Independent Auditor's Report

To the Plan Administrator and Trustee
Bethel Mills, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Bethel Mills, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2025 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 financial statements.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the 2025 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2025 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2025 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the 2025 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, have been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior-year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report, dated September 12, 2025, indicated that the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to, or is derived from, the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bethel Mills, Inc. Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Bethel Mills, Inc. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering all employees of Bethel Mills, Inc. (the Company) who have completed at least 12 months and 1,000 hours of service and have reached 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their eligible compensation, as defined by the Plan. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, the Plan allows rollover contributions from other qualified plans.

The Company provides safe harbor matching contributions in an amount equal to 100% of the first 3% of a participant's eligible compensation and 50% of the next 2% of the participant's eligible compensation contributed to the Plan, for a maximum match of 4% of eligible compensation. Participants direct the investment of their contributions into various investment options held by Capital Bank and Trust.

The Company may elect to contribute a discretionary profit sharing contribution. Employees must be employed on the last day of the Plan year or complete more than 500 hours of service during the Plan year to be eligible for profit sharing contributions. The 500-hour service requirement does not apply to participants who die, become disabled, or terminate employment after reaching the normal retirement age (65) during the Plan year. The profit sharing contributions are directed by the Company into various investment options held by Pershing, LLC. In 2025, the Company made a profit sharing contribution to eligible employees in the amount of 4% of eligible compensation, which equated to $270,340.

Contributions and eligible compensation are subject to certain limitations.

Participant accounts: Each participant's account includes the participant's contributions, the Company's matching and profit sharing contributions, and allocations of Plan expenses and earnings. Allocations of Plan expenses and earnings are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral, rollover, and safe harbor contributions plus actual earnings thereon. Vesting on discretionary profit sharing contributions is based on years of service. A participant is 25% vested after two years of service, increasing 25% per year, with 100% vesting after five years of credited service, as defined. Participants automatically become fully vested upon death while under the employment of the Company.

Payment of benefits: Benefits may be distributed to participants upon the termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums or partial withdrawals. A participant may also request an in-service withdrawal upon reaching the normal retirement age. Participants may withdraw from their rollover account at any time.

Note 1. Description of Plan (continued)

Forfeitures: As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,414 and $12,622, respectively. In accordance with the terms of the Plan, forfeitures may be used to pay Plan expenses or be allocated as additional employer contributions. During 2025, forfeitures of approximately $12,622 were used to pay Plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions: Contributions from employees and the related matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation. Profit sharing contributions are recorded in the year the amount of the contribution is determined.

Payment of benefits: Benefits are recorded when paid.

Expenses of the Plan: Substantially all expenses of maintaining the Plan are paid by the Company. Certain administrative fees are paid by the Plan. Certain transaction fees are paid by Plan participants.

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Plan management has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Capital Bank and Trust Company

The following is a summary of the Plan's information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, which was obtained by management and agreed to, or derived from, information certified as complete and accurate by Capital Bank and Trust Company, a qualified institution:

	2025	2024
Investments, at fair value:		
Mutual funds	**$ 1,929,489**	$ 1,239,422
Interest and dividends	**$ 130,491**	
Net appreciation in fair value of investments	**$ 129,131**	

Additionally, the information included in Note 5 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) related to the investments listed above was obtained by management and agreed to, or derived from, the information certified by Capital Bank and Trust Company. Investments and activity not included above were not covered by the certification.

Note 4. Nonparticipant-Directed Investments

Information about the net assets relating to the nonparticipant-directed investments is as follows as of December 31:

	2025	2024
Investments, at fair value:		
Interest-bearing cash	**$ 359,370**	$ 288,462
Mutual funds	**2,474,720**	2,002,127
Exchange-traded funds	**362,108**	307,571

Receivables:		
Employer contribution	**110,047**	92,492
	$ 3,306,245	$ 2,690,652

Note 4. Nonparticipant-Directed Investments (continued)

Information about the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows for the year ended December 31, 2025:

Changes in net assets:		
Interest and dividends	$	165,533
Net appreciation in fair value of investments		221,858
Employer contributions		270,340
Benefits paid to participants		(23,672)
	$	634,059

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable market-based inputs or observable inputs that are corroborated by market data.

Level 3: Unobservable inputs for the assets or liabilities that are not corroborated by market data.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in the current or prior year.

Mutual funds: Valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are considered Level 1 investments.

Exchange traded funds: Valued using quoted market prices in active markets and classified as Level 1 investments within the fair value hierarchy.

Note 6. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS), stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 8. Related-Party Transactions

ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the qualified institution or an affiliate are considered party-in-interest transactions. Additionally, the Company pays certain administrative fees for the Plan, as described in Note 2.

Note 9. Subsequent Event

In October 2025, the Plan was amended effective January 1, 2026 to exclude bonus payments from eligible compensation for the purposes of calculating participant deferrals and employer contributions.
