Independent Auditor's Report

To the Plan Administrator
Aspen Skiing Company Savings Plan
Aspen, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aspen Skiing Company Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

Effective May 1, 1986, the Aspen Skiing Company (the Company) established the Aspen Skiing Company Savings Plan (the Plan). The Plan was most recently restated effective September 2, 2021 due to regulatory requirements. There were no significant changes to Plan provisions due to the restatement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information. Participants and all others should refer to the Plan document for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 18 years or older and who have completed six months of service. Part-time employees are excluded unless they reach 21 years of age with 1,000 hours of service. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Effective January 1, 2025, the Plan was amended to change the year-end from May 31 to December 31.

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (Trustee or Fidelity). Fidelity Workplace Services LLC provides recordkeeping services. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the Service Agreement with the Company. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each Plan year, participants may contribute on a before-tax or after-tax Roth basis up to 60% of eligible compensation, as defined by the Plan, limited by the requirements of the IRC. Participants may also roll over amounts representing distributions from other qualified plans in accordance with the IRC.

The Plan provides for Safe Harbor matching contributions and additional matching contributions. During the year ended December 31, 2025, the Company matched on a dollar-for-dollar basis the first 4% of the participant's eligible compensation each pay period as a Safe Harbor matching contribution. An additional matching contribution of up to 1.50% of the eligible earnings was approved by the Company for the year ended December 31, 2025. The additional matching contribution was funded in 2026 and is included in the employer contributions receivable amount on the statement of net assets available for benefits as of December 31, 2025.

Participant Accounts

Each participant's account is credited with participant elective deferral contributions, rollover contributions, employer contributions, and allocations of Plan earnings and losses, as determined

by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferral and rollover contributions, Safe Harbor matching contributions, and allocated earnings or losses thereon.

All employer contributions, other than Safe Harbor matching contributions, vest over a period of four years, with 25% credited for each year of service completed, as defined in the Plan document. Upon death or disability while employed by the Company, a participant's account balance will automatically become 100% vested. In addition, participants are 100% vested in their account balances upon retirement from the Company.

Forfeitures

In the event a participant terminates and distributes their account balance before becoming 100% vested in Company employer discretionary matching or discretionary non-elective contributions plus net earnings and losses thereon, unvested amounts are forfeited. Forfeitures are used to pay the reasonable, ordinary, and necessary expenses of the operation and administration of the Plan and to reduce employer contributions. Unused forfeitures remaining as of December 31, 2025 and 2024 were $35,545 and $16,734, respectively, and are shown as a component of net assets available for benefits in the accompanying financial statements. Forfeitures used to reduce employer contributions were $100 during the year ended December 31, 2025, and $1,472 were used to pay administrative expenses.

Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments or roll over to another qualified plan. In addition, hardship distributions are permitted if certain criteria are met. The Plan provides that participants may receive in-service distributions of any or all of their account as of the date they attain age 59½. Effective October 10, 2025, the Plan was amended to allow for certain in service distributions permitted under SECURE Act 2.0.

Investment Options

Participants may direct their accounts among various investment options in registered investment companies, a common/collective trust, a money market fund, and an individual self-directed brokerage account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the participant's account and bear a reasonable interest rate based on prevailing market rates. The loans are subject to certain restrictions, as defined in the Plan document and applicable restrictions under the IRC. Interest rates ranged from 3.25% to 8.75% as of December 31, 2025. Loan terms may not exceed five years unless for principal residence, then ten years.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would be fully vested in their accounts upon termination of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded as earned. Dividends and capital gains are recorded on the ex-dividend date.

The net change in the fair value of investments (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the Plan year (or date purchased during the Plan year) and selling price or Plan year-end fair value.

Contributions

Participant contributions and related Safe Harbor matching contributions are recognized in the period during which the Company makes the payroll deduction from the participant's compensation. Additional matching contributions, if any, are recognized in the Plan year to which the participant's compensation relates.

Distributions to Participants

Distributions are recorded when paid in the accompanying statement of changes in net assets available for benefits.

Administrative Fees

The Plan paid certain administrative fees, which were incurred in connection with the Plan. Administrative fees were $215,257 of which $21,875 was paid through revenue sharing for the year ended December 31, 2025. Investment-related expenses (in the form of a fee-expense ratio charged to each investment option) are included in net appreciation or depreciation of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Notes Receivable from Participants

Participant loans are required to be classified as notes receivable from participants for all periods presented in the financial statements. The loans are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan has included participant loans as notes receivable from participants in the statements of net assets available for benefits. Delinquent participant loans are reclassified as a distribution when management deems collection is not probable.

3. Information Certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest and dividend income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information in Note 4.
- Investment information and notes receivable from participants included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements and Disclosures

The Plan's financial assets include the investments. The carrying values of the Plan's investments are their fair value.

The Plan estimates fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – This level consists of unadjusted quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2 – This level consists of observable inputs, other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – This level consists of unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

Certain investments are reported at fair value on a recurring basis in the statements of net assets available for benefits. There have been no changes in the methodologies used at December 31, 2025 or 2024. The following methods and assumptions were used to estimate the fair values:

Registered Investment Companies and Money Market Fund – These investments consist of various publicly traded mutual funds and a money market fund. The fair values are based on quoted market prices and are classified within Level 1 of the fair value hierarchy.

Common/Collective Trust – This is a stable value fund that is comprised primarily of fully benefit-responsive investment contracts that are valued at the net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months' notification in order to ensure that security liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Account – These investments allow participants to invest all or a portion of their defined contribution account balance into investment options available through the Fidelity BrokerageLink service. Investment options include mutual funds with registered investment companies, common stocks, CDs, options, money markets, and cash. The fair value of these investments are based on current market prices as noted above or as reported as the closing price reported on the applicable market exchange. These investments are classified within Level 1 of the fair value hierarchy.

The remainder of this page intentionally left blank.

Investments measured at fair value on a recurring basis consisted of the following types of instruments:

December *31, 2025*

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 193,917,348	$ -	$ -	$ 193,917,348

Investments, measured at NAV[(a)]				934,253
Total Investments, at fair value				$ 180,621,330

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Year ended December 31, 2025

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value – Common Collective Trust	$ 1,009,835	None	Daily	12 months for full liquidation

Year ended December 31, 2024

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value – Common Collective Trust	$ 934,253	None	Daily	12 months for full liquidation

5. Tax Status

The Internal Revenue Service (IRS) has determined by an opinion letter for a pre-approved plan dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was exempt as of December 31, 2025 and 2024.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

As of December 31, 2025 and 2024, certain Plan investments held shares of registered investment companies, money market fund, and investments held within the self-directed brokerage accounts managed by Fidelity. Fidelity is the trustee, as defined by the Plan. The Plan paid fees to Fidelity during the year ended December 31, 2025, and Fidelity may receive certain other indirect fees from mutual fund companies. The Plan received revenue sharing from Fidelity during the year ended December 31, 2025. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Risks and Uncertainties

The Plan provides for various investment options. Investments, in general, are exposed to various risks, such as significant world events and interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

8. Delinquent Participant Contributions

During the year ended December 31, 2025, the Company erroneously failed to remit $19,680 in participant contributions to the Plan on a timely basis. These amounts, including lost earnings, were corrected during the year ending December 31, 2026.

9. Subsequent Events

The Company has performed an evaluation of subsequent events through October 6, 2026, which is the date the financial statements were available to be issued. There were no events or transactions identified that require additional disclosure or modification to the financial statements, other than those described below.

Effective January 1, 2026, the Plan was amended to remove the service requirement for eligibility for the Plan.
