Independent Auditor's Report

To Management and the Retirement Plan Committee of the
Blend Pak Inc 401(k) Profit Sharing Plan and Trust
Bloomfield, Kentucky

Opinion

We have audited the accompanying financial statements of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) DESCRIPTION OF PLAN

The following description of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** (the "Plan") provides only general information. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Blend Pak Inc. (the "Company"), effective January 1, 2024, covering substantially all employees of the Company who have completed two consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make pre-tax and after-tax Roth elective salary deferrals up to 92% of total compensation, as defined in the plan document, subject to limitations imposed by Internal Revenue Code ("IRC") regulations. Eligible participants are also permitted to make catch-up contributions in accordance with IRC regulations and rollover contributions representing distributions from other qualified plans. The plan also permits in-plan Roth rollovers for eligible participants.

Company salary deferral matching contributions are made annually equal to 100% of each participant's deferrals, limited to 3% of eligible compensation. Company contributions may also include discretionary profit sharing and/or nonelective contributions as determined annually by the Company, but the Company made no discretionary profit sharing or nonelective contributions during 2025 or 2024. To be eligible to receive Company discretionary profit sharing contributions, participants must be employed on the last day of the plan year. Only non-highly compensated employees, as defined in the plan document, are eligible to receive Company discretionary nonelective contributions.

The Plan has an automatic enrollment feature whereby the Company will automatically enroll new employees into the Plan who have met the eligibility requirements. These employees are automatically enrolled to contribute 3% of their eligible compensation to the Plan, on a pretax basis, unless the employee opts out of the automatic enrollment provisions by providing appropriate notice to the plan administrator. Participants may also withdraw automatic enrollment salary deferral contributions, and earnings thereon, without penalty, within 90 days after the date the first automatic deferral is made. Effective January 1, 2025, the Plan was amended to implement scheduled deferral rate increases of 1% on the first day of each subsequent plan year, up to a maximum of 10% of eligible compensation, for automatically enrolled participants.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment elections at any time.

(1 - continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant compensation, account balances or specific transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and employer salary deferral matching, discretionary profit sharing and discretionary nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer terms for loans used to purchase a primary residence. The loans are secured by the remaining balance in the participant's account and bear interest at a rate of prime plus 1% on the loan origination date. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may elect to receive a lump sum amount equal to the value of their vested account balance, installment payments, non-recurring partial payments, or payments toward the purchase of an annuity contract. Withdrawals attributable to rollover contributions are available at any time. The Plan also provides for in-service distributions or deemed severance distributions for participants that have attained age 59½ or for financial hardships subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000 ($7,000 effective January 1, 2025), the funds will be distributed upon termination of employment in a lump sum amount, subject to automatic rollover provisions if the distribution exceeds $1,000.

Forfeited Accounts

Forfeited nonvested accounts may be used to reduce future employer contributions or pay plan expenses. There was no forfeited nonvested account balance at December 31, 2025 and 2024, and no forfeitures were used to reduce employer contributions or pay plan expenses for the years ended December 31, 2025 and 2024.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions from mutual funds are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. The interest rate on notes receivable from participants outstanding at December 31, 2025 ranged from 8.00% to 8.75%.

Administrative Expenses

Some administrative expenses are paid by the Company, and some are paid by the Plan. Those that were paid by the Plan are reflected in the accompanying financial statements. Employees of the Company perform certain administrative functions for the Plan. Neither the Company nor its employees receive compensation from the Plan.

(2 - continued)

Payment of Benefits

Benefits are recorded when paid. At December 31, 2025 and 2024, there were no allocated amounts to participants who had elected to withdraw from the Plan, but had not yet been paid.

Subsequent Events

Management has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and related notes thereto have taken place through October 1, 2026, the date these financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observed for the asset; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are used only if Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

(3 - continued)

The following table presents the balances of the Plan's investments within the fair value hierarchy measured at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 1,097,673	$ -	$ -	$ 1,097,673
December 31, 2024:				
Mutual funds	$ 609,273	$ -	$ -	$ 609,273

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation techniques and related inputs used for assets measured at fair value at December 31, 2025 and 2024.

Mutual Funds

The fair value of mutual funds is based on the quoted net asset value ("NAV") of the shares as reported by the fund (Level 1 inputs). The mutual funds held by the Plan are open-end mutual funds registered with the United States Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

(4) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan to the trustees, service providers or affiliates of the trustees or service providers for the administration of the Plan are reflected in the statements of changes in net assets available for benefits. Such payments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Administrative fees paid by the Plan to the service providers were $14,014 and $5,809 for the years ended December 31, 2025 and 2024, respectively.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(6) TAX STATUS

The Plan is based on a pre-approved plan which has received a favorable opinion letter from the IRS dated August 31, 2020, that the pre-approved plan is designed in accordance with applicable sections of the IRC. The plan sponsor has not separately applied for a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(7) RISKS AND UNCERTAINTIES

The Plan invests in mutual funds that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

To Management and the Retirement Plan Committee of the
Blend Pak Inc 401(k) Profit Sharing Plan and Trust
Bloomfield, Kentucky

Opinion

We have audited the accompanying financial statements of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) DESCRIPTION OF PLAN

The following description of the **Blend Pak Inc 401(k) Profit Sharing Plan and Trust** (the "Plan") provides only general information. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Blend Pak Inc. (the "Company"), effective January 1, 2024, covering substantially all employees of the Company who have completed two consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make pre-tax and after-tax Roth elective salary deferrals up to 92% of total compensation, as defined in the plan document, subject to limitations imposed by Internal Revenue Code ("IRC") regulations. Eligible participants are also permitted to make catch-up contributions in accordance with IRC regulations and rollover contributions representing distributions from other qualified plans. The plan also permits in-plan Roth rollovers for eligible participants.

Company salary deferral matching contributions are made annually equal to 100% of each participant's deferrals, limited to 3% of eligible compensation. Company contributions may also include discretionary profit sharing and/or nonelective contributions as determined annually by the Company, but the Company made no discretionary profit sharing or nonelective contributions during 2025 or 2024. To be eligible to receive Company discretionary profit sharing contributions, participants must be employed on the last day of the plan year. Only non-highly compensated employees, as defined in the plan document, are eligible to receive Company discretionary nonelective contributions.

The Plan has an automatic enrollment feature whereby the Company will automatically enroll new employees into the Plan who have met the eligibility requirements. These employees are automatically enrolled to contribute 3% of their eligible compensation to the Plan, on a pretax basis, unless the employee opts out of the automatic enrollment provisions by providing appropriate notice to the plan administrator. Participants may also withdraw automatic enrollment salary deferral contributions, and earnings thereon, without penalty, within 90 days after the date the first automatic deferral is made. Effective January 1, 2025, the Plan was amended to implement scheduled deferral rate increases of 1% on the first day of each subsequent plan year, up to a maximum of 10% of eligible compensation, for automatically enrolled participants.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment elections at any time.

(1 - continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant compensation, account balances or specific transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and employer salary deferral matching, discretionary profit sharing and discretionary nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer terms for loans used to purchase a primary residence. The loans are secured by the remaining balance in the participant's account and bear interest at a rate of prime plus 1% on the loan origination date. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may elect to receive a lump sum amount equal to the value of their vested account balance, installment payments, non-recurring partial payments, or payments toward the purchase of an annuity contract. Withdrawals attributable to rollover contributions are available at any time. The Plan also provides for in-service distributions or deemed severance distributions for participants that have attained age 59½ or for financial hardships subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000 ($7,000 effective January 1, 2025), the funds will be distributed upon termination of employment in a lump sum amount, subject to automatic rollover provisions if the distribution exceeds $1,000.

Forfeited Accounts

Forfeited nonvested accounts may be used to reduce future employer contributions or pay plan expenses. There was no forfeited nonvested account balance at December 31, 2025 and 2024, and no forfeitures were used to reduce employer contributions or pay plan expenses for the years ended December 31, 2025 and 2024.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions from mutual funds are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. The interest rate on notes receivable from participants outstanding at December 31, 2025 ranged from 8.00% to 8.75%.

Administrative Expenses

Some administrative expenses are paid by the Company, and some are paid by the Plan. Those that were paid by the Plan are reflected in the accompanying financial statements. Employees of the Company perform certain administrative functions for the Plan. Neither the Company nor its employees receive compensation from the Plan.

(2 - continued)

Payment of Benefits

Benefits are recorded when paid. At December 31, 2025 and 2024, there were no allocated amounts to participants who had elected to withdraw from the Plan, but had not yet been paid.

Subsequent Events

Management has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and related notes thereto have taken place through October 1, 2026, the date these financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observed for the asset; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are used only if Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

(3 - continued)

The following table presents the balances of the Plan's investments within the fair value hierarchy measured at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 1,097,673	$ -	$ -	$ 1,097,673
December 31, 2024:				
Mutual funds	$ 609,273	$ -	$ -	$ 609,273

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation techniques and related inputs used for assets measured at fair value at December 31, 2025 and 2024.

Mutual Funds

The fair value of mutual funds is based on the quoted net asset value ("NAV") of the shares as reported by the fund (Level 1 inputs). The mutual funds held by the Plan are open-end mutual funds registered with the United States Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

(4) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan to the trustees, service providers or affiliates of the trustees or service providers for the administration of the Plan are reflected in the statements of changes in net assets available for benefits. Such payments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Administrative fees paid by the Plan to the service providers were $14,014 and $5,809 for the years ended December 31, 2025 and 2024, respectively.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(6) TAX STATUS

The Plan is based on a pre-approved plan which has received a favorable opinion letter from the IRS dated August 31, 2020, that the pre-approved plan is designed in accordance with applicable sections of the IRC. The plan sponsor has not separately applied for a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(7) RISKS AND UNCERTAINTIES

The Plan invests in mutual funds that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
