INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
CHMC Anesthesia Foundation, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CHMC Anesthesia Foundation, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Trustees
CHMC Anesthesia Foundation, Inc. 403(b) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHMC ANESTHESIA FOUNDATION, INC.
403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. Description of the Plan

The following brief description of the CHMC Anesthesia Foundation, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

General

CHMC Anesthesia Foundation, Inc. (the Foundation) is the Plan Sponsor. The Plan was established by the Foundation and became effective July 1, 1982 and covers substantially all employees of the Foundation. The Plan is a defined contribution plan qualified under Section 403(b) of the U.S. Internal Revenue Code (IRC). The Plan was restated effective January 1, 2011 to incorporate all previous amendments.

Participation

Employees are eligible to participate in the Plan on their date of employment. Employees are eligible for the employer contribution if they are physician-employees with an original date of hire after December 31, 2008, have made deferrals in the Plan year and are employed by the Foundation at the Plan year end.

Contributions

Eligible employees may elect to make pre or post tax contributions up to the maximum amount allowable under federal income tax regulations.

For employees eligible for the employer contribution, the Foundation matches 100% of the employees' deferrals multiplied by the number of complete months employed during the Plan year divided by twelve.

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions (if any), and an allocation of the Plan earnings or losses, as well as an allocation of administrative expenses, including investment management and recordkeeping fees. Allocations are based on participant earnings/losses or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each account is directed by the participant to be invested among investments established by the Plan Sponsor.

1. Description of the Plan (Continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions, all employer contributions, plus actual earnings or losses thereon.

Plan Termination

While the Foundation intends to continue this Plan, the Foundation reserves the right to amend or terminate at any time any provision of the Plan or the Plan in its entirety, subject to the provisions of ERISA. Upon termination of the Plan, the custodians, once notified by the Foundation of the termination date, will distribute to each participant the entire account balance on that date in accordance with the terms of the Plan.

Payment of Benefits

Upon termination of service due to retirement, death, or other reasons, a participant may elect to receive a lump sum payment equal to the value of their account, or may defer the distribution to a future date. The Plan also provides for partial payments as an optional form of distribution from a participant's account. The normal retirement age is 59 1/2 and in-service distributions are permitted upon reaching the normal retirement date. The Plan also provides for hardship distributions. Account balances greater than $1,000 and up to $7,000 may be automatically distributed to an IRA on the participant's behalf upon termination of employment unless the participant elects a direct distribution to an eligible retirement plan. Account balances of $1,000 or less may be automatically distributed to the participant in a lump-sum on the participant's behalf upon termination of employment.

Administrative Expenses

Certain administrative fees are paid directly by the Plan Sponsor.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial assumptions that affect the accompanying financial statements and related disclosures. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investments

The Plan's investments consist of a money market fund, mutual funds, a pooled separate account, a self-directed brokerage account, and annuity contracts. The money market fund, mutual funds, the pooled separate account, one annuity contract and the self-directed brokerage account are stated at fair value. See Note 5 for further discussion of fair value measurements. The Plan invests in TIAA-CREF Traditional annuity contracts and an annuity contract with Lincoln National Life Insurance Company (Lincoln National). One TIAA-CREF annuity contract and the Lincoln National annuity contract are determined to be fully benefit responsive and are stated at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contract plus interest earned, less participant withdrawals and administrative expenses.

The crediting interest rate for these TIAA-CREF annuity contracts is reset annually by the issuer, but cannot be below 3.00%. The crediting interest rate for the Lincoln National annuity contract cannot be below 1.00%. Participants receive contract value upon separation of service, retirement, minimum distribution, hardship withdrawal, death, and transfers to other investment options as approved by TIAA-CREF or Lincoln National. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Participants have the option to invest in a self-directed brokerage service that allows for participants to access a variety of short-term securities and mutual funds.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Contributions

Participant contributions are recorded in the period in which payroll deductions are made. Employer matching contributions are recorded in the same period as corresponding participant contributions.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by the Plan Administrator to determine whether such events should be recognized or disclosed in the financial statements. The Plan Administrator has evaluated subsequent events through September 23, 2026, the date the financial statements were available to be issued.

3. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the terms of the Plan have been prepared to conform with the requirements of Section 403(b) of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

4. Information Certified by Custodians

All Plan asset information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company and TIAA-CREF, the custodians of the Plan. Accordingly, as permitted under 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodians, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the custodians meet the requirements of qualified institutions as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Investments and Fair Value Measurements

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund and mutual funds: Valued at the net asset value of shares (based upon quoted market price) held by the Plan at year end which are traded in an active market.

Self-directed brokerage account: Made up of mutual funds that are valued at quoted market prices.

Pooled separate account: Valued based upon the net asset value of shares held by the Plan at year end, as determined by the account manager, based upon quoted market prices of the underlying investments and external appraisals of real estate holdings.

Group annuity contract: The group annuity contract is reported at fair value, which approximates contract value. As this contract is contract-based, observable prices for identical or similar investments do not exist and, accordingly, this investment is valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

5. Investments and Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment in a pooled separate account is measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient and has therefore not been classified in the fair value hierarchy. Pooled separate account values using the NAV practical expedient totaled $32,684 and $31,435 at December 31, 2025 and 2024, respectively.

There are no unfunded commitments associated with the pooled separate account. Redemption is allowed on a daily basis with these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2025				
Money market fund	$ 142,518	$ –	$ –	$ 142,518
Mutual funds	92,263,722	–	–	92,263,722

	$ 92,405,538	$ –	$559,075	92,964,613
Pooled separate account, valued at net asset value				31,435
Total assets at fair value				$ 92,996,048

During 2025 and 2024, there were no contributions to the group annuity contract.

6. Party-in-Interest Transactions

Fidelity Management Trust Company and TIAA-CREF are the custodians of the Plan. As the custodians, they hold and manage the Plan's assets and make distributions in accordance with the instructions of the Plan Administrator. Certain of these investments are funds managed by related parties of the custodians. The Plan also pays certain recordkeeping fees to the Plan custodians. These investments and transactions are considered to be party-in-interest transactions, however, they are exempt from the prohibited transactions rules under ERISA.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$110,840,887	$97,959,495
