Independent Auditor's Report

To the Plan Administrator of
The Savings Plan (401(k)) of Mitsubishi International Corporation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings Plan (401(k)) of Mitsubishi International Corporation (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Savings Plan (401(k)) of Mitsubishi International Corporation's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of The Savings Plan (401(k)) of Mitsubishi International Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Savings Plan (401(k)) of Mitsubishi International Corporation's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Savings Plan (401(k)) of Mitsubishi International Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Savings Plan (401(k)) of Mitsubishi International Corporation's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Savings Plan (401(k)) of Mitsubishi International Corporation

Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of The Savings Plan (401(k)) of Mitsubishi International Corporation (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective June 1, 1989, and most recently amended March 31, 2025. Employees of Mitsubishi International Corporation and Subsidiaries (collectively, the "Company") of which become eligible to participate after attaining the age of 18. Participants become eligible to receive discretionary nonelective matching contributions upon completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Benefits Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may contribute an amount not less than 2% but not more than 25% of their compensation, as defined in the Plan agreement. Participants may designate all or a portion of their contributions as Roth deferral contributions. Entry dates into the Plan are quarterly. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an autoenrollment provision for substantially all subsidiaries whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Eligible employees of MC Machinery System, Inc. and MAC Funding Corporation are automatically enrolled in the Plan at a rate of 2% from January 1, 2020 through March 31, 2020 and 4% subsequently, unless they affirmatively elected not to participate in the Plan. Eligible employees of all other Companies have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Each July 1, automatically enrolled employees of Mitsubishi International Corporation, MIC Business Solutions, Mitsubishi Corporation (Americas) Diamond Gas North America Corporation, Diamond Realty Investments, Inc. and Mitsubishi Food Ingredients, DGC Operations, LLC. will be automatically increased in an increment of 2% up to a maximum of 10%, unless they affirmatively elect against the increase. The Company makes matching contributions in an amount equal to a discretionary uniform percentage (currently 20% to 100%) of the amount of an employee's contribution not in excess of 4% up to 8% of an employee's base pay depending on the location of the Company where the member is employed. The Company may also make discretionary nonelective contributions. No employers made discretionary nonelective contributions in 2025. The Company also makes nonelective retirement contributions for employees of Mitsubishi International Corporation, MIC Business Solutions, Mitsubishi Corporation (Americas), and, effective April 1, 2017, Diamond Gas North America Corporation in an amount equal to a percentage of eligible compensation based on the number of points as of the beginning of each pay period. Points are awarded based on years of vesting service completed and the age of the employee, and range from 3.0% to 7.5% of the employee's eligible compensation. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts
Each participant's account is credited with the participant's contributions and Company matching and retirement contributions, as well as allocations of Plan earnings and discretionary nonelective contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon.

Vesting in the Company's nonelective contributions is based on years of credited service, with participants becoming 20% vested after two years of service and an additional 20% vested for each additional year of service until becoming 100% vested after six years of service.

Vesting in the Company's matching contributions is based on years of credited service, with participants becoming 33.33% vested after one year of service, 66.67% vested after two years of service, and 100% vested after three years of service.

Participants whose first day of employment with MC Financial Services was on September 1, 2004, January 9, 2006 or January 23, 2006 are vested in their full account balances immediately.

Participants who were enrolled in another qualified plan maintained by DGC Operations, LLC, as of August 1, 2006, Triland Metals Americas, Inc. who had completed three years of service as of January 1, 2010, are subject to a special vesting schedule for Company contributions. These participants are 50% vested after two years of service, 75% vested after three years of service, and 100% vested after four or more years of service.

Vesting in the prior plan portion of participants' accounts attributable to the MC Machinery Systems, Inc. Savings and Retirement Plan is based on years of service. Participants are 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service, and 100% vested after five or more years of service.

Participants are 100% vested in Company nonelective retirement contributions upon completion of three years of credited service.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percent. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years or greater for the purchase of a primary residence.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not to exceed the joint life and last survivor expectancy of the participant and their beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with a vested account balance of $5,000 or less will receive a lump-sum amount equal to the value of the vested portion of their account. Distributions from nonelective retirement contributions are made in the form of nontransferable annuity contracts, unless the participant elects an alternative form of payment. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited accounts
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $23,956 and $981,788, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2025, employer contributions were reduced by $876,422 from forfeited nonvested accounts, in accordance with plan provisions.

Other income
The Plan has a revenue credit account with the custodian to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for legitimate Plan expenses. Unused amounts for expenses may be allocated to participant accounts. During 2025, the custodian contributed $64,685 into the revenue credit account included in other income on the statement of changes in net assets available for benefits. The balance in the account totaled $365,808 and $327,933 at December 31, 2025 and 2024, respectively. During 2025, Plan expenses were reduced by $32,000 from the revenue credit account.

2. Summary of accounting policies

Basis of accounting
The Plan's financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from participants and the matching contributions from the Company are recorded in the year in which the related employee contributions are withheld from compensation.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
Subsequent events were evaluated through October 1, 2026, the date the financial statements were available to be issued.

3. Information Certified by Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule were agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC for the year ended December 31, 2025, the trustee of the Plan, and Empower Annuity Insurance Company of America, the custodian of the Plan. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. Investment contract with insurance company

The Plan holds a traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50 percent. The crediting rate is reviewed every six months for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or over time. There are generally not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

However, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include in the following:

1. An uncured violation of the Plan's investment guidelines;

2. A breach of material obligation under the contract;

3. A material misrepresentation; and

4. A material amendment to the agreements without the consent of the issuer.

5. Related-party transactions and party-in-interest transactions

Certain Plan investments are managed by Empower Annuity Insurance Company ("EAIC") and Empower Trust Company, LLC. EAIC is the Plan's custodian and Empower Trust Company, LLC is the Plan's trustee and, as such, transactions with the custodian and trustee qualify as party-ininterest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator of $184,707. Administrative expenses paid to other parties-in-interest were $35,397. The Plan sponsor pays directly any other fees related to the Plan's operations.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax status

The nonstandardized plan document, which the Plan has adopted through a nonstandardized adoption agreement, obtained an opinion letter dated December 31, 2018 in which the IRS stated that the nonstandardized plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan was operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standard Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

- Level 1: Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Closing market price on the valuation date.

Pooled separate accounts: Valued using net value reported by PRIAC based on accumulated values underlying investments, which is the NAV equivalent.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at fair value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$120,166,618	$ -	$ -	$120,166,618
Self-directed brokerage accounts	-	-	-	58,718
Total assets in the fair value hierarchy	120,166,618	-	-	120,225,336
Investments measured at net asset value (a)	-	-	-	153,090,647
Total investments at fair value	$120,166,618	$ -	$ -	$273,315,983

Assets at fair value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$102,498,325	$ -	$ -	$102,498,325
Total assets in the fair value hierarchy	102,498,325	-	-	102,498,325
Investments measured at net asset value (a)	-	-	-	138,820,756
Total investments at fair value	$102,498,325	$ -	$ -	$241,319,081

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Interest in Master Trust table.

Fair value of investments in entities that use NAV:
The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$153,090,647	None	Daily	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$138,820,756	None	Daily	None

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$328,921,225	$293,870,327
Employer contributions receivable	-	(140,741)
Participant contributions receivable	-	(163,890)
Net assets available for benefits per Form 5500	$328,921,225	$293,565,696

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

	2025
Increase in net assets available for benefits per the financial statements	$ 35,050,898
Add: Employer contributions receivable for prior year end	140,741
Add: Employee contributions receivable for prior year end	163,890
Increase in net assets available for benefits per Form 5500	$ 35,355,529

11. Delinquent participant contributions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the period ended December 31, 2025. The Company does not believe it will affect the Plan's tax status.

The delinquent participant contributions associated with the 2024 plan year were subsequently remitted to the Plan and corrected on July 18, 2025, August 1, 2025, and August 21, 2025. The delinquent participant contributions associated with the 2025 plan year were subsequently remitted to the Plan and corrected on August 17, 2026. Any applicable lost earnings and related corrective actions were addressed in accordance with the Company's correction procedures.

12. Subsequent events

Effective January 1, 2026, Marunouchi Innovation Partners Co., Ltd. was added as a participating employer in the Plan.
