Independent Auditor's Report

Plan Administrator
V2X 401(k) Retirement Plan
Madison, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of V2X 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025, and Schedule H, Line 4a – schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the V2X 401(k) Retirement Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on September 8, 2018, by V2X, Inc. (the Plan Sponsor or V2X). The Plan allows other related employers (the Adopting Employers) to adopt the Plan and its provisions. The Plan is available for qualifying employees of V2X and Adopting Employers (collectively, the Company or Employer). The Plan Sponsor most recently amended and restated the Plan effective December 29, 2023.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or Trustee). The Trustee holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. The Benefits Administration Committee is the plan administrator of the Plan. The V2X Investment Committee (Committee) is the investment fiduciary of the Plan.

Eligibility

An employee is immediately eligible to participate in the Plan upon hire. Employees that are covered by a collective bargaining agreement are eligible to participate in the Plan only if the collective bargaining agreement provides for participation in the Plan.

An employee is not eligible to participate in the Plan if:

- The employee is eligible to participate in any other 401(k) plan sponsored by the Company or any affiliated employer.
- They are considered a leased employee.
- They are non-resident aliens.
- They are residents of Puerto Rico.
- They are considered an independent contractor, as defined.

Once the eligibility requirements to participate in the Plan are met, the eligible participant will automatically be enrolled at a 3% pre-tax deferral rate, unless they affirmatively elect to not participate in the Plan or have elected to withhold a deferral percentage other than 3% pre-tax. Certain groups of employees are not subject to the automatic enrollment provisions based on the Plan Document.

Contributions

Participants may contribute on a pre-tax and/or Roth after-tax basis up to 75% of eligible compensation, as defined in the Plan Document. Participants can also make after-tax contributions up to 25% of eligible compensation. Effective October 1, 2025, highly compensated employees were limited to making after-tax contributions of up to 12% of eligible compensation. Combined pre-tax, Roth after-tax, and after-tax contributions (participant deferrals) may not exceed 75% of annual eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant deferral contributions shall not exceed certain limits as set forth by the Internal Revenue Code (IRC). The Internal Revenue Service (IRS) adjusts the limitations each year for cost-of-living increases.

The Plan provides for a discretionary matching employer contribution. The amount of the discretionary matching contribution is dictated by the collective bargaining agreement or governing contract. Participation in the employer matching contribution, if applicable, begins on the same date as participant deferral contributions. The Company may also make a discretionary non-elective employer contribution which would be allocated to all eligible participants based on the ratio that the participant's compensation bears to total compensation of all eligible participants. There were no discretionary non-elective employer contributions for the year ended December 31, 2025.

If a participant performs services covered by the applicable prevailing wage laws, employer contributions will be allocated to their account in such amounts as may be required under such laws to meet the required benefit levels for each year. Prevailing wage contributions are included in employer contributions in the accompanying statement of changes in net assets available for benefits.

Rollover Contributions

Employees may rollover contributions from other qualified plans, as permitted by the Plan Document upon becoming an eligible employee.

Participant Accounts

Individual accounts are maintained for each participant by Fidelity. Each participant's account is credited with the allocation of (a) participant deferral contributions (pre-tax, Roth after-tax, and after-tax); (b) the employer's discretionary matching contributions, discretionary non-elective contributions, and prevailing wage differential contributions (if any); and (c) an allocation of net earnings or losses of the Plan and are charged with distribution and administrative expenses. The net investment earnings or losses are allocated based on a participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. All investments are participant-directed and participants may make investment option changes at any time. The Plan offers various mutual funds and a common collective trust fund as investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the employer non-elective contributions and prevailing wage contributions, plus actual earnings thereon. Participants are vested in the discretionary employer matching contributions plus actual earnings thereon based on years of continuous service. Generally, a participant is 100% vested after three years of credited service. Employees belonging to certain employee classes, as defined in the Plan Document, are immediately vested in the certain employer contributions.

Unallocated Accounts

Forfeitures are first used to pay expenses and any remaining forfeitures would then be used to fund employer contributions. Forfeited non-vested accounts totaled $220,168 and $431,369 at December 31, 2025 and 2024, respectively. For the year ended December 31, 2025, $107,376 was used to pay administrative expenses, and $106,036 of forfeitures were used to fund employer contributions.

The Plan also holds a revenue credit account, which are funds used to pay expenses of the Plan. The revenue credit account totaled $225,350 and $106,992 at December 31, 2025 and 2024, respectively. For the year ended December 31, 2025, $34,905 was used to pay administrative expenses, and $149,422 were funded to the account from Fidelity.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. The participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account paid in cash, as a rollover to another qualified plan or individual retirement account, or paid in the form of an annuity. In-service withdrawals and hardship withdrawals are permitted in certain situations as stipulated within the Plan Document.

A participant or their beneficiary whose vested balance was $5,000 or less will have their balance automatically distributed to them, if an affirmative election is not made.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rate is fixed for the term of the note. Interest rates ranged from 4.25% to 9.50% as of December 31, 2025. The note is repaid ratably through payroll deductions. These notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. A participant may not have more than one note outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan Document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates and could be material.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the group annuity contract, a fully benefit-responsive contract, which was valued at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market members at the measurement date (exit price). The Committee determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned on the accrual basis. Dividend and capital gains are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Annuity Contract

The Plan held as group annuity contract with Prudential Annuity Insurance Company of America (Prudential), which was a fully-benefit-responsive investment contract (Guaranteed Income Fund). Prudential maintained the contributions in a general account, and the account was credited with earnings and charged with withdrawals and expenses. Prudential was contractually obligated to repay the principal and specified interest rate.

In 2023, the contract was terminated, and payment was deferred until 2025 when final payment was made. There were no adjustments to contract value or fees to terminate the contract.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. Related fees are recorded as administrative expenses and are

expensed as incurred. If a participant ceases to make the scheduled loan payments and the Plan Administrator deems the participant to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant deferral contributions and related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. Additionally, for participant loans declared in default, the principal and accrued interest are recorded as a distribution. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Administrative Expenses

Administrative expenses are paid by the Plan or Company in accordance with the Plan Document. Certain investment related expenses reduce net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Expenses paid by the Company have been excluded from these financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivables from participants as reported in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest and dividend income, net appreciation in fair value of investments, and interest earned on notes receivable from participants as reported in the statement of changes in the net assets available for benefits for the year ended December 31, 2025.
- Investment amounts included in the notes to financial statements.
- Investment amounts included in the supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, which consist of three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Asset Valuation Techniques

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust (CCT) – The CCT is a stable value fund which is valued at the NAV per unit in each account held by the Plan. The stable value fund is valued at the net asset value (NAV), which is based on the fair value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The common collective trust is a direct filing entity.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 729,717,458	$ -	$ -	$ 729,717,458
Investments measured at NAV[(a)]				33,099,736
Total Investments, at fair value				$ 762,817,194

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 595,625,226	$ -	$ -	$ 595,625,226
Investments measured at NAV[(a)]				11,403,567
Total Investments, at fair value				$ 607,028,793

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measure Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2025

Investment Type	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust: Goldman Sachs Stable Value Collective Trust	$ 33,099,736	None	Daily	None

December 31, 2024

Investment Type	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust: Goldman Sachs Stable Value Collective Trust	$ 11,403,567	None	Daily	None

5. Related Party and Party-in-Interest Transactions

The Plan offers various investments that are managed by Fidelity, the Plan's trustee and recordkeeper. Fees paid by the Plan to Fidelity totaled $629,643 for the year ended December 31, 2025. Certain investment advisory and audit fees were paid from the Plan during the year ended December 31, 2025, which were $170,241 and $144,400, respectively.

The Plan also issued loans to participants which are secured by the vested balance of the participants' accounts. These transactions with related parties qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

6. Delinquent Participant Contributions

During 2024 and 2025, participant contributions totaling $4,948 and $702, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. The Plan is in the process of correcting the participant delinquent contributions for lost earnings to the extent not already corrected in 2025. See supplemental schedule of delinquent participant contributions for the year ended December 31, 2025.

7. Income Tax Status

Effective February 1, 2022, the Plan adopted a pre-approved Plan Document sponsored by Fidelity Management & Research Co. The pre-approved Plan Document received an opinion letter from the IRS, dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC and is, therefore, exempt from income taxes under provisions of applicable sections of the IRC. The Plan has been amended; however, the Plan Administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investments in mutual funds and a CCT fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements and participants' accounts balances and the amounts reported in the statements of net assets available for benefits as of December 31, 2025 and 2024.

9. Subsequent Events

Plan management has evaluated subsequent events through October 2, 2026, which is the date the financial statements were available to be issued. There were no material events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
