Report of Independent Auditors

To the Administrator of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and October 31, 2025, and for the periods from January 1, 2025 to October 31, 2025 and from January 20, 2025 to December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2025 and for the year then ended and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Tiger Global Management LLC (the "Company" or the "Plan Administrator") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing and 401(k) plan which became effective January 1, 2002 and covers employees of the Company who complete 3 consecutive months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions may be made into the default investment option, BlackRock LifePath® Index Retirement Fund Class K. All amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the default investment option, BlackRock LifePath® Index Retirement Fund Class K, which is a target date investment series fund. As such, contributions will be allocated to the applicable fund within the target date investment series based on the participant's age. If information necessary to select a target date fund is unavailable, all amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the secondary default investment option, BlackRock Global Allocation Fund, Inc. Institutional Shares. At the participants' discretion, contributions may be allocated to 25 other investment options in lieu of the default option, consisting of mutual funds and common/collective trusts.

The Plan is administered by the Company. For the year ended December 31, 2024, Paychex served as the recordkeeper of the Plan, and Mid Atlantic Trust Company ("MATC") served as the trustee of the Plan. Effective January 20, 2025, the Plan transitioned its recordkeeping services and trustee services from Paychex and MATC to Fidelity Workplace Services LLC and Fidelity Management Trust Company ("FMTC"), respectively. As of that date, Fidelity Workplace Services LLC assumed all responsibilities as the Plan's recordkeeper, and FMTC assumed all responsibilities as the Plan's trustee. These changes were made to enhance operational efficiency and improve participant services.

a. Eligibility

Employees are eligible to participate in the Plan after completing three consecutive months of employment and attainment of age twenty-one (21) as stated in the Plan agreement.

b. Contributions

Participants may voluntarily contribute up to 90% of pre-tax and post-tax annual compensation as defined in the Plan agreement, which is not to exceed the Internal Revenue Service ("IRS") pre-tax limit of $23,500 for the year ended December 31, 2025. Participants who have attained the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions, which is limited to an additional IRS deferral limit increase of $7,500 for the year ended December 31, 2025. Under a change made in Securing a Strong Retirement Act ("SECURE 2.0"), the catch-up contribution limit applies for participants aged 60, 61, 62 and 63. For 2025, this catch-up contribution limit was $11,250.

Participants may, in addition, contribute amounts in excess of their tax deferred contribution on a post-tax basis in the lesser amount of up to 10% of their eligible compensation or $30,000. The participant's tax-deferred contribution and post-tax contribution, in the aggregate, may not exceed the lesser of 10% of their eligible compensation or $30,000 for the year ended December 31, 2025.

Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for employer matching contributions. The Company provides basic safe-harbor matching contributions as follows:

	Elective Deferral Percentage Matching	Percentage
Base Rate	Less than or equal to 3%	100%
Tier 2	Greater than 3, but less than or equal to 5%	50%

The Company may decide to make additional profit sharing and non-elective contributions to the Plan, although the Company is not required to do so. The Company did not make any profit sharing or non-elective contributions for the year ended December 31, 2025.

c. Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) investment gain and loss, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

d. Vesting
Participants are immediately vested in their employer and participant contributions plus actual earnings thereon.

e. Payment of Benefits
Upon termination of service a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the vested balance rolled into Individual Retirement Account or another qualified retirement plan, as provided in the Plan document. Distributions upon death will be made to beneficiaries as soon as administratively possible.

A participant's vested interest is determined as of the Plan's valuation date coincident with or preceding the date of determination. The determination date for a participant's balance is daily. For participants with vested account balances in excess of $7,000, an election is available to defer the distribution until the participant is required by law to receive required minimum distributions. If a participant remains employed and has not attained age 59½, they generally are not eligible to request a distribution of their vested account balance, except as otherwise permitted under the Plan.

f. Administrative Fees
The administrative fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. For the year ended December 31, 2025, recordkeeping fees and advisory fees were paid by the Plan. All other expenses of administering the Plan were paid by the Company.

g. Notes Receivable from Participants
Participants may borrow from their accounts, subject to loan limitations. No loan to any participant shall be made to the extent that such loan when added to the outstanding balance of the already existing loan would exceed the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant's vested interest in the participant's account. For purposes of the above limitation, plan loans include all loans maintained by Tiger Global Management LLC. Participants may only have one loan outstanding under the Plan at any time.

All loans bear interest at the Prime Rate, as published in the *Wall Street Journal*, plus 1% as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. No loan term, including those for a primary residence, shall exceed five years. Additional documentation for the purchase of a primary residence is required. Interest rates ranged from 4.25% - 9.5% and maturity dates ranged from 2026 through 2031 for the year ended December 31, 2025.

2. Summary of Accounting Policies

a. Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at closing price net asset value ("NAV") on the last business day of the year. The common/collective trust is valued at the net asset value as reported by the fund, which approximates current values of the underlying assets. In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan is permitted, as a practical expedient to estimate the fair value of an investment in a common/collective trust using the net asset value per share of the investment without further adjustment, if the net asset value per share of the investment is determined in accordance with FASB ASC 820 as of the Plan's measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See Note 3 for discussion of fair value measurements. Purchases and sales of

securities are recorded on a trade-date basis. Interest and dividends are recorded in income on an accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Profit sharing or other non-elective employer contributions are reported when earned.

e. Payment of Benefits
Benefits are recorded when paid.

f. Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. When a loan is in default, it is recorded as a deemed distribution.

g. Employer Contributions Receivable
Employer contributions receivable represents the "true-up" of the employer safe-harbor matching contributions calculated at the end of the plan year.

3. Fair Value Measurement

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Plan discloses the fair value of its financial instruments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active; and

Level 3 – Inputs that are significant and unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan Administrator. The Plan Administrator considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by

independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan Administrator's perceived risk of that instrument.

If the Plan Administrator determines that either the volume and/or level of activity for an asset or liability has significantly decreased (from normal conditions for that asset or liability) or price quotations or observable inputs are not associated with orderly transactions, increased analysis and management judgment will be required to estimate fair value. Valuation techniques such as an income approach might be appropriate to supplement or replace a market approach in those circumstances. The guidance also provides a list of factors to determine whether there has been a significant decrease in relation to normal market activity. Regardless of the valuation technique and inputs used, the objective for the fair value measurement in those circumstances is unchanged from what it would be if markets were operating at normal activity levels and/or transactions were orderly; that is, to determine the current exit price.

The following is a description of the valuation methodology used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common/Collective Trusts
Investment in common/collective trusts are valued at NAV of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, the investments in the common/collective trusts held at December 31, 2025 and December 31, 2024 were excluded from the leveling table. The NAV per share is calculated daily by the fund based on observable market values of the underlying securities within the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common/collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no significant restrictions. These investments do not have unfunded commitments.

Mutual Funds
Investments in mutual funds are stated at the respective funds' NAV per share, which is determined based on market values at the closing price on the last business day of the year. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Fidelity BrokerageLink self-directed brokerage accounts are comprised of $1,954,489 mutual funds, which are valued at the net asset value reported by the managers of the funds, typically determined at the close of regular trading. The NAV of these mutual funds are quoted in an active market and classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Administrator believes its valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 40,675,580	$ -	$ -	$ -	$ 40,675,580
Common/collective trust	-	-	-	$ 6,283,222	6,283,222
Self-directed brokerage accounts	1,954,489	-	-	$ -	1,954,489
Total Investments at fair value	**$ 42,630,069**	**$ -**	**$ -**	**$ 6,283,222**	**$ 48,913,291**

[1] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2025, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 36,163,858	$ -	$ -	$ -	$ 36,163,858
Common/collective trust	-	-	-	$ 2,346,198	2,346,198
Total Investments at fair value	**$ 36,163,858**	**$ -**	**$ -**	**$ 2,346,198**	**$ 38,510,056**

[1] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2024, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

4. Investment Information Certified by Trustee

Information regarding investments, receivables for securities sold, and payables for securities purchased reported and disclosed in the accompanying financial statements and ERISA-required supplemental schedules as of and for the years ended December 31, 2025 and 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's Trustees, FMTC and MATC, as of December 31, 2025 and 2024, respectively. Information on notes receivable from participants and interest income from notes receivable from participants reported and disclosed in the accompanying financial statements as of and for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC.

Net investment income, including net appreciation, interest and dividend income, for the periods from January 1, 2025 through October 31, 2025 and January 20, 2025 through December 31, 2025, has been obtained by management, agreed to and/or derived from information certified as accurate and complete by MATC and FMTC, the Plan's trustee during the respective periods.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts would be distributed to participants.

6. Tax Status

For the year ended December 31, 2024, the Plan had adopted the Paychex Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated August 31, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

Effective January 20, 2025, in connection with the transition of the Plan's recordkeeping and trustee services to Fidelity Workplace Services LLC, the Plan adopted FMR LLC's Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

The Plan has been amended since its adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Risks and Uncertainties

The Plan provides participants with access to various investment options that are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, international conflict, trade wars and tariffs. Due to the level of risk associated with certain securities and the level of uncertainty around potential changes in the value of such securities, it is reasonably possible that participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits could change materially in the near term.

8. Related Party Transactions and Party-in-Interest Transactions

The Company pays for certain administrative costs on the Plan's behalf. Certain Plan investments are mutual funds managed by National Financial Services LLC, an affiliate of the Trustee. Additionally, Fidelity BrokerageLink accounts are held at National Financial Services LLC. Certain Plan expenses include loan, distribution and administrative fees paid to the Trustee. These transactions qualify as party-in-interest transactions under ERISA, however, they are exempt from the prohibited transaction rules under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 49,335,494	$ 39,588,574
Less: Amounts allocated to withdrawing participants	-	(589,233)
Less: Employer contributions receivable	(332,604)	(303,496)
Net assets available for benefits per the Form 5500 at fair value	**$ 49,002,890**	**$ 38,695,845**

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

	2025
Net increase in net assets available for benefits per the financial statements	$ 9,746,920
Less: Employer contributions receivable at December 31, 2025	(332,604)
Add: Amounts allocated to withdrawing participants at December 31, 2024	589,233
Add: Employer contributions receivable at December 31, 2024	303,496

10. Subsequent Events

Effective January 1, 2026, catch-up contributions for anyone age 50 or over who earned FICA wages over the statutory limit ($150,000 for 2026) in the previous plan year must make all catch-up contributions on a Roth basis.

The Plan Administrator has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued. Other than the matters described above and those otherwise already included in the notes to these financial statements, the Plan Administrator has determined that no additional items require disclosure.

Report of Independent Auditors

To the Administrator of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and October 31, 2025, and for the periods from January 1, 2025 to October 31, 2025 and from January 20, 2025 to December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2025 and for the year then ended and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Tiger Global Management LLC (the "Company" or the "Plan Administrator") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing and 401(k) plan which became effective January 1, 2002 and covers employees of the Company who complete 3 consecutive months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions may be made into the default investment option, BlackRock LifePath® Index Retirement Fund Class K. All amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the default investment option, BlackRock LifePath® Index Retirement Fund Class K, which is a target date investment series fund. As such, contributions will be allocated to the applicable fund within the target date investment series based on the participant's age. If information necessary to select a target date fund is unavailable, all amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the secondary default investment option, BlackRock Global Allocation Fund, Inc. Institutional Shares. At the participants' discretion, contributions may be allocated to 25 other investment options in lieu of the default option, consisting of mutual funds and common/collective trusts.

The Plan is administered by the Company. For the year ended December 31, 2024, Paychex served as the recordkeeper of the Plan, and Mid Atlantic Trust Company ("MATC") served as the trustee of the Plan. Effective January 20, 2025, the Plan transitioned its recordkeeping services and trustee services from Paychex and MATC to Fidelity Workplace Services LLC and Fidelity Management Trust Company ("FMTC"), respectively. As of that date, Fidelity Workplace Services LLC assumed all responsibilities as the Plan's recordkeeper, and FMTC assumed all responsibilities as the Plan's trustee. These changes were made to enhance operational efficiency and improve participant services.

a. Eligibility

Employees are eligible to participate in the Plan after completing three consecutive months of employment and attainment of age twenty-one (21) as stated in the Plan agreement.

b. Contributions

Participants may voluntarily contribute up to 90% of pre-tax and post-tax annual compensation as defined in the Plan agreement, which is not to exceed the Internal Revenue Service ("IRS") pre-tax limit of $23,500 for the year ended December 31, 2025. Participants who have attained the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions, which is limited to an additional IRS deferral limit increase of $7,500 for the year ended December 31, 2025. Under a change made in Securing a Strong Retirement Act ("SECURE 2.0"), the catch-up contribution limit applies for participants aged 60, 61, 62 and 63. For 2025, this catch-up contribution limit was $11,250.

Participants may, in addition, contribute amounts in excess of their tax deferred contribution on a post-tax basis in the lesser amount of up to 10% of their eligible compensation or $30,000. The participant's tax-deferred contribution and post-tax contribution, in the aggregate, may not exceed the lesser of 10% of their eligible compensation or $30,000 for the year ended December 31, 2025.

Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for employer matching contributions. The Company provides basic safe-harbor matching contributions as follows:

	Elective Deferral Percentage Matching	Percentage
Base Rate	Less than or equal to 3%	100%
Tier 2	Greater than 3, but less than or equal to 5%	50%

The Company may decide to make additional profit sharing and non-elective contributions to the Plan, although the Company is not required to do so. The Company did not make any profit sharing or non-elective contributions for the year ended December 31, 2025.

c. Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) investment gain and loss, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

d. Vesting
Participants are immediately vested in their employer and participant contributions plus actual earnings thereon.

e. Payment of Benefits
Upon termination of service a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the vested balance rolled into Individual Retirement Account or another qualified retirement plan, as provided in the Plan document. Distributions upon death will be made to beneficiaries as soon as administratively possible.

A participant's vested interest is determined as of the Plan's valuation date coincident with or preceding the date of determination. The determination date for a participant's balance is daily. For participants with vested account balances in excess of $7,000, an election is available to defer the distribution until the participant is required by law to receive required minimum distributions. If a participant remains employed and has not attained age 59½, they generally are not eligible to request a distribution of their vested account balance, except as otherwise permitted under the Plan.

f. Administrative Fees
The administrative fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. For the year ended December 31, 2025, recordkeeping fees and advisory fees were paid by the Plan. All other expenses of administering the Plan were paid by the Company.

g. Notes Receivable from Participants
Participants may borrow from their accounts, subject to loan limitations. No loan to any participant shall be made to the extent that such loan when added to the outstanding balance of the already existing loan would exceed the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant's vested interest in the participant's account. For purposes of the above limitation, plan loans include all loans maintained by Tiger Global Management LLC. Participants may only have one loan outstanding under the Plan at any time.

All loans bear interest at the Prime Rate, as published in the *Wall Street Journal*, plus 1% as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. No loan term, including those for a primary residence, shall exceed five years. Additional documentation for the purchase of a primary residence is required. Interest rates ranged from 4.25% - 9.5% and maturity dates ranged from 2026 through 2031 for the year ended December 31, 2025.

2. Summary of Accounting Policies

a. Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at closing price net asset value ("NAV") on the last business day of the year. The common/collective trust is valued at the net asset value as reported by the fund, which approximates current values of the underlying assets. In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan is permitted, as a practical expedient to estimate the fair value of an investment in a common/collective trust using the net asset value per share of the investment without further adjustment, if the net asset value per share of the investment is determined in accordance with FASB ASC 820 as of the Plan's measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See Note 3 for discussion of fair value measurements. Purchases and sales of

securities are recorded on a trade-date basis. Interest and dividends are recorded in income on an accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Profit sharing or other non-elective employer contributions are reported when earned.

e. Payment of Benefits
Benefits are recorded when paid.

f. Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. When a loan is in default, it is recorded as a deemed distribution.

g. Employer Contributions Receivable
Employer contributions receivable represents the "true-up" of the employer safe-harbor matching contributions calculated at the end of the plan year.

3. Fair Value Measurement

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Plan discloses the fair value of its financial instruments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active; and

Level 3 – Inputs that are significant and unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan Administrator. The Plan Administrator considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by

independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan Administrator's perceived risk of that instrument.

If the Plan Administrator determines that either the volume and/or level of activity for an asset or liability has significantly decreased (from normal conditions for that asset or liability) or price quotations or observable inputs are not associated with orderly transactions, increased analysis and management judgment will be required to estimate fair value. Valuation techniques such as an income approach might be appropriate to supplement or replace a market approach in those circumstances. The guidance also provides a list of factors to determine whether there has been a significant decrease in relation to normal market activity. Regardless of the valuation technique and inputs used, the objective for the fair value measurement in those circumstances is unchanged from what it would be if markets were operating at normal activity levels and/or transactions were orderly; that is, to determine the current exit price.

The following is a description of the valuation methodology used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common/Collective Trusts
Investment in common/collective trusts are valued at NAV of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, the investments in the common/collective trusts held at December 31, 2025 and December 31, 2024 were excluded from the leveling table. The NAV per share is calculated daily by the fund based on observable market values of the underlying securities within the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common/collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no significant restrictions. These investments do not have unfunded commitments.

Mutual Funds
Investments in mutual funds are stated at the respective funds' NAV per share, which is determined based on market values at the closing price on the last business day of the year. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Fidelity BrokerageLink self-directed brokerage accounts are comprised of $1,954,489 mutual funds, which are valued at the net asset value reported by the managers of the funds, typically determined at the close of regular trading. The NAV of these mutual funds are quoted in an active market and classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Administrator believes its valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 40,675,580	$ -	$ -	$ -	$ 40,675,580
Common/collective trust	-	-	-	$ 6,283,222	6,283,222
Self-directed brokerage accounts	1,954,489	-	-	$ -	1,954,489
Total Investments at fair value	**$ 42,630,069**	**$ -**	**$ -**	**$ 6,283,222**	**$ 48,913,291**

[1] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2025, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 36,163,858	$ -	$ -	$ -	$ 36,163,858
Common/collective trust	-	-	-	$ 2,346,198	2,346,198
Total Investments at fair value	**$ 36,163,858**	**$ -**	**$ -**	**$ 2,346,198**	**$ 38,510,056**

[1] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2024, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

4. Investment Information Certified by Trustee

Information regarding investments, receivables for securities sold, and payables for securities purchased reported and disclosed in the accompanying financial statements and ERISA-required supplemental schedules as of and for the years ended December 31, 2025 and 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's Trustees, FMTC and MATC, as of December 31, 2025 and 2024, respectively. Information on notes receivable from participants and interest income from notes receivable from participants reported and disclosed in the accompanying financial statements as of and for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC.

Net investment income, including net appreciation, interest and dividend income, for the periods from January 1, 2025 through October 31, 2025 and January 20, 2025 through December 31, 2025, has been obtained by management, agreed to and/or derived from information certified as accurate and complete by MATC and FMTC, the Plan's trustee during the respective periods.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts would be distributed to participants.

6. Tax Status

For the year ended December 31, 2024, the Plan had adopted the Paychex Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated August 31, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

Effective January 20, 2025, in connection with the transition of the Plan's recordkeeping and trustee services to Fidelity Workplace Services LLC, the Plan adopted FMR LLC's Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

The Plan has been amended since its adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Risks and Uncertainties

The Plan provides participants with access to various investment options that are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, international conflict, trade wars and tariffs. Due to the level of risk associated with certain securities and the level of uncertainty around potential changes in the value of such securities, it is reasonably possible that participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits could change materially in the near term.

8. Related Party Transactions and Party-in-Interest Transactions

The Company pays for certain administrative costs on the Plan's behalf. Certain Plan investments are mutual funds managed by National Financial Services LLC, an affiliate of the Trustee. Additionally, Fidelity BrokerageLink accounts are held at National Financial Services LLC. Certain Plan expenses include loan, distribution and administrative fees paid to the Trustee. These transactions qualify as party-in-interest transactions under ERISA, however, they are exempt from the prohibited transaction rules under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 49,335,494	$ 39,588,574
Less: Amounts allocated to withdrawing participants	-	(589,233)
Less: Employer contributions receivable	(332,604)	(303,496)
Net assets available for benefits per the Form 5500 at fair value	**$ 49,002,890**	**$ 38,695,845**

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

	2025
Net increase in net assets available for benefits per the financial statements	$ 9,746,920
Less: Employer contributions receivable at December 31, 2025	(332,604)
Add: Amounts allocated to withdrawing participants at December 31, 2024	589,233
Add: Employer contributions receivable at December 31, 2024	303,496
Net increase in net assets available for benefits per the Form 5500	**$ 10,307,045**

10. Subsequent Events

Effective January 1, 2026, catch-up contributions for anyone age 50 or over who earned FICA wages over the statutory limit ($150,000 for 2026) in the previous plan year must make all catch-up contributions on a Roth basis.

The Plan Administrator has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued. Other than the matters described above and those otherwise already included in the notes to these financial statements, the Plan Administrator has determined that no additional items require disclosure.

Report of Independent Auditors

To the Administrator of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Tiger Global Management LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and October 31, 2025, and for the periods from January 1, 2025 to October 31, 2025 and from January 20, 2025 to December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2025 and for the year then ended and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these financial statements.

1. Description of Plan

The following description of the Tiger Global Management LLC (the "Company" or the "Plan Administrator") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing and 401(k) plan which became effective January 1, 2002 and covers employees of the Company who complete 3 consecutive months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions may be made into the default investment option, BlackRock LifePath® Index Retirement Fund Class K. All amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the default investment option, BlackRock LifePath® Index Retirement Fund Class K, which is a target date investment series fund. As such, contributions will be allocated to the applicable fund within the target date investment series based on the participant's age. If information necessary to select a target date fund is unavailable, all amounts contributed to the Plan for which the participant has not provided investment direction will be invested in the secondary default investment option, BlackRock Global Allocation Fund, Inc. Institutional Shares. At the participants' discretion, contributions may be allocated to 25 other investment options in lieu of the default option, consisting of mutual funds and common/collective trusts.

The Plan is administered by the Company. For the year ended December 31, 2024, Paychex served as the recordkeeper of the Plan, and Mid Atlantic Trust Company ("MATC") served as the trustee of the Plan. Effective January 20, 2025, the Plan transitioned its recordkeeping services and trustee services from Paychex and MATC to Fidelity Workplace Services LLC and Fidelity Management Trust Company ("FMTC"), respectively. As of that date, Fidelity Workplace Services LLC assumed all responsibilities as the Plan's recordkeeper, and FMTC assumed all responsibilities as the Plan's trustee. These changes were made to enhance operational efficiency and improve participant services.

a. Eligibility

Employees are eligible to participate in the Plan after completing three consecutive months of employment and attainment of age twenty-one (21) as stated in the Plan agreement.

b. Contributions

Participants may voluntarily contribute up to 90% of pre-tax and post-tax annual compensation as defined in the Plan agreement, which is not to exceed the Internal Revenue Service ("IRS") pre-tax limit of $23,500 for the year ended December 31, 2025. Participants who have attained the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions, which is limited to an additional IRS deferral limit increase of $7,500 for the year ended December 31, 2025. Under a change made in Securing a Strong Retirement Act ("SECURE 2.0"), the catch-up contribution limit applies for participants aged 60, 61, 62 and 63. For 2025, this catch-up contribution limit was $11,250.

Participants may, in addition, contribute amounts in excess of their tax deferred contribution on a post-tax basis in the lesser amount of up to 10% of their eligible compensation or $30,000. The participant's tax-deferred contribution and post-tax contribution, in the aggregate, may not exceed the lesser of 10% of their eligible compensation or $30,000 for the year ended December 31, 2025.

Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for employer matching contributions. The Company provides basic safe-harbor matching contributions as follows:

	Elective Deferral Percentage Matching	Percentage
Base Rate	Less than or equal to 3%	100%
Tier 2	Greater than 3, but less than or equal to 5%	50%

The Company may decide to make additional profit sharing and non-elective contributions to the Plan, although the Company is not required to do so. The Company did not make any profit sharing or non-elective contributions for the year ended December 31, 2025.

c. Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) investment gain and loss, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

d. Vesting
Participants are immediately vested in their employer and participant contributions plus actual earnings thereon.

e. Payment of Benefits
Upon termination of service a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the vested balance rolled into Individual Retirement Account or another qualified retirement plan, as provided in the Plan document. Distributions upon death will be made to beneficiaries as soon as administratively possible.

A participant's vested interest is determined as of the Plan's valuation date coincident with or preceding the date of determination. The determination date for a participant's balance is daily. For participants with vested account balances in excess of $7,000, an election is available to defer the distribution until the participant is required by law to receive required minimum distributions. If a participant remains employed and has not attained age 59½, they generally are not eligible to request a distribution of their vested account balance, except as otherwise permitted under the Plan.

f. Administrative Fees
The administrative fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. For the year ended December 31, 2025, recordkeeping fees and advisory fees were paid by the Plan. All other expenses of administering the Plan were paid by the Company.

g. Notes Receivable from Participants
Participants may borrow from their accounts, subject to loan limitations. No loan to any participant shall be made to the extent that such loan when added to the outstanding balance of the already existing loan would exceed the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant's vested interest in the participant's account. For purposes of the above limitation, plan loans include all loans maintained by Tiger Global Management LLC. Participants may only have one loan outstanding under the Plan at any time.

All loans bear interest at the Prime Rate, as published in the *Wall Street Journal*, plus 1% as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. No loan term, including those for a primary residence, shall exceed five years. Additional documentation for the purchase of a primary residence is required. Interest rates ranged from 4.25% - 9.5% and maturity dates ranged from 2026 through 2031 for the year ended December 31, 2025.

2. Summary of Accounting Policies

a. Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at closing price net asset value ("NAV") on the last business day of the year. The common/collective trust is valued at the net asset value as reported by the fund, which approximates current values of the underlying assets. In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan is permitted, as a practical expedient to estimate the fair value of an investment in a common/collective trust using the net asset value per share of the investment without further adjustment, if the net asset value per share of the investment is determined in accordance with FASB ASC 820 as of the Plan's measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See Note 3 for discussion of fair value measurements. Purchases and sales of

securities are recorded on a trade-date basis. Interest and dividends are recorded in income on an accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Profit sharing or other non-elective employer contributions are reported when earned.

e. Payment of Benefits
Benefits are recorded when paid.

f. Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. When a loan is in default, it is recorded as a deemed distribution.

g. Employer Contributions Receivable
Employer contributions receivable represents the "true-up" of the employer safe-harbor matching contributions calculated at the end of the plan year.

3. Fair Value Measurement

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Plan discloses the fair value of its financial instruments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active; and

Level 3 – Inputs that are significant and unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan Administrator. The Plan Administrator considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by

independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan Administrator's perceived risk of that instrument.

If the Plan Administrator determines that either the volume and/or level of activity for an asset or liability has significantly decreased (from normal conditions for that asset or liability) or price quotations or observable inputs are not associated with orderly transactions, increased analysis and management judgment will be required to estimate fair value. Valuation techniques such as an income approach might be appropriate to supplement or replace a market approach in those circumstances. The guidance also provides a list of factors to determine whether there has been a significant decrease in relation to normal market activity. Regardless of the valuation technique and inputs used, the objective for the fair value measurement in those circumstances is unchanged from what it would be if markets were operating at normal activity levels and/or transactions were orderly; that is, to determine the current exit price.

The following is a description of the valuation methodology used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common/Collective Trusts
Investment in common/collective trusts are valued at NAV of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, the investments in the common/collective trusts held at December 31, 2025 and December 31, 2024 were excluded from the leveling table. The NAV per share is calculated daily by the fund based on observable market values of the underlying securities within the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common/collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no significant restrictions. These investments do not have unfunded commitments.

Mutual Funds
Investments in mutual funds are stated at the respective funds' NAV per share, which is determined based on market values at the closing price on the last business day of the year. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Fidelity BrokerageLink self-directed brokerage accounts are comprised of $1,954,489 mutual funds, which are valued at the net asset value reported by the managers of the funds, typically determined at the close of regular trading. The NAV of these mutual funds are quoted in an active market and classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Administrator believes its valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 40,675,580	$ -	$ -	$ -	$ 40,675,580

Total Investments at fair value	**$ 42,630,069**	**$ -**	**$ -**	**$ 6,283,222**	**$ 48,913,291**

[1] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2025, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

The following table sets forth by level presents, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	NAV [1]	Total at Fair Value
Mutual funds	$ 36,163,858	$ -	$ -	$ -	$ 36,163,858

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2024, there were no purchases of, or transfers in or out of, level 3 within the fair value hierarchy.

4. Investment Information Certified by Trustee

Information regarding investments, receivables for securities sold, and payables for securities purchased reported and disclosed in the accompanying financial statements and ERISA-required supplemental schedules as of and for the years ended December 31, 2025 and 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's Trustees, FMTC and MATC, as of December 31, 2025 and 2024, respectively. Information on notes receivable from participants and interest income from notes receivable from participants reported and disclosed in the accompanying financial statements as of and for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC.

Net investment income, including net appreciation, interest and dividend income, for the periods from January 1, 2025 through October 31, 2025 and January 20, 2025 through December 31, 2025, has been obtained by management, agreed to and/or derived from information certified as accurate and complete by MATC and FMTC, the Plan's trustee during the respective periods.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts would be distributed to participants.

6. Tax Status

For the year ended December 31, 2024, the Plan had adopted the Paychex Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated August 31, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

Effective January 20, 2025, in connection with the transition of the Plan's recordkeeping and trustee services to Fidelity Workplace Services LLC, the Plan adopted FMR LLC's Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"), which received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting these forms of the plans will be considered to have a plan qualified under Section 401(a) of the Code.

The Plan has been amended since its adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Risks and Uncertainties

The Plan provides participants with access to various investment options that are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, international conflict, trade wars and tariffs. Due to the level of risk associated with certain securities and the level of uncertainty around potential changes in the value of such securities, it is reasonably possible that participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits could change materially in the near term.

8. Related Party Transactions and Party-in-Interest Transactions

The Company pays for certain administrative costs on the Plan's behalf. Certain Plan investments are mutual funds managed by National Financial Services LLC, an affiliate of the Trustee. Additionally, Fidelity BrokerageLink accounts are held at National Financial Services LLC. Certain Plan expenses include loan, distribution and administrative fees paid to the Trustee. These transactions qualify as party-in-interest transactions under ERISA, however, they are exempt from the prohibited transaction rules under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 49,335,494	$ 39,588,574
Less: Amounts allocated to withdrawing participants	-	(589,233)
Less: Employer contributions receivable	(332,604)	(303,496)
Net assets available for benefits per the Form 5500 at fair value	**$ 49,002,890**	**$ 38,695,845**

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

	2025
Net increase in net assets available for benefits per the financial statements	$ 9,746,920
Less: Employer contributions receivable at December 31, 2025	(332,604)
Add: Amounts allocated to withdrawing participants at December 31, 2024	589,233
Add: Employer contributions receivable at December 31, 2024	303,496
Net increase in net assets available for benefits per the Form 5500	**$ 10,307,045**

10. Subsequent Events

Effective January 1, 2026, catch-up contributions for anyone age 50 or over who earned FICA wages over the statutory limit ($150,000 for 2026) in the previous plan year must make all catch-up contributions on a Roth basis.

The Plan Administrator has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued. Other than the matters described above and those otherwise already included in the notes to these financial statements, the Plan Administrator has determined that no additional items require disclosure.
