CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Pension Administrative
Committee of Werk-Brau Co., Inc. Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Werk-Brau Co., Inc. Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Werk-Brau Co., Inc. Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Werk-Brau Co., Inc. Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Werk-Brau Co., Inc. Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Werk-Brau Co., Inc. Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Werk-Brau Co., Inc. Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including

INDEPENDENT AUDITORS' REPORT (continued)

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Werk-Brau Co., Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General: The Plan, as amended, is a defined contribution plan covering substantially all eligible employees of Werk-Brau Co. and Ballinger Industries, Inc., (the Company). The Plan was originally established June 30, 1975, and was amended and restated effective November 1, 2016, and January 1, 2019. The Plan was then amended on December 13, 2021, to implement the hardship distribution provisions of The Bipartisan Budget Bill of 2018 effective on the first day of the first Plan Year beginning after December 31, 2018. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). On January 1, 2023, the Plan name was amended to Werk-Brau Co., Inc. Employees' Retirement Plan reflecting the merger of Werk-Brau Co., Inc. and Fabco Inc. Effective February 1, 2023, the Plan was amended to increase the automatic deferral amount from 3% to 4%.

Eligibility and Vesting: Employees become eligible as participants in the Plan following six months of service and attainment of age 20.5. Eligible employees do not include employees who are nonresident aliens and who do not receive any U.S. source income from the Company. Any elective Salary Deferrals, Catch-up, Rollover or Transfer Contributions, plus or minus any earnings or losses, are 100% vested. Vesting of employer contributions is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants are credited with a Year of Service for vesting purposes upon completion of 1000 Hours of Service during the Plan year. Employees covered under a collective bargaining agreement (union) shall be eligible to make deferrals after meeting the eligibility requirements and share in matching employer contributions but are excluded from nonelective employer contributions. Union employees are not subject to the automatic salary deferral feature.

Contributions: Each year, participants shall be permitted to make elective deferrals in any amount up to the maximum percentage of eligible compensation and dollar amounts permissible under Internal Revenue Code Section 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic salary deferral feature in which upon eligibility the Employer will automatically withhold 4% (3% for participants enrolled before February 1, 2023) of compensation each payroll period. Participants may also rollover amounts representing distributions from other qualified plans or an IRA. Participants direct the investment of their contributions into various investment options offered by the Plan. Matching contributions are discretionary and based on eligible participant elective deferrals. Profit sharing contributions are allocated to eligible participants based on their compensation to the compensation of all eligible participants. Annually, for non-bargaining employees, the Company may make discretionary profit-sharing contributions. For the year ended December 31, 2025, the Company's discretionary matching and profit-sharing contribution amounted to $900,000.

NOTE A - DESCRIPTION OF PLAN (continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings (losses) and, (c) fees within the funds or loan fees for participants with loans. Plan earnings (losses) and fee expenses are allocated based on the participant's actual units held in the various funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed interest fund.

Benefits Payments: The Plan's normal form of payment for participants eligible to receive benefit distributions is a lump-sum payment. In certain cases, benefits are paid in installments based upon appropriate life expectancy values. The Plan also includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances, subject to approval by the Plan administrator.

Forfeitures: Forfeited nonvested accounts may be used to pay Plan administrative expenses or reduce future employer contributions by allocating amounts to remaining Plan participants in accordance with the provisions of the Plan document. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $9,292 and $49,975, respectively. During the year ended December 31, 2025 and 2024, forfeitures of $55,711 and $0 were utilized for employer contributions.

Notes Receivable from Participants: Participants may borrow from their account balance any whole dollar amount which must be at a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested interest in their account, reduced by the highest outstanding loan balance, if any, during the prior 12-month period. Loan terms range up to five years with the exception of a home loan which may exceed five years as determined by the Plan Trustees. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime interest rate. Interest rates range from 4.25% to 9.50%. Principal and interest is paid weekly or bi-weekly through payroll deductions. Participants may have one loan outstanding at a time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition: Investments are stated at fair value as reported by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the accrual basis on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Note receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Allowance for Credit Losses: The Plan measures current expected credit losses for financial assets measured at amortized cost, including employer contributions receivable, using a lifetime expected loss methodology. The Plan sponsor has a historical pattern of timely remittance, strong financial health, and no history of default. Management evaluates the credit risk of employer contributions receivable by considering historical collection experience, current economic conditions, and reasonable and supportable forecasts affecting the sponsor's ability to fulfill its obligations. As of December 31, 2025 and 2024, employer contributions receivable were short-term in nature and collected in full subsequent to the plan year-end. Based on management's assessment, the historical and expected credit losses on these receivables are immaterial, and no allowance for credit losses was recorded.

NOTE C - PLAN ADMINISTRATION

The Plan Administrator is 316 Fiduciaries and Hileman Associates is the third-party administrator. The Great-West Trust Company, LLC is the Plan custodian and holds all plan assets and executes all plan transactions. Empower is the recordkeeper service provider. Officers of the Employer serve as Plan Trustees.

NOTE D - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. The Plan invests in certain funds of the Plan Custodian.

Administrative expenses paid to Empower amounted to $51,624 for 2025. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEES AND CUSTODIANS

The Plan Trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.108-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustees have received certification from the Asset Custodian that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits and Notes to Financial Statements as of December 31, 2025 and 2024.
- Investment activity, as shown in the Statement of Changes in Net Assets Available for Benefits and Notes to the Financial Statements for the year ended December 31, 2025.
- The Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the Supplemental Schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes to financial statements, and supplemental schedule.

NOTE F - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are supported by little or no market activity and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the methodologies used at December 31, 2025 and 2024. The Plan has no liabilities measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

NOTE F - FAIR VALUE MEASUREMENTS (continued)

Group Annuity Contract: Valued at fair value, which is contract value using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually. Contract values reported by the asset custodian are based on observable inputs and are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value as of December 31, 2025				
Mutual Funds	$ 26,995,083	$ -	$ -	$ 26,995,083
Group Annuity Contract	-	1,415,753	-	1,415,753
Total assets at fair value	$ 26,995,083	$ 1,415,753	$ -	$ 28,410,836
Assets at Fair Value as of December 31, 2024				
Mutual Funds	$ 22,043,543	$ -	$ -	$ 22,043,543
Group Annuity Contract	-	1,175,958	-	1,175,958
Total assets at fair value	$ 22,043,543	$ 1,175,958	$ -	$ 23,219,501

NOTE G - GROUP ANNUITY CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on a formula established by the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE G - GROUP ANNUITY CONTRACT (continued)

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment without the consent of the issuer. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE H - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Trustees believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt. The Plan believes it has no uncertain tax positions that would require recognition in the financial statements. Tax returns are filed in the U.S. federal jurisdiction with all open years being subject to examination. The U.S. federal statute of limitations is three years from the due date of the return.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued and has determined that there were no other events to be disclosed in the accompanying financial statements.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L - CARES ACT AND SECURE ACT

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), laws which change the Plan to, among others, allow certain eligible individuals to receive penalty-free withdrawals during 2020, suspend required minimum distributions for 2020, and delay the commencement date for required minimum distributions to age 72. Certain optional features within these acts have been assessed and have been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted on or before December 31, 2026.

The Plan will implement certain requirements by the Secure 2.0 Act of 2022, laws which change the Plan to, among others, delay the commencement date for required minimum distributions to age 73, requiring catch up contributions to be Roth, expands eligibility to long-term, part-time workers, increases the cash out limits from $5,000 to $7,000, and allowing certain eligible individuals to receive a penalty-free withdrawal of up to $1,000 annually for emergency expenses. Written amendments to the Plan to reflect these operational changes will be adopted on or before December 31, 2026.
