INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Tax Deferred Savings Plan of Novant Health, Inc.
Winston-Salem, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tax Deferred Savings Plan of Novant Health, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of the Tax Deferred Savings Plan of Novant Health, Inc. (the Plan) provides only general information. Participants should refer to the booklet Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions. Copies are available from the Plan Sponsor.

General: The Plan is a defined contribution plan established January 1, 1993. The Plan is established under Section 403(b) of the Internal Revenue Code (IRC). The Plan covers all employees of Novant Health, Inc. and certain affiliates who have adopted the plan provisions (the Sponsor) except those covered by a collective bargaining agreement, independent contractors, and leased employees. Covered employees are immediately eligible at the effective date of hire. The Retirement Plan Oversight Committee (Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's management. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2025, the South Carolina Region 403(b) Plan merged into the Plan. Pursuant to this merger, assets totaling $131,824,699 were transferred into the Plan.

Contributions: Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan. The Plan includes an automatic deferral provision such that 4% of an eligible participating employee's pre-tax annual compensation is automatically deducted and invested on behalf of the participant unless the participant elects a different deferral percentage, including zero. Carolina Physicians Network, Inc. became part of the Sponsor on June 1, 2021 and its associated physicians are excluded from this automatic enrollment provision. The Plan also allows participants to make Roth contributions and contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants age 50 or older are allowed to make catch-up contributions.

The Plan Sponsor matching formula in 2025 was 100% of deferrals up to 6% of eligible wages deferred to the Plan and these matching contributions are made to the Savings and Supplemental Retirement Plan of Novant Health, Inc., a separate plan established by the Sponsor. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Any employer contributions made to the Plan are generally related to corrective action taken by the Plan Sponsor.

Investment Options: Upon enrollment in the Plan, participants may direct their contributions into selected investment options as made available and determined by the Plan Administrator. Participants have daily access to their investment balances.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of Plan earnings and losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: On termination of service, death, disability or reaching retirement age, a participant or designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a partial payment, lump-sum or installment payments. Upon termination of employment, any participant balance which was never greater than $1,000 will be authorized for payment by the Plan Administrator without required consent of the participant. In-service distributions or withdrawals are available if a participant satisfies certain conditions. In-service withdrawals from vested rollover contributions can be withdrawn at any time regardless of the participant's age.

(Continued)

NOTE 1 - PLAN DESCRIPTION (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of the vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. Loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate on the date the note is requested. Principal and interest is paid ratably through payroll deductions.

Interest rates on Plan loans range from 3.25% to 9.50% with maturities through 2037. Plan loans in the amount of $46,446,694 and $40,297,744 were outstanding at December 31, 2025 and 2024, respectively.

Plan Loans: Participants are permitted to obtain loans directly from Voya Retirement Insurance and Annuity Company (Voya). Adequate security is required and a portion of the participant's account serves as collateral in case of default. The loans bear a rate of interest as determined in the controlling contract. The amount of Plan assets pledged as collateral for loans issued to participants by Voya at December 31, 2025 and 2024, was $31,359 and $33,594, respectively, and are held with the Voya Fixed Account.

Forfeitures and Unallocated Assets: Forfeitures are used to pay Plan expenses. There were no forfeited accounts as of December 31, 2025 and 2024, as participants are 100% vested in their contributions. Unallocated assets as of December 31, 2025 and 2024 totaled $3,180,801 and $3,063,984, respectively. Unallocated assets were not used to pay any administrative plan expenses during the year ended December 31, 2025.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks, as well as the risks associated with global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses related to maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses paid by the Plan include fees related to recordkeeping, general administration, and certain participant-initiated transactions. These amounts are charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events: Plan Management has evaluated subsequent events for recognition and disclosure through August 12, 2026, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Voya Retirement Insurance and Annuity Company.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts consist primarily of registered investment companies (mutual funds) valued as described above. Other investments held in these accounts are also valued based on quoted market prices on nationally recognized securities exchanges, as applicable.

Variable Annuity Separate Accounts: The fair values of purchase units held in variable annuity sub-accounts of Voya Variable Annuity Account C are based on the net asset values reported by the sub-account managers as of the financial statement dates and recent transaction prices. The net asset values of the sub-accounts are updated daily based upon the investment performance of the underlying mutual fund they invest in less a deduction for charges. Voya Variable Annuity Account C, which is structured as a unit investment trust, is comprised of numerous sub-accounts which each invest in a single mutual fund managed either by an affiliate of Voya or by an independent third party. The investment objective of each of the sub-accounts of Voya Variable Annuity Account C is generally reflected in the name of the sub-account. Participants direct their investments to certain of the underlying "sub-accounts" of Voya Variable Annuity Account C available to them under the Plan. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis are summarized below as of December 31, 2025 and 2024.

	Fair Value Measurements at December 31, 2025, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

		Fair Value Measurements at December 31, 2024, Using

Investments at fair value	$ 2,491,372,025	$ 2,483,684,445	$ -	$ -

** Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - VOYA FIXED ACCOUNT

The Voya Fixed Account is a traditional investment contract that is a fully benefit-responsive group annuity contract issued by Voya that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals, and administrative expenses. Voya maintains the contributions in a general account. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on an annual basis for resetting. The contract does not have a stated maturity date and generally remains in effect until the insurer has fulfilled its contractual obligations. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include, but are not limited to, amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) or premature termination of the contract. The merger of the South Carolina Region 403(b) Plan disclosed in Note 1 did not impact the Plan's ability to continue to transact at contract value and Plan Management believes that there are no other events that are probable of occurring that might otherwise limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

(Continued)

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain investments held by the Plan are managed or issued by Voya and affiliates of Fidelity Management Trust Company (FMTC). Voya and FMTC are service providers to the Plan; therefore, these investments and the Plan's payment of fees to Voya and FMTC or their affiliates qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan is established and designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. Plan management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2022.
