INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan

Opinion

We have audited the accompanying financial statements of Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elder Services of Cape Cod and the Islands, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Part IV, Line 4i Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedules Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN:

The following description of the Elder Services of Cape Cod and the Islands, Inc.("Company") 403(b) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of the Company. Eligible employee can enroll to the Plan on the first day of employment. There are no minimum age and service requirements to join the Plan. Under the Plan, participants may elect to have a portion of their salary deposited directly into a 403(b) account on their behalf. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. ("ERISA"). The Plan Sponsor ("Company") is responsible for the oversight of the Plan.

Contributions
Each year, participants may contribute up to the IRS maximum allowable of pretax annual compensation, as defined in the Plan. Participants who has attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Plan was amended in 2023 and offer employer contributions. The Company contributes 6% of each participant's annual compensation, as defined in the Plan, up to the IRS limit or 100% of annual compensation, whichever is less. To be eligible for the 6% employer contribution, each participant must complete a minimum of 408 hours of service during the Plan Year.

Participant Accounts
Each participant's account is credited with the employee's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivables from Participants
Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loan term may generally not be longer than five years. Loans made for the purchase of a primary residence may extend beyond five years (but in no case more than 10 years). The loans are secured by the vested account balance in the participant's account and bear reasonable rate of interest based on the prime interest rate plus 1 percentage points, determined at the time a participant takes a loan from the Plan. All notes have a definite repayment period which provides for payments to be made not less frequently than quarterly. Payments include principal and interest, and may be paid ratably through bi-weekly payroll deductions.

Payment of Benefits
On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or qualified joint and survivor annuity. If total vested account balance under the Plan is $5,000 or less as of the distribution date, a participant is eligible to receive the entire vested account balance in a lump sum distribution.

NOTE A - DESCRIPTION OF PLAN (continued):

Vesting
Each participant is fully and immediately vested in their and the Company's contributions plus actual earnings from date of participation in the Plan.

Forfeited Accounts
There are no forfeitures under the Plan since all contributions are immediately vested.

Rollover Contributions
The Plan permits participants to make rollover contributions of amounts distributed from other eligible retirement plans, including qualified plans and individual retirement accounts (IRAs), In accordance with the Internal Revenue Code. Rollover contributions are subject to verification and approval by the Plan administrator to ensure compliance with applicable regulations.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES :

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See *Note E* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year .

Notes Receivable from Participant
Notes receivable from participant are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charges directly to the borrowing participant's account and are included in administrative expenses when incurred. If participant does not make loan repayments and then the Plan administrator considers participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued) :

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Expenses
Certain expenses of the plan are paid directly by the Company and are excluded from this financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees related to administration of distributions, notes receivable from participants, and domestic related orders are charged directly to the participant's account.

NOTE C - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to a participant's account shall become 100% vested, regardless of the Plan's current vesting schedule.

NOTE D - TAX STATUS:

The Plan adopted a volume submitter 403(b) plan sponsored by Summit Financial Corporation. The Internal Revenue Service (IRS) opinion letter dated March 31, 2017, indicates that the volume submitter plan is qualified under Section 403(b) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2025 and 2024.

NOTE E - FAIR VALUE MEASUREMENTS (continued):

Level 1 - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
	Fair Value Measurements at End of Reporting Period Using			
Investments	Total	Quoted Prices in Active Markets for Identical Assets (Level1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 8,149,751	$ 8,149,751	$ -	$ -
Total assets at fair value	$ 8,149,751	$ 8,149,751	$ -	$ -

	2024			
	Fair Value Measurements at End of Reporting Period Using			
Investments	Total	Quoted Prices in Active Markets for Identical Assets (Level1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 6,181,885	$ 6,181,885	$ -	$ -
Total assets at fair value	$ 6,181,885	$ 6,181,885	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers of investments into or out of Level 3.

NOTE F - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds manage by the trustee. Nationwide Trust Company, American Funds and Symetra Life Insurance Company are the trustee/custodian and provide certain record-keeping and asset valuation services to the Plan. Summit Financial Corporation provides investment management services to the Plan. Therefore, transactions between the Plan and Nationwide Trust Company, American Funds, Summit Financial Corporation, and Symetra Life Insurance qualify as party-in-interest transactions. Fees paid by the Plan for record-keeping, asset valuation, and investment management services amounted to $11,961 and $5,829 for the years ended December 31, 2025 and 2024, respectively. These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

NOTE H - GUARANTEED INVESTENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Symetra Life Insurance Company (Symetra). Symetra maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Symetra, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $45,160 and $47,133 respectively. The crediting interest rate is based on formula agreed upon with the issuer, but may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Symetra. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance entity to terminate the agreement prior to the scheduled maturity date.

NOTE I - ROLLOVER CONTRIBUTIONS:

For the years ended December 31, 2025 and 2024, the Plan received rollover contributions totaling $147,442 and $10,024, respectively. These amounts are included in the accompanying statements of changes in net assets available for benefits as "Rollovers".

NOTE J - EVALUATION OF SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 21, 2026, the date the financial statements were available to be issued.
