Report of Independent Auditors

The Board of Trustees
Jas. W. Glover Holding Company, Ltd. Employees' Welfare Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Jas. W. Glover Holding Company, Ltd., Employees' Welfare Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature* of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

"Accuity" is the brand name under which Accuity LLP and Accuity Advisors, LLC provide professional services. Accuity LLP and Accuity Advisors, LLC practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. Accuity LLP is a licensed independent CPA firm that provides attest services to its clients, and Accuity Advisors, LLC provides tax and business consulting services to their clients. Accuity Advisors, LLC, is not a licensed CPA firm.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) and the supplemental schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Accuity LLP is a licensed independent CPA firm that provides attest services to its clients, and Accuity Advisors, LLC provides tax and business consulting services to their clients. Accuity Advisors, LLC, is not a licensed CPA firm.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Jas. W. Glover Holding Company, Ltd. Employees' Welfare Benefit Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General and Benefits
The Plan is a health and welfare plan which covers substantially all employees of Jas. W. Glover Holding Company, Ltd. and subsidiaries (collectively known as the "Company") who are not covered by a collective bargaining agreement as of the first day of the month following the day on which the employee is first credited with an hour of service. The Plan pays insurance premiums for health and long-term disability benefits. The Company has an annual contract with an insurance carrier for its health insurance coverage, including dental and vision, for plan participants and their families. Long-term disability insurance is provided under an agreement with another insurance carrier. During the year ended December 31, 2025, the Plan changed its long-term disability insurance carrier.

Severance pay is also provided by the Plan and is equal to the amount remaining in the participant's account at termination date after payment of final health insurance and long-term disability premiums.

The Plan also provides benefits for vacation pay during any period of vacation or other approved leave of absence for which no wages or insurance payments are otherwise paid. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of Plan Assets
The Company administers the Plan and Bank of Hawaii, the trustee, manages the Plan's assets. All expenses incurred in the administration of the Plan are paid by the Plan to the extent not paid by the Company.

Contributions
The Company initially contributes $50 on behalf of an employee when the employee becomes a participant in the Plan. For each salaried employee, the Company contributes an amount equal to the participant's monthly health insurance premium and long-term disability premium to the participant's account. For each hourly employee, the Company makes contributions based on the participant's hours worked during the month as stated in the plan agreement. Participants are not permitted to contribute to the Plan.

Participant Accounts
Each participant's account is credited or charged with an allocated amount for Company contributions and Plan earnings or losses. Earnings or losses are allocated annually to each participant in the proportion that the value of each account bears to the value of all such accounts. Participant's accounts are fully vested at all times.

Limitation of Benefits
A participant receives no further benefits when the participant's account has been exhausted, unless the Company elects to allocate further contributions to that account. However, the Company will pay the premiums under certain circumstances if a participant's account balance is not sufficient to pay the health insurance and long-term disability premiums. Such premium amounts are then considered advances that are to be deducted from the participant's account when the account balance exceeds the amount required to pay the current month's premiums.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA. In the event of termination of the Plan, the balance in each participant's account not required for the payment of current contract premiums, will be distributed in a single lump sum to the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the Plan Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. See Note 4 for discussion of fair value measurements.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Risks and Uncertainties
The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Bank of Hawaii, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value presented in the statements of net assets available for benefits at December 31, 2025 and 2024.
- Interest income, for the year ended December 31, 2025 presented in the statement of changes in net assets available for benefits.
- All information presented in the supplemental schedule of assets (held at end of year) as of December 31, 2025 and the supplemental schedule of reportable transactions for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the accounting guidance are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Money market fund. The Dreyfus Treasury Obligations Cash Management Fund seeks a high level of current income, while maintaining both capital and liquidity. The carrying amount of the fund is equivalent to its fair value due to the short-term nature of the fund.

The preceding measurement described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

	Investments at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 2,506,945	$ -	$ -	$ 2,506,945

	Investments at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 2,226,822	$ -	$ -	$ 2,226,822

5. Tax Status

The trust funding the Plan has received an exemption letter from the Internal Revenue Service ("IRS") stating that the trust is tax-exempt under the provisions of section 501(c)(9) of the Internal Revenue Code ("IRC") as a VEBA. The Plan and trust are required to operate in conformity with the IRC to maintain the tax exempt status of the trust. The Plan has been amended since receiving the exemption letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

6. Related Party Transactions

Investments are managed by Bank of Hawaii, the plan trustee, and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of this fund are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Subsequent Events

The Plan's management has evaluated subsequent events through October 2, 2026, the date at which the accompanying financial statements were available to be issued, and determined there are no other items to disclose.
