Independent Auditor's Report

To the Board of Trustees of
323 Transit LLC 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 323 Transit LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of 323 Transit LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 323 Transit LLC 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 323 Transit LLC 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103 (a)(3)(C) section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than from one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 323 Transit LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about 323 Transit LLC 401(k) Plan's ability to continue as a going concern for a reasonable amount of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to the assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The 323 Transit LLC 401(k) Plan (the Plan) is a 401(k) deferred savings plan covering all employees of 323 Transit LLC (the Organization), who have met the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements of the Plan reflect the accrual basis of accounting in which revenue is recognized when earned or otherwise available, and expenses are recognized when incurred.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any unpaid accrued interest. Interest is recognized over the term of the loan. Delinquent participant loans are reclassified as "deemed distributions" when they meet the criteria described in the plan document.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Distribution and loan fees are paid by plan participants who receive the related distribution or loan. Recordkeeping fees may also be passed through to the participants in the Plan. All other administrative expenses are shared by the employer and the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Contributions

Employees become eligible to participate in the Plan upon attaining the age of 18 and completing 3 months of service. Employees may begin to participate in the Plan as soon as they meet the eligibility requirements. Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code. Participants who are over age 50, or have attained age 50 before the end of the Plan year, are eligible to make catch up contributions.

The employer will make a matching contribution for any participants that are making elective deferral contributions. The employer matching contribution for 2024 and 2025 was 100% of an eligible participant’s deferrals up to 1%, plus 25% of deferrals of the next 4%. In addition, the employer may make additional qualified non-elective contributions at their discretion. No non-elective contributions were made during the years ended December 31, 2025, and 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocation of the employer matching contributions and profit-sharing contributions, plan earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately 100 percent vested in employee contributions. The vesting period relating to employer matching contributions and nonelective employer contributions, if any, is as follows:

Employer Matching Contribution Account:

Years of Service	Vested Percentages
Less than 2 years	0%
2 or more years	100%

Non-Elective Contributions:

Years of Service	Vested Percentages
Less than 2 years	0%
2-3 years	20%
3-4 years	40%
4-5 years	60%
5-6 years	80%
6 or more years	100%

Forfeitures

If a participant's employment with the Organization was terminated and they received a distribution of the entire vested portion of their account, they will forfeit the nonvested portion of their account. If a participant's employment with the Organization was terminated and they did not receive a complete distribution of the vested portion of their account, they will forfeit the nonvested portion of their account after the date they incur five consecutive one-year periods of severance. Forfeitures used to offset employer contributions totaled $8,609 and $8,671 for the years ended December 31, 2025 and 2024, respectively. Forfeitures available to offset future administrative expenses or future employer contributions totaled $0 and $3,397 for the years ended December 31, 2025 and 2024, respectively.

Payment of Benefits

Upon termination of service, disability, or retirement, a participant may elect to receive the vested value of his or her account. Participants' benefits are paid either in a lump-sum payment or in installments. In service distributions are also allowed upon reaching age 59 ½. A participant may be eligible to receive a hardship distribution from the employee contribution amount and vested amounts from the profit-sharing and match contribution portions of their account, upon meeting certain requirements.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Active Participants in the 323 Transit LLC 401(k) Plan, may apply for a loan from the Plan at a minimum of $1,000 and a maximum equal to the lesser of $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made or 50% of the vested account balance under the Plan. All loans shall be paid in equal payments over a period not extending beyond five years from the date of the loan. The maximum number of loans outstanding at a time is one. The loans shall bear interest at the rate reflected in the Wall Street Journal on the date of the loan plus 1% per year.

NOTE 3 INCOME TAX

The Plan is an adoption of a prototype standardized profit-sharing plan and is qualified under Section 401(a) of the Internal Revenue Code plan.

The prototype plan obtained its latest determination letter on June 30, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 5 SUMMARY OF INFORMATION CERTIFIED BY PLAN CUSTODIAN

The total fair value of investments held in trust was $395,032 and $185,616 at December 31, 2025 and 2024, respectively.

The custodian, Matrix Trust Company, has supplied the Plan's administrator with certifications as to the completeness and accuracy of all information regarding investments, assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, with the exception of notes receivable from participants and interest income on notes receivable from participants.

NOTE 6 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Invested Cash: Valued at amortized cost which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All assets have been valued using a market approach.

NOTE 6 FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	2025			
		Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	$ 45	$ 45	$ 0	$ 0
Mutual Funds	394,987	394,987	0	0
Total	$ 395,032	$ 395,032	$ 0	$ 0

	2024			
		Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	$ 1	$ 1	$ 0	$ 0
Mutual Funds	185,615	185,615	0	0
Total	$ 185,616	$ 185,616	$ 0	$ 0

NOTE 7 RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Plan assets are used to pay some expenses for administration of the Plan and the remaining administrative expenses are paid by the employer. Payments to such service providers by the Plan qualify as party-in-interest transactions.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS (Continued)

The fees paid directly from the Plan to Matrix Trust Company, the custodian of the plan, totaled $1,792 and $776 for the years ended December 31, 2025 and 2024, respectively.

NOTE 9 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 1, 2026, which is the date the financial statements were available to be issued.
