INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Claude Howard Lumber Company, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Claude Howard Lumber Company Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Ascensus, LLC as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 − DESCRIPTION OF PLAN

The following description of the Claude Howard Lumber Company, Inc. 401(k) Plan (the Plan) provides only general information. The Plan sponsor is Claude Howard Lumber Company, Inc. (the Company or Plan Sponsor). Participants should refer to the Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan was established May 1, 1977, and most recently amended on January 1, 2022. The Plan is a defined contribution plan covering employees of the Company and affiliates who have met the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Newport Trust Company (NTC) was the appointed trustee of the Plan as of December 31, 2023. On April 18, 2024 Ascensus, LLC (Ascensus) became the appointed trustee of the Plan (see Note 9). Employees are eligible to participate upon completing one year of service (at least 1,000 hours of service during an eligibility computation period) and attaining the age of 18. In addition to any employee deferrals made, the Company may make additional contributions to the Plan to include a discretionary matching and profit sharing contribution. Eligibility requirements for these contributions are based upon completing at least 1,000 hours of service during the Plan year and being employed on the last day of the Plan year.

Contributions

Participants were allowed to contribute up to $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively, with additional pre-tax "catch-up" contributions of up to $7,500 for participants who had attained the age of 50 at December 31, 2025 and 2024. In addition, a pre-tax "super catch-up" of up to $11,250 for participants aged 60 through 63, was available beginning January 1, 2025. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Company may make discretionary matching contributions and a discretionary profit sharing contribution to the Plan each year. As of December 31, 2025 and 2024, the Company made matching contributions equal to 50 percent of the first 8 percent of each employee's pre-tax deferrals to the Plan. There were no profit sharing contributions made for the years ended December 31, 2025 and 2024.

Upon enrollment in the Plan, participants may designate how their contributions and those of the Company are to be apportioned among investment options. The participants may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20 percent vested after two years of credited service, and 20 percent annually thereafter, reaching full vesting after six years of credited service.

NOTE 1 − DESCRIPTION OF PLAN (continued)

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments until the balance is depleted. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Notes receivable from participants

Participants may borrow up to 50 percent of their vested account balance with a minimum of $1,000 up to a maximum of $50,000. The loans are secured by the balance in the participant's account and notes bear interest at rates ranging from 4.25 to 9.50 percent, which correspond with the SPD's requirement of 1 percent above the prime rate at the time of issuance. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts

Forfeited account balances are used to pay administrative expenses first, with any amounts left over to be used to reduce future Company discretionary contributions. At December 31, 2025 and 2024, the forfeited non-vested account balance was $3,055 and $0, respectively.

Investment expenses

Certain investment expenses, including investment fees and commissions, are paid by the Plan as allowed by the Plan document. All other expenses are paid by the Plan Sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 − SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, including a concentration of investment in a single entity risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Ascensus, the trustee. All investments are participant-directed.

	2025	2024
Investments, at fair value:		
Mutual funds	$ 15,228,426	$ 12,633,596
Common/collective trusts	580,393	556,111
Notes receivable from participants	394,363	284,889
	$ 16,203,182	$ 13,474,596
Investment income:		
Net appreciation in fair value of assets	$ 1,704,608	$ 1,426,374
Dividend income	315,949	250,999
Total investment income	2,020,557	1,677,373
Interest income from participant loans	31,556	23,543
Total income certified by trustee	$ 2,052,113	$ 1,700,916

NOTE 4 − FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 fair value measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Description	12/31/2025	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual funds and common/collective trusts	$ 15,808,819	$ 15,808,819

Description	12/31/2024	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual funds and common/collective trusts	$ 13,189,707	$ 13,189,707

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation in value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 – RELATED PARTY TRANSACTIONS
Plan investments are shares of pooled separate accounts managed by the trustee, Ascensus, for the years ended December 31, 2025 and 2024. Ascensus is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management fees and bookkeeping services amounted to approximately $105,000 and $89,000 for the years ended December 31, 2025 and 2024, respectively. Approximately $8,000 was paid from Plan assets to a related party to the Plan Sponsor to cover fees for the audit of the Plan for the year ended December 31, 2025.

The owners of the Plan Sponsor's business are participants in the Plan.

Pursuant to provisions of the Plan, expenses incurred in the administration and operation of the Plan may be paid by the Plan Sponsor at its election.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 − RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
During the current year, there are no reconciling items between what is reported per the financial statements for the year ended December 31, 2025 and Schedule H of the Form 5500.

NOTE 7 − PLAN TERMINATION
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 − TAX STATUS
The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States of America. As of December 31, 2025, the Plan administrator does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2025. The Plan's federal tax returns generally remain open for the previous three years.

NOTE 9 − SUBSEQUENT EVENTS
Subsequent events were evaluated through October 5, 2026, the financial statement issuance date.
