INDEPENDENT AUDITOR'S REPORT

September 29, 2026

To the Plan Administrator of
Syracuse Home Association Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Syracuse Home Association Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) (Schedule I) as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Syracuse Home Association Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. The Plan covers employees of Syracuse Home Association (the Association) who meet the eligibility requirements defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Association sponsors and administers the Plan. Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (Principal) served as custodian and record-keeper of the Plan until August 14, 2024. ADP Retirement Trust Services, LLC (ADP) serves as the custodian and record-keeper of the Plan's assets starting August 15, 2024 through December 31, 2025.

Eligibility

Employees who have completed one year of service with at least 1,000 hours and age 21 and older are eligible to participate.

Contributions

Active participants may make voluntary contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC).

The Association may make discretionary and matching contributions to the Plan on behalf of eligible participants. For 2025 and 2024, the Plan made discretionary contributions of 4% of each eligible participant's compensation. The Association may also make matching discretionary contributions with no maximum matching contribution limit. For 2025 and 2024, the Association matched 50% of each eligible participant's elective deferrals up to 6%. Eligible participants must be employed at the Association at year end and be an active participant in the Plan at the date of the employer match contribution.

Vesting

Vesting in the contributions made by the Association plus actual earnings/losses thereon is based on years of continuous service and follows the vesting schedule described as follows:

Years of Service	Vested Percentage
Less than 2	-
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Association's contributions and an allocation of Plan earnings/losses on contributions. Allocations of earnings/losses and administrative expenses are based on participant account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Payment of Benefits

Upon termination of service, the Plan document authorizes four types of payment forms; (a) lump sum; (b) part lump sum and part installments; (c) installment payments (annually, quarterly or monthly) over a specified period of time, not exceeding the participant's life expectancy or the joint life expectancy of the participant and the participant's beneficiary; and (d) joint and survivor annuity. All account balances less than $5,000 are automatically paid out in a lump sum.

If the participant terminates employment because of disability, the Plan will make distributions to the participant under the disability distribution rules described within the Plan. Generally, the Plan makes disability distributions in a lump sum. However, if the participant's account exceeds $7,000, the disability distribution rules are subject to election requirements set forth by the Plan Advisory Committee.

If the participant dies prior to receiving all benefits under the Plan, the Plan will pay the balance of the participant's balance in the vested account to the participant's beneficiary.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants

Participants are eligible for loans equal to the lesser of $10,000 or a) $50,000 reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or b) the greater of one-half of the participant's vested account. Participants may have only one loan outstanding at any given time. Each note receivable from a participant shall bear an interest rate of the prime rate plus 1%, and shall be repaid in a period not to exceed 5 years, except for loans issued in connection with the purchase of a primary residence. Notes receivable from participants are secured by the participant's account balance.

Forfeited Accounts

The Plan treats forfeitures as a reduction of the amount the Association must contribute for the plan year in which the forfeiture occurs. The balance of unallocated forfeitures totaled $8,026 and $19,121 for the years ended December 31, 2025 and 2024, respectively. Approximately $18,190 and $13,800 of forfeitures were used to reduce employer contributions during 2025 and 2024, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Allowance for Credit Losses
The Plan records a receivable for the employee and employer contributions that are remitted to the Plan after the Plan's year end. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. No significant improvements or deteriorations are expected in the future economic conditions; therefore, management has determined that no allowance for credit losses is necessary for the year ended December 31, 2025 and 2024.

Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are reflected on a trade date basis. Interest income is recorded on an accrual basis. Dividends are records on the ex-dividend date. Net appreciation includes the Plan's earnings/losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan's investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in participant accounts and the accompanying financial statements**.**

Fair Value Measurement
GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement (Continued)
The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of unobservable inputs and minimize the use of unobservable inputs.

The Plan uses various valuation techniques to measure fair value for the Plan's assets.

Registered investment companies are valued using quoted market prices.

Common collective trust is valued at net asset value (NAV) based on the underlying assets of the trust. Due to the nature of the investments held by the trust, changes in market conditions and the economic environment may significantly impact the NAV of the trust and, consequently, the fair value of the Plan's interest in the trust.

The common collective trust fund (the fund) seeks to provide maximum current income while maintaining stability of principal. The fund invests primarily in a portfolio of Guaranteed Investment Contracts, Bank Investment Contracts, Synthetic Investment Contracts and Separate Account Contracts, which are designed to provide stability and competitive yield. NAV is obtained from information provided by the investment advisor using the audited financial statements of the fund at year end. The fund seeks to preserve the value of $1.00 per unit.

There are no unfunded commitments or redemption restrictions.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

There were no changes to the valuation techniques during 2025 or 2024.

Benefits Paid
Benefits paid to participants are recorded when paid.

Administrative Expense
Asset management fees of the participant funds are paid by the Association. Fees for other administrative services of the Plan are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. According, the custodians have certified that the following data included in the financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2025 and 2024. The following custodians have certified the financial information for the periods referenced: ADP for the period August 15, 2024 through December 31, 2025 and Principal from January 1, 2024 through August 14, 2024. The certified investment information is included in the accompanying financial statements and supplemental schedule at December 31:

5. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 11,645,528	$ -	$ -	$ 11,645,528

Registered investment companies	$ 9,886,299	$ -	$ -	$ 9,886,299
Common collective trust, at NAV (a)				445,684
	$ 9,886,299	$ -	$ -	$ 10,331,983

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

Principal managed the investments and was custodian of the Plan's assets until August 14, 2024, therefore, transactions between Principal and the Plan qualify as party-in-interest transactions. ADP managed the investments and was custodian of the Plan's assets beginning August 15, 2024, therefore, transactions between ADP and the Plan qualify as party-in-interest transactions.

The Plan allows current employees who are participants to receive notes receivable under specific circumstances. As such transactions between the participants who have notes receivable and the Plan also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Plan is operating under the non-standardized pre-approved profit sharing/money purchase/CODA. The non-standardized plan from ADP, LLC obtained its latest determination letter on October 6, 2020, which the Internal Revenue Service stated that the non-standardized plan as then designated, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 29, 2026, which is the date the financial statements were available to be issued.
