# Independent Auditor's Report

Administrative Committee
Basin Holdings LLC Retirement Plan
New York, New York

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Basin Holdings LLC Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters – Supplemental Schedule Require by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Plan Description

The following description of Basin Holdings LLC Retirement Plan provides only general information. Participants should refer to the summary plan document for a more complete description of the Plan's provisions.

### *General*

The Plan was established on January 1, 2018. The Plan is a multiple employer defined contribution plan covering all eligible employees of Basin Holdings LLC., and certain affiliates and subsidiaries (collectively the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

### *Eligibility and Contributions*

Employees who have completed three months of service and who are at least 21 years of age are eligible to participate. Participants may make voluntary pre-tax and Roth contributions to the Plan which are not to exceed 100% of eligible compensation, subject to the statutory limits permitted by the Internal Revenue Code (IRC). Participants who are age 50 or older before the close of the taxable year are permitted to make Catch-Up contributions to the Plan, subject to certain IRC limitations. The plan was amended effective January 1, 2023 to include safe harbor match contributions of 100% of the participant's salary deferrals that do not exceed 4% of their eligible compensation. The Company may also make discretionary employer matching contributions or nonelective contributions at their discretion. No discretionary contributions were made in the year ended December 31, 2025. Participants may also make rollover contributions from other qualified plans.

### *Participant Accounts*

Each participant's account is credited with their contributions, employer's contributions, and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may select from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

### *Allocation of Investments*

Participants file an election designating the proportion in which their contributions and contributions on their behalf are to be allocated among the specific assets, funds or other investments permitted under the Plan, offered by Fidelity Management Trust Company. Participants may change their election and make transfers among funds.

### *Vesting*

Participants are immediately and fully vested in their own contributions, non-elective employer contribution, discretionary employer contributions, and safe harbor matching contributions, plus actual earnings thereon. Employer matching contributions for terminated participants transferred from Basin Precision Machining, LLC are vested on a 5-year graded schedule.

Discretionary employer matching and profit share contributions for terminated participants transferred from Wenzel Rental Tools, LLC 401(k) Profit Sharing Plan are vested on a 4-year graded schedule.

### *Payment of Benefits*

Participant's vested interests are distributable upon retirement, hardship, termination, or attaining age 59.5 but continuing to work. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

### *Notes Receivable from Participants*

Participants are eligible to borrow 50% of their vested balance up to $50,000. All the loans are repaid through payroll deductions by the plan administrator and monitored. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate as determined by the plan administrator. The range of interest rates on loans outstanding at December 31, 2025 ranged from 4.25% to 10.25%. All loans must be repaid within five years except those used to acquire or construct a principal residence which may be repaid over a longer period, as approved by the plan administrator.

### *Forfeitures*

Upon termination of employment, participants forfeit their unvested employer contributions. At the discretion of the Company, forfeitures are either applied against plan administrative fees or allocated among qualifying contributing participants. During the year ended December 31, 2025, $328 of the plan administrative fees were paid through forfeitures. During the year ended December 31, 2025, earnings on the forfeiture account totaled $12. As of December 31, 2025 and 2024, the balance of the forfeiture account was $134 and $450, respectively.

### *Administrative Expenses*

Substantially all expenses related to the administration of the Plan are paid by the Company.

## Note 2. Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities, if applicable, reported in the financial statements. Actual results may differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Company determines the Plan’s valuation policies utilizing information provided by the investment advisor and Fidelity Management Trust Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

### *Contributions*

Contributions from Plan participants and the matching contributions from the plan sponsor are recorded in the year in which the employee contributions are withheld from compensation.

### *Notes Receivable from Participants*

Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. Related fees which are paid by the participants are recorded as administrative expenses when they are incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

## Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025,
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

## Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

**Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

### *Recurring Measurements*

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

| | 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 15,038,406 | $ - | $ - | $ 15,038,406 |

| | 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 12,362,377 | $ - | $ - | $ 12,362,377 |

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024:

- Mutual funds are shares held by the Plan at year-end which are valued at unadjusted quoted prices in an active market.
- Interest-bearing cash is valued using Level 1 inputs valued daily at the closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note 5. Related Party and Party-in-Interest Transactions

All plan investments are managed by Fidelity. Fidelity is the trustee and Fidelity Investments Inc. is the plan recordkeeper. Administrative fees paid by the Plan to Fidelity for the year ended December 31, 2025 were $53,474, including $328 paid through forfeitures. In addition, the Plan paid fees related to investment advisor services of $31,534. These transactions qualify as party-in-interest transactions and are exempt under the prohibited transactions rules.

## Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to alter or terminate the Plan subject to the provisions set forth in ERISA. Whole or partial termination of the Plan shall result in the full and immediate vesting of discretionary contributions and earnings thereon. Each participant is entitled to full distribution of such amounts.

## Note 7. Income Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2022.

## Note 8. Risks and Uncertainties

The Plan invests in various investment options that are exposed to various risks such as interest rate, market, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 30, 2026, the date these financial statements were available for issuance.

Effective January 2, 2026, the Company had a change in participating employers, which resulted in a change in management and plan sponsor, from Basin Holdings LLC to Talus Holdings.
