Board of Trustees
Legend Senior Living, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Legend Senior Living, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Legend Senior Living, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator. The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Eligibility - The Plan is a defined contribution plan sponsored by Legend Senior Living, LLC (Company) for the benefit of its employees. The Plan provides that employees, excluding leased employees or those under a collective bargaining agreement, become eligible to make salary deferral contributions after completing six months of eligibility service and attaining the age of 18. Employees are eligible to receive an annual employer matching contribution upon completing 1,000 hours of service and reaching the age of 18. Employees are treated as participants on the date they achieve eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides that active participants may make salary deferral contributions on a pre-tax or after-tax basis, or a combination thereof, of 1% to 75% of compensation up to the maximum amount allowed by law ($23,500 for 2025). Participants who have reached age 50 before the end of the Plan year are eligible to make additional contributions as adjusted by the IRS ($7,500 for 2025). Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan.

The Company can elect to make a discretionary matching contribution to the Plan, which will be allocated to eligible employees. For 2025, the Company matched 50% of the first 6% of employee deferral contributions. Company contributions, if any, are allocated on a uniform basis to eligible participants.

Participant Accounts - Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution, Plan earnings and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of continuous service. Participants become fully vested in employer contributions after four years of credited service.

Normal Retirement - Normal retirement age is 65 years of age.

Payment of Benefits - On termination of service due to death, disability or retirement, participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeitures - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $86,678 and $81,882, respectively. These accounts will be used to reduce administrative fees or future Company contributions. For the year ended December 31, 2025, forfeited amounts of $70,442 were used to offset administrative fees and Company contributions.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000, with a maximum of one loan outstanding. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1% as of the date of the note. Principal and interest is paid ratably through payroll deductions and the term of the note may not exceed five years, unless related to the purchase of a primary residence, in which case the period may not exceed 10 years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions from Plan participants and the Company discretionary match are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance has been recorded as of December 31, 2025 and 2024 for these notes receivable. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit Payments - Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Fees - Certain fees of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Some investment related expenses may be included in net change in fair value of investments.

Excess Contribution Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions. The Plan distributed $50,630 of excess contributions to the applicable participants prior to March 15, 2026.

Subsequent Events - These financial statements considered subsequent events through September 29, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Fidelity Management Trust Company (Fidelity), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

Investments at fair value:	2025	2024
Mutual funds	$ 15,275,002	$ 10,710,315
Collective trust	40,126	38,537
Money market fund	149,318	143,245
Total investments at fair value	$ 15,464,446	$ 10,892,097
Notes receivable from participants	$ 391,390	$ 354,021

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED) (CONTINUED)

Fidelity also certified to the completeness and accuracy of $1,566,885 of net change in fair value of investments, and dividends and interest of $797,541 related to the aforementioned assets for the year ended December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds (includes Money Market Funds) - These investments are valued using a quoted price in an active market.

Collective Trust - This investment is valued at NAV. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value at December 31, 2025 and 2024, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by Fidelity, is as follows (there are no Level 2 or Level 3 investments):

	Fair Value as of December 31, 2025		
	Level 1	Not Classified	(Unaudited) Value
Investments at fair value:			
Mutual funds	$ 15,275,002	$ --	$ 15,275,002
Money market fund	149,318	--	149,318
Collective trust [(a)]	--	40,126	40,126
Total	$ 15,424,320	$ 40,126	$ 15,464,446

	Fair Value as of December 31, 2024		
	Level 1	Not Classified	(Unaudited) Value
Investments at fair value:			
Mutual funds	$ 10,710,315	$ --	$ 10,710,315
Money market fund	143,245	--	143,245
Collective trust [(a)]	--	38,537	38,537
Total	$ 10,853,560	$ 38,537	$ 10,892,097

(a) Certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting policies. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	December 31, 2025			
Investment	(Unaudited) Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	$ 40,126	$ --	Daily	12 Months

	December 31, 2024			
Investment	(Unaudited) Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	$ 38,537	$ --	Daily	12 Months

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity (party-in-interest), and therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from 0.01% to 0.88%, as of December 31, 2025. The Plan paid $54,693 for administrative fees for the year ended December 31, 2025.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 16,508,440	$ 11,716,794
Amount attributable to employer contributions receivable	(703,234)	(561,550)
Amount attributable to excess contributions payable	50,630	90,874
Net assets available for benefits per Form 5500	$ 15,855,836	$ 11,246,118

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 4,791,646
Amount attributable to receivables at beginning of the year	561,550
Amount attributable to receivables at end of the year	(703,234)
Amount attributable to payables at beginning of the year	(90,874)
Amount attributable to payables at end of the year	50,630
Change in net assets available for benefits per Form 5500	$ 4,609,718

7. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and Fidelity shall liquidate all assets of the trust and continue to administer the trust in accordance with its provisions until all obligations have been satisfied.

8. TAX STATUS

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since adopting the pre-approved plan document, the plan administrator believes the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available.

Board of Trustees
Legend Senior Living, LLC 401(k) Plan

We have audited the financial statements of the Legend Senior Living, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company (Fidelity), the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 10, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Additionally, this letter also includes other comments and suggestions with respect to matters that came to our attention in connection with our audit of the Company's financial statements. These items are offered as constructive suggestions to be considered part of the ongoing process of modifying and improving the Company's practices and procedures.

Significant Audit Matters
Qualitative Aspects of Accounting Practices - Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2025.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

The valuation of investments at fair value is an accounting estimate. The following is a description of the valuation methodologies used by management for investments measured at fair value.

Mutual Funds (including Money Market Funds) - These investments are valued using a quoted price in an active market.

Collective Trust - This investment is valued at NAV. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it's determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

We relied on the investment information prepared and certified by Fidelity as a basis for our conclusion on the reasonableness of the estimate.

We evaluated the methods, assumptions, and data used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures - We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

Difficulties Encountered in Performing the Audit - We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements - Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

- To record current year employer contributions receivable and reverse prior year receivable and payable amounts. The net effect is an increase of $221,492 to net assets.

- To record current year excess contributions payable due to failing the ADP test. The net effect is a decrease of $50,630 to net assets.

- To record an employer contributions receivable for missed employer match contributions. The net effect is an increase of $11,066 to net assets.

Disagreements with Management - For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Internal Control Matters

In planning and performing our audit of the financial statements of the Plan as of December 31, 2025, and for the year then ended, in accordance with auditing standards generally accepted in the United States of America, we considered relevant plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Following is a description of identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

Employer Match Allocation - During our audit, we noted that certain employees who joined the plan through a recent acquisition were excluded from the employer match allocation because the system did not recognize their grandfathered service period for eligibility purposes. As a result, employer matching contributions for these employees were omitted from the Plan. While management subsequently identified the issue and began corrective action, the error resulted in missed contributions for the affected employees.

We recommend that management periodically review employee eligibility data to ensure proper application of Plan provisions and implement a reconciliation process that compares employees eligible for matching contributions with those included in the match allocation to detect future omissions.

Census Data Accuracy - During our audit, we noted an inaccuracy in the employee census used for Plan administration. Specifically, one employee's date of birth was recorded incorrectly. While this error did not affect the overall allocation of contributions to participant accounts, it could have a significant impact on matters related to the Plan.

We recommend that management implement procedures to periodically review employee census information and reconcile key participant data, such as dates of birth, hire dates, and contribution information to supporting source documentation to ensure records are accurate and complete. This review may help identify and correct errors in a timely manner and improve the reliability of information used in Plan administration.

Application of Forfeitures - During our audit, we noted that the Plan maintained an unused forfeiture balance of approximately $11,440 from the prior plan year. Per the Plan provisions, forfeitures may be used to pay administrative expenses at any time; however, any forfeitures not used for that purpose should be applied to reduce employer contributions for the immediately following plan year. Additionally, IRS requirements generally require that forfeitures be used no later than the end of the plan year following the year in which they occur. While certain administrative expenses were paid from the forfeiture account during the year, forfeitures available at the beginning of the year were not applied to reduce employer contributions as required by the Plan provisions.

We recommend that management review the Plan's forfeiture balance on a periodic basis and implement procedures to ensure forfeitures are applied timely and in accordance with Plan provisions. Such procedures should include monitoring outstanding forfeiture balances and documenting the intended use of forfeitures, whether for the payment of administrative expenses or the reduction of employer contributions.

Other Recommendations

Opt Out Forms - During our audit, we noted employees that were eligible for the Plan, but not participating, did not have signed forms declining participation in the Plan. Although it is not required by the IRS or the Department of Labor, it is best practice that all employees should be encouraged to sign a form declining participation in the Plan when they become eligible. Absent an opt-out form, a letter may be sent to the participant documenting their knowledge of their eligibility, with a copy retained in their personnel file.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Electronic Fund and Wire Transfers - The risk of loss or fraud around the electronic transfer of cash is significant and has grown exponentially in recent years. Therefore, we suggest that management and the Plan evaluate current controls around these types of transactions to minimize risks associated with electronic payments.

In general, the Plan's processes and controls should:

- Maintain dual authorizations over electronic payments.

- Develop a formal written policy for generating, approving and executing electronic payments to ensure that all transfers are properly performed, routed, and accounted for. The lack of a formal written agreement can lead to improper transaction recording, whether by accident or fraud, that can result in significant loss to the Plan.

- Utilize written agreements with vendors that specifically communicate wire procedures, account numbers, multi-factor authentication requirements, change or update requirements, etc. These agreements should be strictly followed and extremely difficult to change to minimize the risk of fraudulent activity around electronic payments. Your bank or insurance company many times will have best practices.

Cybersecurity Risk - Effective cybersecurity risk management has never been more important than in today's environment. Boards of directors, plan administrators, and executive management (the governance team) face an enormous challenge: to oversee how the organization and the Plan manage cybersecurity risk. The DOL has released new guidance for plan sponsors, plan fiduciaries, record keepers and plan participants on best practices for maintaining cybersecurity. Elements of an effective cyber risk management program should include a formal and well documented cybersecurity program, annual risk assessments, ensuring that electronic recordkeeping systems have reasonable controls, adequate records management practices are in place and systems are designed to protect Personally Identifiable Information (PII). Additional resources and guidance related to cybersecurity can be found through the AICPA, DOL or provided by Allen, Gibbs & Houlik, L.C.
