# INDEPENDENT AUDITOR'S REPORT

To the Plan Committee Members and Plan Administrator of
**JL Marine Systems, Inc. 401(k) Plan**:

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of **JL Marine Systems, Inc. 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

## Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. AD Advisors, and its subsidiary entities are not licensed CPA firms.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

"Assurance Dimensions" is the brand name under which Assurance Dimensions, LLC including its subsidiary McNamara and Associates, LLC (referred together as "AD LLC") and AD Advisors, LLC ("AD Advisors"), provide professional services. AD LLC and AD Advisors practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. AD LLC is a licensed independent CPA firm that provides attest services to its clients, and AD Advisors provide tax and business consulting services to their clients. AD Advisors, and its subsidiary entities are not licensed CPA firms.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note A – Description of Plan

The following description of the JL Marine Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a safe harbor defined contribution plan covering all employees of JL Marine Systems, Inc. (the "Company" or "Employer"). The Plan was formed on September 1, 2014, and recently restated effective January 1, 2022 and amended on February 15, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All employees are eligible to participate in the Plan except for non-resident aliens, union employees, interns, part-time employees, temporary employees, and seasonal employees. Employees are required to be 18 or older and have completed three months of service in order to contribute. Eligible participants are enrolled in the Plan the first day of each Plan year quarter.

Effective June 10, 2026, the Company merged with its parent company and terminated the Plan. Accordingly, the Plan ceased operations, and no contributions were accepted after the termination date.

### Administration

The Plan is administered by the Employer. The Plan's assets for the year were maintained and administered by Empower Trust Company, LLC (the "Trustee"). The Plan's recordkeeping services, and maintenance of participant account records are managed by Retirement Solutions Specialists.

### Contributions

Subject to certain limitations, under Internal Revenue Code ("IRC") Section 401(k), participants may contribute up to 100% of their pre-tax annual compensation, subject to IRC annual limits. The maximum participant deferral for the year ended December 31, 2025 was $23,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $7,500 for the year ended December 31, 2025. For participants aged 60 – 63, they are permitted to make a catch-up contribution up to $11,250. Participants may also contribute amounts representing distributions from other qualified plans as well as Roth 401(k) deferrals. Contributions received from participants are net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan also accepts rollovers and direct transfers from the other tax-qualified plans and permits after-tax Roth contributions.

The Plan includes an automatic enrollment provision under which newly eligible employees are automatically enrolled in the Plan unless they elect not to participate. Automatically enrolled participants begin contributing 3% of eligible compensation. The deferral rate increases by 1% after two years and by an additional 1% each Plan Year thereafter, up to a maximum deferral rate of 6%. Individuals can opt out of participation using the provider website.

The Employer will make a qualified automatic contribution arrangement ("QACA") matching contribution. For the years ended December 31, 2025 and 2024, the QACA matching contribution was 100% of a participant's elective deferral not exceeding 1% of compensation, plus 50% of a participant's elective deferral exceeding 1% of compensation, but not exceeding 6% of compensation. The Employer may also make discretionary employer matching contributions and non-elective contributions. During the years ended December 31, 2025 and 2024, no discretionary additional matching contributions or non-elective contributions were authorized.

## Note A – Description of Plan (continued)

### Participant Accounts

Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Employer's contributions, and an allocation of the Plan's investment earnings/losses, investment fees and any administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan.

### Vesting

Participants are 100% vested in their elective salary deferral contributions, Employer matching contributions, and rollovers plus actual earnings thereon. A participant is 100% vested in their QACA safe harbor contributions after 2 years of credit service. A participant is 100% vested in their nonelective contributions after six years of credit service as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 or more | 100% |

A participant who reaches normal retirement age 62, becomes totally disabled, or dies, whichever comes first while under the Employer's employment, shall be 100% vested on such date.

### Notes Receivable from Participants

Participants may borrow from their fund accounts, provided that specific hardship criteria is met, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear interest at the U.S. Bank prime rate plus 1%. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document. Loans are considered in default as of the end of the quarter subsequent to the quarter in which the payment was due.

### Distribution of Benefits

On termination of service due to death, disability, retirement or termination from the Employer, a participant may elect to receive either partial withdrawals for accounts in excess of $1,000 or a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan agreement. The lump-sum can be paid in a cash distribution. The Plan also allows Participants to withdraw from their accounts for financial hardship for qualifying expenses.

## Note A – Description of Plan (continued)

### Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Employer's contribution amount. Forfeitures may be applied to reduce Employer contributions and Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $1,000 and $13,000, respectively. The Plan utilized forfeitures in the amount of approximately $25,000 to reduce Employer contributions and/or Plan expenses during the year ended December 31, 2025.

## Note B – Summary of Significant Accounting Policies

### Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

### Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

### Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Note B – Summary of Significant Accounting Policies (continued)**

**Fair Value Measurements**

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

| | |
|---|---|
| *Level 1* | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| *Level 2* | Inputs to the valuation methodology include:<br>Quoted prices for similar assets or liabilities in active markets;<br>Quoted prices for identical or similar assets or liabilities in inactive markets;<br>Inputs other than quoted prices that are observable for the asset or liability;<br>Inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| *Level 3* | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Pooled separate accounts*: Valued at NAV provided by the Trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2025 and 2024. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

## Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution. For the year ended December 31, 2025, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Empower Trust Company, LLC, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## Note D – Income Tax Status

The Plan has received an opinion letter from the IRC dated June 30, 2020 stating that the written form of the underlying prototype document is qualified under Section 401(a) of IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2022.

## Note E – Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain Plan investments and the related transactions were in investment funds managed by the Trustee; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately $36,000 during the year ended December 31, 2025.

## Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statements of net assets consist of the following investment(s):

| Investment Type | Investment name | December 31, 2025 Contract value | December 31, 2024 Contract value |
|---|---|---|---|
| Guaranteed interest account | General Account | $ 247,882 | $ 99,224 |

The Plan holds an interest in a guaranteed interest account ("the Fund") to maintain a portion of the Plan contributions in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by the Trustee of the Fund. The guaranteed interest account contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the Fund. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

## Note H – Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts, which is how they are reported on Form 5500, Schedule D, DFE/Participating Plan Information. Plan number "000" has been used to report these investments on Schedule D because the Trustee has not filed a Form 5500 directly with the Department of Labor for these investments. As such, the Plan's interest in such investments cannot be included in Schedule H, line 1c(10). Instead the Plan's interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on a line-by-line basis. Therefore, these investments are reflected as mutual funds on Form 5500, Schedule H, line 1c(13) but as pooled separate accounts for financial statement purposes.

## Note I – Subsequent Events

Subsequent events have been evaluated through October 5, 2026, which is the date the financial statements were available to be issued and noted that the plan was terminated in 2026.
