Independent Auditors' Report

Leonardo DRS, Inc. Retirement Benefit Plans Committee
Leonardo DRS, Inc. Pension Value Plan
Arlington, Virginia

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leonardo DRS, Inc. Pension Value Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, respectively, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Description Of Plan

The following description of Leonardo DRS, Inc. Pension Value Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established by Leonardo DRS, Inc. (DRS or the Company) on October 1, 2001 as a noncontributory defined benefit plan. The Plan was established in connection with DRS' purchase of certain assets and liabilities of the Sensors and Electronics Systems business of The Boeing Company (SES). After October 1, 2001, no new participants were eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Amendments

Effective December 31, 2007, the Plan was amended to freeze the benefits of highly compensated employees, as defined by the Plan Document.

Effective December 31, 2014, the Plan was amended to freeze the benefits of all remaining employees.

Effective January 1, 2024, the Plan was amended to allow for a lump-sum distribution window from March 18, 2024 to April 30, 2024. Total distributions paid under this provision amounted to approximately $1,304,000.

Effective January 1, 2024, the Plan was amended to offer an early distribution window to certain terminated vested participants. The Plan was also amended to provide for the automatic cash-out and rollover of certain Plan benefits valued between $1,000 and $7,000 in accordance with Section 203(e)(1) of the Internal Revenue Code, as amended.

Participation

Nonunion transferred DRS employees who were on the active payroll of SES on September 28, 2001 and participated in the Boeing Company Pension Value Plan and/or the Boeing Company Pension Value Plan for Heritage MDC Employees generally were eligible to participate in the Plan. Individuals were also generally eligible if they were a nonunion employee in either of the aforementioned Boeing plans.

Retirement Date

A participant's normal retirement date is the first of the month on or after his or her 65th birthday. A Plan participant may retire before age 65 with reduced benefits, if he or she is age 55 or older with at least 10 years of vesting service; or age 62 or older.

Normal Retirement Benefit

Plan pension benefits are determined based on two benefit formulas, as defined in the Plan Document. The participant receives the benefits under the formula that produces the larger monthly benefit.

Other Benefits

In addition to retirement benefits, the Plan provides disability and postretirement spousal death benefits.

Vesting

The Plan provides for 100% vesting upon the earliest of:

- Completing three years of service, as defined;
- Attaining age 62 prior to termination of employment;
- Electing an early retirement date due to being laid off after attaining age 55, as defined; or
- Solely with respect to a participant with a Protected BNA Benefit, as defined, attaining age 55 prior to termination of employment.

Funding Policy

The Company funds the entire cost of the Plan by contributing actuarially determined amounts to a trust fund, from which benefits are paid. No employee contributions are required or permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the Plan years ended December 31, 2025 and 2024.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein for the reported period. Actual results could differ from those estimates.

Valuation Of Investments And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 2025 or 2024.

Payment Of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Actuarial Present Value Of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants with vested rights or their beneficiaries, (b) beneficiaries of vested participants who have died and (c) present employees or their beneficiaries based on service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was certified by the Plan's consulting actuaries. The amount is the result of applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2025 are as follows:

Interest Rate	7.00%
Mortality	Base table: Amounts-weighted aggregate rates from the Pri-2012 mortality study with white collar adjustment. Projection: Mortality rates are projected generationally from 2012 using Scale MP-2021.
Retirement	For active employees, retirement is assumed at varying rates between ages 55 and 70. Benefit commencement age for vested terminated participants is 63.

The foregoing assumptions are based on the presumption that the Plan will continue. Actual results may differ from assumptions used. Furthermore, were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

A summary of the actuarial present value of accumulated plan benefits as of January 1, 2025 is as follows:

Actuarial Present Value Of Accumulated Plan Benefits	
Vested benefits	
Participants currently receiving payments	$ 12,828,705
Other participants	8,605,107
	21,433,812
Nonvested benefits	1,491,699
Total Actuarial Present Value Of Accumulated Plan Benefits	$ 22,925,511

The change in the actuarial present value of accumulated plan benefits for the year ended January 1, 2025 is as follows:

Actuarial Present Value Of Accumulated Plan Benefits - Beginning Of Year	$ 23,627,912
Increases (Decreases) During The Year:	
Benefit payments	(2,521,253)
Increase for interest due to decrease in the discount period	1,567,202
Assumption changes	(19,939)
Other changes	271,589
Net Decrease	(702,401)
Actuarial Present Value Of Accumulated Plan Benefits - End Of Year	$ 22,925,511

3. Certified Investment Information

The Plan's investment information as of December 31, 2025 and 2024, and for the years then ended, included throughout the financial statements, that was prepared by or derived from information certified by The Bank of New York Mellon (Bank of New York), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Bank of New York that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	2025	2024
Plan interest in Leonardo DRS, Inc. Retirement Plans Master Trust	**$ 24,762,664**	$ 22,186,528

Bank of New York also certified to the completeness and accuracy related to the following investment income for the years ended December 31:

	2025	2024
Plan interest in Leonardo DRS, Inc. Retirement Plans Master Trust investment income	**$ 2,206,580**	$ 114,107

4. Investment In Master Trust

Plan investments are held in the Leonardo DRS, Inc. Retirement Plans Master Trust (Master Trust) that was established for the investment of assets of the Plan and other Company-sponsored retirement plans. Each plan has a sub-account under the Master Trust. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

Financial information relating to the investments in the Master Trust is included in the financial statements and is based on the information certified by Bank of New York. This information, which has not been audited by the Plan's independent auditors, has been certified by Bank of New York as complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements related to the following Master Trust assets as follows as of December 31:

	2025	2024
Collective trust funds	**$ 105,609,271**	$ 97,135,164
Cash equivalent	**3,399,678**	2,789,118
Interest receivable	**7,296**	8,414

Bank of New York also certified to the completeness and accuracy related to the following investment income (loss) for the years ended December 31:

	2025	2024
Net change in fair value of investments	**$ 9,083,549**	$ (35,378,841)

The following table represents the Master Trust's balances and the Plan's interest in the Master Trust balances as of December 31, 2025:

	Master Trust Balances	**Plan's Interest In Master Trust Balances**
Investments		
Collective trust funds	$ 105,609,271	$ 23,988,782
Cash equivalent	3,399,678	772,225
Total Investments	109,008,949	24,761,007
Interest Receivable	7,296	1,657
Net Assets Available For Benefits	$ 109,016,245	$ 24,762,664

The following table represents the Master Trust's balances and the Plan's interest in the Master Trust balances as of December 31, 2024:

	Master Trust Balances	Plan's Interest In Master Trust Balances
Investments		
Collective trust funds	$ 97,135,164	$ 21,565,435
Cash equivalent	2,789,118	619,225
Total Investments	99,924,282	22,184,660
Interest Receivable	8,414	1,868
Net Assets Available For Benefits	$ 99,932,696	$ 22,186,528

The changes in net assets for the Master Trust for the years ended December 31, 2025 and 2024 are as follows:

	2025	2024
Investment Income (Loss)		
Net change in fair value of investments	**$ 9,083,549**	$ (35,378,841)
Net Assets Available For Benefits - Beginning Of Year	**99,932,696**	135,311,537
Net Assets Available For Benefits - End Of Year	**$ 109,016,245**	$ 99,932,696

5. Fair Value Measurements

The Master Trust utilizes an accounting standard for certain financial assets and liabilities. This standard defines fair value, establishes a framework for measuring fair value in accordance with U.S. generally accepted accounting principles and expands disclosures about fair value measurements. The standard also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The standard requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Collective Trust Funds And Cash Equivalent

Valued at the net asset value per share/unit (NAV), as provided by the trustee. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan and the Master Trust believe the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in collective trust funds and cash equivalent are measured at fair value using the net asset value per share (or its equivalent) practical expedient, and therefore, have not been classified in the fair value hierarchy.

Fair Value Of Investments In Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investment Type	Fair Value 2025	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	**$ 105,609,271**	$ 97,135,164	None	Daily	None
Cash equivalent (1)	**3,399,678**	2,789,118	None	Daily	None
	$ 109,008,949	$ 99,924,282			

(1) The investment objective is to seek as high a level of current income as is consistent with the preservation of capital and maintenance of liquidity.

There have been no changes in the valuation methodology used at December 31, 2025 or 2024.

6. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits, if applicable, in the order indicated:

(a) The minimum benefits payable under the Plan to participants who began receiving benefits at least three years before the Plan termination, based on Plan provisions in effect at any time during the five years prior to termination.

(b) The minimum benefits payable under the Plan which would have been received by participants or their beneficiaries at least three years before the Plan termination if the participant had retired more than three years before the Plan termination and if benefits had commenced (normal retirement benefits under the Plan) at that time, based on Plan provisions in effect at any time during the five years prior to termination.

(c) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations (discussed below).

(d) All other nonforfeitable benefits.

(e) All other benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

While the Company has not expressed any interest to terminate the Plan or to discontinue operations, it is free to do so at any time, subject to the terms of the collective bargaining agreements and provisions set forth in ERISA.

7. Risks And Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefit obligations are reported based on certain assumptions pertaining to interest rates and rates of return on Plan assets, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

8. Transactions With Parties In Interest

As of December 31, 2025 and 2024, the Master Trust invests in collective trust funds managed by Aon Hewitt Investment Company, the Plan's recordkeeper.

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. The Plan also reimbursed the Company, pursuant to a mutual understanding and agreement, for direct expenses associated with the payment of PBGC insurance premiums for the Plan.

These transactions are permissible party in interest transactions under ERISA.

9. Tax Status

The Plan obtained its latest determination letter on March 22, 2016, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns for tax years 2022 and later remain subject to examination by taxing authorities.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Eligibility	Former participants of the Boeing Pension Value Plan are eligible to participate as of the Effective Date. No new entrants are allowed into plan after October 1, 2001.
Normal Retirement	
Eligibility	Age 65
Benefit	A monthly amount equal to (1) plus (2) below but not less than (3) and (4). (1) Credit Based Benefit Participant's Credit Based Account balance divided by the Credit Based Annuity Factor and then divided by 12 to determine the monthly benefit. (2) Heritage Benefits Participant's MDC or BNA protected benefits, whichever is applicable, multiplied by the ratio of the indexing pay to the base pay as of the benefit transfer date. (3) Minimum Benefit $50.00 ($46.00 for a participant with a protected MDC benefit) per month multiplied by the Participant's Benefit Service. (4) Protected Benefit Participant's MDC or BNA protected benefits, whichever is applicable, as of the benefit transfer date. Effective December 31, 2007, the benefit accruals for all Highly Compensated Employees (HCEs) were frozen. Effective December 31, 2014, the benefit accruals for all participants were frozen.
Early Retirement	
Eligibility	The attainment of age 55 and completion of 10 years of Vesting Service or attainment of age 62.
Benefit	An amount equal to (1) plus (2) below but not less than (3) and (4).

(1) Credit Based Benefit

Participant's Credit Based Account balance divided by Credit Based Annuity Factor and then divided by 12 to determine the monthly benefit.

(2) Heritage Benefits

Participant's MDC or BNA protected benefits, whichever is applicable, multiplied by the ratio of the indexing pay to the base pay as of the benefit transfer date.

Protected BNA benefit is unreduced for participants whose age plus 85-Point Service equals or exceeds 85 on date of benefit commencement; otherwise, reduced by 0.6% for each month by which benefit commencement precedes age 60.

Protected MDC benefit is unreduced for participants attaining age 50 with at least 30 years of MDC 85 Point Service or whose age plus MDC 85 Point Service equals or exceeds 85 at benefit commencement; otherwise, reduced by the lesser of 2.5% for each year by which benefit commencement precedes age 62, or 2.5% for each point (age plus service) less than 85.

(3) Minimum Benefit

$50.00 ($46.00 for a participant with a protected MDC benefit) per month multiplied by the participant's benefit service, reduced by 4% for each year the Early Retirement date precedes the Normal Retirement Date.

(4) Protected Benefit

Participant's MDC or BNA protected benefits, whichever is applicable, as of the benefit transfer date.

Protected BNA benefit is unreduced for participants whose age plus 85-Point Service equals or exceeds 85 on date of benefit commencement; otherwise, reduced by 0.6% for each month by which benefit commencement precedes age 60.

Protected MDC benefit is unreduced for participants attaining age 50 with at least 30 years of MDC 85 Point Service or whose age plus MDC 85 Point Service equals or exceeds 85 at benefit

	commencement; otherwise, reduced by the lesser of 2.5% for each year by which benefit commencement precedes age 62, or 2.5% for each point (age plus service) less than 85. Protected MDC Benefit based on the MDHC salaried benefit and MDHC hourly benefit, as described in the MDC Plan, shall be reduced by 5% for each year (and a proportional reduction for partial years).
	Benefits were frozen as of December 31, 2014.
Vested Retirement	
Eligibility	Completion of 3 Years of Vesting Service.
Benefit	The deferred vested pension shall begin on the Participant's Normal Retirement Date and is equal to his accrued benefit at his termination date.
Preretirement Spouse's Benefit	
Eligibility	Spouses or designated beneficiaries of active participants who die after becoming vested and spouses or designated beneficiaries of vested terminated participants who die before benefits commence. Qualified election of nonspouse beneficiary is required if participant is married.
Benefit	(1) Death On or After Earliest Commencement Date The amount of monthly benefit is equal to the amount the spouse would have been entitled to under the 100% Surviving Spouse Option. The benefit is determined as if the participant had retired on the first day of the month following the date of death.

(2) Death Before Earliest Commencement Date

The amount of benefit under the 50% Surviving Spouse Option determined as follows:

(a) Participant terminated employment on the Date of Death,

(b) Survived to the earliest commencement date,

(c) Commenced receiving benefit payments with the 50% Surviving Spouse Option, and

(d) Died immediately after commencement.

Temporary Supplement Benefit

(1) 60/15 Supplement

Participants with protected BNA benefits who retire after age 60 with 15 years of 85 Point Service on or before December 1, 2008 are eligible for a supplemental benefit equal to the larger of (a) or (b) plus (c) reduced by (d):

(a) $375 per month,

(b) the Social Security Earnings Limit Offset plus

(c) the protected BNA benefit as of the transfer date,

(d) the participant's Early Retirement Benefit as defined above.

(2) 85-Point Service Supplement

Participants with protected BNA benefits who retire after age 55 and whose age plus 85 Point Service equals at least 85 on early retirement date and retire on or before December 1, 2008 are eligible for a supplemental benefit as defined in (i) above but not less than $1,600.

(3) Minimum Early Retirement Benefit (MERB)

Participants with protected MDC benefits who retire after age 50 with 30 years of service on or before December 1, 2008 are eligible for a supplemental benefit of $375 per month plus the protected MDC benefit as of the transfer date minus the participant's current Early Retirement Benefit as defined above.

	(4) Supplemental Minimum Early Retirement Benefit (SMERB) Participants with protected MDC benefits who retire after age 60 with at least 20 years of service but less than 30 years of services and retire on or before December 1, 2008 are eligible for a supplemental benefit of $375 per month plus the protected MDC benefit as of the transfer date minus the participant's current Early Retirement Benefits defined above plus benefits under the Employee Retirement Income Plan of McDonnell Douglas Corporation Hourly East Plan and the Employee Retirement Income Plan of McDonnell Douglas Corporation-Hourly West Plan, reduced for early retirement pursuant to terms as defined in the prior plans. All of the above benefits are payable through age 62 and 1 month.
Vesting Service	(1) Service earned under the Prior Plan immediately prior to the Effective Date, plus (2) The number of years and fractions of a year for service beginning after the Effective Date and ends on termination of employment.
Credited Service	The period of Credited Service is determined as (1) plus (2) below: (1) Credited Service earned under the Prior Plan immediately prior to the effective date (2) A year of service is credited for each year of service beginning after the effective date.
Normal Form of Benefit	Life annuity, if single; 50% joint and survivor annuity, if married
