INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
K&M Casinos, Inc 401(k) Plan
Clovis, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements K&M Casinos, Inc 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of K&M Casinos, Inc 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K&M Casinos, Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K&M Casinos, Inc 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K&M Casinos, Inc 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K&M Casinos, Inc 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the K&M Casinos Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and amendments for a more complete description of the plan provisions.

General

The Plan was established on January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Internal Revenue Code. It is a defined contribution plan and voluntary contribution plan for the benefit of all employees of K&M Casinos Inc. (the "Company").

Plan Administration

The Plan is administered by K&M Casinos Inc. Effective January 1, 2025, the trustee and custodian for the Plan is ADP Retirement Trust Services, LLC. Prior to January 1, 2025, The Company contracted with Reliance Trust Company ("Reliance") to act as trustee and custodian. ADP Retirement Services acts as the third-party administrator to process and maintain the records of participant data.

Participants Eligibility

All employees of the Company are eligible to participate in the Plan upon employment except union, non-resident aliens and leased employees. The Plan provides eligible employees who are at least 21 years of age and have completed one year of eligibility service. A year of eligibility service is accomplished after completing 1,000 hours of service during first 12 months of employment.

Participants Contributions

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. Each year, participants may contribute from 1% to 90% of their eligible earnings, as defined by the Plan, subject to limitations established by the Internal Revenue Code. For the tax year 2025, the maximum allowed deferral amount was $23,500. Participants over the age of 50 may also contribute an additional $7,500 to the Plan for 2025.

Employer Contributions and Vesting

The Company may decide to make non-elective contributions to the plan at its discretion and will be allocated to all eligible participants who completed at least 500 hours of service during the year. No non-elective contribution made by the Company during the year ended December 31, 2025.

1. Description of the Plan (continued)

Employer Contributions and Vesting

The Company will make a safe harbor matching contribution equal to 100% on the first 3% of participants elective deferrals and an additional 50% on the next 2% of elective deferrals of eligible earnings. Safe harbor matching contributions will be made each pay period.

Each participant's interest in voluntary contributions is vested immediately, including earnings thereon. Matching contributions are vested in accordance with the plan's vesting schedule;

Years of service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts

Each participant's account is credited with participant's contributions, the Company's discretionary contributions, and earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which participant is entitled is the benefit that can be provided from the participant's vested account.

Rollover

Employees may roll over eligible amounts from other tax-qualified employer-sponsor retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Investments Options

The Plan provides for investments to be directed by participants into a number of investment options held by the Trustee. Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options and may change their investment options at any time.

1. Description of the Plan (continued)

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant will be paid the vested interest in his account in lump sum as soon as administratively feasible. If the vested interest is $5,000 or less, the Plan administrator will authorize the benefit payment without the participant's consent.

Administrative Expenses

Certain administrative fees are paid by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance under the Plan during the previous one-year period. The notes are secured by the balance in the participant's account and bear interest rates that is prime rate plus 2 percentage points based upon the prime rate as reported by The Wall Street Journal. Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of primary residence which may be repaid within a period of no more than 30 years.

Forfeitures

Forfeitures are the non-vested portion of participants' account that are lost upon termination of employment. Forfeitures are first used to pay administrative expenses and any remaining balance is used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, amend or modify the Plan at any time by resolution of its Board of Directors or the Committee and subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ADP Retirement Trust Services, LLC and Reliance certify the market value of all investments. If available, quoted market prices are used to value investments. The participant loans are valued at their outstanding balances, which approximates fair value. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought or sold as well as held during the year.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as liability.

Net Appreciation in Fair Value of Investments

Net appreciation in fair value of investments, as recorded in the accompanying statement of changes in net assets available for benefits, includes changes in the fair value of investments acquired, sold, or held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of equity, fixed income, and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements

Fair Value Measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements);

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

3. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common collective investment trust are funds based upon the redemption price of units held by the Plan, which is based on the current net asset value (NAV) of the common collective trust fund's underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the net assets by its units outstanding at the valuation dates.

Cash and cash equivalents are valued based on cost, which approximates fair value in a non-inflationary economy and are protected by the FDIC.

Mutual funds and money market are categorized as Level 1 and are priced, and trades are executed at Money Market Funds the published net asset value daily, or the public offering price for accounts trading under rights of accumulation (ROA).

3. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial Instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025					
	Level 1	Level 2	Level 3	Total Investments at FMV	Net Asset Value	Total Investments
Mutual Funds	$ 3,218,913	$ -	$ -	$ 3,218,913	$ -	$ 3,218,913
Common/Collective Trusts	-	-	-	-	140,085	140,085
Total investments	$ 3,218,913	$ -	$ -	$ 3,218,913	$ 140,085	$ 3,358,998

	Assets at Fair Value as of December 31, 2024					
	Level 1	Level 2	Level 3	Total Investments at FMV	Net Asset Value	Total Investments
Mutual Funds	$ 2,464,428	$ -	$ -	$ 2,464,428	$ -	$ 2,464,428
Common/Collective Trusts	-	-	-	-	185,070	185,070
Total investments	$ 2,464,428	$ -	$ -	$ 2,464,428	$ 185,070	$ 2,649,498

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statement of Net Assets Available for Benefits.

4. Income Tax Status

The Plan adopted a non-standardized pre-approved plan which received an opinion letter dated October 6, 2020 from the IRS. The Plan has been amended since, however the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore believes that the Plan is qualified, and the related trust is tax- exempt.

GAAP requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

5. Information Prepared and Certified by Trustee

The Plan Administrator elected to have the audit of the Plan's financial statements performed pursuant to ERISA Section 103(a)(3)(C).

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2025 and 2024, interest, dividends, net appreciation/depreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by ADP Retirement Trust Services and Reliance, qualified institutions.

6. Party in interest Transactions

The Plan investments are managed by ADP Retirement Trust Services, LLC and Reliance. Any purchases and sales of these funds are performed in the open market at fair value. Plan related fees are paid to ADP Retirement Trust Services, Reliance and ADP Retirement Services. The Plan has other service providers. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Party-in-interest transactions under ERISA also include notes receivable from participants and are exempt from the prohibited transaction rules under ERISA.

7. Excess Contributions Payable

The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. At December 31, 2025, there is no refundable amount by the Plan to participants for contributions made in excess of amount allowed by the Internal Revenue Service.
