INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Southern California Gas Company
Non-Represented Retiree Health and Welfare Program
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Southern California Gas Company Non-Represented Retiree Health and Welfare Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103 (a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and Plan's benefit obligations as of December 31, 2025, and 2024, and the related statements of changes in net assets available for benefits and of changes in Plan's benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

CPA℠
The CPA. Never Underestimate The Value.℠

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

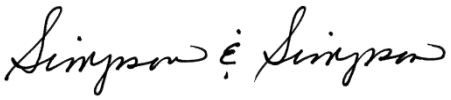

The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025; Form 5500, Schedule H, Line 4j – Schedule of Single Transactions in Excess of 5% for the year ended December 31, 2025; and Form 5500, Schedule H, Line 4j – Schedule of Series of Transactions in Excess of 5% for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Plan is provided for general information purposes only. Participants in the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a single-employer health and welfare benefit plan that provides health (medical, prescription drugs, mental health, dental, and vision) and basic life insurance benefits to eligible non-represented retirees of the Company and their qualified covered dependents. The Plan is subject to the provisions of ERISA. Sempra is the indirect parent company of the Employer. The Sempra P&B Committee oversees and manages the operation and administration of the Plan. The Bank of New York Mellon/BNY Mellon, N.A. serves as trustee of the Plan.

Eligibility—The Plan provides health and basic life insurance benefits to eligible non-represented retirees of the Company and health benefits to their qualified covered dependents. Prior to January 1, 2006, retired non-represented employees were eligible to participate after age 65 with a minimum of 5 years of service, or after age 55 with a minimum of 15 years of service. Effective January 1, 2006, the Plan was amended so that non-represented employees are eligible to participate after age 62 with a minimum of 5 years of service, or after age 55 with a minimum of 10 years of service. The Plan also provided an HRA to certain eligible employees aged 62 years or older with 5 years of service or ages 55 to 61 with 10 years of service, and who elected to retire under a number of VREPs offered by the Company (each a VREP HRA). VREP HRAs were offered to eligible employees in 2026, 2025, 2018, 2016 and 2013.

Trusts—The Plan is funded in part by the Trust, a VEBA trust established in October 1993. The Trust is funded through participant contributions in accordance with the provisions of the plan document and through actuarially determined portions of the total employer contributions described below, when necessary. At December 31, 2025 and 2024, the Trust includes all the investments of the Plan, except for the 401(h) Account described below.

401(h) Account—Beginning in 1997, the SCG Pension Plan was amended to include a health benefit component, in addition to normal retirement benefits, to fund a portion of the postretirement health benefit obligations for retirees and their beneficiaries in accordance with Section 401(h) of the IRC. A separate account has been established and maintained in the SCG Pension Plan for the net assets related to the health benefit component, the 401(h) Account, and such assets are held in the Sempra Master Trust. In accordance with IRC Section 401(h), the SCG Pension Plan's investments in the 401(h) Account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the SCG Pension Plan's obligations but are reported as obligations in the Plan's financial statements. Plan participants do not contribute to the 401(h) Account. Employer contributions or qualified transfers to the 401(h) Account are determined annually by actuarial study and are at the discretion of the Company.

As of December 31, 2025 and 2024, the net assets held in the 401(h) Account represent the fair value of investments held by the SCG Pension Plan in the Sempra Master Trust, on behalf of the Plan, net of accruals. For the year ended December 31, 2025, the net increase (decrease) in the 401(h) Account primarily includes the 401(h) Account's interest in the net investment income (loss) of the Sempra Master Trust, premiums paid, claims and capitation paid, and administrative expenses. The disclosure of the investments in the Sempra Master Trust is included in the notes to the financial statements of the SCG Pension Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Benefits—The Plan provides health and basic life insurance benefits, as discussed in the following. Medical benefits for participants that are not Medicare eligible (meaning they are not age 65 or older, or otherwise meet Medicare eligibility criteria sooner due to disability) are offered through a fully insured HMO, an MPP HMO (see "Minimum Premium Plan" section below), or two self-insured PPOs. Medical benefits for Medicare eligible participants are offered through fully insured Medicare Advantage PPO and HMO options. All self-insured HMO and PPO benefits are administered by Anthem. All mental health components are administered as part of the major medical plans by the applicable insurer or administrator. Dental benefits are offered by the Plan through a fully insured DMO, and through a self-insured indemnity group insurance contract which is administrated by Delta. The claims for self-insured medical, prescription drug, dental, vision and mental health benefits are paid by the respective administrator and the Plan provides reimbursement for these payments. The Plan also provides basic life insurance coverage to eligible participants through MetLife. The Plan pays the premiums for medical and pharmacy coverage to Kaiser and UnitedHealthcare, for dental coverage to SafeGuard (a subsidiary of MetLife), and for life insurance coverage to MetLife. Effective January 1, 2026, for participants enrolled in medical coverage through UnitedHealthcare, the Plan also pays premiums for prescription drug coverage to Express Scripts.

The HRA provided by the Plan to eligible participants is an account that can be used by the participant to pay for qualified medical expenses as defined by the IRC. No participant contributions are permitted. The initial amount credited to a participant's VREP HRA was $100,000 in 2026, 2025, 2018 and 2016, and $50,000 in 2013. There are no additional accruals or interest credits applied to a VREP HRA. All HRAs terminate when the account has been depleted by qualified health benefit reimbursements or upon the death of the participant and all eligible dependents. WageWorks, Inc. (a subsidiary of HealthEquity, Inc.) pays HRA claims that are initially funded from the general assets of the Company, which are reimbursed accordingly from the 401(h) Account.

Minimum Premium Plan—The MPP HMO is an arrangement with Anthem that is regulated as insurance, but in which the Company self-funds non-capitated and pharmacy claims on a pay-as-you-go basis with Anthem covering amounts that exceed a pre-determined maximum (pooled stop-loss). The Plan pays a fixed monthly premium that includes capitation fees, retention costs (administrative fees, a paid claims fund, and coverage for prefunded claims run-out) and pooled stop-loss coverage. Late in the subsequent year following the year of coverage, Anthem determines if there is a surplus or a deficit from capitation paid versus capitation premium received for the year of coverage. Any surplus is returned to the Plan and deficits are recuperated by Anthem from the surpluses or premiums in future years.

Stop-Loss Coverage—The Company has entered into a stop-loss insurance arrangement to limit its catastrophic risk exposure for the self-insured medical benefits (individual participant claims over a specific dollar amount). The stop-loss provider in 2025 and 2024 was Anthem.

Contributions—Employer contributions to the Plan are determined by the Company's independent actuary based on generally accepted actuarial principles and practices and the Company's current agreement with the California Public Utilities Commission.

Non-represented participants, pursuant to the decisions of the Sempra P&B Committee, contribute a percentage of the estimated cost of providing their postretirement benefits depending on years of service, date of retirement, age, type of coverage, and the number of covered dependents.

Transfers—Employees transfer between the Company and related entities for various reasons, and this results in the transfer of participant assets and related benefit obligations from one plan to another.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with U.S. GAAP.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan invests in various investment instruments. Investments, in general, are exposed to various risks and uncertainties, such as interest rate risk, credit risk and market risk. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of benefit obligations are reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Payment of Benefits—Premiums are recorded when paid and premiums paid from the Company's assets or the Trust are included in premiums paid in the accompanying statement of changes in net assets available for benefits, net of any associated rebates which are recorded when received. Claims and capitation payments are recorded when paid to third-party claims processors and such payments from the Company's assets or the Trust are included in claims and capitation paid in the accompanying statement of changes in net assets available for benefits, net of any associated rebates which are recorded when received. Premiums, claims and capitation payments from the 401(h) Account are included in net increase in 401(h) account of the Southern California Gas Company Pension Plan in the accompanying statement of changes in net assets available for benefits. Amounts paid to third-party claims processors by the Plan Sponsor that have yet to be reimbursed by the Plan are recorded within payable to plan sponsor in the accompanying statements of net assets available for benefits.

Stop-Loss—Premiums for stop-loss insurance are included in premiums paid in the accompanying statement of changes in net assets available for benefits.

Claims Incurred but Not Reported—The Plan's liability for active participant health claims incurred but unreported at year-end is estimated using actuarial methods that use historical trend information developed through studies of medical claim lag patterns incurred in the prior years. The estimated liabilities for retired participants' health claims incurred but unreported as of December 31, 2025 and 2024 are included in the Plan's postretirement benefit obligations. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Investment Valuation and Income/Loss Recognition—The Plan's investments are reported at fair value. See Note 3 for discussion of fair value measurements.

Net investment income consists of net appreciation (depreciation) in the fair value of investments, interest income and dividend income. Net appreciation (depreciation) includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held as of year-end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

Administrative Expenses—The Plan pays for administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, investment managers, Plan administrators, and the Trustee. Such expenses paid from the Company's assets or the Trust are reported on the statement of changes in net assets available for benefits within administrative and tax expenses, net of any associated rebates which are recorded when received. Administrative expenses paid from the 401(h) Account are reported on the statement of changes in net assets available for benefits within net increase in 401(h) account of the Southern California Gas Company Pension Plan. All other costs of administering the Plan are paid by the Company on behalf of the Plan.

Health Reimbursement Account—The remaining balances in the HRAs (see Note 1) available to participants and eligible dependents for qualifying medical expenses included in the accompanying statements of Plan's benefit obligations as of December 31, 2025 and 2024 are $28,001,000 and $8,803,000, respectively.

Postretirement Benefit Obligation—The Plan's postretirement benefit obligation represents the actuarial present value of expected future benefit payments that are attributable to employee service rendered as of the valuation date, which coincides with the date of the financial statements. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected future benefit payments that is attributed to that employee's service rendered as of the valuation date.

The postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data and other data points to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following are the health care cost trend rate assumptions used in the actuarial valuation as of December 31, 2025:

Coverage under age 65

- Medical and mental health benefits—6.75% in 2026; 6.50% in 2027; 6.25% in 2028; 6.00% in 2029; 5.75% in 2030; 5.25% in 2031; and 4.75% per year thereafter

Coverage age 65 and older

- Medical and mental health benefits—8.50% in 2026; 8.00% in 2027; 7.50% in 2028; 7.00% in 2029; 6.50% in 2030; 5.50% in 2031; and 4.50% per year thereafter

The following are the health care cost trend rate assumptions used in the actuarial valuation as of December 31, 2024:

Coverage under age 65

- Medical and mental health benefits—6.50% in 2025; 6.25% in 2026; 6.00% in 2027; 5.50% in 2028; 5.00% in 2029; and 4.75% per year thereafter

Coverage age 65 and older

- Medical and mental health benefits—4.50% in 2025 and the years thereafter

The following are the other significant assumptions used in the actuarial valuations as of December 31, 2025 and 2024:

	December 31,	
	2025	**2024**
Discount rate for post-retirement benefit cost	5.75%	5.75%
Mortality:		
Pre-retirement mortality	Pri-2012 Employees table with MP-2021 generational projection scale	
Post-retirement mortality	Sempra specific table, base year of 2021, with MP-2021 generational projection scale from 2021	
Weighted average retirement age	63	63
Weighted average long-term rate of return on assets	6.10%	5.87%

The health care cost trend rate assumptions have a significant effect on the postretirement benefit obligation. If the assumed rates increased by one-percentage point in each year, it would increase the obligation by $3,999,000 and $3,784,000 as of December 31, 2025 and 2024, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

Subsequent Events—Subsequent events were evaluated through September 17, 2026, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Plan management applies recurring fair value measurements to certain assets and liabilities. "Fair value" is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). A fair value measurement reflects the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include the risk inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model.

The fair value hierarchy used by Plan management prioritizes the inputs used to measure fair value, with the highest priority given to observable inputs and the lowest priority given to unobservable inputs, as follows:

Level 1—Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. The Plan's Level 1 investments consist of investments in registered investment companies such as mutual funds.

Level 2—Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including:

- time value
- current market and contractual prices for the underlying instruments
- volatility factors
- other relevant economic measures

Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. There were no investments classified as Level 2 in the Plan as of December 31, 2025 or 2024.

Level 3—Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value from the perspective of a market participant. There were no investments classified as Level 3 in the Plan as of December 31, 2025 or 2024.

The following is a description of the valuation methodologies and assumptions used to estimate the fair values of the Plan's investments:

Registered Investment Companies—Investments in mutual funds sponsored by a registered investment company are valued based on exchange listed prices. Where the value is a quoted price in an active market, the investment is classified within Level 1 of the fair value hierarchy. Investments in certain fixed income securities are valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks for the remaining fixed income securities. Such investments are classified within Level 2 of the fair value hierarchy.

The valuation methods described above are intended to produce a fair value calculation that is indicative of net realizable value or reflective of future fair values. However, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on recurring basis as of December 31, 2025 and 2024 (dollars in thousands):

	December 31, 2025		December 31, 2024	
	Level 1	Total	Level 1	Total
Registered investment companies	$ 231	$ 231	$ 772	$ 772
Total investments	$ 231	$ 231	$ 772	$ 772

4. FEDERAL INCOME TAX STATUS

The Trust established under the Plan to hold the Plan's assets is intended to qualify as exempt from federal income taxes pursuant to IRC Section 501(c)(9) and the Company has applied for and received recognition of tax-exempt status from the Internal Revenue Service dated January 11, 1998 that confirms the Trust was designed in accordance with the applicable regulations of the IRC. Accordingly, the Trust's net investment income is generally exempt from income taxes; however, the Trust is subject to taxation on unrelated business taxable income, as defined in IRC Section 512(a)(3). The Trust and Plan have been amended since receiving the recognition of exemption; however, the Company and Plan management believe that the Trust and Plan, as amended, continue to maintain their tax-exempt statuses.

The Plan recognized tax expense in the amount of $11,000 for the year ended December 31, 2025.

5. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the information regarding the Plan and the Sempra Master Trust as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee for the Plan and the Sempra Master Trust that this information is complete and accurate (dollars in thousands):

	December 31, 2025	December 31, 2024
Investments, at fair value	$ 231	$ 772
Interest receivable	1	3
Total	$ 232	$ 775
Net assets held in 401(h) account of the Southern California Gas Company Pension Plan	$ 500,131	$ 462,181

	Year Ended December 31, 2025
Net investment income—interest	$ 30
Net increase in 401(h) account of the Southern California Gas Company Pension Plan	$ 37,950

The Trustee certified all investment balances and investment information in Note 3, excluding the classification of investments by level within the fair value hierarchy in Note 3.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, subject to the provisions of ERISA and contractual obligations, to change any or all parts of the Plan, or to terminate the Plan at any time. In the event the Plan is terminated, the remaining net assets available for benefits are to be set aside for participants and are to be used to pay for benefit claims outstanding and benefit claims which arise prior to termination.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2025 and 2024 as reported in the financial statements compared to the Form 5500 (dollars in thousands):

	December 31, 2025	December 31, 2024
Net assets available for benefits per the financial statements	$ 499,876	$ 462,572
Benefit obligations currently payable	(330)	(417)

Due to (from) related plans	16	(35)
Net assets available for benefits per the Form 5500	$ (569)	$ (61)

The following is a reconciliation of the change in net assets before plan transfers for the year ended December 31, 2025 as reported in the financial statements compared to the Form 5500 (dollars in thousands):

Increase in net assets before plan transfers per the financial statements	$ 37,356
Less: Net increase in 401(h) account of the Southern California Gas Company Pension Plan	(37,950)
Add: Benefit obligations currently payable as of December 31, 2024	417
Less: Benefit obligations currently payable as of December 31, 2025	(330)
Net loss per the Form 5500	$ (507)

The following is a reconciliation of net transfers of assets of active employees to related plans for the year ended December 31, 2025 as reported in the financial statements to transfers of assets to (from) this plan per the Form 5500 (dollars in thousands):

Net transfers of assets of active employees to related plans per the financial statements	$ (52)
Less: Net transfers of assets to related plans	52
Transfers of assets to (from) this plan per the Form 5500	$ —
