INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Lafayette 148, Inc. 401(k) Plan

Opinion

We have audited the accompanying financial statements of Lafayette 148, Inc. Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Lafayette 148, Inc. Employee Benefit Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lafayette 148, Inc. Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lafayette 148, Inc. Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lafayette 148, Inc. Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lafayette 148, Inc. Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

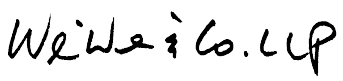

The supplemental schedule of Asset (Held at End of Year) at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a Reliance Trust agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Lafayette 148, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution plan established for the benefit of the employees of Lafayette 148, Inc. (referred to as the "Company"). The Plan covers all employees of the Company who have reached the age of 21 or older and have completed three months of service. The Plan was created under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan is funded through contributions under compensation reduction agreements.

Each year, the participants may elect to contribute up to 60% of their compensation to the Plan, subject to certain limitations imposed by the Internal Revenue Code. The annual limitation for the year ended December 31, 2025 was $23,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed $7,500 for 2025. The amount of the Company's contributions to the Plan is subject to the limitations imposed by law on the maximum amount which can be contributed. The Company's matching contribution is equal to 50% of the participants' first 6% of their compensation contribution. The Company's contributions, net of forfeited accounts, for the year ended December 31, 2025 were $100,813.

Participant Accounts

Each participant's account is credited with their contributions and the allocation of the Company's matching contributions and Plan earnings (losses). Allocations are based on the participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants' Investment Options

Participants must direct their salary deferral contributions and the Company's matching contributions, if any, to selected investments made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via internet access to Fidelity Workplace Services LLC.

Vesting

Employee contributions to the Plan are fully vested upon receipt by the Plan. Vesting in the Company's matching contribution portion of their accounts is determined under the following schedule and is based on vesting years of service.

Years of Service	Vesting Percentage
less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund account a minimum loan of $1,000 up to a maximum of the lesser of one-half their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Only one loan may be outstanding at any given time. Loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money. The interest rate shall remain fixed throughout the duration of the loan. All loans must be repaid through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years. Loan interest received by the Plan for the year ended December 31, 2025 was $24,124. Loans outstanding, presented as notes receivable from participants in the accompanying statements of net assets available for benefits, was $282,385 and $302,874 as of December 31, 2025 and 2024, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a minimum required distribution until all assets in a participant's account are distributed. Generally, if a participant terminates his or her employment with the Company, they can elect to receive a distribution of their vested balance in the Plan.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $118,364 and $75,998 respectively. During the year ended December 31, 2025, employer contributions were not reduced using forfeited credits.

Plan Termination or Merger

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become fully vested with all rights to any amounts in their respective account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest, if any. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on the quoted market closing prices at the end of the last business day of the Plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related Party Transactions

The Company pays certain administrative expenses of the Plan, which consist of audit fees and Plan maintenance fees. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"), the trustee as defined by the Plan. Fidelity is a party-in-interest. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Administrative Expenses

Administrative expenses, such as the trustee's custodial and administrative fees, are paid by the Plan. Accounting and auditing fees are paid by the Company. Administrative expenses for loans, distributions and withdrawals are paid by the participants.

Risks and Uncertainties

The Plan provides for various investment options in a number of mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the values of such investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INVESTMENTS

During 2025, the Plan's investments (including investments bought, sold, and held during the year) were appreciated in value as follows:

Net appreciation in fair value of mutual funds	$ 5,940,350

4. INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA as applicable to certain investments. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The information certified includes total investments of $50,084,035 and $45,435,412 and total participant notes receivable of $282,385 and $302,874 at December 31, 2025 and 2024, respectively, and the related investment income of $7,799,902 and interest income of $24,124 on notes receivable from participants for the year ended December 31, 2025.

5. INCOME TAXES

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan adopted certain provisions of the Economic Growth and Tax Reconciliation Act of 2001, effective January 1, 2002 as good faith compliance with requirements of the Act.

Accounting principles generally accepted in the United States of America requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained up examination by the IRS. The Plan does not have any uncertain tax positions.

The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs:	Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.
Level 2 Inputs:	Inputs other than the quoted prices in level 1, that are observable either directly or indirectly.
Level 3 Inputs:	Inputs, based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets and liabilities and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31:

2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments-Mutual funds	**$ 50,084,035**	**$ -**	**$ -**	**$ 50,084,035**

2024	Level 1	Level 2	Level 3	Total
Investments-Mutual funds	$ 45,435,412	$ -	$ -	$ 45,435,412

7. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, as the trustee of the Plan, is a party-in-interest. Fees paid by the Plan for investment management services amounted to $12,375 for the year ended December 31, 2025. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. SUBSEQUENT EVENTS

The Company's management has performed subsequent events procedures through September 29, 2026, which is the date the financial statements were available to be issued and there were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein.
