The Administrative Committee
LBC Holdings, Inc. 401(k) Profit Sharing Plan
Hayward, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LBC Holdings, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LBC Holdings, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by Principal Trust Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LBC Holdings, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LBC Holdings, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LBC Holdings, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LBC Holdings, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i -Schedule of Assets (Held at End of Year), as of and for the plan year ended December 31, 2025, and the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following descriptions of the LBC Holdings, Inc. (the "Company") 401(K) Profit Sharing Plan (the "Plan") provides general information only. Participants should refer to the Plan instrument for a more complete description of the Plan's provisions.

1. *General.* The Plan was established on January 1, 1998, (amended November 29, 2018) and is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a)(27), the Plan is also a profit-sharing plan.

   The Plan is a defined contribution plan that covers all active employees of LBC Mundial Corporation, LBC Mabuhay Hawaii Corporation and LBC Mabuhay North America Corporation. These Companies, and subsidiaries, previously owned by LBC Holdings USA Corporation, were acquired by LBC Express Holdings, in a stock purchase, effective January 1, 2019 after approval of the change in ownership was obtained from the money transmitter regulators and other regulators in the states where these companies operate. As such, the Plan as adopted continues the administration of the Plan transferred to LBC Express Holdings, advised by a committee whose members are appointed by its board of directors (administrative committee), effective January 1, 2019.

   The Plan engaged the services of Hicks Pension Services, its third-party administrator, and Principal Life Insurance Company, a member of the Principal Financial Group, its recordkeeper.

   The Plan was established for the exclusive benefit of all eligible employees and their beneficiaries with the intention to provide a measure of retirement security for the future. Participation in the Plan is entirely voluntary. An eligible employee is any person employed by the Company who has had a one year of service and have worked at least 1,000 hours during the 12-month period and are twenty-one (21) years of age or older, including members of a collective bargaining unit, but excluding non-resident aliens with no U.S. income.

2. *Amendment and Termination of the Plan Agreement.* The Plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the Plan should be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the Plan and the directions of the administrative committee. No portion of assets of the Plan, directly or indirectly, should revert or accrue to the benefit of the Company.

3. *Contributions*. Each year eligible employees may contribute 0% to 100% of pre-tax annual compensation, as defined in the Plan instrument, subject to the maximum amount permitted by law. All employees who are eligible to make pre-tax salary deferrals can also make after-tax salary deferrals, also known as Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, the Company may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals or a flat dollar amount allocated on a uniform basis to all participants, which is determined each year. Matching Company contribution is invested directly into the Plan. Additional amounts may be contributed at the option of the Company's board of directors and invested in portfolio investments as directed by the participants. For the years ended December 31, 2025 and 2024, the Company made $101,245 and $106,333, respectively, in matching contribution to the Plan. Contributions are subject to certain IRS limitations. The Plan also allows

Note 1. Description of Plan - Continued

for discretionary profit-sharing contribution. In 2025 and 2024, the Company has not made a discretionary profit-sharing contribution. A participant must be employed on the last day of the Plan year to be eligible for the discretionary profit-sharing contribution. All employees who are eligible to make salary deferrals under the Plan instrument who are age 50 or older before the close of the plan year, are eligible to make catch-up contributions. Catch-up contributions are in addition to salary deferrals. The IRS limits the amount that can be contributed as a catch-up contribution.

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

4. *Participant accounts*. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan instrument. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Investment Elections.* The participants and the company's matching contributions are held in trust and are allocated to the various investment options offered by the plan as directed by participants, which are adjusted for gains and losses at each valuation date.

6. *Vesting*. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. A participant is vested with respect to the Company's matching contribution as follows:

Vesting Schedule for Employer Profit Sharing and Employer Matching

Years of Vesting Service	Percent Vested
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Note 1. Description of Plan - Continued

7. *Notes Receivable from Participants*. Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. The maximum loan amount of any loan is the lesser of 50% of the participant's vested interest minus any existing loan balance, or $50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months even if all or a portion of this amount has been repaid. Notwithstanding, the Plan limits the minimum amount of any loan to $1,000, the maximum amount of any loan to $50,000 and the balance of all outstanding loans to a single participant to $50,000. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest (prime rate as used by Bank of America plus 1 percentage point). To cover administrative costs associated with processing and maintaining a loan under the Plan, the participant is charged a $75 fee deducted from the account from which the loan is taken.

   A loan will carry the same rate of interest throughout its term except as permitted under applicable law, and interest paid on the loan is credited to the borrower's account. Participant loan interest is not included or applied to the outstanding principal loan balance. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest income on note receivable from participants is recorded on accrual basis.

8. *Payment of Benefits*. On termination of service due to death, disability, retirement, or a participant beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or any of the payment options as defined in the Plan. The distribution will be made, at the option of the participant, as soon as administratively feasible. Participants may also be entitled to receive an in-service distribution. However, this distribution is made at the participant's election and will be made in accordance with the forms of distributions available under the Plan.

9. *Forfeited Accounts*. Forfeitures of non-vested account are first used to pay administrative expenses of the Plan or may be used to reduce future employer contributions. During the years 2025 and 2024, forfeitures amounted to $102 and $- and were used to pay plan expenses.

10. *Plan Termination:* Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP)

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value.

Use of Estimates

In preparing of financial statements in accordance with U.S. GAAP, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses

Note 2. Summary of Significant Accounting Policies - Continued

during the reporting period. Actual results could differ from those estimates under different assumptions and conditions.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investments-related expenses are included in net appreciation/depreciation of fair value of investments.

All other administrative expenses or fees that are not paid by the Company are allocated among the Plan's terminated and active participants. Participants with an account in the Plan are charged a proportionate amount of administrative expenses based on their account balance. Individual expenses are reasonable expenses for processing transactions that only affect the account of an individual participant (or beneficiary). Individual fees and expenses attributable to an individual transaction are charged against the account balance of each participant responsible for the expense.

Subsequent Events

For the year ended December 31, 2025, the Plan has evaluated subsequent events for potential recognition and disclosure through October 2, 2026, the date the financial statements were available to be issued.

Note 3. Participant-Directed Investments, at Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. These inputs are assumptions market participants use in pricing the investment. The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Note 3. Participant-Directed Investments, at Fair Value - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. For Level 3 inputs, there is no market data or correlations with the market assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds. Valued at quoted prices in an active market in which the individual securities are traded and represent net asset value of shares held by the Plan. Trades are transacted at these published values.

Collective Investment Trusts. Valued at net asset value (NAV) as a practical expedient. There are no unfunded commitments related to this trust. Redemptions are permitted daily with no advance notice requirement.

Pooled separate accounts. Valued based on the latest quoted market price of the investments (principally common stock of FBL) held within the fund.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2025 and 2024, the Plan's investment assets were held in a trust at Principal Trust Company.

Note 3. Participant-Directed Investments, At Fair Value - Continued

The following sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025 and 2024. Investments valued using net asset value (NAV) as a practical expedient are presented as a reconciling item on the fair value table:

	Assets at Fair Value as of December 31, 2025

Transfers between Levels

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2, or transfers in or out of Level 3.

Note 4. Investments, at Contract Value

The Plan has a guaranteed investment contract that is a group annuity contract backed by the assets of the general account of Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Currently, there is no probability of the issuer not being able to fulfill its contractual obligations at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include, but are not limited to, termination of the Plan, a plan merger or spin-off, significant layoffs or early retirement programs, the addition of a competing investment option, or failure of the Plan to qualify under applicable tax law. The Plan sponsor believes the occurrence of events that would limit the Plan's ability to transact at contract value with participants is not probable.

Issuer may terminate contract and settle at an amount different from contract value if the Plan defaults on its contractual obligations, such as failing to provide required data or breaching contract provisions. At December 31, 2025 and 2024, the total contract value of fully benefit-responsive guaranteed investment contract held by the Plan was $702,385 and $799,622, respectively. For the years ended December 31, 2025 and 2024, the average yield earned by the contracts, based on interest credited to participants (net of investment expense), was 2.15% and 1.55%, respectively.

Note 5. Contributions

Receivable From Participants

At December 31, 2025 and 2024, participant deferral contributions amounted to $33,451 and $16,489, respectively. These participant contributions receivable were remitted to the Plan in the following month – see Note 12.b.

Employer Contributions

For the years ended December 31, 2025 and 2024, the Company elected to contribute $101,245 and $106,333, respectively to the Plan. These matching contributions were remitted to the Plan on March 3, 2026 and March 3, 2025, respectively – see Note 12.c.

Note 6. Interest on Notes Receivable from Participants

For the years ended December 31, 2025 and 2024, interests on notes receivable from participants earned by the Plan amounted to $25,897 and $17,778, respectively.

Note 7. Tax Status

On March 31, 2014, the Internal Revenue Service, (IRS) issued a determination that the prototype plan that the Company adopted, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is not subject to tax under present income tax laws. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Company that adopted the prototype plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in accordance with the IRC to maintain the tax-exempt status for Plan participants under Section 401(a). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or California Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, qualified institution.

Note 10. Related-Party and Party-In-Interest Transactions

The Plan Sponsor provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions.

At December 31, 2025, Plan investments are held and managed by Principal Trust Company. Principal Trust Company is the custodian, as defined by the plan, and qualifies as a party-in-interest. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. Delinquent participant contributions (Schedule H, Line 4a - Delinquent Participant Contributions qualifies as party-in-interest transactions, that are prohibited by ERISA and for which no statutory or administrative exemption exists.

Note 11. Reconciliation of Financial Statements to Schedule H (Form 5500)

The following is a reconciliation the financial statements to the Form 5500 for the year ended December 31, 2025 and 2024:

	2025	2024

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2025 and 2024, to Form 5500:

	2025	2024
Total contributions - financial statements	**$ 506,225**	$ 531,613
Excess contribution payable	**-**	150
Total contribution - Schedule H (Form 5500)	**$ 506,225**	$ 531,763

Note 12. Subsequent Events

Following are material subsequent events that took place between January 1, 2026 through October 2, 2026 (date of the report):

a. On January 7, 2026, participant contributions receivable that had been remitted late, totaling $16,716, were identified and subject to a lost earnings calculation. The resulting lost earnings were paid on September 17, 2026.

b. On January 9, 2026 and January 13, 2025, the Company remitted participant contributions receivable to the Plan totaling $33,451 and $16,489, respectively, as described in Note 5.

c. On March 3, 2026 and March 3, 2025, the Company remitted the employer contributions receivable to the Plan amounting to $101,245 and $106,333, respectively, described in Note 5.
