## Opinion

We have audited the accompanying financial statements of Sephora Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with accounting principles generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with accounting principles generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with accounting principles generally accepted in the United States of America.

Plan Administrator
Sephora Retirement Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1. Description of the Plan

The following description of the Sephora Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan that was established for the benefit of employees of Sephora USA, Inc. and its designated affiliates (collectively referred to as Sephora).

Participants who transfer employment between other affiliates not covered under this Plan transfer their account balances to or from the Plan and qualified plans maintained by affiliates.

### Participation

Substantially all employees of Sephora are eligible to participate in the Plan as of the first day of the month following their date of hire. Eligible employees must also be citizens of the United States or the Trust Territories of the Pacific Islands, work in the United States or the Trust Territories of the Pacific Islands, or receive earned income from Sephora, which constitutes income from sources within the United States.

### Plan Contributions

Sephora's annual contributions are determined by the Plan Sponsor. Sephora's contributions are based upon a percentage of the participant's basic compensation, which includes base pay, overtime, bonuses and commissions paid during the year. A participant may be eligible to receive one or more of the following contributions after one year of service:

- Sephora Basic Matching Contribution – For every dollar a participant contributes, Sephora makes a basic matching contribution on a payroll-by-payroll basis up to 4.0% of the participant's basic compensation. By virtue of the matching contributions, the Plan is intended to be a safe harbor plan.

- Sephora Discretionary Matching Contribution – Sephora may, at its sole discretion, make a discretionary matching contribution on behalf of each participant who remains an eligible employee on the last day of the plan year, equal to a percentage of the participant's employee pre-tax contributions. No discretionary matching contribution was made in 2025.

**1. Description of the Plan (continued)**

**Plan Contributions (continued)**

- Participants may make pre-tax or Roth after-tax contributions to the Plan. Participants may contribute any whole percentage of their basic compensation up to 100.0%.

However, the Internal Revenue Code (Code) limits the total amount of pre-tax and Roth contributions allowed per year.

Eligible employees hired after June 30, 2008 are automatically enrolled in the Plan unless they enroll in the Plan within 180 days of their hire date or elect not to participate in the Plan and notify Fidelity Investment Institutional Operations Company, Inc. 2.0% of their basic compensation will be contributed to the Plan as pre-tax contributions.

Effective January 1, 2018, participants who were auto-enrolled in the Plan shall be deemed to increase their annual pre-tax contributions by 1.0% on an annual basis until the elective deferral equals 4% of their basic compensation provided that the rate of contribution does not exceed that otherwise permitted by the Code. The automatic increase will not apply for participants who elect no annual pre-tax contribution increases.

Participants who are eligible to make regular pre-tax contributions (as defined above) and who have attained age 50 by December 31 may elect to defer an additional percentage of their basic compensation, as a "catch up contribution" subject to an annual limit determined by the Code.

Contributions from participants and Sephora are held in trust and managed by Fidelity Management Trust Company (Fidelity). Participants may direct their contributions and their allocated share of Sephora's contributions to any combination of Fidelity mutual funds, third-party mutual funds, a common collective trust, and a self-directed brokerage option.

**Administration and Expenses**

The Plan is administered by an Administrative Committee comprised of at least three members. Certain investment fund operating expenses are incurred directly by the investment funds and are factored into each investment fund's rate of return. Certain administrative and transaction based fees are charged to participant accounts. All other expenses are paid by Sephora.

**1. Description of the Plan (continued)**

**Vesting**

Participants in the Plan are immediately vested in their elective contributions, Sephora's Basic Matching and Discretionary Matching Contributions plus actual earnings thereon.

Participants' accounts that do not become fully vested under the circumstances described above will be forfeited. Forfeitures may be applied to reduce the amount of contributions otherwise payable by Sephora. At December 31, 2025 and 2024, the amount of unallocated forfeitures available to offset future Sephora contributions was $379,618 and $246,597, respectively. During 2025, no forfeitures were used for administrative expenses.

**Withdrawals and Benefits**

Distributions under the Plan may be made upon a participant's retirement, death, disablement, termination of employment, loan withdrawal or qualifying hardship circumstance. A participant's benefits will be equal to the accumulated balance of Sephora contributions plus the accumulated balance of participant contributions plus earnings or losses, adjusted for in-service withdrawals (if any), or forfeitures as of the participant's date of retirement, death, disablement or termination of employment.

Benefits under the Plan are payable in the form of lump-sum distribution, annuity contract, or any other form that is equivalent to the amounts payable to or for the benefit of the participant. The default payment is a single lump sum. Annuity contracts are purchased with proceeds received from lump-sum distributions from an insurance company selected by the participant.

Participants may withdraw from their pre-tax contributions up to 100.0% of the value of such contributions at any time after the participant attains age 59½ or is called to active military duty for a period of more than 30 days. A participant may also withdraw from their rollover contributions up to 100.0% of the value of such contributions. For withdrawals for hardship or military leave, participants will not be permitted to make pre-tax contributions for six months following the withdrawal date.

**Notes Receivable from Participants**

Active participants may be eligible to borrow a minimum of $1,000 up to the lesser of $50,000 or 50.0% of their elective contribution and Sephora's Matching account balances. There are two types of loans available to participants, general and home loans.

**1. Description of the Plan (continued)**

**Notes Receivable from Participants (continued)**

Interest on such loans is fixed at 1% above the prime rate and only one loan of each type may be outstanding at any time. The plan administrator establishes the specific terms and conditions of participant loans. Notes receivable from participants at December 31, 2025 carry interest rates ranging from 4.25% to 9.50% with various maturities through July 2039.

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

**Plan Termination**

While Sephora has not expressed an intention to discontinue the Plan, the Plan Sponsor may, at its sole discretion, discontinue contributions and terminate the Plan partially or completely. Upon such actions, the interests of all participants under the Plan would become fully vested and nonforfeitable and the Administrative Committee would direct Fidelity to distribute the net balance of the fund among the participants after all expenses have been paid or provided for.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Investment Valuation and Income Recognition**

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 5).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**2. Summary of Significant Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Administrative Committee and Fidelity to make estimates that affect the reported amounts of assets and liabilities in the financial statements. Actual results may differ from those estimates.

**Subsequent Events**

Management has evaluated subsequent events through October 2, 2026, the date on which the financial statements were available to be issued. There were no material subsequent events that require recognition or additional disclosure in the financial statements.

**3. Income Taxes**

The Plan received a determination letter from the Internal Revenue Service (IRS) dated May 12, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan, is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**4. Risks and Uncertainties**

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## 5. Fair Value Measurements

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Mutual funds are valued at the closing market price of shares held by the Plan at year end. Self-directed brokerage accounts primarily consist of cash, mutual funds and common stocks that are valued on the basis of readily determinable market prices. Although the plan administrator believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date. The following table summarizes Plan investments at December 31 based on the inputs used to value them:

| | 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 171,572,237 | $ – | $ – | $ 171,572,237 |
| Self-Directed Brokerage Accounts[1] | 16,177,271 | – | – | 16,177,271 |

| Common/Collective Trusts Measured at Net Asset Value[A] | | | | 548,188,688 |
| | | | | $ 735,938,196 |

| | 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

| Self-Directed Brokerage Accounts[1] | 11,608,898 | – | – | 11,608,898 |
| Total Assets in the Fair Value Hierarchy | $ 151,528,102 | $ – | $ – | 151,528,102 |
| Common/Collective Trusts Measured at Net Asset Value[A] | | | | 438,419,274 |
| | | | | $ 589,947,376 |

[1] Self-directed brokerage accounts primarily consist of cash, mutual funds and common stocks that are valued on the basis of readily determinable market prices.

**5. Fair Value Measurements (continued)**

[A] In accordance with ASC 820, the Plan investments in the T. Rowe Price Stable Value Common Trust Fund and the Capital Group Target Date Retirement Trusts are measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**6. Fair Value Measurements that Calculate Net Asset Value**

The following table summarizes investments measured at fair value using net asset value per share as a practical expedient. Each of the funds files U.S. Department of Labor Form 5500 as a direct filing entity. There are no participant redemption restrictions for these investments.

| | Fair Value at December 31, | | Unfunded | Redemption |
|---|---|---|---|---|
| | 2025 | 2024 | Commitments | Frequency |
| Common/Collective Trusts: | | | | |
| T. Rowe Price Stable Value Common Trust Fund | $ 4,011,108 | $ 4,021,083 | None | Daily |
| Capital Group Target Date 2 Retirement Trusts | 544,177,580 | 434,398,191 | None | Daily |
| | $ 548,188,688 | $ 438,419,274 | | |

**7. Party-in-Interest Transactions**

Certain Plan investments are managed by affiliates of Fidelity. Purchases and sales of these funds and payments of direct and indirect administrative fees to Plan service providers by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

**8. Reconciliation of Financial Statements to the Form 5500**

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

| | December 31, 2025 | December 31, 2024 |
