Independent Auditor's Report

The Plan Administrator
Accutech 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Accutech 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in *Note 4* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

6418 LIMA ROAD, FORT WAYNE, INDIANA 46818 PHONE 260-436-9500 FAX 773-496-7969

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i —Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Accutech 401(k) Retirement Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 27, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter—Change in Accounting Principle

As more fully described in *Note 2* to the financial statements, the Plan has adjusted its 2024 financial statements for a change in accounting principle related to the recognition of contributions. The predecessor auditors reported on the financial statements before the change in accounting principle.

As part of our audit of the 2025 financial statements, we also audited the adjustments to the 2024 financial statements described in *Note 2* that were applied to restate the 2024 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review or apply procedures to Accutech 401(k) Retirement Plan's 2024 financial statements other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2024 financial statements as a whole.

Accutech 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of the Plan

The following description of the Accutech 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Accutech Systems Corporation (the Company) and covers substantially all employees who have completed 30 days of service and are age 18 or older. The Plan was originally effective January 1, 2021 and provides for retirement, death, disability, and termination benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to the maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax or after-tax (Roth) contribution. Participants age 50 or older are able to make additional catch- up contributions to the Plan up to the maximum amount permitted by law. The Plan allows for rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation with an automatic escalation provision to increase the deferral rate annually by 1 percent up to a maximum of 12 percent, and their contributions invested in a designated balance fund until changed by the participant. The Plan allows participants to change the amount of their contribution on a periodic basis and changes will be made as soon as administratively possible.

The Company provides a safe harbor matching contribution in an amount equal to 100 percent of the first 3 percent contributed plus 50 percent of the amount contributed between 3 percent and 5 percent of eligible compensation. The Company may also make an additional discretionary contributions to eligible participants during each Plan year. Participants are eligible for matching and/or discretionary contributions after one year of service. There were no additional matching or discretionary contributions made in 2025 or 2024.

1. Description of the Plan (continued)

Investment Options

Participants can direct that their pre-tax, Roth, and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections on a periodic basis.

The investments of the Plan consist of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and is charged with his or her withdrawals and certain participant specific administrative expenses and an allocation of other administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, and the Employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching contribution portion of their account, plus actual earnings (or losses) thereon, is based on years of credited service. A participant is 100 percent vested after three years of credited service or upon earlier termination of employment due to death or permanent disability.

Payment of Benefits

Upon retirement or other termination of employment, distribution of a participant's vested account balance will be made as soon as administratively practicable following their request for distribution. If a participant's vested account balance does not exceed $1,000, a participant's entire vested account balance shall be normally distributed to the participant (or in the event of the participant's death, his beneficiary) in a lump-sum payment as soon as administratively practicable following the date the participant retires or otherwise terminates from employment.

1. Description of the Plan (continued)

Payment of Benefits (continued)

However, in the event of a mandatory distribution to a participant whose vested account balance exceeds $1,000 but is equal to or less than $5,000, if the participant does not elect to have such automatic distribution paid directly to an eligible IRA or other eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator shall pay the distribution in a direct rollover to an individual retirement account.

Distributions are normally made in a single lump-sum cash payment. However, a participant with a vested account balance exceeding $5,000 may elect to receive their distribution in the form of an annuity or installment payments over a period as permitted under the Plan. Other Plan distribution provisions apply in the event of death or disability.

The Plan also provides for participant loans as described above and hardship withdrawals. Distributions of benefits are recorded as withdrawals from the Plan and reduction of net assets available for benefits in the period paid to the participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. The Company also provides certain accounting, recordkeeping, and administrative services for the Plan for which it receives no compensation. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to distribution processing are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in all employer contributions.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Significant Accounting Policies (continued)

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan includes in the statements of changes in assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

The underlying investments of the mutual funds and common collective trust funds consist of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic locations.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Significant Accounting Policies (continued)

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Change in Accounting Principle

During the year ended December 31, 2025, the Plan changed its accounting principle for recording contributions. Under the prior accounting principle, contributions from the Plan participants and the matching contributions were recorded in the year in which participant compensation is earned. Under the newly adopted accounting principle, contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Both the prior and newly adopted accounting principles are acceptable under accounting principles generally accepted in the United States of America. Management determined that the newly adopted accounting principle is preferable because it better reflects the period in which employee benefit costs are incurred and participant election changes may occurs subsequent to the participant compensation being earned and prior to processing payroll. In addition, the employee and employer contributions will conform to the Form 5500.

The change in accounting principle has been accounted for in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 250, *Accounting Changes and Error Corrections*. ASC 250-10-50-1 requires disclosure, in the fiscal period in which a change in accounting principle is made, of the nature of and reason for the change, including why the newly adopted accounting principle is preferable; the method of applying the change; the prior-period information retrospectively adjusted; and the cumulative effect on net assets as of the beginning of the earliest period presented. ASC 250 generally requires retrospective application of a change in accounting principle to all prior periods presented unless retrospective application is impracticable.

The Plan applied the change in accounting principle retrospectively to all prior periods presented. Accordingly, the accompanying financial statements for the year ended December 31, 2024 have been adjusted to reflect the new accounting principle as if it had been applied in that period. The cumulative effect of the change on periods prior to December 31, 2024 for $53,729 was recorded as an adjustment to opening net assets as of January 1, 2024. In addition, 2024 contributions were reduced by $6,265.

2. Significant Accounting Policies (continued)

Reclassifications

Certain 2024 amounts have been reclassified to conform with the 2025 presentation.

3. Income Tax Status

The Plan has received an opinion letter from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2022.

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan.

5. Fair Value Measurements

FASB ASC Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Fair Value Measurements (continued)

Common collective trust funds: Valued at the NAV of units of a common collective trust. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of shares outstanding. The common collective trust funds have daily redemptions and one day trading terms. The common collective trust funds have no unfunded commitments as of December 31, 2025.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 10,774,685**	**$ -**	**$ -**	**$ 10,774,685**
Measured at NAV:				
Common collective trust funds				**174,275**
Total investments at fair value				**$ 10,948,960**

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 8,089,901	$ -	$ -	$ 8,089,901
Measured at NAV:				
Common collective trust funds				139,528
Total investments at fair value				$ 8,229,429

6. Related Party Transactions

Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan, provided recordkeeping, administration, accounting, and other services for the Plan. Global Retirement Partners LLC is the investment advisor and Compensation Systems, Inc. is the third-party administrator. Fees paid by the Plan to service providers were $86,364 and $78,055 for the years ended December 31, 2025 and 2024, respectively.

7. Subsequent Events

Management has evaluated subsequent events through October 5, 2026, the date on which the financial statements were available to be issued.
