INDEPENDENT AUDITOR'S REPORT

To the Participants and Beneficiaries
Center for Biological Diversity 403(b) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Center for Biological Diversity 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Center for Biological Diversity 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Biological Diversity 403(b) DC Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Center for Biological Diversity 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center for Biological Diversity 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audits of the Financial Statements, Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Center for Biological Diversity (Organization) 403(b) DC Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a deferred arrangement that is part of an employee savings plan covering all employees of the Organization. Employees are eligible to make elective deferral contributions on their date of hire. Employees are eligible to receive employer contributions on their date of hire after one consecutive year of service as long as they have reached 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation as defined in the Plan. Participants may also make Roth contributions to the Plan. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization will make a contribution equal to 5% of the participant's compensation for participants with one to four years of service, and that contribution will increase by 1% for each additional five years of service. In addition, if a participant contributes up to 2% of compensation, the Organization will match the contribution at 100%. Qualified non-elective contributions may be made to satisfy nondiscrimination rules. Contributions are subject to certain limitations imposed by the Internal Revenue Service (IRS).

Participant Accounts

Each participant's account is credited with the amount selected to be deferred, an allocation of the Organization's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provision to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Management has determined that there is no material impact to the Plan's 2025 financial statements.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of continuous service. A participant is 100% vested in employer discretionary contributions, plus actual earnings thereon, after two years of service based on a cliff vesting schedule. To earn a year of service, participants must have 500 or more hours of service during the service period, which is a one-year period ending on December 31.

1. Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum of $50,000 or 50% of their balance, whichever is less. If the participant has more than one loan outstanding, the $50,000 maximum will be reduced by the highest outstanding loan balance in the 12-month period prior to the new loan. Loan terms may not exceed five years, unless the loan proceeds are applied toward the purchase of a primary residence. In such cases, the term of the loan may be for the term of the mortgage, for a maximum of 15 years. Principal and interest are paid ratably through payroll deductions. The loans bear interest at the prime rate on the date of the loan plus 1%. Interest rates range from 8.5% to 9.25%.

Plan Loans

Certain other loans are issued to participants as separate contracts by TIAA-CREF Financial Services (a Custodian), as contemplated under Internal Revenue Code (IRC) section 72(p)(5), and do not represent Plan assets. Plan loans are collateralized by a participant's balance in their TIAA Traditional Non-Benefit Responsive and TIAA Traditional Benefit Responsive (collectively, TIAA Traditional) account balances in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 45% of their TIAA Traditional account balance, subject to annuity contract and Plan provisions. Plan loan terms range from one to five years in one-year increments. Principal and interest is paid ratably by the participant to the Custodian and each payment reduces amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to the Custodian were $57,828 and $54,853 at December 31, 2025 and 2024, respectively.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Organization. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. For the years ended December 31, 2025 and 2024, the Plan paid recordkeeping fees in the amount of $21,448 and $13,536, respectively. All other administrative expenses, including professional fees, were paid by the Organization on behalf of the Plan.

Payment of Benefits

On termination of services due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the vested interest in his or her account.

Forfeited Accounts

At December 31, 2025 and 2024, the balance of forfeited non-vested accounts was $8,424 and $7,995, respectively. This account may be used to pay administrative expenses or reduce future employer contributions. During the years ended December 31, 2025 and 2024, there were no forfeitures used to pay administrative expenses or reduce future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Summary of Significant Accounting Policies, Continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. Income Tax Status

The IRS has determined, by a letter dated March 31, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter date. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods.

5. Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: valued at the net asset value of shares held by the Plan at year end.

Guaranteed interest account (non fully benefit-responsive): valued at net asset value based on the market value of the underlying investments.

Pooled separate account: valued at the net asset value of shares held by the Plan based on the market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,117,933	$ -	$ -	$ 40,117,933
Guaranteed interest account	-	1,262,655	-	1,262,655
Pooled separate account	-	17,855	-	17,855
Total investments	$ 40,117,933	$ 1,280,510	$ -	41,398,443
Investments measured at net asset value - guaranteed investment contracts				605,095
				$ 42,003,538

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,169,467	$ -	$ -	$ 31,169,467
Guaranteed interest account	-	1,282,364	-	1,282,364
Pooled separate account	-	17,506	-	17,506
Total investments	$ 31,169,467	$ 1,299,870	$ -	32,469,337
Investments measured at net asset value - guaranteed investment contracts				583,234
				$ 33,052,571

Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

6. Fair Value of Investments that use Net Asset Value Practical Expedient

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Guaranteed investment contracts	$ 605,095	N/A	Daily	12 months

6. Fair Value of Investments that use Net Asset Value Practical Expedient, Continued

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Guaranteed investment contracts	$ 583,234	N/A	Daily	12 months

7. Agreements and Transactions with Parties-in-Interest

Fees paid by the Organization on behalf of the Plan for legal, accounting and other services rendered to the Plan were based upon customary and reasonable rates for such services, as determined by the Plan's trustee.

8. Information Prepared and Certified by Custodians

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, and Nationwide Trust Company, FSB.

9. Prohibited Transactions

During the year ended December 31, 2024, the Organization inadvertently failed to deposit $69,719 of participant contributions within the required timeframe as stated by the Department of Labor (DOL). The amount of $69,719 was corrected during the year ended December 31, 2025. The DOL considers late deposits to be nonexempt prohibited transactions.

10. Subsequent Events

The Organization was unaware of any subsequent events as of October 5, 2026, the date the financial statements were available to be issued.
