Independent Auditors' Report

To the Plan Administrator of
WTB Defined Contribution Retirement & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WTB Defined Contribution Retirement & 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits—modified cash basis for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of WTB Defined Contribution Retirement & 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WTB Defined Contribution Retirement & 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WTB Defined Contribution Retirement & 401(k) Plan’s internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WTB Defined Contribution Retirement & 401(k) Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule - modified cash basis, of Schedule H, line 4i - Schedule of Assets (Held at End of Year) - modified cash basis, as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule - modified cash basis, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule - modified cash basis that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule - modified cash basis, we evaluated whether the supplemental schedule - modified cash basis, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule - modified cash basis, other than the information in the supplemental schedule - modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule - modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the WTB Defined Contribution Retirement and 401(k) Plan (Plan) provides general information. Participants should refer to the employee handbook or the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established by Washington Trust Bank (Bank), originally effective January 1, 1985. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended and restated in its entirety effective January 1, 2022, primarily for an administrative clarification of the definition of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Bank is the Plan's sponsor and serves as Plan administrator.

The Bank's trust department is the Plan's custodian. The Bank's trust department contracted Empower Annuity Insurance Company of America and Empower Trust Company, LLC to be the sub-custodians of the Plan.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act of 2022 (the "SECURE 2.0 Act of 2022") was passed by Congress. The SECURE 2.0 Act of 2022 changes, among other things, the age requirement for required minimum distributions to 73 for those turning 73 in 2023 or later, eliminates required minimum distributions for qualified employer Roth plan accounts in 2024, increases catch-up contribution limits beginning in 2025, and lowers the penalty for failing to take a required minimum distribution. The SECURE 2.0 Act of 2022 has mandatory and optional provisions with implementation dates from 2020 to 2027. Management has adopted certain mandatory provisions and continues to assess future provisions, including the need for Plan amendments. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility – All employees of the Bank (or electing affiliates of the Bank) in a regular position are eligible to participate. There is no age requirement to participate in the Plan. The Plan excludes nonresident aliens, employees covered by a collective bargaining agreement, and employees with the following job classifications: part-time, temporary, or seasonal unless 1,000 hours of service have been met in a one-year period. For participant elective contributions and employer matching contributions, eligible employees are allowed to participate on their hire date or, for part-time, temporary or seasonal excluded employees, the date they meet the service requirement. The participant's entry date into the Plan is the first day of the month coinciding with or following the date of satisfying the eligibility requirements.

Contributions – Participants make voluntary tax-deferred contributions to the Plan by payroll deductions of either a fixed dollar amount or at a rate of any whole percent up to the Internal Revenue Service (IRS) limitations. Participants may also elect to make Roth contributions utilizing after-tax contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 6% of eligible compensation. Each year participants' deferral percentages will increase 1% to a maximum of 10% of compensation unless the participant opts out of the automatic escalation each year. Participants may elect to change their deferral percentage and/or opt out of the Plan at any time. Employees aged 50 or over are allowed to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or

defined contribution plans.

Employer contributions may be made at the discretion of the Board of Directors of the Bank (and electing affiliates of the Bank). The employer matching contribution for 2025 and 2024 was 50% of the employee's deferrals up to the first 6% of eligible compensation. Employer matching contributions were $3,726,843 and $3,439,702 for the years ended December 31, 2025 and 2024, respectively.

Employees hired on or after January 1, 2004, are placed in an eligible class for an annual nonelective supplementary contribution (supplementary contribution) equal to at least 3% of eligible compensation after a one-year service requirement, completion of 1,000 hours of service, and provided the employee is employed on the last day of the Plan year. Employer supplementary contributions made in 2025 and 2024 were $2,925,376 and $2,629,505, respectively.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, the Bank's matching contribution, the Bank's nonelective supplementary contributions (if applicable), and an allocation of Plan earnings or losses. Income is allocated daily based on the shares in the participant's account. Some funds contain revenue sharing that are credited back to the participants invested in certain mutual funds that pay them. Other fees charged to participant's accounts are for administrative expenses, such as loan fees and disbursement fees.

Vesting – Participants are immediately vested in their contributions, the Bank matching contributions, and the actual earnings thereon. Vesting in the Bank nonelective supplementary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after five years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Forfeited accounts – A forfeiture is the result of a participant's account balance exceeding the vested interest upon the earlier of the date the participant receives a distribution of their vested interest or the date the participant incurs five consecutive breaks in service. The forfeitures may be used to pay administrative costs of the Plan, restore previously forfeited account balances, and/or reduce employer matching contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $91,152 and $57,226, respectively. Forfeitures were used to reduce employer contributions in the amount of $34,034 and $39,779 for the years ended December 31, 2025 and 2024, respectively.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance except during 2020, in which participants were allowed to borrow up to a maximum equal to the lesser of $100,000 or 100% of their vested account balance, pursuant to provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. All notes are subject to a one-time processing fee at the time the note is opened. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. At December 31, 2025, interest rates ranged from 4.25% to 9.50%, and loan maturities extend up to September 2035. A note is considered in default if any scheduled repayment remains unpaid as of the last day of the calendar quarter following the period of nonpayment.

Benefit payments – Upon termination of service, death, disability, or retirement (age 65), the participant may receive the value of the interest in his or her account in the form of a lump-sum distribution within an administratively reasonable time after the date termination of employment occurs. However, distributions may not be deferred beyond December 31 of the calendar year in which the participant attains age 70½ (for participants born before June 30, 1949), age 72 (for participants born between July 1, 1949-December 31, 1950), age 73 (for participants born between 1951-1959), or age 75 (for participants born after 1959). The Plan allows for in-service distributions if a participant reaches age 59½ or hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance does not exceed $1,000, the Plan administrator may authorize the benefit payment without the participant's consent.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are maintained on a modified cash basis wherein income on certain investments is recognized when received rather than when earned and expenses and excess contributions are recorded when paid, not when incurred.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment valuation – The Plan's investments are reported at fair value and contract value. Empower Annuity Insurance Company of America certifies the contract value of the guaranteed investment contract and Empower Trust Company, LLC, certifies the fair value of all other investments as of December 31, 2025 and 2024. See Note 4 for discussion of fair value.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the cash basis, except interest income related to notes receivable from participants, which is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Administrative expenses – Most costs and expenses, with regard to the purchase, sale, or transfer of investments and other assets, as well as administrative expenses, are ordinarily paid by the Bank. Investment related expenses are included in deductions from net assets.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 6, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Sub-Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Empower Annuity Insurance Company of America and Empower Trust Company, LLC the sub-custodians of the Plan for Washington Trust Bank as of December 31, 2025 and 2024, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation (depreciation) in fair value of investments, participant loan interest, and interest and dividends reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 4 – Fair Value of Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds) – Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust – Units held in the collective trust are valued using the NAV practical expedient of the fund as reported by the fund managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

Pooled Separate accounts – Units held in separate accounts are based on market prices determined by pricing services from the sub-custodians and other reliable sources. The NAV, as provided by the sub-custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The fair value of units in pooled separate accounts is determined by dividing the market value of the fund by the total number of units in the fund.

The Capital Group EuroPacific Growth SA, a pooled separate account, wholly invests in the Capital Group EuroPacific Growth Trust, a collective investment trust, which aims to provide long-term growth of capital by investing in attractively valued companies in developed and emerging markets that are positioned to benefit from innovation, economic growth, increasing consumer demand, or a turnaround in business conditions.

The Empower S&P 500 Index Separate Acct (IS), a pooled separate account, seeks to provide long-term growth of capital by approximating the performance of the Standard & Poor's Composite 500 Index.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Note 5 – Guaranteed Investment Contract with an Insurance Company

The Plan entered into a fully benefit-responsive investment contract (FBRIC) in 2018 with Empower Annuity Insurance Company of America (Empower) but terminated the FBRIC in 2025. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, administrative expenses, and applicable taxes. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a guaranteed investment contract. Investment securities such as these, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and participant account balances.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

Note 8 – Plan Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on November 14, 2022, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Party-in-Interest Transactions

The Bank is the Plan sponsor and the Bank's trust department is the custodian of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants that qualify as party-in-interest transactions. The Plan holds Empower lifetime mutual funds, which are managed by Empower Capital Management, LLC. Empower Trust Company, LLC, is the sub-custodian of the Plan and an affiliate of Empower Capital Management, LLC and, therefore transactions with these entities qualify as exempt party-in-interest transactions. In addition, the Plan has entered into a FBRIC with Empower Annuity Insurance Company of America, who is also a sub-custodian of the Plan.
