INDEPENDENT AUDITOR'S REPORT

To the Plan Fiduciaries, Plan Administrator, and Executive Committee of
Symphona LLP Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Symphona LLP Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Symphona LLP Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Symphona LLP Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our

audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Symphona LLP Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Symphona LLP Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Symphona LLP Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Symphona LLP Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2002, and is a defined contribution plan covering all employees and partners of Symphona LLP (the Firm, the Plan Sponsor, the Plan Administrator, or Symphona) and various merged-in affiliates who have signed participating adoption agreements, who are age twenty-one or older and who have completed three months of service. Participants are allowed to be admitted to the Plan on the first day of the month coinciding with or subsequent to meeting the service and age requirements. Participants have the option to modify their contributions at any time. The Plan was amended to exclude interns from participating and to add an automatic deferral of 3% for all newly eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is governed by the Firm's Executive Committee. Certain individuals of the Firm or special committees are designated occasionally to help assist with Plan matters as deemed necessary on a case-by-case basis. The Plan's service providers are monitored on an ongoing basis throughout the year. The Plan's service providers include, but are not limited to: Fidelity Management Trust Company, the Plan's trustee, Fidelity Workplace Services, LLC, the Plan's TPA and recordkeeper, and The Fiduciary Group (TFG), the Plan's 3(38) investment manager.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation and may contribute Roth elective deferrals on after-tax annual compensation, not to exceed statutory limitations as set by law, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common/collective trust funds, self-directed brokerage accounts, and a money market fund as investment options for participants. The Firm currently provides a non-elective safe harbor contribution each year. The non-elective safe harbor contribution is 3% of participant's eligible compensation. The Firm may also elect to contribute to the Plan amounts in the form of discretionary matching contributions and profit-sharing contributions. Matching and profit-sharing contributions are subject to certain limitations. The Firm elected to make profit-sharing contributions for the year ended December 31, 2025.

Participant Accounts and Allocation Provisions

Each participant's account is credited with the participant's contributions, non-elective safe harbor contributions and profit-sharing contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options and models offered by the Plan.

Vesting

Participants are immediately vested in their contributions and non-elective safe harbor contributions and actual earnings thereon. Vesting in the Firm's profit-sharing contributions is based on years of service in accordance with the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits
A participant becomes eligible for benefits at their normal retirement date. Participants are also eligible for benefits upon termination from the Firm, or at the date the participant dies or becomes totally disabled. Participants are required to receive all benefit payments as lump-sum distributions or installment payments including those receiving required minimum distributions. Under certain qualifying circumstances, hardship withdrawals and in-service withdrawals upon attainment of age 59½ are permitted under the Plan. Participants may withdraw any part of their vested account resulting from rollover contributions.

Notes Receivable from Participants
Participants may borrow from their participant account a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's account and bear reasonable interest rates, currently at 4.25% to 9.50%. Loan terms generally range from 1 to 5 years; loans used to acquire a participant's principal residence may have longer terms of up to 30 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2025 and 2024, notes receivable from participants were $58,956 and $52,138, respectively.

Forfeited Accounts
Forfeitures may be used to reduce employer contributions or pay administrative expenses for the Plan. At December 31, 2025 and 2024, there were $12,055 and $18,080 of forfeitures, respectively. During 2025, $19,500 of forfeitures were used to pay plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefit payments are recorded when paid.

Investment Fees and Administrative Expenses
Investment fees are absorbed by the participants and are deducted from the participant account balances. Certain investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of maintaining the Plan may be absorbed from participants' accounts or paid by the Firm.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Subsequent Events
Subsequent events have been evaluated for potential recognition and/or disclosure through September 21, 2026. This represents the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF ASSETS AND INCOME

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information in the accompanying financial statements and supplementary schedule related to investments, notes receivable from participants, and related income was obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company (Fidelity), the Plan's trustee, as complete and accurate.

a) Assets held and certified by Fidelity as of December 31:

	2025	2024
Mutual funds	$ 21,054,494	$ 18,775,926
Common/collective trust funds	1,855,295	1,876,479
Self-directed brokerage accounts		
Common stock	587,814	450,554
Cash	53,735	193,491
Money market fund	14,477	18,627
Notes receivable from participants	58,956	52,138
	$ 23,624,771	$ 21,367,215

b) Income certified by Fidelity for the year ended December 31, 2025:

	Net Appreciation in Fair Value	Dividend, Interest, and Other Income
Mutual funds, common/collective trust funds, self-directed brokerage accounts, money market fund, loan interest, and other income	$ 2,849,321	$ 593,494

NOTE 4. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered investment companies. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund in the active market in which it is traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks and cash. Common stocks are valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trust funds: Trust accounts are valued at NAV of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. The common/collective trusts have no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' NAV.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,054,494	$ -	$ -	$ 21,054,494
Self-directed brokerage accounts	641,549	-	-	641,549
Money market fund	14,477	-	-	14,477
	$ 21,710,520	$ -	$ -	21,710,520
Investments at NAV:				
Common/collective trust funds*				1,855,295
Total investments, at fair value				$ 23,565,815

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,775,926	$ -	$ -	$ 18,775,926
Self-directed brokerage accounts	644,045	-	-	644,045
Money market fund	18,627	-	-	18,627
	$ 19,438,598	$ -	$ -	19,438,598
Investments at NAV:				
Common/collective trust funds*				1,876,479
Total investments at fair value				$ 21,315,077

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investments and the size of the transfer relative to total net assets available for benefits.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company is the trustee of the Plan, and any Fidelity investments that the Plan holds are considered exempt party-in-interest transactions.

Notes receivable from participants totaled $58,956 and $52,138 at December 31, 2025 and 2024, respectively, and qualify as exempt party-in-interest transactions.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Administrative expenses paid from Plan assets totaled $52,815 for the year ended December 31, 2025. Fidelity and/or its affiliates are the recordkeeper, directed trustee, and custodian of the Plan, TFG is the Plan's 3(38) investment manager, and Jones, Nale & Mattingly is the independent auditor of the Plan. Each of these service providers is a party-in-interest to the Plan and any administrative expenses paid to them constitute exempt party-in-interest transactions.

A partner of the Firm who is also a participant in the Plan occasionally provides accounting, consulting and advisory services to the Plan, the Plan's Executive Committee, and the fiduciaries of the Plan on an as-needed basis. These services qualify as exempt party-in-interest transactions. The Plan paid no compensation or fees to the partner or the Firm during the year ended December 31, 2025 related to these services.

NOTE 6. PLAN TERMINATION

The Firm anticipates and believes that the Plan will continue without interruption but has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE 7. TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

FASB requires the Plan Administrator to annually evaluate the Plan's tax positions, including accounting and measurement of uncertain tax positions. For the years ended December 31, 2025 and 2024, the Plan Administrator concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2022.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The net assets of the Plan approximated $22,500,000 as of the date of issuance of these audited financial statements.

NOTE 9. SECURE 2.0 ACT OF 2022

The Securing a Strong Retirement Act of 2022 (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes both mandatory and optional provisions with varying effective dates. The Firm and the Plan are currently evaluating which optional provisions to adopt and intend to amend the Plan document accordingly by December 31, 2026.
