To the Plan Administrator and Participants
Erving Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Erving Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Erving Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Erving Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

The Plan Administrator and Participants
Erving Industries, Inc. 401(k) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Erving Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Erving Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Erving Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Erving Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established to provide saving incentives to the eligible employees of Erving Industries, Inc., and its subsidiary, ERSECO, Inc. (collectively referred to as the "Employer"), who have attained 18 years of age and completed one month of service (defined as 83.33 hours of service) for non-union employees or two months of service (defined as 83.33 hours of service per month) for union employees, (“Participants”). If the service requirement is not satisfied during the specified monthly time period, the employee is subject to a one-year service requirement (defined as 1,000 hours of service). Temporary, seasonal, and part-time employees are not eligible to participate in the Plan unless they complete one-year of service. Leased employees are not eligible to participate in the Plan.

ADP Retirement Trust Services (the "Trustee") serves as the trustee for the Plan and provides recordkeeping and administrative services. The Plan is subject to the provisions of the Internal Revenue Code (the "IRC") and the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

b. Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participants accounts may be charged directly with an allocation of administrative expenses, if not paid by the Employer.

c. Contributions

Each year, Participants who are at least 18 years of age may defer up to 50% of their eligible compensation, as defined in the Plan document, not to exceed a dollar limit established under the IRC. Participants may make pre-tax or Roth contributions to their accounts. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

The Employer matches 50% of the Participant’s deferral up to the first four percent of the Participant’s eligible compensation. To be eligible for the employer matching contribution, Participants must be at least 18 years of age and be contributing into the Plan. Effective November 1, 2025, the employer match for members of the United Steelworkers Union, Local 594 (“USW”) was equal to 50% of the Participant’s deferral up to the first ten percent of the Participant’s eligible compensation. For the year ended December 31, 2025, the Employer contributed approximately $200,000 of employer matching contributions.

1. Description of Plan (Continued)

c. Contributions (Continued)

The Employer is required to make non-elective contributions. Employees are eligible for non-elective contributions as follows: i) employees that are members of the USW, members of the United Electrical Radio & Machine Workers of America, Local 269 (“EPM UE”) and an employee of Erving Paper Mills, or are members of the United Electrical Radio and Machine Workers of America, Local 269 (“Erseco UE”) and an employee of Erseco, Inc., are eligible 60 days from date of hire, ii) non-union employees are eligible 30 days from date of hire. Members of the International Union of Operating Engineers (“IUOE”) are not eligible for employer non-elective contributions. For the year ended December 31, 2025, the Employer contributed approximately $229,000 of Employer non-elective contributions.

The Employer non-elective contributions are provided as follows:

- Non-union employees - 2.5% of eligible compensation
- Members of USW - The Employer non-elective contribution effective for the year ended December 31, 2025 per the union contract was $27.45 per weekly pay check. If a week exists where no paycheck is issued due to certain qualifying events, as defined by the Plan document, the missed contributions will be funded and remitted to the Plan upon the Participant’s return to work. Effective January 1, 2026, members of the USW are not eligible for non-elective contributions.
- Members of EPM UE and an employee of Erving Paper Mills or Erseco UE and an employee of Erseco, Inc. - The Employer non-elective contribution effective for the year ended December 31, 2025 per the union contract was $30.00 per weekly pay check. If a week exists where no paycheck is issued due to certain qualifying events, as defined by the Plan document, the missed contributions will be funded and remitted to the Plan upon the Participant’s return to work.

d. Participant Accounts

Each Participant's account is credited with the Participant's contributions, the respective Employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain expenses that are paid by the Plan. Allocations are based on Participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

e. Vesting

Any Participant, at any time, has a non-forfeitable right to the amounts that he or she has contributed to the Plan. A Participant’s right to the amounts that the Employer has contributed shall be non-forfeitable upon completion of three years of qualifying service, except where an employee incurs a termination of service by retirement after age 65, death, or disability, at which time the employee is fully vested.

1. Description of Plan (Continued)

f. Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A Participant may only have one loan outstanding at a time. Loan terms range up to five years (or longer for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at a fixed rate commensurate with local prevailing rates. The current interest rate is Prime + 2%. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan payments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is deemed to have been made in accordance with the Plan document.

Interest rates for outstanding loans range from 4.25% to 10.50% at December 31, 2025 and 2024, and mature through November 2030. Loans to Participants are reported as notes receivable from Participants at the unpaid principal balance plus any accrued but unpaid interest.

g. Payment of benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive either a lump sum distribution, partial withdrawal, or installment payments in an amount equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution to the Participant or a tax-free rollover to another qualified plan. If a terminated Participant's vested account balance is less than $5,000, the plan administrator, after notification, may distribute the account balance to the Participant in a lump-sum payment. If a terminated participant's vested balance is less than or equal to $5,000, the amount may be automatically distributed in the form of lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

In-service withdrawals from all Participants' vested account balances are permitted upon reaching age 59 ½. In-service withdrawals from all Participants' vested account balances are also permitted due to financial hardship.

h. Forfeited and Expense Accounts

A Participant who is no longer employed by the Employer forfeits any non-vested balance. Non-vested forfeited account balances are retained in the Plan and are used to first pay plan expenses and then to reduce future employer contributions in the year of forfeiture. During 2025, no amounts were applied to plan activities from forfeited nonvested accounts. At December 31, 2025 and 2024, forfeited non-vested accounts amounted to $29,259 and $ 10,369, respectively.

The Employer has a revenue sharing arrangement with ADP Retirement Services that provides for expense reimbursements to the Plan. These reimbursements are held in an ERISA expense account and are utilized to pay for certain Plan administrative expenses. During the year ended December 31, 2025, the Plan received $35,232 of expense reimbursements, of which $32,882 was utilized to pay Plan administrative expenses. At December 31, 2025 and 2024, unallocated amounts in the ERISA expense account amounted to $13,644 and $11,294, respectively.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investments, Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a Participant ceases to make loan repayments, and the plan administrator deems the loan to be in default, the Participant loan balance is reduced, and a benefit payment is recorded as soon as a distributable event occurs.

e. Payments of Benefits

Benefits are recorded when paid.

f. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

g. Subsequent Events

Subsequent events were evaluated through October 5, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (Continued)

Collective investment fund: Valued at the NAV of units in the collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest therein represented by units which are valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant. The collective investment fund has no unfunded commitments at December 31, 2025 and 2024. Pursuant to U.S. GAAP guidance, alternate investments where fair value is measured using NAV per share as a practical expedient is not categorized within the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 20,530,546	$ -	$ -	$ 20,530,546

4. Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Employer may determine.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Tax Status

The underlying prototype non-standardized profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated October 6, 2020, stating that the plan is qualified under section 401(a) of the IRC; and that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified as of the financial statement dates.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2022.

8. Related-Party and Party In Interest Transactions

During 2025, $33,580 and $6,329 of administrative fees were paid to Merrill Lynch Pierce Fenner & Smith and ADP Retirement Services, respectively. Merrill Lynch Pierce Fenner & Smith is the investment advisor of the Plan and ADP Retirement Services is the trustee and record-keeper for the Plan, therefore these transactions qualify as party in interest transactions. Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA.

9. Delinquent Participant Contributions

During 2025 and 2024, certain Participant contributions and loan repayments were not remitted to the Plan by the Plan Administrator on a timely basis as required under DOL 2510.3-102. Under ERISA, such delinquent contributions are considered prohibited transactions and are reported on Schedule H, Part IV, Line 4(a) of Form 5500. During 2025 and subsequent to December 31, 2025, the Plan Administrator funded the lost earnings on the delinquent contributions to the affected Participant's accounts.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements to net assets per the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 23,719,430	$ 22,005,531
