Independent Auditor's Report

To the Retirement Plans Committee and Participants of the
Snap-on Incorporated Union Retiree Health Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Snap-on Incorporated Union Retiree Health Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Snap-on Incorporated Union Retiree Health Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Snap-on Incorporated Union Retiree Health Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Snap-on Incorporated Union Retiree Health Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Snap-on Incorporated Union Retiree Health Benefit Plan's internal control. Accordingly, no such opinion is expressed.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Snap-on Incorporated Union Retiree Health Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General — The following brief description of the Snap-on Incorporated Union Retiree Health Benefit Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

The Plan is a partially-insured health and welfare plan that provides health benefits to union retirees. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is sponsored by Snap-on Incorporated (the "Company" or "Sponsor"). U.S. Bank, N.A. ("U.S. Bank" or the "Trustee") is the Plan's trustee and holds the investment assets and executes investment transactions.

Plan benefits may either be paid directly by the Company or by the Snap-on Incorporated Amended and Restated Benefit Trust for Collectively Bargained Employees (the "Trust" or "VEBA Trust"). In 2025 and 2024, the majority of benefit payments were paid directly by the Company. All amounts are included in the financial statements.

Benefits — The Plan provides health benefits (medical, hospital, surgical, major medical), Retiree Reimbursement Accounts ("RRA"), and reimbursement of Medicare Part B premiums. RRAs are Company funded and are used to reimburse participants for qualified post-retirement health care costs. If the RRA account is exhausted, the participant can continue health care coverage on an employee-pay-all basis. Any existing RRA account is forfeited upon the death of the participant. During the years ended December 31, 2025 and 2024, forfeited amounts totaled $476,401 and $264,079, respectively.

Eligibility — Only employees who were or are subject to a collective bargaining agreement are eligible to participate in the Plan. Certain active and retired employees hired before dates ranging from December 31, 1997 to January 1, 2000, are eligible to receive reimbursement for retiree health care costs for themselves and their spouses, and reimbursement of Medicare Part B premiums. Bargained employees hired after those dates are not eligible to receive retiree health care cost reimbursement or reimbursement of Medicare Part B premiums.

Effective January 1, 2008, bargained employees are eligible to enroll in retiree medical coverage and pay 100% of current applicable premiums if they are 50 years of age with five years of continuous service, or are age 65 at retirement.

Only employees who meet specific age and service requirements and who were employed before the dates outlined in Appendix B of the Snap-on Incorporated RRA for Active Employees Summary Plan Description may become eligible to participate in the Snap-on Incorporated RRA for Retired Employees Plan.

Participant Accounts — An individual account is maintained for each participant who is eligible to receive RRA benefits. The account is charged for benefits paid and credited with an annual Company benefit that is capped and allocated an interest credit equal to 6% of the account balance.

Contributions — The Company funds the obligation for the RRA accounts, certain retiree medical costs and Medicare Part B premiums. Participants who elect other retiree medical coverage make contributions to the plan on an employee-pay-all basis.

Administrative Expenses — The Trust pays trustee, investment and audit fees. The Company pays other allocated and direct expenses of the Plan. The Company provides accounting and other administrative services to the Plan at no charge.

2. Summary of Significant Accounting Policies

Basis of Accounting — The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities. Management considers the postretirement benefit obligation and fair value of the hedge fund to be significant estimates. Actual results could differ from these estimates and are subject to change in the near term.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

The plan invests in a series of alternative investments that do not have readily available market data and the value of these investments is determined based on the best information available at the time of the Plan's trustee's investment certification. Management reviews the market values subsequent to year-end largely relying on the latest available audited financial statements or most recently published fund statement, taking into account contributions made or distributions received by the Plan following statement distribution or valuation. These estimates are subject to change in the near term based on the alternative investments' final reported figures which is often received well after the investment certification. The differences between the certified balances and the final audited investment balances were immaterial in all years presented.

Fair Value Measurement — The fair value measurements hierarchy prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority ("Level 1") to unadjusted quoted prices in active markets for identical assets and liabilities and the lowest priority ("Level 3") to unobservable inputs. Fair value measurements primarily based on observable market information are given a "Level 2" priority.

Payment of Benefits — Premiums paid by either the Company or the VEBA Trust are recorded as benefit payments in the accompanying Statements of Changes in Net Assets Available for Benefits. Benefit payments are recorded when paid by the claims administrator.

Subsequent Events — Subsequent events have been evaluated through September 30, 2026, which is the date the financial statements were available to be issued.

3. Fair Value Measurement

The mutual fund is valued at the quoted per share or unit market price for which an official close or last trade pricing on an active exchange is available and is categorized at Level 1 in the fair value hierarchy.

The common/collective trust fund is valued at the net asset value (NAV) per share or unit multiplied by the number of shares or units held as of the measurement date, as reported by the fund manager. The share or unit price is quoted on a private market and is based on the underlying investments, which are primarily based on observable inputs; such investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The investment objective of the common/collective trust fund is to match the performance of a particular equity index. The fund invests primarily in U.S. and non-U.S. equity securities with the objective of approximating as closely as practicable the capitalization weighted total return of the markets in certain countries for publicly traded equity securities. The fund held by the Plan offers daily liquidity with a two-day notification period.

The hedge fund is stated at the NAV per share or unit (based on the estimated fair market value of the underlying investments) multiplied by the number of shares or units held as of the measurement date, as reported by the fund managers. This investment is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The strategy of the hedge fund(s) is to pursue its investment objective by allocating capital among various portfolio managers through investments in collective investment vehicles and individually managed accounts. The collective investment vehicles may engage in the trading of equity and debt securities of U.S. and non-U.S. corporations, U.S. and non-U.S. government securities, futures contracts, options, options on futures, partnership interests, money market instruments and other derivative instruments. The Plan can redeem part or all of its investment in the hedge fund by providing written notice of the withdrawal request at least 100 days in advance of the last day of the calendar year; the Plan can also redeem up to 25% of its investment in the hedge fund by providing written notice of the withdrawal request at least 100 days in advance of a quarterly redemption date (March 31, June 30, and September 30). There are no unfunded commitments.

The columns labeled "Investments Measured at NAV" in the following tables are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a summary of the inputs used as of December 31, 2025, of the Plan's assets within the fair value hierarchy on a recurring basis:

	Level 1	Investments Measured at NAV	Total
Mutual fund – debt securities	$ 5,071,612	$ —	$ 5,071,612
Common/collective trust – equity securities	—	3,902,079	3,902,079
Hedge fund	—	3,286,058	3,286,058
Total	$ 5,071,612	$ 7,188,137	$ 12,259,749

The following is a summary of the inputs used as of December 31, 2024, of the Plan's assets within the fair value hierarchy on a recurring basis:

	Level 1	Investments Measured at NAV	Total
Mutual fund – debt securities	$ 4,989,270	$ —	$ 4,989,270
Common/collective trust – equity securities	—	3,280,432	3,280,432
Hedge fund	—	3,246,228	3,246,228
Total	$ 4,989,270	$ 6,526,660	$ 11,515,930

4. Funding Policy

Contributions to provide benefits under the Plan are made by the Company and Plan participants; Company contributions may be reimbursed by the Trust. The Company was reimbursed by the Trust for eligible contributions made in the 2025 and 2024 plan years totaling $674,553 and $731,215, respectively.

	2025	2024
Participant contributions	$ 250,980	$ 267,875
Company contributions	687,117	766,382
Company reimbursements	(674,553)	(731,215)
Total contributions, net	$ 263,544	$ 303,042

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the plan document. Upon termination, no part of the VEBA Trust may inure to the benefit of the Company or be used for purposes other than for the payment of designated benefits.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the financial condition of the Company at that time. Some benefits may be fully or partially provided for by the then existing assets while other benefits may not be provided for at all.

6. Benefit Obligations

The postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed to employee service rendered. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents; and (2) active employees and their beneficiaries after retirement from service with the Sponsor. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of expected postretirement obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement obligation is determined by an independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following is the actuarial present value of benefit obligations as of December 31, 2025 and 2024:

	2025	2024
Claims incurred but not reported	$ 2,014	$ (15,387)
Postretirement benefit obligations:		
Current retirees	5,536,468	5,637,289
Other participants fully eligible for benefits	2,176,743	2,306,780
Other participants not fully eligible for benefits	66,155	54,027
Total postretirement benefit obligations	7,779,366	7,998,096
Total benefit obligations	$ 7,781,380	$ 7,982,709

The actuarial present value of benefit obligations does not include benefits that are funded solely by participant contributions. As of December 31, 2025 and 2024, $7,599,281 and $7,821,541, respectively, of benefit obligations related to RRA benefits.

The following are the changes in the actuarial present value of benefit obligations for the years ended December 31, 2025 and 2024:

	2025	2024
Actuarial present value of benefit obligations as of beginning of year	$ 7,982,709	$ 8,593,497
Claims incurred but not reported:		
Balance at beginning of year	(15,387)	1,465
Balance at end of year	2,014	(15,387)
Net increase / (decrease)	17,401	(16,852)
Increase / (decrease) during the year attributable to:		
Interest earned	419,469	433,705
Benefits earned	2,077	1,909
Actuarial gain experience	(21,226)	(39,670)
Assumption changes	100,106	(168,233)
Benefits payments and expenses	(719,156)	(821,647)
Net decrease	(218,730)	(593,936)
Actuarial present value of benefit obligations as of end of year	$ 7,781,380	$ 7,982,709

The following are the more significant actuarial assumptions used in the valuations as of December 31, 2025 and 2024:

Rate of interest

6% for RRAs

Mortality basis

Pre-retirement: Pri-2012 non-annuitant mortality table with no collar adjustment, projected generationally using the Mercer Modified Improvement Scale (MMP-2021)

Post-retirement: Mercer Industry Specific Consumer Goods & Food and Drink mortality table for annuitants with no collar adjustment, projected generationally using the Mercer Modified Improvement Scale (MMP-2021)

The MMP-2021 scale was used as of December 31, 2024.

Discount rate

5.18% as of December 31, 2025 and 5.49% as of December 31, 2024

Medical trend rate

The medical trend rate varies from 6.84% (Pre-Medicare) and 7.31% (Post-Medicare) in 2025 to 3.97% (Pre- and Post-Medicare) in 2050+ as of December 31, 2025

The medical trend rate varied from 6.84% (Pre-Medicare) and 7.31% (Post-Medicare) in 2024 to 3.97% (Pre- and Post-Medicare) in 2049+ as of December 31, 2024

There were no significant changes in the assumptions used to estimate the actuarial present value of benefit obligations. An increase in the assumed medical trend rate of 1% in each year would increase the accumulated postretirement benefit obligation by approximately $144,000 as of December 31, 2025.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of benefit obligations.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated April 7, 2010, that the Trust was designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the Company and Management believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan and related Trust continue to be tax-exempt.

The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain income tax positions. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress.

8. Information Certified by the Trustee

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income for the years ended December 31, 2025 and 2024, was obtained or derived from information certified as complete and accurate by the trustee of the Plan.

9. Risks and Uncertainties

Investments are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these assumptions will occur in the near term and that the effect of such changes could be material to the financial statements.

10. Related-Party or Party in Interest Transactions

Reimbursements of qualified payments were made from the Trust to the Sponsor, and the trustee of the Trust executes investment transactions on behalf of the Sponsor. These transactions are related party and party in interest transactions under ERISA.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Form 5500:

	2025	2024
Net assets available for benefits per financial statements	$ 12,217,327	$ 11,519,817
Less:		
Claims incurred but not reported	(2,014)	15,387
Net assets available for benefits per Form 5500	$ 12,215,313	$ 11,535,204
Changes in net assets available for benefits per financial statements	$ 697,510	$ 106,241
Changes in accrual for claims incurred but not reported	(17,401)	16,852
Changes in net assets available for benefits per Form 5500	$ 680,109	$ 123,093
