The Board of Directors and Participants
The Savings Bank Mutual Life Insurance
Company of Massachusetts 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE SAVINGS BANK MUTUAL LIFE INSURANCE COMPANY OF MASSACHUSETTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. Description of Plan

The following brief description of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of The Savings Bank Mutual Life Insurance Company of Massachusetts (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan sponsor is the Company. The Plan was originally effective on January 1, 1993. The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC) and the Plan recordkeeper is the Vanguard Group (VG).

Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act)

On December 23, 2022, Congress passed the *Consolidated Appropriations Act of 2023* which included SECURE 2.0 Act. SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE 2.0 Act provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly.

Key provisions of SECURE 2.0 Act effective in 2025 include increasing the catch-up contribution limit for individuals aged 60-63 to the greater of $10,000 (indexed for inflation) or 150% of the regular catch-up amount (resulting in a 2025 limit of $11,250). Additionally, the service requirement for part-time employees to participate in 401(k) plans was reduced from three years to two years (for employees working 500+ hours per year). There was no material impact on the Plan's 2025 financial statements resulting from these provisions.

Contributions

Participants may contribute 1% to 100% of their annual earnings on a pretax basis or as a Roth post-tax deferral, subject to federal tax law maximum annual limits.

The Plan has an automatic enrollment feature. Employees are enrolled at a deferral rate of 4% unless affirmative action is made to opt out. The Plan also includes an auto-escalation provision increasing deferral percentages by 1% each Plan year until the participant's deferral reaches 15% unless affirmative action is made to opt out.

The Company matches a portion of the employee's contribution, makes safe harbor non-elective contributions and makes profit sharing contributions. Matching contributions are 50% of participant elective deferrals up to 4% of eligible compensation; the safe harbor non-elective contribution amount is 3% of eligible compensation and the profit sharing contribution amount is 2% of eligible compensation.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeitures of terminated participants' nonvested accounts may be used to reduce future employer contributions to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

Participants may withdraw contributions upon termination of service, becoming disabled, attaining age 59½ (elective deferrals only), or attaining normal retirement age. In addition, funds may be withdrawn if incurring a financial hardship as defined in the Plan.

Vesting

Participants are at all times 100% vested in their own contributions to the Plan. Employer contributions are 100% vested when made by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes Receivable From Participants

Loans may be made to participants upon request by the participant. The interest rate will be the prime rate at the time of the loan and is fixed for the duration of the loan.

The maximum loan amount is one-half of the participant's vested account balance, not to exceed $50,000. The minimum loan amount is $1,000. Loans are repayable over a period of up to five years, unless the loan is used to acquire a principal residence, which allows for a repayment period up to 30 years. Interest rates ranged from 3.25% to 8.50% as of December 31, 2025, with various maturities through July 2054.

Investment Options

Participants may direct the investment of their elective deferrals and any employer contributions to a variety of mutual funds.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are carried at the unpaid principal balance plus any accrued but unpaid interest, if material. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses are paid by the Plan participants to the extent they are not paid by the Plan sponsor. Fees for investment management are paid by the Plan participants indirectly through the Plan's investment return.

2. Summary of Significant Accounting Policies (Continued)

Investment expenses of the mutual funds which are made available to participants, such as custodial and advisory fees, are deducted from the assets of the various funds. Loan fees are deducted from Plan assets. Other administrative expenses of the Plan are paid by the Company.

Contributions

Participant contributions are reported in the period in which payroll deductions are made; employer matching contributions are recorded in the same period as corresponding participant contributions. Safe harbor contributions are recorded at the time associated eligible wages are earned and profit sharing contributions are recorded when the Company commits to making the contribution.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- **Level 1 –** Unadjusted quoted prices in active markets for identical assets;
- **Level 2 –** Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly; and
- **Level 3 –** Significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price of the fund as reported in the active market in which the security is traded.

The Plan's investments, which are reported at fair value, consist exclusively of Level 1 mutual funds totaling $99,725,189 and $91,344,034 at December 31, 2025 and 2024, respectively.

4. Information Certified by the Trustee

The Plan's investments and notes receivable from participants, related interest and dividend income, and investment and loan transactions, including net appreciation of investments, were certified as accurate and complete by VFTC, the trustee of the Plan. Therefore, in accordance with the request of the Plan's Administrator, and as allowed under 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to auditing procedures by the Plan's independent auditors, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the trustee meets the requirements of a qualified institution defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party Transactions and Party-In-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC. VFTC is a wholly owned subsidiary of the VG. VFTC acts as trustee for these investments. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative fees, notes receivable from participants and interest income on notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status of the Plan

The Plan adopted a nonstandardized, preapproved profit sharing plan for which the Internal Revenue Service (IRS) has issued a favorable opinion letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. Reconciliation of Financial Statements to Form 5500

There were no significant differences between the financial statements and the Form 5500 as of and for the years ended December 31, 2025 and 2024. Notes receivable from participants are reflected as receivables on the financial statements, which is different from the Form 5500 presentation. On Form 5500, notes receivable from participants are classified as investments.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Participants
The Savings Bank Mutual Life Insurance
Company of Massachusetts 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE SAVINGS BANK MUTUAL LIFE INSURANCE COMPANY OF MASSACHUSETTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. Description of Plan

The following brief description of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of The Savings Bank Mutual Life Insurance Company of Massachusetts (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan sponsor is the Company. The Plan was originally effective on January 1, 1993. The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC) and the Plan recordkeeper is the Vanguard Group (VG).

Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act)

On December 23, 2022, Congress passed the *Consolidated Appropriations Act of 2023* which included SECURE 2.0 Act. SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE 2.0 Act provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly.

Key provisions of SECURE 2.0 Act effective in 2025 include increasing the catch-up contribution limit for individuals aged 60-63 to the greater of $10,000 (indexed for inflation) or 150% of the regular catch-up amount (resulting in a 2025 limit of $11,250). Additionally, the service requirement for part-time employees to participate in 401(k) plans was reduced from three years to two years (for employees working 500+ hours per year). There was no material impact on the Plan's 2025 financial statements resulting from these provisions.

Contributions

Participants may contribute 1% to 100% of their annual earnings on a pretax basis or as a Roth post-tax deferral, subject to federal tax law maximum annual limits.

The Plan has an automatic enrollment feature. Employees are enrolled at a deferral rate of 4% unless affirmative action is made to opt out. The Plan also includes an auto-escalation provision increasing deferral percentages by 1% each Plan year until the participant's deferral reaches 15% unless affirmative action is made to opt out.

The Company matches a portion of the employee's contribution, makes safe harbor non-elective contributions and makes profit sharing contributions. Matching contributions are 50% of participant elective deferrals up to 4% of eligible compensation; the safe harbor non-elective contribution amount is 3% of eligible compensation and the profit sharing contribution amount is 2% of eligible compensation.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeitures of terminated participants' nonvested accounts may be used to reduce future employer contributions to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

Participants may withdraw contributions upon termination of service, becoming disabled, attaining age 59½ (elective deferrals only), or attaining normal retirement age. In addition, funds may be withdrawn if incurring a financial hardship as defined in the Plan.

Vesting

Participants are at all times 100% vested in their own contributions to the Plan. Employer contributions are 100% vested when made by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes Receivable From Participants

Loans may be made to participants upon request by the participant. The interest rate will be the prime rate at the time of the loan and is fixed for the duration of the loan.

The maximum loan amount is one-half of the participant's vested account balance, not to exceed $50,000. The minimum loan amount is $1,000. Loans are repayable over a period of up to five years, unless the loan is used to acquire a principal residence, which allows for a repayment period up to 30 years. Interest rates ranged from 3.25% to 8.50% as of December 31, 2025, with various maturities through July 2054.

Investment Options

Participants may direct the investment of their elective deferrals and any employer contributions to a variety of mutual funds.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are carried at the unpaid principal balance plus any accrued but unpaid interest, if material. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses are paid by the Plan participants to the extent they are not paid by the Plan sponsor. Fees for investment management are paid by the Plan participants indirectly through the Plan's investment return.

2. Summary of Significant Accounting Policies (Continued)

Investment expenses of the mutual funds which are made available to participants, such as custodial and advisory fees, are deducted from the assets of the various funds. Loan fees are deducted from Plan assets. Other administrative expenses of the Plan are paid by the Company.

Contributions

Participant contributions are reported in the period in which payroll deductions are made; employer matching contributions are recorded in the same period as corresponding participant contributions. Safe harbor contributions are recorded at the time associated eligible wages are earned and profit sharing contributions are recorded when the Company commits to making the contribution.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- **Level 1 –** Unadjusted quoted prices in active markets for identical assets;
- **Level 2 –** Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly; and
- **Level 3 –** Significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price of the fund as reported in the active market in which the security is traded.

The Plan's investments, which are reported at fair value, consist exclusively of Level 1 mutual funds totaling $99,725,189 and $91,344,034 at December 31, 2025 and 2024, respectively.

4. Information Certified by the Trustee

The Plan's investments and notes receivable from participants, related interest and dividend income, and investment and loan transactions, including net appreciation of investments, were certified as accurate and complete by VFTC, the trustee of the Plan. Therefore, in accordance with the request of the Plan's Administrator, and as allowed under 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to auditing procedures by the Plan's independent auditors, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the trustee meets the requirements of a qualified institution defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party Transactions and Party-In-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC. VFTC is a wholly owned subsidiary of the VG. VFTC acts as trustee for these investments. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative fees, notes receivable from participants and interest income on notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status of the Plan

The Plan adopted a nonstandardized, preapproved profit sharing plan for which the Internal Revenue Service (IRS) has issued a favorable opinion letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. Reconciliation of Financial Statements to Form 5500

There were no significant differences between the financial statements and the Form 5500 as of and for the years ended December 31, 2025 and 2024. Notes receivable from participants are reflected as receivables on the financial statements, which is different from the Form 5500 presentation. On Form 5500, notes receivable from participants are classified as investments.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Participants
The Savings Bank Mutual Life Insurance
Company of Massachusetts 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE SAVINGS BANK MUTUAL LIFE INSURANCE COMPANY OF MASSACHUSETTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. Description of Plan

The following brief description of The Savings Bank Mutual Life Insurance Company of Massachusetts 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of The Savings Bank Mutual Life Insurance Company of Massachusetts (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan sponsor is the Company. The Plan was originally effective on January 1, 1993. The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC) and the Plan recordkeeper is the Vanguard Group (VG).

Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act)

On December 23, 2022, Congress passed the *Consolidated Appropriations Act of 2023* which included SECURE 2.0 Act. SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE 2.0 Act provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly.

Key provisions of SECURE 2.0 Act effective in 2025 include increasing the catch-up contribution limit for individuals aged 60-63 to the greater of $10,000 (indexed for inflation) or 150% of the regular catch-up amount (resulting in a 2025 limit of $11,250). Additionally, the service requirement for part-time employees to participate in 401(k) plans was reduced from three years to two years (for employees working 500+ hours per year). There was no material impact on the Plan's 2025 financial statements resulting from these provisions.

Contributions

Participants may contribute 1% to 100% of their annual earnings on a pretax basis or as a Roth post-tax deferral, subject to federal tax law maximum annual limits.

The Plan has an automatic enrollment feature. Employees are enrolled at a deferral rate of 4% unless affirmative action is made to opt out. The Plan also includes an auto-escalation provision increasing deferral percentages by 1% each Plan year until the participant's deferral reaches 15% unless affirmative action is made to opt out.

The Company matches a portion of the employee's contribution, makes safe harbor non-elective contributions and makes profit sharing contributions. Matching contributions are 50% of participant elective deferrals up to 4% of eligible compensation; the safe harbor non-elective contribution amount is 3% of eligible compensation and the profit sharing contribution amount is 2% of eligible compensation.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeitures of terminated participants' nonvested accounts may be used to reduce future employer contributions to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

Participants may withdraw contributions upon termination of service, becoming disabled, attaining age 59½ (elective deferrals only), or attaining normal retirement age. In addition, funds may be withdrawn if incurring a financial hardship as defined in the Plan.

Vesting

Participants are at all times 100% vested in their own contributions to the Plan. Employer contributions are 100% vested when made by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes Receivable From Participants

Loans may be made to participants upon request by the participant. The interest rate will be the prime rate at the time of the loan and is fixed for the duration of the loan.

The maximum loan amount is one-half of the participant's vested account balance, not to exceed $50,000. The minimum loan amount is $1,000. Loans are repayable over a period of up to five years, unless the loan is used to acquire a principal residence, which allows for a repayment period up to 30 years. Interest rates ranged from 3.25% to 8.50% as of December 31, 2025, with various maturities through July 2054.

Investment Options

Participants may direct the investment of their elective deferrals and any employer contributions to a variety of mutual funds.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (U.S. GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are carried at the unpaid principal balance plus any accrued but unpaid interest, if material. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses are paid by the Plan participants to the extent they are not paid by the Plan sponsor. Fees for investment management are paid by the Plan participants indirectly through the Plan's investment return.

2. Summary of Significant Accounting Policies (Continued)

Investment expenses of the mutual funds which are made available to participants, such as custodial and advisory fees, are deducted from the assets of the various funds. Loan fees are deducted from Plan assets. Other administrative expenses of the Plan are paid by the Company.

Contributions

Participant contributions are reported in the period in which payroll deductions are made; employer matching contributions are recorded in the same period as corresponding participant contributions. Safe harbor contributions are recorded at the time associated eligible wages are earned and profit sharing contributions are recorded when the Company commits to making the contribution.

Payments of Benefits

Benefits are recorded when paid.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the inputs to valuation techniques used to measure fair value into three levels:

- **Level 1 –** Unadjusted quoted prices in active markets for identical assets;
- **Level 2 –** Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly; and
- **Level 3 –** Significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price of the fund as reported in the active market in which the security is traded.

The Plan's investments, which are reported at fair value, consist exclusively of Level 1 mutual funds totaling $99,725,189 and $91,344,034 at December 31, 2025 and 2024, respectively.

4. Information Certified by the Trustee

The Plan's investments and notes receivable from participants, related interest and dividend income, and investment and loan transactions, including net appreciation of investments, were certified as accurate and complete by VFTC, the trustee of the Plan. Therefore, in accordance with the request of the Plan's Administrator, and as allowed under 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to auditing procedures by the Plan's independent auditors, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the trustee meets the requirements of a qualified institution defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party Transactions and Party-In-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of VFTC. VFTC is a wholly owned subsidiary of the VG. VFTC acts as trustee for these investments. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative fees, notes receivable from participants and interest income on notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status of the Plan

The Plan adopted a nonstandardized, preapproved profit sharing plan for which the Internal Revenue Service (IRS) has issued a favorable opinion letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. Reconciliation of Financial Statements to Form 5500

There were no significant differences between the financial statements and the Form 5500 as of and for the years ended December 31, 2025 and 2024. Notes receivable from participants are reflected as receivables on the financial statements, which is different from the Form 5500 presentation. On Form 5500, notes receivable from participants are classified as investments.
