INDEPENDENT AUDITOR'S REPORT

To Administrator of the
Bryn Mawr Medical Specialists Association
Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bryn Mawr Medical Specialists Association Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bryn Mawr Medical Specialist Association Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Ascensus, LLC ("Ascensus") as of December 31, 2025 and for the period from April 24, 2025 to December 31, 2025 and Newport Trust Company, LLC ("Newport") as of December 31, 2024 and for the period from January 1, 2025 to April 23, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bryn Mawr Medical Specialists Association Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bryn Mawr Medical Specialists Association Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bryn Mawr Medical Specialists Association Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bryn Mawr Medical Specialists Association Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF PLAN

The following description of the Bryn Mawr Medical Specialists Association Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Bryn Mawr Medical Specialists Association ("the Company") established the Bryn Mawr Medical Specialists Association Profit Sharing Plan, effective February 1, 1970, covering eligible employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

The general administration of the Plan and responsibility for carrying out the provisions of the Plan are maintained by a committee appointed by the Company. The committee has approved an administrator, who maintains participant account records and instructs the trustee to execute transactions such as benefit payments to participants. The trustee holds the assets of the Plan and execute transactions at the direction of the Plan committee. The trustee also report to the Plan's management regarding investments and changes in these investments.

The Plan allows participants to make voluntary deferrals to the Plan on the first day of the first month after they have completed one year of service, had 1,000 hours of service during the Plan year, and attained the age of 21. Participants receive the basic profit-sharing portion of the Plan on the first month after they have completed two years of service, had 1,000 hours of service during the Plan year, attained the age of 21, and are employed on the last day of the Plan year.

(1) CONTINUED

Contributions

The Plan provides for the following categories of contributions:

a) *Profit-sharing contributions* – Each year, the Company may make a discretionary profit-sharing contribution, which can range from 0% to 15% of the participant's compensation each year for those eligible employees. The Company contributed $4,832,202 for the year ended December 31, 2025.

b) *Voluntary deferral contributions* – Participants may contribute up to 100% of pretax annual compensation (less any mandatory or discretionary deductions for other employee benefits or employment taxes), not to exceed $23,500 in 2025. Participants may also elect to make after-tax Roth contributions up to the dollar limit set by law.

Participants are now provided with either selection of three models (groups of predetermined investments) or individual investments in which to invest their employer and pretax participant contributions. Roth contributions are invested by the participants in self-directed brokerage accounts or one of the three models.

Newport Trust Company is the current trustee of substantially all of the Plan's assets, and invests all contributions. USI Consulting Group is the third-party administrator and allocates to each participant's accounts its proportionate share of earnings (losses) on investments.

Participant Accounts

Each participant's account is credited with the participant's contributions and the participant's share of the employer's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses and any direct transaction expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(1) CONTINUED

Vesting

Upon meeting the eligibility requirements, all participants are immediately 100% vested in the participant and employer contributions and the earnings allocated to their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) the maximum amount that may be borrowed without incurring a taxable distribution under Section 72(p) of the Internal Revenue Code ("IRC") or (b) 50% of their account balances or (c) such lesser amount as is established as the ceiling with respect to such loans, pursuant to the discretion of the Plan administrator. Loan terms range from one to five years or greater for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as determined by the Plan administrator. Currently, the Plan administrator has determined the interest rate to be the prime rate, as published by the *Wall Street Journal*, plus 1.0%. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, benefits are paid in either a lump-sum distribution equal to the value of the participant's account or installments for required minimum distributions. Participants who are no longer employed by the Company and who have a balance of less than $1,000 will receive a lump-sum payment. Hardship withdrawals are available in accordance with Internal Revenue Service guidelines.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income

The Plan's investments are stated at fair value (except for the stable value fund, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

(2) CONTINUED

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to contract administrative fees and investment advisory fees are included in administrative expenses.

(3) SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments and notes receivable from participants held at December 31, 2025, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus (an authorized representative of the trustee) and Newport (trustee of the Plan). Effective April 24, 2025, Ascensus, as an authorized representative of Newport, now has the authority to certify investment information held by Newport.

(3) CONTINUED

As of December 31, 2025 and 2024, the Plan's assets certified by Ascensus and Newport are as follows:

Trustee	Description of Investment	2025	2024
Investments at fair value			
Newport Trust Company	Mutual funds	$ 128,287,335	$ 122,073,456
Newport Trust Company	Money market funds	-	28
Newport Trust Company	Self-directed brokerage accounts	13,378,323	12,070,737
		$ 141,665,658	$ 134,144,221
Investments at contract value			
Newport Trust Company	Stable Value Fund	$ 794,489	$ 771,789
Participant Notes Receivable		$ 364,004	$ 416,342

Investment income and interest income on notes receivable from participants certified by Ascensus and Newport for the year ended December 31, 2025 were $21,101,146 and $30,270, respectively.

(4) FAIR VALUE MEASUREMENTS

Accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds – Valued at the net asset value of shares held by the Plan at year-end.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate common stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value as of December 31, 2025 and 2024:

(5) INVESTMENT IN STABLE VALUE FUND

As of November 2021, the Plan includes a benefit-responsive investment option in Reliance Trust Company Metlife Stable Value Fund 25053 Class 0 ("RTCM") which is a collective investment trust for which Reliance serves as a trustee and investment manager. The fund invests in guaranteed investment contracts issued by a life insurance company that invests in short-term high quality fixed income investments. The objective of the fund is to preserve principal while generating earnings at rates competitive over time. The contract is included in the financial statements at contract value as reported to the Plan by Ascensus. The average yield on investment contracts was 2.74% for 2025. The weighted average-crediting rate on investment contracts was 2.74% at December 31, 2025.

Market value events may limit the ability of the RTCM to transact at contract value with the issuer. Such events include, but are not limited to: plan termination, mergers, spin-offs, early retirement incentive program, termination or partial termination of the fund, and sales or closing of the Companies' operations. In the normal course of business, such events or conditions would not limit the ability of the RTCM to transact at contract value with the participants in the fund. The RTCM was managed to maintain a certain amount of liquidity to provide for the liquidity needs of participants as well as occasional market value events.

(6) RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Newport provides recordkeeping and administrative services to the Plan, and as a result, is considered a party in interest under ERISA. During the year ended December 31, 2025, the Plan paid $12,351 to Newport for recordkeeping and administrative services. Certain fees were paid directly by the Plan and deducted from participant accounts in accordance with the Plan's service arrangements. The transactions with Newport are considered exempt party-in-interest transactions under ERISA.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) TAX STATUS

The Internal Revenue Service has determined and informed the Company in a letter dated August 5, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2022.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) CONCENTRATION OF CREDIT RISK ARISING FROM CASH DEPOSITS

The Plan maintains money market funds which, at times, may exceed Securities Investor Protection Corporation protection limits. The Plan has not experienced any losses in these accounts and management believes it is not exposed to any significant credit risk.

(11) SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through October 6, 2026, the date on which the financial statements were available to be issued.
