INDEPENDENT AUDITOR'S REPORT

To the Trustees
HCR Employee Stock Ownership Plan

Opinion
We have audited the financial statements of the HCR Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Investments
As discussed in Note 4, the financial statements include an investment representing substantially all assets of the Plan as of December 31, 2025 and 2024, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair values, with the assistance of management and approved by the Trustees. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

(716) 634-8800 ▪ Toll Free (888) 634-0001 ▪ Fax (716) 634-8987 ▪ www.dopkins.com

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements, as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following brief description of the HCR Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is sponsored by L. Woerner, Inc. d/b/a HCR (the Company) and operates, in relevant part, as an employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations thereunder, of the Internal Revenue Code (the Code). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The chairperson of the Company's Board of Directors and an independent advisor are the Plan's Trustees and are responsible for oversight of the Plan.

The Plan was established to provide employees with the opportunity to accumulate capital ownership in the Company.

Eligibility:

Employees of the Company are eligible to participate in the Plan after attaining age 21 and completing one year of service during which they completed at least 1,000 hours of service. Participants who do not have at least 1,000 hours of service during a Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions:

The Plan is funded through discretionary Company contributions of cash or Company stock to the Plan. The Company made discretionary contributions of $50,000 in Company stock in each of the years ended December 31, 2025 and 2024. Employee contributions are not permitted.

Participant accounts:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of forfeitures from terminated participants' nonvested accounts and the Company's discretionary contributions. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation of all eligible participants. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to the total of all participants' account balances. Participants' accounts are reduced for benefits paid and charged directly for benefit processing fees, if applicable.

Note 1. Plan Description (Continued)

Vesting:

Participants become vested in Company contributions based on years of continuous service. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the twelve consecutive month computation period. Participants are 100% vested in Company contributions and earnings thereon after three years of service. Vesting is immediate upon death, disability, or upon attainment of normal retirement age, as defined.

Forfeitures:

Plan forfeitures are allocated to each participant's account based upon the ratio of the participant's eligible compensation to total eligible compensation of all eligible participants for the Plan year. Forfeitures reallocated to participants during the years ended December 31, 2025 and 2024 totaled $2,198 and $2,409, respectively. There were no forfeited nonvested accounts at December 31, 2025 or 2024.

Payment of benefits:

Distributions on account of death, disability, or retirement are made in five annual installments commencing in the Plan year following the event. Distributions for other separations from service commence in the fifth Plan year following the separation and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Under provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2025 and 2024, the Company repurchased 75,881 and 76,597 shares, respectively, from the participants, at prices determined by an independent appraisal. Effective January 1, 2025, in any distribution year in which a participant's account balance is less than $1,000, the participant will receive the full account balance.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Plan pays for fees related to benefit processing, which are charged directly to participants' accounts.

Voting rights:

In limited circumstances, each participant is entitled to direct the voting rights attributable to the shares allocated to his or her account. In such event, each participant is entitled to instruct the Trustees as to the manner in which any shares of Company stock allocated to his or her Company stock account will be voted. The Trustees are not permitted to vote any allocated shares for which instructions have not been given by a participant.

Note 1. Plan Description (Continued)

Put option:

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay the participant for the purchase of Company stock with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately liquidate their shares of common stock in the Company to cash.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the total number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Investments which participants have elected to diversify are sold at the current appraised value, with proceeds of the sale transferred to the HCR Home Care Savings and Profit Sharing Plan, which is another defined contribution plan maintained by the Company. For the years ended December 31, 2025 and 2024, $99,732 and $9,897, respectively, were transferred to the HCR Home Care Savings and Profit Sharing Plan related to participants' diversification elections.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Cash:

The Plan maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant risk with respect to its cash accounts.

Investment valuation and income recognition:

The Plan's investment in Company stock is reported at fair value. Fair value is the price the Plan's management expects would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 5, 2026, which is the date the financial statements were available to be issued.

Note 3. Investments

The Plan's investment in Company stock at December 31, 2025 and 2024 is presented in the following table. All shares of Company stock owned by the Plan have been allocated to participants.

	2025	2024
Number of shares	**651,249**	722,745
Cost	**$ 8,017,216**	$ 8,896,325
Fair value	**$ 8,876,527**	$ 8,239,289

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest bearing cash	**$ 2,727**	**$ -**	**$ -**	**$ 2,727**
L. Woerner, Inc. d/b/a HCR common stock	**-**	**-**	**8,876,527**	**8,876,527**
	$ 2,727	**$ -**	**$ 8,876,527**	**$ 8,879,254**

	2024			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 2,728	$ -	$ -	$ 2,728
L. Woerner, Inc. d/b/a HCR common stock	-	-	8,239,289	8,239,289
	$ 2,728	$ -	$ 8,239,289	$ 8,242,017

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest bearing cash is valued at the amount on deposit.

Note 4. Fair Value Measurements (Continued)

The Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation approaches. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, and market valuations of comparable public companies.

The valuation process involves Plan management's selection of an independent appraiser on an annual contract. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. Adjustments for lack of marketability have been applied, when appropriate. The appraiser prepares a preliminary report of estimated per share value that a participant will receive upon distribution, which management, along with the Plan's Trustees, reviews in detail, discusses, and approves.

Because of the inherent subjectivity in any valuation, estimated fair values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a reconciliation of the Plan's Level 3 assets for the years ended December 31, 2025 and 2024:

	2025	2024
Fair value of Level 3 investment at January 1	**$ 8,239,289**	$ 9,030,521
Net appreciation in fair value of investments	**1,452,286**	28,910
Shares sold (71,496 and 72,195 shares in 2025 and 2024, respectively)	**(815,048)**	(820,142)
Fair value of Level 3 investment at December 31	**$ 8,876,527**	$ 8,239,289

On an annual basis, the Plan sells shares sufficient to fund current year distributions, reduced by the amount of Company contributions.

Note 4. Fair Value Measurements (Continued)

The following table sets forth the basic assumptions used in arriving at fair value and the range of unobservable inputs for the Company for the years ended December 31, 2025 and 2024. These methods did not change from the prior year.

Description	Valuation Techniques	Unobservable inputs
L. Woerner, Inc. d/b/a HCR common stock	Discounted Cash Flows Method	Projected cash flows
		Weighted average cost of capital
		Long-term growth rate
	Guideline Company Method	Earnings-based multiples
		Revenue-based multiples
		Forecasted and historical earnings
		Forecasted and historical revenues

A lack of marketability discount of 5% was applied to the Plan's shares at the December 31, 2025 and 2024 valuations, respectively.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated October 21, 2014, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Trustees believe the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 7. Party-in-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. Certain Plan investments are shares of Company common stock. The Company is the Plan Sponsor and, therefore, transactions involving this investment qualify as party-in-interest transactions.

Note 7. Party-in-Interest Transactions (Continued)

Transition Finance Strategies, LLC d/b/a Blue Ridge ESOP Associates (Blue Ridge) is the custodian and recordkeeper as defined by the Plan and, therefore, fees paid by the Plan to Blue Ridge qualify as party-in-interest transactions and are included in administrative expenses.

Note 8. Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Differences between these Financial Statements and the Financial Information Required on Form 5500

The following is a reconciliation of net increase (decrease) in net assets available for benefits from the Plan's financial statements to its Form 5500 for the years ended December 31, 2025 and 2024:

		2025		2024
Net increase (decrease) in net assets available for benefits as presented in these financial statements	**$**	**736,969**	$	(781,338)
Transfers to other plan		**(99,732)**		(9,897)
Net increase (decrease) in net assets available for benefits as presented on Form 5500	**$**	**637,237**	$	(791,235)

The transfers to the other plan, as presented in these financial statements, are classified as benefit payments and payments to provide benefits directly to participants or beneficiaries, including direct rollovers, on the Form 5500.
