Clymene Management Services 401k Retirement Plan
Houston, TX

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Clymene Management Services 401k Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered Clymene Management Services 401k Retirement Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by [Name of Qualified Institution] that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Clymene Management Services 401k Retirement Plan's internal control to be significant deficiencies:

Establish Controls over Personnel Files

During our audit, we noted that multiple personnel files contained inaccuracies pertaining to the participants' date of birth, date of hire, and date of termination. We recommend that management reviews and updates employee files to ensure their accuracy going forward. The files should be retained in a secure location and filed centrally, if necessary. Additionally, we suggest that plan management conduct audits of the employee personnel files throughout the year to ensure they have been retained and can be easily located.

This communication is intended solely for the information and use of Plan management, Plan management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and
Plan Participants and Beneficiaries of
the Clymene Management Services 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Clymene Management Services 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Clymene Management Services 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clymene Management Services 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clymene Management Services 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clymene Management Services 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clymene Management Services 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, line 4i – schedule of assets (held at end of year), schedule of delinquent participant contributions, schedule of loans or fixed income obligations (in default), schedule of leases in default or classified as uncollectible, and schedule of non-exempt or reportable transactions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Clymene Management Services 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan provisions.

General

The Plan, as amended and restated, was established January 1, 2007 as a defined contribution plan covering all eligible employees of Clymene Management Services, LLC (the "Company”). The plan sponsor is the Company. The Plan includes the following participating employers: Atlas Commodities, LLC, Atlas Commodities II Retail Energy, LLC, Atlas Field Services, LLC, Gold Coast Utility Specialist, LLC, Apex LineWorks, LLC, Hyperion Safety Environmental Solutions, LLC, Iapetus Infrastructure Services, LLC, Soaring Eagle Technologies, LLC, and Unmanned Aviation Training Institute, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Companies are eligible to participate in the Plan upon reaching age 21 and completion of three months of service. Once the eligibility requirements have been met, participants may enter the Plan on the first day of the following month.

Contributions

Unless a participant affirmatively elects otherwise, the Company will automatically enroll eligible participants into the Plan at a pre-tax deferral contribution of 3% of that participant’s eligible compensation. Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan. Participants may also designate some or all their contributions as an after-tax Roth contribution, also subject to limitations. Participants who have attained the age of 50 before the end of the plan year may make additional pre-tax catch-up contributions. The contribution limits apply to any calendar year and are adjusted annually by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan is participant directed. Participants may change their contribution rates at the beginning of each payroll period and investment options at any time.

The Companies may make a discretionary nonelective employer contribution to eligible participants employed on the last day of year based on each eligible participant’s compensation to the total compensation paid to all eligible participants for the Plan year. There was no nonelective employer contribution made to the Plan in 2025.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

The Companies may, at their discretion, contribute for each participant a matching contribution equal to a percentage of each participant's elective contribution. During 2025, the Companies elected to make matching contributions equal to 50% of each participant's contribution up to 6% of each participant's eligible compensation on a pay period basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

Participants are always fully vested in their participant and rollover contribution accounts and the appreciation or depreciation thereon.

The nonelective employer contributions vest according to the following schedule:

Years of Service	Percentage Vested
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6+ years	100%

The matching employer contributions vest according to the following schedule:

Years of Service	Percentage Vested
0 years	0%
1 years	25%
2 years	50%
3 years	75%
4+ years	100%

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Normal retirement age under the Plan is the later of age 65 or the 5th anniversary of employment commencement date. Upon a participant's death, termination, retirement, disability, or attainment of age 59½, the vested funds in the participant's account are available to be distributed in a lump-sum payment. Distributions from the Plan are made in lump-sum payments. The Plan also allows for hardship withdrawals from a participant's salary deferral account.

Forfeiture Account

Forfeitures of nonvested employer contributions are retained in the Plan are used to reduce employer contributions and pay Plan administrative expenses. The forfeiture balance was $5,693 and $65,703 at December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, forfeitures of $187,160 were used to reduce employer contributions and $1,480 were used to pay Plan administrative expenses, for total forfeitures used during the year of $188,640.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance in the Plan. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. At December 31, 2025 and 2024, no allowance was considered necessary by management.

Administrative fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative fees. Other investment-related expenses are included in net appreciation in fair value of investments.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: INFORMATION CERTIFIED

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan measures the fair value of Plan assets as the price that would be received to sell an asset in the principal market for that asset. These measurements are classified into a hierarchy framework by the inputs used to perform the fair value calculation. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. All mutual funds are classified within Level 1 of the valuation hierarchy.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Stable value collective trust fund

The Managed Income Portfolio (MIP) is a commingled pool managed by Fidelity. The MIP is valued using the NAV practical expedient based on the contractual terms of the underlying guaranteed investment contracts. The portfolio seeks to preserve principal and maintain a stable NAV of $1 per share by investing in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. Participant-directed redemptions have no restrictions, provided the transfer is not directed into a competing fund (money market or other fixed income fund). Transferred amounts must be held in a noncompeting option for 90 days before transfer to a competing fund. Withdrawals or exchanges prompted by an employer-initiated event, such as lay-offs, sale of a division, facility closings, full or partial plan terminations, or changes in laws or regulations, may be paid at the fair value of the fund's securities, which may be less than contract value. Plan management believes that the occurrence of events that would cause the investment to transact at less than contract value is not probable. The Plan has no unfunded commitments or contractual obligation to further invest in the portfolio.

The following table summarizes the valuation of the Plan's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2025:

Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,612,218	$ -	$ -	$ 9,612,218
Total assets in the fair value hierarchy	$ 9,612,218	$ -	$ -	$ 9,612,218
Investments measured at net asset value*				51,828
Total assets at fair value				$ 9,664,046

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,146,565	$ -	$ -	$ 7,146,565
Total assets in the fair value hierarchy	$ 7,146,565	$ -	$ -	$ 7,146,565
Investments measured at net asset value*				90,393
Total assets at fair value				$ 7,236,958

* In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10 "Fair Value Measurement", certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTE 5: INCOME TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA, which obtained its latest opinion letter on June 30, 2020. The Internal Revenue Service ("IRS") stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan did not have unrecognized tax benefits as of December 31, 2025 and 2024 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2025 and 2024, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds and a commingled pool managed by Fidelity or entities affiliated with Fidelity. In 2025, fees associated with these funds totaled $31,151. Fidelity is the trustee of the Plan and, therefore, qualifies as a party-in-interest defined under ERISA. Morgan Stanley Wealth Management is the investment advisor of the Plan. In 2025, fees associated with investment advisory services totaled $14,124. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provision.

NOTE 7: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that a reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 9,772,971	$ 7,319,982
Employee contributions receivable	-	(38,235)
Employer contributions receivable	-	(14,683)
Net assets available for benefits Per Schedule H to the Form 5500	$ 9,772,971	$ 7,267,064

NOTE 9: SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through the date on which the financial statements were issued. There were no events or transactions discovered during this evaluation that require recognition in the financial statements.
