
Plan participants may elect to receive a distribution of vested benefits following the attainment of normal retirement age (60) under the Plan. Distributions must begin no later than the year the participant attains the age required for minimum distributions or retires. If a participant's vested account in the Plan is below $1,000 at the time of termination or retirement, the Plan may distribute the entire balance to the participant following

termination. If a participant's vested account in the Plan is between $1,000 and $7,000 ($5,000 prior to modification allowed by the SECURE Act 2.0) at the time of termination or retirement, the Plan may distribute the entire balance to an individual retirement account established on the participant's behalf. Hardship, disability and in-service distributions are also permitted from participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

All reasonable administrative expenses, including trustee and third party administration fees necessary to operate and administer the Plan, are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses of maintaining the Plan that are paid directly by the Plan Sponsor are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Management fees and operating expenses associated with investments in the mutual funds and common collective trusts are deducted from income earned by these funds on a daily basis and are not separately reflected. Consequently, management fees and operating expenses associated with investments are included in the net appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants, safe harbor matching contributions and discretionary matching contributions, if any, from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective profit sharing contributions from the Plan Sponsor, if any, are recorded in the year earned.

Payments of Benefits

Benefits are recorded when paid.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee and recordkeeper of the Plan, held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2025 and as of December 31, 2024 and for the period from August 1, 2024 to December 31, 2024. Matrix Trust Company, the former trustee of the Plan, held the Plan's investment assets and executed investment transactions for the period from January 1, 2024 to August 1, 2024. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company and Matrix Trust Company, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee and recordkeeper of the Plan:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024, as follows:

Net appreciation in fair value of investments	$	396,835
Dividends and interest income		2,516,388
Interest income on notes receivable from participants		92,157

- The information for all mutual funds, common collective trusts, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the former trustee of the Plan:

- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024, as follows:

Net appreciation in fair value of investments	$	7,172,818
Dividends and interest income		169,618
Interest income on notes receivable from participants		84,930

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 139,096,034	$ 139,096,034	$ -	$ -
Common collective trust (*)	2,822,046	-	-	-
Total	$ 141,918,080	$ 139,096,034	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 106,222,791	$ 106,222,791	$ -	$ -
Common collective trust (*)	981,131	-	-	-
Total	$ 107,203,922	$ 106,222,791	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2025 and 2024.

Investment Type	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 2,822,046	$ 981,131	$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2025 and 2024 to its common collective trust (Great Gray Trust Company Stable Value Fund Collective Investment Trust for MetLife Stable Value Solutions Fund). The investment objective is to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed income investments, while maintaining sufficient liquidity. Participants' ownership of the common collective trust is represented in units. Units are issued and redeemed daily at each common collective trust's current NAV. The common collective trust allows for daily liquidity, with no additional days' notice required for redemption for participant-initiated transactions.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions for which they were not already vested, and all remaining assets in the Plan are to be distributed to the participants by the trustee in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective August 1, 2024 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the August 1, 2024 amendment and restatement of the Plan, the Plan had adopted a non-standardized 401(k) profit sharing plan sponsored by One America Financial Partners, Inc. The IRS issued an opinion letter dated August 19, 2020, stating that the non-standardized 401(k) profit sharing plan document was designed in accordance with applicable IRC requirements as of that date.

Although the Plan has been amended since receiving the opinion letters, management of the Plan believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that

more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Related-Party and Party-in-Interest Transactions

Plan investments included a common collective trust managed by affiliates of OneAmerica Retirement Services, LLC, former recordkeeper of the Plan. Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity, trustee and recordkeeper of the Plan. For the years ended December 31, 2025 and 2024, the Plan paid fees to OneAmerica Retirement Services, LLC for recordkeeping services of $0 and $178,129, respectively. For the years ended December 31, 2025 and 2024, the Plan paid fees to Fidelity Management Trust Company for recordkeeping services of $162,035 and $44,066, respectively. Matrix Trust Company, the former trustee of the Plan, and Fidelity Management Trust Company, the trustee and recordkeeper of the Plan, received indirect compensation from the Plan. Therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

9. Plan Amendments

Effective January 1, 2024, the Plan was amended and restated to make the following changes:

- Change the Plan sponsor to the AZEK Group LLC.
- Increase the rate at which participants auto enroll from 5% to 6%.
- Increase the maximum auto escalation percentage from 10% to 12%.
- Allow for the merger of the INTEX Millwork Solutions LLC 401(k) Profit Sharing Plan and Trust with and into the Plan.
- Update the safe harbor matching contribution from 100% of salary deferrals up to the first 1% of eligible compensation, plus 50% of salary deferrals up to the next 5% of eligible compensation to 100% of salary deferrals up to the first 2% of eligible compensation, plus 50% of salary deferrals up to the next 4% of eligible compensation.
- Make other general administrative changes to the Plan.

Effective August 1, 2024, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. Changes to the Plan include replacing Matrix Trust Company as the trustee of the Plan with Fidelity Management Trust Company, as well as making other general administrative changes to the Plan.

Effective January 1, 2025, the Plan was amended to include service from certain predecessor employers for eligibility and vesting purposes, as specified in the Plan document, and make other general administrative changes.

Effective March 3, 2025, the Plan was amended to:

- Include service for vesting and eligibility purposes for employees of Atkore Plastic Pipe Corporation whose employment is transferred to Return Polymers, Inc. on February 10, 2025.
- Allow for the merger of the L.B. Plastics, Inc. Retirement Plan with and into the Plan.
- Make other general administrative changes to the Plan.

10. Subsequent Events

Effective January 1, 2026, the Plan was amended to:

- Allow for the merger of the Versatex Building Products, LLC 401(k) Plan with and into the Plan.
- Add Versatex Building Products, LLC as a participating employer.
- Make other general administrative changes to the Plan.

Effective April 1, 2026, the Plan was amended to update the deferral limit from 100% to 50% of compensation.

Effective June 20, 2026, the Plan was amended to remove Versatex Building Products, LLC as a participating employer, and to make other general administrative changes to the Plan.

Management evaluated subsequent events for the Plan through September 30, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of The AZEK Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of The AZEK Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of The AZEK Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The AZEK Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The AZEK Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of The AZEK Company 401(k) Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated October 9, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The AZEK Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1998, for the exclusive benefit of the employees of The AZEK Group LLC, formerly the AZEK Company, Inc. (the "Plan Sponsor") and affiliated adopting employers. Collectively bargained employees, non-resident aliens, and leased employees are excluded from the Plan. Employees who become employees through a merger or acquisition are also excluded from the Plan up until the transition period has ended. Management of the Plan Sponsor controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2024, the Plan was amended in order to merge the INTEX Millwork Solutions LLC 401(k) Profit Sharing Plan and Trust with and into the Plan (see Note 9). During 2024, assets of $2,189,833 were transferred into the Plan as a result of the merger.

Effective August 1, 2024, Fidelity Management Trust Company ("Fidelity") became trustee and recordkeeper of the Plan at which point the Plan's assets were transferred from Matrix Trust Company ("Matrix"), the former trustee of the Plan, to Fidelity (see Note 9). This change in providers initiated a "Black Out" period beginning July 29, 2024 and continued through August 30, 2024. During this period, participants' plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from Matrix to Fidelity and invested into new investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

Effective March 3, 2025, the Plan was amended in order to merge the L.B. Plastics, Inc. Retirement Plan with and into the Plan (see Note 9). During 2025, assets of $4,124,568 were transferred into the Plan as a result of the merger.

Contributions

Eligible employees ("participants"), those employees who are at least 18 years of age and have obtained 30 days of service, may contribute a portion of their compensation on a pre-tax basis, as defined, subject to certain Internal Revenue Code ("IRC") limitations. After satisfying the eligibility requirements, employees may generally enter the Plan on the first day of each calendar month. Contributions may be designated as Roth 401(k) contributions. In addition, participants who have attained age 50 before the close of the Plan year are eligible to make "catch-up" contributions up to the amount allowable under the IRC. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE Act 2.0"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Effective January 1, 2024, automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated age-appropriate fund until changed by the participant (see Note 9). The Plan also includes an automatic escalation provision where auto-enrolled participants will have their automatic deferral amount increased by 1% each plan year, subject to the provisions of the Plan, up to a maximum of 12% (see Note 9). The automatic increase will apply to all eligible participants deferring less than 12% of plan compensation, and will apply unless the participant makes an affirmative election to opt out of the automatic increase feature.

Effective January 1, 2024, the Plan provides for safe harbor matching contributions of 100% of salary deferrals up to the first 2% of eligible compensation, plus 50% of salary deferrals up to the next 4% of eligible compensation (see Note 9). The Plan Sponsor may also provide discretionary matching contributions and discretionary

nonelective profit sharing contributions. In 2025 and 2024, the Plan Sponsor made no additional discretionary contributions. A participant must be employed with the Plan Sponsor on the last day of the Plan year to be eligible for the discretionary nonelective profit sharing contributions.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Plan Sponsor's safe harbor matching and discretionary matching contributions, if any, as well as allocations of non-elective profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of their contributions, safe harbor matching contributions, discretionary matching contributions and discretionary nonelective profit sharing contributions into various investment options offered by the Plan.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts is based on years of continuous service. A participant vests in the Plan Sponsor's discretionary matching contributions and discretionary nonelective profit sharing contributions at the rate of 20% for each year of service. Safe harbor matching contributions are subject to a 2-year cliff vesting schedule.

Notwithstanding the above vesting for the Plan Sponsor's safe harbor matching, discretionary matching contributions and discretionary nonelective profit sharing contributions portion of their accounts, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (60) while an employee, death while an employee, or becoming disabled while an employee.

Forfeited Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $388,974 and $148,014, respectively. These accounts may be used to pay expenses or to reduce future employer contributions. During the years ended December 31, 2025 and 2024, $0 and $99,115 were used to pay expenses, respectively. During the years ended December 31, 2025 and 2024, $264,052 and $71,640 were used to reduce employer contributions, respectively.

Notes Receivable from Participants
Loans to participants are permitted under the Plan and are treated as a participant directed investment. The minimum loan is $1,000. The maximum loan available is $50,000 or 50 percent of the participant's vested account balance. A participant may only have one loan outstanding at any time. All outstanding loans become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). Participant loans bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2025 range from 4.25% to 9.50% with the maturity ranging from 2025 to 2041. Loans are repayable within five years unless the loan was taken for the purpose of acquiring or rehabilitating the participant's principal residence, in which case the term of the loan may be for a period longer than five years. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account.

Benefit Payments
Plan participants may elect to receive a distribution of vested benefits following the attainment of normal retirement age (60) under the Plan. Distributions must begin no later than the year the participant attains the age required for minimum distributions or retires. If a participant's vested account in the Plan is below $1,000 at the time of termination or retirement, the Plan may distribute the entire balance to the participant following

termination. If a participant's vested account in the Plan is between $1,000 and $7,000 ($5,000 prior to modification allowed by the SECURE Act 2.0) at the time of termination or retirement, the Plan may distribute the entire balance to an individual retirement account established on the participant's behalf. Hardship, disability and in-service distributions are also permitted from participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

All reasonable administrative expenses, including trustee and third party administration fees necessary to operate and administer the Plan, are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses of maintaining the Plan that are paid directly by the Plan Sponsor are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Management fees and operating expenses associated with investments in the mutual funds and common collective trusts are deducted from income earned by these funds on a daily basis and are not separately reflected. Consequently, management fees and operating expenses associated with investments are included in the net appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants, safe harbor matching contributions and discretionary matching contributions, if any, from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective profit sharing contributions from the Plan Sponsor, if any, are recorded in the year earned.

Payments of Benefits

Benefits are recorded when paid.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee and recordkeeper of the Plan, held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2025 and as of December 31, 2024 and for the period from August 1, 2024 to December 31, 2024. Matrix Trust Company, the former trustee of the Plan, held the Plan's investment assets and executed investment transactions for the period from January 1, 2024 to August 1, 2024. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company and Matrix Trust Company, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee and recordkeeper of the Plan:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024, as follows:

Net appreciation in fair value of investments	$	396,835
Dividends and interest income		2,516,388
Interest income on notes receivable from participants		92,157

- The information for all mutual funds, common collective trusts, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the former trustee of the Plan:

- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024, as follows:

Net appreciation in fair value of investments	$	7,172,818
Dividends and interest income		169,618
Interest income on notes receivable from participants		84,930

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 139,096,034	$ 139,096,034	$ -	$ -
Common collective trust (*)	2,822,046	-	-	-
Total	$ 141,918,080	$ 139,096,034	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 106,222,791	$ 106,222,791	$ -	$ -
Common collective trust (*)	981,131	-	-	-
Total	$ 107,203,922	$ 106,222,791	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2025 and 2024.

Investment Type	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 2,822,046	$ 981,131	$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2025 and 2024 to its common collective trust (Great Gray Trust Company Stable Value Fund Collective Investment Trust for MetLife Stable Value Solutions Fund). The investment objective is to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed income investments, while maintaining sufficient liquidity. Participants' ownership of the common collective trust is represented in units. Units are issued and redeemed daily at each common collective trust's current NAV. The common collective trust allows for daily liquidity, with no additional days' notice required for redemption for participant-initiated transactions.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, including any employer contributions for which they were not already vested, and all remaining assets in the Plan are to be distributed to the participants by the trustee in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective August 1, 2024 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the August 1, 2024 amendment and restatement of the Plan, the Plan had adopted a non-standardized 401(k) profit sharing plan sponsored by One America Financial Partners, Inc. The IRS issued an opinion letter dated August 19, 2020, stating that the non-standardized 401(k) profit sharing plan document was designed in accordance with applicable IRC requirements as of that date.

Although the Plan has been amended since receiving the opinion letters, management of the Plan believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that

more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Related-Party and Party-in-Interest Transactions

Plan investments included a common collective trust managed by affiliates of OneAmerica Retirement Services, LLC, former recordkeeper of the Plan. Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity, trustee and recordkeeper of the Plan. For the years ended December 31, 2025 and 2024, the Plan paid fees to OneAmerica Retirement Services, LLC for recordkeeping services of $0 and $178,129, respectively. For the years ended December 31, 2025 and 2024, the Plan paid fees to Fidelity Management Trust Company for recordkeeping services of $162,035 and $44,066, respectively. Matrix Trust Company, the former trustee of the Plan, and Fidelity Management Trust Company, the trustee and recordkeeper of the Plan, received indirect compensation from the Plan. Therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

9. Plan Amendments

Effective January 1, 2024, the Plan was amended and restated to make the following changes:

- Change the Plan sponsor to the AZEK Group LLC.
- Increase the rate at which participants auto enroll from 5% to 6%.
- Increase the maximum auto escalation percentage from 10% to 12%.
- Allow for the merger of the INTEX Millwork Solutions LLC 401(k) Profit Sharing Plan and Trust with and into the Plan.
- Update the safe harbor matching contribution from 100% of salary deferrals up to the first 1% of eligible compensation, plus 50% of salary deferrals up to the next 5% of eligible compensation to 100% of salary deferrals up to the first 2% of eligible compensation, plus 50% of salary deferrals up to the next 4% of eligible compensation.
- Make other general administrative changes to the Plan.

Effective August 1, 2024, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. Changes to the Plan include replacing Matrix Trust Company as the trustee of the Plan with Fidelity Management Trust Company, as well as making other general administrative changes to the Plan.

Effective January 1, 2025, the Plan was amended to include service from certain predecessor employers for eligibility and vesting purposes, as specified in the Plan document, and make other general administrative changes.

Effective March 3, 2025, the Plan was amended to:

- Include service for vesting and eligibility purposes for employees of Atkore Plastic Pipe Corporation whose employment is transferred to Return Polymers, Inc. on February 10, 2025.
- Allow for the merger of the L.B. Plastics, Inc. Retirement Plan with and into the Plan.
- Make other general administrative changes to the Plan.

10. Subsequent Events

Effective January 1, 2026, the Plan was amended to:

- Allow for the merger of the Versatex Building Products, LLC 401(k) Plan with and into the Plan.
- Add Versatex Building Products, LLC as a participating employer.
- Make other general administrative changes to the Plan.

Effective April 1, 2026, the Plan was amended to update the deferral limit from 100% to 50% of compensation.

Effective June 20, 2026, the Plan was amended to remove Versatex Building Products, LLC as a participating employer, and to make other general administrative changes to the Plan.

Management evaluated subsequent events for the Plan through September 30, 2026, the date the financial statements were available to be issued.
