Independent Auditors' Report

The Plan Administrator of
FXCollaborative Architects LLP
Profit Sharing and Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of FXCollaborative Architects LLP Profit Sharing and Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Profit Sharing and Incentive Savings Plan

Notes to Financial Statements
December 31, 2025

1. Description of Plan

Effective January 1, 1981, FXCollaborative Architects LLP (the “Company” or “Employer”) established the FXCollaborative Architects LLP Profit Sharing and Incentive Savings Plan (the "Plan"). The following brief description and summary of major Plan provisions provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a 401(k) type of defined contribution plan. All eligible employees of the Employer who are at least 21 years of age with three months of service are eligible to participate in the Plan. Union employees, non-resident aliens, leased employees and residents of Puerto Rico are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to have a percentage or dollar amount deducted on a pre-tax or Roth basis from their eligible compensation, as defined by the Plan document. Participants may elect to increase, decrease or suspend their contributions according to procedures established by the Employer. The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a rate of 3% unless they affirmatively opt out. Participants who have attained age 50 before the Plan year-end are eligible to make catch-up contributions up to the statutorily permitted amounts. There is an annual dollar limit as to the amount that can be contributed on a pre-tax or Roth basis into the Plan which is determined by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified retirement plans.

At the Employer’s sole discretion, the Employer may make matching contributions on behalf of each participant in any specific percentage of the participants’ elective deferrals. Participants who have completed 12 months of service and are employed on the last day of the year are eligible for the matching contribution. In addition to the matching contribution, the Employer may make a discretionary non-elective contribution. The Employer discretionary non-elective contribution is for each eligible participant who has completed at least 12 months of service and are employed on the last day of the year. During the 2025 Plan year, the Employer did not make a discretionary non-elective contribution however the Employer made a discretionary matching contribution equal to 25% of a participant’s elective deferral up to 1.5% of eligible compensation.

Participant Accounts

Each participant's account is credited with the Employer and participant contributions and the investment earnings thereon. The contributions are allocated among investment options according to the participant’s instructions. Allocations are based on participant earnings, account balances, or specific participant account transactions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the amount accumulated in the participant’s vested account.

1. Description of Plan *(continued)*

Vesting

A participant is fully vested in their own contributions and earnings thereon at all times.

Participants' interest in the Employer matching contribution account and Employer discretionary non-elective contribution account will vest based on their years of vesting service, in accordance with the following schedule:

Years of Vesting Service	Vesting Percentage
0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

In the event that a participant terminates before becoming fully vested in his or her account balance, the non-vested portion of the participants' account balances will be forfeited as of the termination date. Forfeitures of terminated non-vested accounts will be used to reduce future Employer contributions made to the Plan or used to pay any administrative expenses of the Plan. At December 31, 2025 and 2024, unapplied forfeitures totaled $885 and $0. During 2025, no forfeitures were used to reduce Employer contributions or to reduce administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest equal to 1% above the prime rate at the time of the approval of the loan. Loans are repaid through payroll deductions over a period of up to five years unless the loan was made to acquire a residence, in which case, the loan can be repaid over a period greater than five years.

Payment of Benefits

Benefits are paid upon retirement, death, hardship, disability or termination of employment. Upon termination due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. The Plan permits participants who have attained age 59½ to withdraw all or a portion of their vested account balance while still employed. Participants may elect to receive benefits from several options available as set forth in the Plan document. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist. At December 31, 2025 and 2024, the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The mutual funds and money market fund held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These funds are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Other Income – Revenue Sharing

During 2025, the Plan received shareholder servicing fees of $20,391 which may be used to offset eligible Plan expenses or to allocate to participants.

2. Summary of Significant Accounting Policies *(continued)*

Expenses

Administrative expenses of maintaining the Plan may be paid by the Company and excluded from these financial statements, or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 6, 2026.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

5. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated November 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

The money market fund is managed by Charles Schwab Trust Bank, the custodian of the Plan, as defined by the Plan document. Accordingly, these transactions are considered exempt party-in-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA and are reflected in the statements of net assets available for benefits as notes receivable from participants.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
