INDEPENDENT AUDITORS' REPORT

Board of Trustees
International Aerospace Coatings, Inc. 401(k) Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of International Aerospace Coatings, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we —

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

International Aerospace Coatings, Inc. 401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the International Aerospace Coatings, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the official plan document for important details not included in these notes.

a. **General** – The Plan, a defined contribution 401(k) plan, became effective May 9, 2016. The Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), was created for the benefit of all eligible employees of International Aerospace Coatings, Inc. (the Company) and its beneficiaries with the intention to provide a measure of retirement security. Employees may enter the Plan on April 1 or the same day of the month occurring in each successive three-month period following completion of two months of service and attaining 18 years of age.

b. **Contributions** – Participants make voluntary pre-tax and/or after-tax contributions to the Plan through payroll deductions up to the Internal Revenue Service (IRS) maximum allowable contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants aged 60-63 are eligible for super catch-up contributions in accordance with the SECURE 2.0 Act. Upon enrollment in the Plan, a participant may direct contributions to any of the available investment options offered by the Plan. Employee contributions are recorded by the Plan in the period the Company makes payroll deductions from participants. At its discretion, the employer may or may not make a matching contribution for a particular plan year. A participant who receives a distribution from another qualified plan may make a rollover contribution to the Plan provided that certain conditions are met, including the approval of the plan administrator.

c. **Participant accounts** – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

d. **Vesting** – Participant contributions and actual earnings thereon are 100% vested. Employer matching contributions for each plan year are vested for those employees who have completed a year of service during the plan year in accordance with the following schedule:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Note 1 – Description of the Plan (Continued)

e. **Payment of benefits** – Normal retirement under the Plan occurs at the later of age 65 or the fifth anniversary of participation in the Plan. Upon retirement or termination of employment, participation in the Plan will cease and benefits will be distributed according to provisions set forth in the plan document. All vested account balances less than $5,000 shall be distributed in a lump-sum payment or rolled over into another qualified plan. If the participant's vested account balance exceeds $5,000, distribution shall be in a lump-sum payment or installment payments over a specified period of time. The latter option is available only to participants who have attained age 65. The method of distribution is elected by the participant. Participants with vested account balances exceeding $5,000 that have retired or terminated employment before reaching normal retirement age may elect to defer distribution to a later date (but not beyond normal retirement age).

f. **Forfeited accounts** – Forfeitures can be used to pay administrative expenses, reduce future employer contributions, reallocate contributions to participants, or restore previous forfeitures. Forfeited nonvested accounts as of December 31, 2025 and 2024, totaled $6,864 and $20,322, respectively. During the years ended December 31, 2025 and 2024, $49,000 and $43,988 of forfeitures, respectively, were used to reduce employer contributions, and $2,130 and $4,896 of forfeitures, respectively, were used to pay plan expenses.

g. **Administration of the Plan** – Plan assets are invested in accordance with the employee's instructions and are maintained by Transamerica Life Insurance Company Inc. (Transamerica), the Plan's custodian. Records of participant account activity are processed and maintained by Central Administrative Services, Inc., dba Hicks Pension Services, which also performs other administrative support services for the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administration expenses of the Plan are paid by the Plan or the Company, as provided in the plan document.

Note 2 – Summary of Significant Accounting Policies

a. **Basis of accounting** – The accounting records of the Plan are maintained on the accrual method of accounting.

b. **Investment valuation and income recognition** – Investments are stated at fair value (except for the fully benefit-responsive insurance contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of shares are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (Continued)

c. **Payment of benefits** – Benefits are recorded when paid.

d. **Administrative expenses** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of certain benefit payments are charged to the participants and are included in benefits paid to participants and beneficiaries. Investment related expenses are included in net appreciation in fair value of investments.

e. **Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

f. **Subsequent events** – The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan Custodian

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected that information certified by Transamerica not be subject to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedule. The following information has been certified by Transamerica as complete and accurate:

(a) Investments as indicated on the statements of net assets available for benefits;

(b) Net appreciation in fair value of investments as indicated on the statements of changes in net assets available for benefits; and

(c) Supplemental schedule – assets held for investment.

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures* (ASC 820), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Level 1 – The fair value of mutual funds, common stock, exchange-traded funds and short-term funds are based on quoted net asset value of the shares held by the Plan at year end.

Level 2 – The Plan had no investments that are classified as Level 2 for either year ended December 31, 2025 or 2024.

Level 3 – The Plan had no investments that are classified as Level 3 for either year ended December 31, 2025 or 2024.

Investments measured at Net Asset Value (NAV):

Pooled separate accounts: Valued at NAV provided by investment manager:

Pooled separate accounts are based on market prices determined by pricing services from Transamerica and other reliable sources. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The fair value of units in pooled separate accounts is determined by dividing the market value of the fund by the total number of units in the fund.

Note 4 – Fair Value Measurements (Continued)

Investments measured at Net Asset Value (NAV) (continued):

Pooled separate accounts (continued):

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value and net asset value:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	$ -	$ -	$ -	$ -
Pooled separate accounts, at net asset value				4,281,729
Guaranteed investment contract, at contract value				126,750
Total investments				$ 4,408,479

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	$ -	$ -	$ -	$ -
Pooled separate accounts, at net asset value				3,015,178
Guaranteed investment contract, at contract value				96,384
Total investments				$ 3,111,562

Changes in Fair Value Levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Levels 1, 2, or 3.

Pooled Separate Accounts:

Pooled separate accounts are direct filing entities that are reported in Schedule D of the Plan's Form 5500. Investment objectives are no longer required to be disclosed in the Plan's financial statements under *Accounting Standards Update* 2015-07.

Note 5 – Related-party and Party-in-interest Transactions

Certain plan assets are managed by Transamerica. Hicks Pension Services provides certain accounting and administrative services to the Plan. Kinecta Financial & Insurance Services offers investment advice to plan management. Transamerica is the Plan's investment custodian, Hicks Pension Services is the Plan's third-party administrator, and Kinecta Financial & Insurance Services is the Plan's investment advisor; therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed intent to do so, the employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts become fully vested.

Note 7 – Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable determination letter from the IRS and the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan provides for various investment options in combinations of pooled separate funds. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9 – Investment Contract with Insurance Company

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There is no minimum guaranteed interest rate under the contract. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity dates.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) a violation of the Plan's investment guidelines that has not been remedied, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 10 – Benefits Payable

There were no benefits payable to persons who have withdrawn from participation in the earnings and operations of the Plan at December 31, 2025.
