Independent Auditor's Report

To the Plan Administrator
Municipal Authority of Westmoreland County 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Municipal Authority of Westmoreland County 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company, a qualified institution, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Municipal Authority of Westmoreland County 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Municipal Authority of Westmoreland County 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

Independent Auditor's Report

(continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Municipal Authority of Westmoreland County 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Municipal Authority of Westmoreland County 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter — Supplemental Schedule Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

The following description of the Municipal Authority of Westmoreland County 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) safe harbor plan covering substantially all employees of the Municipal Authority of Westmoreland County (Employer), except for nonresident aliens, leased employees, residents of Puerto Rico, part-time employees whose regular scheduled service is less than 1,000 hours of service in the relevant eligibility computation period, temporary and seasonal employees and employees hired prior to October 16, 2012, as these are all excluded classes of employees per the Plan document. Eligible employees are able to participate in the Plan immediately upon employment, as there is no age or service requirement. See Note 10, Plan Amendments, for information regarding long-term part-time employee eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan agreement utilized a nonstandardized prototype sponsored by Standard Retirement Services, Inc. (Standard). The administrator of the Plan and Plan sponsor is the Employer.

Contributions

Plan participants may contribute up to 100% of their annual compensation on a pretax basis, as defined by the Plan document, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations under the IRC. The Plan has an automatic enrollment feature, whereby employees who meet the eligibility requirements will be automatically enrolled unless they affirmatively elect otherwise. Employees who were automatically enrolled will have 5.5% of their eligible compensation withheld as a pretax deferral and their contributions invested in a designated fund until changed by the participant. Participants may also contribute rollover distributions from other qualified defined benefit or contribution plans.

For the years ended December 31, 2025 and 2024, the Employer made a fixed safe harbor nonelective contribution equal to 5.5% of eligible wages for all eligible employees.

Participants direct the investment of their contributions including Employer contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions, or the percentage(s) invested in each of these options or transfer funds among these options on any business day. All investments are participant directed.

Benefits

Benefits may be distributed to participants, spouses, or designated beneficiaries, as appropriate, upon normal retirement (age 55), death, disability or termination of employment. Payments are in the form of a lump-sum payout or in partial withdrawals of the participant’s account balance or over a period determined by the Plan administrator. The Plan provides for required minimum distributions commencing at age 73 for certain participants.

NOTE 1 – PLAN DESCRIPTION (continued)

Notes Receivable from Participants

Participant loans are not permitted per the Plan document.

Vesting

Participants are fully vested in their accounts at all times, including Employer nonelective contributions, plus actual earnings or losses thereon.

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's contributions, the Employer's safe harbor nonelective contributions and the net investment income (loss) attributable to the participant's account. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan document. A participant's benefit is limited to the amount that can be provided from the participant's vested account balance.

Forfeitures

There are no forfeitures as participants are 100% vested in both employer and employee accounts at all times.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Unallocated Assets

Plan assets of approximately $100,868 and $16,817 had not yet been allocated to participants as of December 31, 2025 and 2024, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Employer Contribution Receivable and Allowance for Credit Losses

The Employer contribution receivable consists of amounts due from the Plan sponsor at year end and are stated at the amount the Plan expects to collect. Management has considered past transaction history and current economic trends when determining the collectability of the employer contribution receivable. The Plan's allowance for credit losses was zero as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Plan Administration Costs

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan are paid from Plan assets and recorded as deductions in the accompanying statements of changes in net assets available for benefits. Administrative expenses may be allocated to participant accounts based on participant earnings, account balances, or specific transactions, as provided by the Plan document. In addition, certain investment related expenses are included in the net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Investment Valuation and Income Recognition

Investments in all funds are presented at fair value (except fully benefit-responsive investment contracts, which are reported at contract value), based on quoted market prices of the underlying securities within each fund at December 31, 2025 and 2024. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Standard Stable Asset D Account is a guaranteed annuity contract, which has been determined to be fully benefit-responsive, and as such, is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

GAAP establishes a framework for measuring fair value that requires or permits fair value measurements and enhances disclosures about fair value measurements. GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability, that is, an exit price, in the principal or most advantageous market in an orderly transaction. The fair value hierarchy requires an entity to maximize the use of observable inputs when measuring fair value. The required disclosures concerning inputs used to measure fair value are included in Note 9.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan sponsor evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. The Plan sponsor is not aware of any subsequent events which require recognition or disclosure in the financial statements.

NOTE 3 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – PARTY-IN-INTEREST TRANSACTIONS

Fees paid in the ordinary course of business during 2025 and 2024 for professional, administrative and custodial services were paid by the Plan based on customary and reasonable rates for services. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules. During the years ended December 31, 2025 and 2024, the Plan's investments included shares of portfolios managed by the Standard and, therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative expenses reported in the statements of changes in net assets available for benefits were charged to participant accounts for administrative services and participant initiated transactions.

NOTE 5 – INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) that stated the Plan and related Trust are designed in accordance with applicable sections of the IRC. Subsequent to the receipt of the opinion letter from the IRS, the Plan has been amended. The Plan is required to operate in conformity with the IRC to maintain its qualification. In the opinion of the Plan administrator, the Plan and the related Trust are currently operated in accordance with the Plan agreement and in conformity with applicable provisions of the IRC and are exempt from federal taxes.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2025 and 2024 and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company (trustee). The trustee has certified the following investments and investment income as of and for the years ended December 31:

	2025	2024
Certified Assets at End of Year		
Mutual funds	$ 19,426,794	$ 15,180,748
Standard Stable Asset D Account	2,515,865	2,011,687
Certified Assets at End of Year	$ 21,942,659	$ 17,192,435
Employer Contribution Receivable	1,758	-
Net Assets Available for Benefits	$ 21,944,417	$ 17,192,435
Certified Investment Income		
Net appreciation in fair value of investments	$ 1,527,019	$ 720,894
Interest and dividends	1,025,939	762,266
Certified Investment Income	$ 2,552,958	$ 1,483,160

NOTE 8 – GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2021, the Plan entered into a fully benefit-responsive guaranteed annuity contract with Standard Insurance Company, noted as the Standard Stable Asset D Account (Contract). Contributions to the Contract are maintained in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the Contract is dependent on Standard's ability to meet its financial obligations. Standard Insurance Company's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Because the guaranteed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. The guaranteed annuity contract is presented at contract value on the face of the statements of net assets available for benefits.

NOTE 8 – GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

Contract value, as reported to the Plan by Standard Insurance Company was $2,515,865 and $2,011,687 at December 31, 2025 and 2024, respectively, and represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Interest rates are reviewed on a quarterly basis for resetting. The average yield earned and credited to participants for the years ended December 31, 2025 and 2024 was 2.22% and 2.09%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include changes to the Plan's prohibition on competing investment options, premature termination of the contracts by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives.

The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 9 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value and requires certain disclosures about the fair value measurement (see Note 2). The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 9 – FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the Level 2 must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Mutual funds* – Valued at the NAV of shares held by the Plan at year end. The NAV is based upon quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,426,794	$ -	$ -	$ 19,426,794

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,180,748	$ -	$ -	$ 15,180,748

NOTE 10 – PLAN AMENDMENTS

The Setting Every Community Up for Retirement Enhancement 2.0 Act (SECURE 2.0 Act) of 2022 was signed into law on December 29, 2022. The SECURE 2.0 Act is a retirement plan bill that aims to increase access to retirement plans and encourage Americans to save for their future. It builds on the changes made by the SECURE Act of 2019, which was signed into law in December 2019. Provisions of the SECURE 2.0 Act affecting the Plan include an increase in the required minimum distribution age; the elimination of required minimum distributions from designated Roth accounts; an increase in the mandatory distribution limit for former participants from $5,000 to $7,000; expanded eligibility for long-term part-time employees; and increased catch-up contribution limits for certain participants. The original SECURE Act generally required employers to permit qualifying long-term part-time employees to make elective contributions to 401(k) plans beginning January 1, 2024, after three consecutive years with at least 500 hours of service in each year. The SECURE 2.0 Act reduced the service requirement from three consecutive years to two consecutive years, allowing qualifying employees to enter the Plan beginning January 1, 2025. While employers are required to allow LTPT employees to make contributions, they are not obligated to make matching contributions for them. Written Plan amendments reflecting applicable operational changes will be adopted within the period permitted by applicable law and related guidance.
