Independent Auditors' Report

To the Plan Administrator
Foundation Partners Group 401(k) Plan
(f/k/a Foundation Partners Group, LLC Retirement Savings Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Foundation Partners Group 401(k) Plan (f/k/a Foundation Partners Group, LLC Retirement Savings Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and the Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Foundation Partners Group 401(k) Plan (f/k/a Foundation Partners Group, LLC Retirement Savings Plan) (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

(a) General

The Plan is a defined contribution plan sponsored by Foundation Partners Group, LLC (the "Company") for the benefit of its full-time employees who have three months of service and are age 21 or older. Part-time employees are not eligible to participate in the Plan unless they complete 500 hours of service and attain the age of 21. Leased employees, union employees, interns, nonresident aliens, non-common law employees and apprentices are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan operates under an agreement with Voya Institutional Trust Company ("VITC"), who serves as trustee of the Plan. Retirement Solutions Specialists ("RSS") served as third-party administrator of the Plan in 2024. Effective January 1, 2025, Nova 401(k) Associates ("Nova") began serving as third-party administrator and the Plan was amended and restated with the adoption of the Nova 401(k) Associates pre-approved plan document.

(b) Contributions

Each year, participants may contribute up to 90% of eligible compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage will increase by 1% per year on January 2, up to a maximum of 10% of eligible compensation. This provision applies only to employees hired after April 23, 2018. The Company may make discretionary employer matching contributions to eligible plan participants based on participants' elective deferrals.

Participants must be employed on the last day of the plan year to receive a discretionary employer matching contribution. For the year ended December 31, 2025, the Company's discretionary matching contribution was 75% of the first 6% contributed by participants with less than six years of service and 100% of the first 6% contributed by participants with six or more years of service. The Company may also make non-elective contributions to eligible employees who have worked at least 1,000 hours and are employed on the last day of the contribution period. No such contributions were made for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

(1) Description of Plan - Continued

(b) Contributions - Continued

During 2025, the Plan considered applicable provisions of the SECURE 2.0 Act of 2022 ("SECURE 2.0"). The Plan implemented the enhanced catch-up contribution limits available to participants attaining ages 60 through 63 during the taxable year. In addition, the Plan adopted a good faith amendment related to future Roth catch-up contribution requirements under SECURE 2.0, which is effective January 1, 2026. Management is not aware of any SECURE 2.0-related operational or compliance matters that had a material effect on the Plan during the year ended December 31, 2025.

(c) Participant Investment Account Options

The Plan currently offers various registered investment companies as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants' contributions plus actual earnings thereon are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%

The Plan recognizes prior service with any entity that the Company acquires, whether by asset or stock purchase, but only with respect to individuals who are employees of the acquired entity at the time of the acquisition. Regardless of the vesting schedule, participants become 100% vested in their employer contributions upon reaching normal retirement age (age 65) or upon death or disability.

(1) Description of Plan - Continued

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may not have more than one loan outstanding at any time. Loan repayment terms may not exceed five years unless the purpose of the loan is to acquire a principal residence.

(g) Payment of Benefits

On termination of service due to death, disability, retirement (after attaining normal retirement age) or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for distributions in substantially equal installments or partial withdrawals. If the vested account balance payable to a participant is less than or equal to the mandatory distribution limit utilized by the Plan, such account will be automatically distributed to the participant or rolled into an IRA on the participant's behalf without the participant's consent. The Plan also provides for in-service withdrawals for those age 59 ½ or older and for hardship withdrawals in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than $500 and must qualify with respect to plan provisions.

(h) Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $459,000 and $196,000, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the Plan. Additionally, approximately $463,000 and $248,000 of forfeited nonvested accounts were used to reduce employer contributions receivable as of December 31, 2025 and 2024, respectively. Forfeited nonvested accounts used in 2026 to reduce employer contributions receivable at December 31, 2025 included additional forfeitures incurred between December 31, 2025 and the date on which the employer contributions receivable were funded in 2026. Finally, approximately $46,000 of forfeited nonvested accounts were used to pay administrative expenses of the Plan during the year ended December 31, 2025.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

(2) Summary of Significant Accounting Policies - Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

(e) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VITC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Total investment income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements at December 31, 2025		
Description	Assets Measured at Fair Value at December 31, 2025	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 36,341,520	$ 36,341,520	$ -	$ -

		Fair Value Measurements at December 31, 2024		
Description	Assets Measured at Fair Value at December 31, 2024	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 31,213,971	$ 31,213,971	$ -	$ -

(5) Party-in-Interest Transactions

The Plan paid $302,597 of expenses related to the Plan's operations to the Plan's recordkeeper, third-party administrator, investment advisor and auditor. These transactions, in addition to participant loan transactions, are party-in-interest transactions, but are exempt from the prohibited transaction rules.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

		2025	2024
Net assets available for benefits per the financial statements	$	38,158,482	33,547,954
Less: Participant contributions receivable		-	(7,500)
Less: Employer contributions receivable		(1,734,929)	(2,248,997)
Add: Unearned contributions		151,402	143,976
Add: Excess contributions payable		116,478	162,686
Net assets available for benefits per Schedule H of the Form 5500	$	36,691,433	31,598,119

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$	4,610,528
Change in participant contributions receivable		7,500
Change in employer contributions receivable		514,068
Change in unearned contributions		7,426
Change in excess contributions payable		(46,208)
Net income per Schedule H of the Form 5500	$	5,093,314

(8) Tax Status

During 2025 and 2024, the Plan adopted a non-standardized defined contribution pre-approved plan document ("PAPD") sponsored by RSS and Nova, respectively. The IRS determined that the PAPD for both RSS and Nova was designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and issued an opinion letter dated June 30, 2020 for both PAPDs. Although the Nova Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Delinquent Participant Contributions

For the year ended December 31, 2025 and 2024, the Plan did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances of $23,309 were identified on the Schedule of Delinquent Participant Contributions and were not corrected prior to January 1, 2026. The Plan is working to correct all balances, including lost earnings, resulting from delay in contributions.

(11) Subsequent Events

The Plan has evaluated events through September 18, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
