The Plan Administrator and Board of Directors
Save More Retirement Plan and Trust
Bozeman, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Save More Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Save More Retirement Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of the companies listed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The companies in the Plan include the following controlled group of corporations: Barnard Construction Company, Inc., Barcon, Inc., Barnard Environmental, Inc., Barnard Pipeline, Inc., Interstate Equipment, Inc., Barnard of Nevada, Inc., Barnard Telecommunications, Inc., Continental Pipe Manufacturing Co., Barnard Central America, Inc., Barnard of Australia, Inc., BFBC LLC, Barnard Spencer Joint Venture, and Barnard of Canada, Inc. (collectively "Companies").

Eligibility

Employees must be 18 years of age to participate in the Plan. For all employee deferral contributions and prevailing wage employer contributions covered by the Davis Bacon Act, employees are eligible to participate immediately upon hire and meeting the age requirement. For all employer match and profit share contributions not covered under the Davis Bacon Act, employees must have worked 1,000 hours during their first twelve-month period after initial hire date or during one subsequent calendar year in order to be eligible to receive a company contribution. Employees subject to collective bargaining agreements are not eligible to participate in the Plan.

Entry Date

Employees requesting voluntary 401(k) withholding or with prevailing wage employer contributions covered by the Davis Bacon Act enter the Plan immediately upon meeting the eligibility requirements. Otherwise, employees may enter the Plan on the first day of month coinciding with or following the date they satisfy the Plan's eligibility requirements for company match and profit share contributions.

Contributions

Each year, the participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants aged 50 or older before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code. The Companies may, but are not required to, contribute matching funds on behalf of the participating employees. The matching contribution percentage is determined at the end of each year. The matching contribution is 100% of the annually declared matching contribution percentage for those participants with salary deferrals equal to or greater than 6% of eligible compensation. The matching contribution is the ratio of the participants' salary deferrals up to 6% multiplied by the matching contribution percentage for those participants with salary deferrals less than 6%. During 2025 and 2024, the Companies declared matching contribution percentage was 5%.

For profit sharing contributions for employees not covered by the Davis Bacon Act, the Companies may, but are not required to, contribute to the Plan an amount determined annually by the board of directors. During 2025 and 2024, the Companies contributions were 5% of the participants' eligible compensation. For employees covered by the Davis Bacon Act, the Companies contribute a fixed dollar amount per hour as determined in the prevailing wage determination for each job. Profit sharing contributions for eligible employees are reduced by any Davis Bacon Act contributions that the employee has received during the year.

Participant Accounts

Each participant's account is credited with the participant's contributions, Companies matching contributions, prevailing wage employer contributions, and allocations of the Companies profit-sharing contributions and Plan earnings. Participant accounts are charged with participant requested or mandatory distributions and certain administrative expenses if a portfolio designed by the investment advisor is selected as the investment allocation. Allocations are based on participant's compensation, account balances, or specific transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their own salary reduction and rollover contributions, plus actual earnings thereon. A participant is immediately vested in contributions and earnings thereon under the Davis Bacon Act. Other participants are fully vested in the Companies' contributions and earnings thereon after completion of two years of credited service, with a minimum of 1,000 hours of service per year.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $74,635 and $51,804, respectively. These accounts will be used to reduce future employer matching contributions. During the years ended December 31, 2025 and 2024, employer contributions were reduced by $13,760 and $12,962, respectively, from the forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the participant's highest outstanding loan balance during the previous twelve months, the participant's salary reduction contribution account balance or 50% of their vested account balance. Loan transactions are treated as a transfer from the investment fund to the participant notes receivable. Loans will be permitted only for the purposes of hardship reasons. All loans are required to be repaid within five years of the loan unless the purpose of the loan is to acquire a dwelling unit, in which case the note terms can range up to 10 years. The notes are secured by the balance in the participant's account and bear interest at the prime rate of interest plus 2%. Principal and interest are paid ratably through payroll deductions or an ACH agreement. A participant may have no more than two outstanding loans at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ as defined in the Plan document.

Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and other third parties. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statements of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Employee contributions are recorded in the year in which the contributions are withheld from compensation, along with the related employer match. Profit share contributions are recorded in the year in which the corresponding compensation is paid. Contributions pertaining to the Davis Bacon Act are recorded in the year in which the corresponding Davis Bacon wages are paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were $-0- and $-0-at December 31, 2025 and 2024, respectively.

Expenses

The Plan's expenses are paid by either the Plan or the Companies, as provided by the Plan document. Expenses that are paid directly by the Companies are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net asset available for benefits. In addition, all mutual funds charge administrative fees to cover the fund's operating costs, including management fees and general administrative expenses, which are netted with the earnings of the funds.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds (including money market mutual funds)– Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust – Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

Self-directed brokerage funds – Accounts consist of registered investment companies and money market mutual funds valued at the quoted NAV of shares held by the Plan at year end on the active markets and common stock valued at the closing price reported on the active market on which the individual securities are traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 136,626,016	$ -	$ -	$ 136,626,016

Self-directed brokerage funds	993,542	-	-	993,542
Common collective trust	-	9,813,820	-	9,813,820
Investments at fair value	$ 137,650,935	$ 9,813,820	$ -	$ 147,464,755

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 111,986,650	$ -	$ -	$ 111,986,650
Money market mutual fund	23,037	-	-	23,037
Self-directed brokerage funds	430,498	-	-	430,498
Common collective trust	-	8,697,024	-	8,697,024
Investments at fair value	$ 112,440,185	$ 8,697,024	$ -	$ 121,137,209

Note 4 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 5 - Tax Status

The Plan uses an Internal Revenue Service (IRS) pre-approved plan document sponsored by FMR LLC, which received an advisory letter from the IRS dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and money market funds managed by Fidelity Management Trust Company, the trustee, as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of increase in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 27,466,182	$ 21,435,588
Benefit claims payable as of December 31, 2023	-	141,883
Net increase per the Form 5500	$ 27,466,182	$ 21,577,471

Note 9 - Plan Amendments

The Plan has adopted and is being administered under the requirements of the SECURE Act 2.0. The Plan has implemented certain optional provisions as of January 1, 2025. The most significant changes resulting from the Act affecting the Plan were as follows:

- Increase the catch-up limits to the greater of $10,000 or 50 percent more than the regular catch-up amount in 2025 for individuals who have attained age 60 to 63. The increased amounts are indexed for inflation after 2025.
- Withdrawal provisions for emergency expenses, domestic abuse, qualified declared disaster and qualified birth or adoption.

Note 10 - Subsequent Events

The Plan sponsor has evaluated subsequent events through September 23, 2026, the date which the financial statements were available to be issued.
