Independent Auditor's Report

To the Plan Administrator of
EmberHope, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EmberHope, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

Helping you get from where you are to where you want to be
sjhl.com

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EmberHope, Inc. 403(b) Plan

Notes to the Financial Statements

1. Description of Plan

The following description of the EmberHope, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan established effective January 1, 2008, and restated January 1, 2024. The Plan is sponsored by EmberHope, Inc. (the Organization) as a systematic means of saving and investing for the future and covers all permissible employees, excluding non-resident aliens and for purposes of the safe harbor match, collective bargaining employees, of the Organization. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Organization's Board of Directors (the Board) is responsible for oversight of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance. INTRUST Bank NA is the trustee and custodian of the Plan.

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover), excluding non-Roth after-tax contributions.

Effective August 1, 2020, the Plan adopted an automatic enrollment provision whereby all employees hired (or rehired) on or after August 1, 2020, were automatically enrolled into the Plan (unless employee opted out of Plan) with a deferral rate of 2% of eligible compensation. Effective January 1, 2024, the automatic deferral rate was increased to 3% and automatically enrolled participants will have their deferral rate increase by 1% at the beginning of each subsequent Plan year until their deferral rate reaches 10%.

The Plan previously provided for discretionary employer matching contributions. Effective January 1, 2024, the Plan removed the discretionary employer matching contribution provision and adopted employer safe harbor matching contribution provisions calculated at 100% of the first 4% of eligible compensation. Contributions are subject to certain IRC limitations.

1. Description of Plan (continued)

Participant investment account options - Participants direct the investment of all their contributions into various investment options offered by the Plan. The Plan currently offers 21 mutual funds, 1 money market fund, and a non-interest bearing cash account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, employer safe harbor matching contributions, and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully and immediately vested in their voluntary contributions, plus actual earnings thereon. Employer safe harbor matching contributions are subject to a 2-year cliff vesting schedule. Discretionary employer matching contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the time of the loan, is set at the Wall Street Journal Prime rate, as defined, plus 1%. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

1. Description of Plan (continued)

Payment of benefits - Upon termination of service due to any reason, a participant with a vested account balance less than $200 will automatically receive a lump sum cash distribution. Participants with a vested balance of $200 to $5,000 will receive a distribution request with the option of a lump-sum payment, installment payments, or a direct rollover distribution to an eligible retirement plan specified by the participant. If no election is made by the participant, the Plan administrator will transfer the participant's vested funds to an Individual Retirement Account.

Forfeited accounts - As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $24,480 and $26,881, respectively. These accounts can be used to reduce future employer contributions or to pay administrative expenses of the Plan. During the years ended December 31, 2025 and 2024, employer contributions were reduced by $176,750 and $0, respectively, from forfeited nonvested accounts, in accordance with Plan provisions.

As of December 31, 2025 and 2024, the revenue sharing account totaled $10 and $0, respectively. This account holds amounts from various transactions in which funds are remitted back to the Plan and can be used to pay administrative expenses of the Plan. During the years ended December 31, 2025 and 2024, $42 and $0, respectively, were used from the revenue sharing account to pay administrative expenses of the Plan, in accordance with Plan provisions.

2. Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions refundable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding line item on the statements of changes in net assets available for benefits.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year end that were not paid.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other income - Amounts paid to participant accounts by the Plan sponsor for lost earnings on delinquent participant contributions are recorded to the other income line item on the statements of changes in net assets available for benefits. See Note 9 for additional information.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Organization and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments. Certain recordkeeping expenses are paid directly to the third-party administrator by the Plan and are included in administrative expenses.

2. Summary of Accounting Policies (continued)

Subsequent events - The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.

3. Information Certified by Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, INTRUST, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments as of and for the years ended December 31, 2025 and 2024:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Notes receivable from participants
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)
- Schedule of delinquent participant contributions

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

4. Fair Value Measurements (continued)

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the techniques used during the years ended December 31, 2025 and 2024.

Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end (Level 1).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	$ 9,086,753	$ -	$ -	$ 9,086,753
Investments at fair value				$ 9,086,753

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	$ 6,672,697	$ -	$ -	$ 6,672,697
Investments at fair value				$ 6,672,697

5. Related-Party and Party In Interest Transactions

The Plan made direct payments to INTRUST Bank, N.A. for recordkeeping of $63,304 and $41,484 for the years ended December 31, 2025 and 2024, respectively, which were not covered by revenue sharing and are considered to be party-in-interest transactions under ERISA. The Organization pays directly any other fees related to the Plan’s operations, other than investment advisory fees.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their discretionary employer matching contributions and safe harbor employer matching contributions.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the benefits paid to participants per the financial statements for the years ended December 31, 2025 and 2024 to Form 5500:

	Years Ended December 31,	
	2025	2024
Benefits paid to participants per the financial statements	$ 1,188,079	$ 1,684,886
Prior year excess contributions refundable	(82)	82
Rounding	-	(1)
Benefit payments to participants per Schedule H of the Form 5500	$ 1,187,997	$ 1,684,967

The following is a reconciliation of the net increase per the financial statements for the years ended December 31, 2025 and 2024 to Form 5500:

	Years Ended December 31,	
	2025	2024
Net increase per the financial statements	$ 2,484,020	$ 295,001
Prior year employer contributions receivable	-	2,213
Prior year participant contributions receivable	-	7,441
Prior year excess contributions refundable	-	(82)
Net income (loss) per Schedule H of the Form 5500	$ 2,484,020	$ 304,573

8. Tax Status

The Plan adopted a pre-approved plan offered by INTRUST Bank, N.A. stating that the written form of the underlying specimen plan is qualified under Section 403(b) of the Code. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan is designed in accordance with the applicable sections of the IRC.

Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

8. Tax Status (continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress (2022 and after).

9. Delinquent Participant Contributions

For the years ended December 31, 2025 and 2024, the Organization did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, were $47,089 and $94,948 for the years ended December 31, 2025 and 2024, respectively. Additionally, the Organization has and will be compensating participants for lost earnings resulting from the delay in contributions for each respective year by depositing funds into the participant accounts of those impacted.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
