Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ELLIOTT DAVIS, LLC **(2)** EIN: 90-2857750

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount

Independent Auditor's Report

Plan Administrator
GCHI Retirement Plan
Irving, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GCHI Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as defined in Note 1, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

"Elliott Davis" is the brand name under which Elliott Davis, LLC (doing business in North Carolina and D.C. as Elliott Davis, PLLC) and Elliott Davis Advisory, LLC and its subsidiary entities provide professional services. Elliott Davis, LLC and Elliott Davis Advisory, LLC and its subsidiary entities practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Elliott Davis, LLC is a licensed independent CPA firm that provides attest services to its customers. Elliott Davis Advisory, LLC and its subsidiary entities provide tax and business consulting services to their customers. Elliott Davis Advisory, LLC and its subsidiary entities are not licensed CPA firms. The entities falling under the Elliott Davis brand are each individual firms that are separate legal and independently owned entities and are not responsible or liable for the services and/or products provided by any other entity providing services and/or products under the Elliott Davis brand. Our use of the terms "our firm" and "we" and "us" and terms of similar import, denote the alternative practice structure conducted by Elliott Davis, LLC and Elliott Davis Advisory, LLC.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Plan Spin-Off and Transfer of Plan Assets

As discussed in Note 1 to the financial statements, effective April 1, 2025 the Plan was amended and restated to spin off from the Plan into the Keystone Cement Company Defined Benefit Plan for Salaried Employees (the "Keystone Plan") all assets and liabilities attributable to (i) active employees of Keystone Cement Company participating in the Plan immediately prior to the spin-off date and (ii) former employees that were currently receiving benefits from the Plan as of such date or that have terminated employment with the Company and have a vested accrued benefit as of such date. All assets and liabilities attributable to these individuals were transferred to the control of the Keystone Plan on April 1, 2025. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA, Continued

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the GCHI Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a noncontributory defined benefit plan covering all non-union employees of HM US Services, LLC, formerly Giant Cement Holding, Inc. (the "Company" or "Plan Sponsor"). The Plan was established effective November 30, 1954, as the Pension Plan for Salaried Employees of Solite Corporation. Effective December 31, 2000, the Retirement Plan for Salaried Employees of Giant Cement Company, the Retirement Plan for Salaried Employees of Keystone Cement Company, and the Pension Plan for Hourly Employees of Solite Corporation were merged into the Plan (the "Merger") and it was renamed GCHI Retirement Plan. Plan benefits are funded by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2007, the Plan was frozen to new participants. Employees with more than five years of service had the option of remaining in the Plan and continuing to accrue benefits or electing to have their benefits frozen and participating in a defined contribution plan. Employees with less than five years of service were transferred to the defined contribution plan; any benefits earned in the Plan vest upon completion of five years of service.

Effective March 31, 2011, the Plan was amended to discontinue all future benefit accruals; i.e., benefits are frozen effective on that date. Benefits earned through March 31, 2011 will be paid as provided by the Plan, but no participant shall earn or accrue any benefits of any kind in the Plan after March 31, 2011.

Effective April 17, 2023, the Plan was amended to allow for certain terminated vested participants to elect to receive their vested benefit in the form of a lump sum. The lump sum election window began in April 2023 and payments occurred in July 2023.

On April 1, 2025, the Company was purchased by Heidelberg North America (Heidelberg). As a result of the transaction, HM US Services, LLC (HM US), a subsidiary of Heidelberg, took over as the Plan Sponsor for the Plan.

Principal Trust Company serves as the trustee of the Plan (the "trustee"). Principal Bank serves as a sub-custodian of Principal Trust Company. Empower Annuity Insurance Company of America serves as the custodian of the Plan (EAICA or the "custodian"). The plan administrator has obtained certifications from Principal Bank and EAICA as of December 31, 2025 and 2024, and for the years then ended. Principal Bank and EAICA meet the definition of qualified institutions as defined in 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Plan spin-off and transfer of assets:

Effective April 1, 2025, the Plan was amended and restated to spin off from the Plan into the Keystone Cement Company Defined Benefit Plan for Salaried Employees (the "Keystone Plan") all assets and liabilities attributable to (i) active employees of Keystone Cement Company participating in the Plan immediately prior to the spin-off date and (ii) former employees that were currently receiving benefits from the Plan as of such date or that have terminated employment with the Company and have a vested accrued benefit as of such date. The spin-off does not impact participant benefits as the benefit provisions were incorporated in the Keystone Plan.

Note 1. Description of the Plan, Continued

Pension benefits:

Plan participants are eligible for their plan benefit upon normal retirement at age 65 for employees with five or more years of service. The Plan permits early retirement between ages 55-64. Eligibility for early retirement is defined in the plan agreement and is based on years of continuous service and provisions based on the original plan in which the participant was participating prior to the Merger.

The Pension Protection Act of 2006 (PPA) as amended by the Worker, Retiree and Employer Recovery Act of 2008 (WRERA) imposes certain benefit restrictions for qualified benefit plans that do not meet certain funding thresholds. The "At-Risk" status is referred to as the Funding Target Attainment Percentage (FTAP). A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage (AFTAP). The January 1, 2025 AFTAP for the Plan is 107.92%. Because the Plan's AFTAP equals or exceeds 80%, the Plan is not subject to any benefit restrictions.

Payment of benefits:

The normal form of benefit payment is a life annuity if a participant is unmarried. Married participants may elect to receive their pension benefits in the form of a life annuity or several joint and survivor annuity options. Lump-sum payments may be paid to participants whose accrued benefit does not exceed $5,000. Participants are 100 percent vested after completion of five years of service. Any employee who terminates employment prior to rendering five years of service forfeits the right to receive any portion of his or her accumulated plan benefits.

Funding policy:

The Company contributes to the Plan such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants to meet or exceed the minimum funding requirements of ERISA. The Company did not make any contributions to the Plan for 2025 or 2024. Under the terms of the Plan, participants may not make contributions to the Plan. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. See Note 10 for further information.

Death and disability benefits:

If a participant dies before distribution of his or her benefit begins, those accumulated pension benefits will be distributed to the participant's beneficiary. The Plan provides for disability benefits for employees with ten years of service who become permanently disabled.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies, Continued

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and the actuarial present value of accumulated plan benefits as the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee and the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Purchases and sales of securities in process at the end of the year are recorded as due to/due from broker in the accompanying statements of nets assets available for benefits. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

The Plan's expenses are paid either by the Plan or the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net (depreciation) appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events:

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board (FASB) or other standards-setting bodies are not expected to have a material impact on the Plan's financial statements.

Note 3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in the actuarial valuation as of January 1, 2025 and 2024 were:

Actuarial cost	Standard unit credit cost method for both valuation periods
Investment return	6.10% which decreased from 6.75% in the prior year valuation
Mortality rates	Pri-2012 projected with Scale MP-2021 for both valuation periods
Retirement age	Experience rates from age 55 to 67 for both valuation periods
Surviving spouse benefit	70 percent of males and 60 percent of females have an eligible spouse in the current year and males are assumed to be 3 years older than their spouses for both valuation periods

As disclosed above, the discount rate used in estimating the present value of accumulated plan benefits decreased from 6.75% to 6.10% resulting in an increase in actuarial assumptions of $1,024,780 in the below summary of accumulated plan benefits.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits were made as of January 1. Had the valuations been performed as of December 31, there would be no material differences.

Note 3. Actuarial Present Value of Accumulated Plan Benefits, Continued

The actuarial present value of accumulated plan benefits based upon the most recent actuarial valuation as of January 1, 2025 is summarized as follows:

Vested benefits:	
Participants currently receiving benefits	$ 18,446,539
Vested benefits for other participants	2,875,367
	21,321,906
Nonvested benefits	38,382
Total actuarial present value of accumulated plan benefits	$ 21,360,288

The changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2025 are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	$ 21,376,324
Increase (decrease) during the year attributable to:	
Interest accumulation	1,371,796
Benefits paid	(2,141,804)
Assumption changes	1,024,780
Other changes	(270,808)
Net decrease	(16,036)
Actuarial present value of accumulated plan benefits at end of year	$ 21,360,288

The effect of changes in actuarial assumptions for the year ended January 1, 2025 are attributed to changes to the discount rate.

The other changes in the actuarial present value of accumulated plan benefits for the year ended January 1, 2025 represents the normal operation of the Plan. It consists of the increase due to ongoing benefit accruals (if any) and those items of plan experience that are not associated with plan asset performance.

Note 4. Certifications

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee and custodian that the information provided to the plan administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

Note 4. Certifications, Continued

	2025	2024
Investments at fair value:		
Mutual funds	$ 134	$ 1,906,561
Collective investment trust funds	1,602,636	21,024,503
	1,602,770	22,931,064
Investment at contract value:		
Guaranteed deposit account	-	2,238,800
	$ 1,602,770	$ 25,169,864

The trustee and custodian also certified to the completeness and accuracy of $234,521 of net depreciation and $1,451,542 of net appreciation in fair value of investments and $84,978 and $304,559 of interest and dividends for the years ended December 31, 2025 and 2024.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 5. Fair Value Measurements, Continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Valued at NAV of the units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual fund	$ 134	$ -	$ -	$ 134
Investments measured at NAV (a)				1,602,636
Total investments, at fair value				$ 1,602,770

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,906,561	$ -	$ -	$ 1,906,561
Investments measured at NAV (a)				21,024,503
Total investments, at fair value				$ 22,931,064

(a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements, Continued

The following table sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2025			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust fund	$ 1,602,636	$ -	Daily	None

	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust funds	$ 21,024,503	$ -	Daily	None

Note 6. Fully Benefit-Responsive Investment Contract

The Plan invested in a guaranteed deposit account, a group annuity contract which is a type of guaranteed investment contract, with EAICA. During 2025, the value of the annuity contract totaling $2,163,389 was transferred to the Keystone Plan in connection with the plan spin-off as discussed in Note 1. The value of the contract was $2,238,800 for 2024. EAICA maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6. Fully Benefit-Responsive Investment Contract, Continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misinterpretation, or (d) a material amendment to the agreements without the consent of the issuer.

Note 7. Related-Party and Party in Interest Transactions

Principal Bank (Principal) served as the sub-custodian under Principal Trust Company, as defined by the Plan and, therefore, qualifies as party in interest. Additionally, certain Plan investments were managed by EAICA and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net (depreciation) appreciation in fair value of investments, as they are paid through revenue sharing rather than direct payment. As described in Note 2, the Plan made direct payments to third party administrators and the Plan's actuary totaling $287,571 and $143,562 for the years ended December 31, 2025 and 2024, respectively, which were not covered by revenue sharing.

Note 8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

b. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.

c. All other vested benefits (that is, vested benefits not insured by the PBGC).

d. All non-vested benefits.

Note 9. Tax Status

The IRS has determined and informed the Company by a letter dated Month 11, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Subsequent Events

HM US, as Plan Sponsor of the Plan, resolved on December 10, 2025 to merge the Plan into the Heidelberg Materials US Pension Plan (the “HM US Plan”) effective January 1, 2026. Substantially all Plan assets were transferred to the HM US Plan in January 2026. The merger does not impact participant benefits as the benefit provisions were incorporated into the HM US Plan.

Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2023 Plan Year	6.75%, limited to 5.74%

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date	November 30, 1954
Effective Date of Last Amendment	July 1, 2023
Plan Year	October 1 to September 30
Employer Fiscal Year	January 1 to December 31
Employer ID Number	57-0997411
Plan Administrator's ID Number	57-0997411
Plan Number	006
Plan Administrator	Administrative Committee
Eligibility	All non-union employees of the employer hired prior to January 1, 2007 are eligible to participate in the plan as of the first day of the month coinciding with or next following the completion of one qualifying year of service and the attainment of age 21. Employees hired on or after January 1, 2007 are not eligible to participate.
Service	Service shall equal total years of service with the employer. A year of service is credited for each plan year in which an employee works 1,000 hours. A break in service occurs at the start of any plan year in which the employee works 500 hours or less for the employer in such year. Service will not be interrupted by: (1) A leave of absence granted by the employer. (2) A period of service in the Armed Forces of the United States under which employment rights are granted. (3) Transfer of employment from one participating employer to another. (4) Maternity/paternity leave.

An employee will be given credit for his pre-break service if either of the following occurs:

(1) The employee had a vested interest in his accrued benefit at the time of his break in service; or

(2) The employee's period of absence was less than the greater of his pre-break service or five years.

Except for those participants identified on Exhibit A of the plan document, no participant shall earn all or part of a year of service for benefit accrual or eligibility purposes after December 31, 2006.

No participant shall earn any service for benefit accrual purposes after March 31, 2011.

Normal Retirement Date

Normal retirement date is the first day of the month coinciding with or next following the attainment of age 65.

Normal Retirement Benefit

The amount of annual benefit based on service to normal retirement date for those who were participants in the prior plan (with the exception of Solite Salaried and Solite Hourly plans) is:

(1) The accrued benefit under the prior plan as of December 31, 2000; plus

(2) 1.00% of final average compensation multiplied by years of credited service up to a maximum of 40 years for compensation and service after January 1, 2001.

For employees who were prior participants in the Solite Salaried and Solite Hourly plans, the amount of annual benefit based on service to normal retirement date is 1.00% of final average compensation multiplied by years of credited service up to a maximum of 40 years without regard to the accrued benefit under the prior plan.

In no event shall a participant’s retirement benefit be less than the accrued benefit determined in accordance with the prior plan as of December 31, 2000.

No participant (with the exception of those identified on Exhibit A in the plan document) will accrue benefits of any kind under the plan after December 31, 2006.

No participant shall earn any service for benefit accrual after March 31, 2011.

Delayed Retirement

A participant may continue in the employment of the employer after his normal retirement date. In such event he will receive at actual retirement the greater of the benefit based on service and compensation as of actual retirement date or the benefit calculated at normal retirement date increased to the actual retirement date in accordance with the percentages in the following schedule:

Full Years After Normal Retirement Date	Percentage Increase
1	10%
2	20%
3	30%
4	40%
5	50%

Effective for retirements on or after February 1, 2015, the actuarial increase for delayed retirement is the actuarially equivalent increase based on age in years and months. The factor will be no less than that determined above for full years.

Final Average Compensation

The average of the compensation paid during the last 10 years of employment. Compensation for each year shall not exceed the IRC section 401(a)(17) limit.

Accrued Benefit

The accrued benefit at any time prior to a participant's normal retirement date shall be the normal retirement benefit calculated using average compensation and credited service as of the accrual date.

Early Retirement Benefit

Upon the completion of 10 years of vesting service and the attainment of age 55 (five years of vesting service and the attainment of age 55 for prior participants in the Keystone Cement Company Retirement Income Plan for Salaried Employees), a participant may elect to retire. He may receive an immediate benefit equal to the normal retirement benefit based on service at early retirement and reduced by 0.3% for each month prior to normal retirement date.

For prior participants of the Retirement Plan for Salaried Employees of Giant Cement Company who complete 30 years of credited service as of the early retirement date, such participants shall be entitled to receive that portion of the benefit accrued prior to January 1, 2001 unreduced by the early retirement reduction described above.

Disability Retirement Benefit

A participant who becomes totally and permanently disabled before his normal retirement date and who has completed at least 15 years of vesting service will be eligible to receive a reduced benefit prior to normal retirement date at the date of disability.

Death Benefit

In the event of a married participant's death on or before the earliest retirement age, the surviving spouse shall receive a benefit based on the participant's vested accrued benefit as of the date of death, but payable as if the participant had separated from service on the date of death, survived to the earliest retirement age, elected a joint and 50% survivor annuity, and died on the day after the earliest retirement age.

In the event of a married participant's death after the attainment of age 55, but prior to normal retirement date, it will be assumed the participant had retired on the day prior to death and elected a joint and 50% survivor benefit.

Severance Benefit

Upon the termination of employment after five or more years of service a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

Years of Service	Vested Percent
Fewer than 5	0%
5 or more	100%

In the event that a participant has met the service requirements for early retirement at the date of termination, he may elect to receive his vested interest at age 55. Such benefit will be reduced as described under early retirement benefit.

If the present value of a participant’s benefit is $5,000 or less, it shall automatically be distributed to the participant as a lump sum.

If the actuarial equivalent of a participant’s vested accrued benefit is $0, the participant shall be deemed to have received a distribution of such vested accrued benefits.

Normal Form of Payment

The normal form of payment is a life annuity paid in monthly installments with 10 years certain.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of payment. If a married participant does not elect the normal form of payment or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option (1) below. The options are:

(1) A reduced benefit to be paid during the participant's lifetime with one half of the reduced benefit to be continued to his spouse for her lifetime after his death.

(2) A reduced benefit to be paid during the participant's lifetime with two-third or three-fourths of the reduced benefit to be continued to his spouse for her lifetime after his death.

(3) A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to his spouse for her lifetime after his death.

(4) A benefit to be paid for life.

During 2023, terminated vested participants who terminated employment on or before December 31, 2022 and active participants eligible for early retirement who have reached age 59-1/2 as of July 1, 2023 were provided with a temporary window during which they could elect to receive their pension benefit as a single lump sum payment.

All optional methods of settlement are actuarially equivalent to the normal form of payment based on the RP-2014 Healthy Annuitant Mortality Table (weighted 50% for males and 50% for females) and 6% interest.

For the purpose of determining the lump sum value of a participant’s accrued benefit, the actuarial equivalence shall be based on the applicable interest rates and mortality table as prescribed by IRC Code section 417(e)(3).

Amendment or Termination of Plan	The employer reserves the right to amend or terminate the plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the plan if the employer fails to meet the minimum funding standards or is unable to pay benefits when due. If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure, and the employer shall be liable for any unfunded vested benefits to the extent required by law.
Additional Information	The above description is a summary only; for additional details, reference should be made to the formal Plan document.

Plan Changes Since the Prior Year

The funding valuation reflects the following plan changes since the prior year:

Effective April 1, 2025, 483 participants were spun off from the Giant Cement Holding, Inc. Retirement Plan to the Keystone Cement Company Defined Benefit Plan for Salaried Employees (EIN: 20-2268581, PN: 012).

Also, effective April 1, 2025, the plan sponsor for the remaining participants in the Giant Cement Holding, Inc. Retirement Plan changed from Giant Cement Holding, Inc. (EIN: 57-0997411) to HM US Services, LLC (EIN: 81-4086708).

Finally, effective January 1, 2026, the Giant Cement Holding, Inc. Retirement Plan was merged into the Heidelberg Materials US Pension Plan.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Effective April 1, 2025, 483 participants were spun off from the Giant Cement Holding, Inc. Retirement Plan to the Keystone Cement Company Defined Benefit Plan for Salaried Employees (EIN:20-2268581, PN:012). The spin-off had no impact on the minimum required contribution for the 2025 plan year, as the minimum required contribution was $0 prior to the spin-off and would have remained $0 even if the spin-off had been reflected in the 2025 actuarial valuation.

Also, effective April 1, 2025, the plan sponsor for the remaining participants in the Giant Cement Holding, Inc. Retirement Plan changed form Giant Cement Holding, Inc. (EIN: 57-0997411) to HM US Services, LLC (EIN: 81-4086708).

Finally, effective January 1, 2026, the Giant Cement Holding, inc. Retirement Plan was merged into the Heidelberg Materials US Pension Plan which was subsequently terminated effective May 31, 2026.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the unlimited expected rate of return from 6.75% to 6.10%

This change was made to better reflect the anticipated plan experience. This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
