Independent Auditor's Report

Plan Administrator
Agricultural Bank of China 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Agricultural Bank of China 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The Agricultural Bank of China 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan was established on January 1, 2014, which has been amended and restated effective January 1, 2022, and covers substantially all employees of Agricultural Bank of China (the Company or Plan Administrator). Empower Retirement, LLC serves as the Plan's record-keeper and maintains participant account records. Empower Trust Company, LLC serves as the Trustee of the Plan, holds the Plan's investment assets and executes investment transactions. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

The Plan provides each participant with an opportunity to make elective pre-tax contributions and/or Roth elective deferrals to the Plan, up to 100% of compensation, and subject to the limitations of the Internal Revenue Code (IRC).

The Plan utilizes an automatic enrollment feature for eligible employees. Unless participants otherwise enroll or specifically decline to contribute, participants are automatically enrolled at a 3% deferral rate of compensation.

The Company is required to make safe harbor matching contributions of 100% of the participant's salary deferrals that do not exceed 3% of their eligible compensation, plus 50% of a participant's salary deferrals between 3% and 5% of the participant's eligible compensation.

Vesting

Participants are immediately and fully vested in their own contributions, safe harbor matching contributions, and discretionary nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $500 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A one-time origination fee is charged at inception of the note receivable from participants. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate determined reasonable by the Company. All notes must be repaid within five years, unless for the purchase of a primary residence, in which case the repayment period may not exceed 10 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. At December 31, 2025, interest rates on notes receivable from participants range from 9.0% to 9.5% per annum.

Payment of Benefits

Upon normal retirement age, death, disability, or termination, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their vested account related to their elective deferral contributions. Account balances of $5,000 or less at the time of termination will be "cashed out" as an involuntary lump sum payment.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) the Plan's earnings and is charged with an allocation of administrative expenses for investments with the trustee. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for contributions to be invested by the participants among any of the various investment options in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan document for additional fund information.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce company contributions or pay plan administrative expenses. These amounts are reported as a component of net assets available for benefits. As of December 31, 2025 and 2024, there were $0 forfeitures available for use.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except for the guaranteed interest account which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 21, 2026, the date the financial statements were available for issuance.

Note 3. Investment Information Certified by the Trustee

The following is a summary of the investment information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that were prepared and derived from information provided by the Plan's trustee, Empower Life & Annuity Insurance Company of New York (Empower), and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that such information is complete and accurate.

	December 31,	
	2025	2024

	$ 15,952,060	$ 12,774,519

	Year Ended December 31, 2025
Net appreciation in investment value	$ 1,157,786
Interest and dividends	1,052,924
Interest on participant notes receivable	666

Guaranteed Investment Contract with Insurance Company

The Plan entered a fully benefit-responsive, guaranteed annuity contract and the contributions are maintained in a general account. The account is credited with earnings based on the specified crediting rate and charged with participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. As of December 31, 2025 and 2024, the guaranteed investment contract is presented on the face of the statements of net assets available for plan benefits at contract value.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value of measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value fall into one of the three levels of the fair value hierarchy below and are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

- Pooled separate accounts: Valued at its accumulated unit values which are based on the net asset values as reported by the custodian based upon the underlying assets, primarily equity and fixed income mutual funds, included in the pooled separate account. The underlying funds held by the Plan's pooled separate account are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2025 are as follows:

Description	Total Fair Value	(Level 1)	(Level 2)	(Level 3)
Pooled separate accounts	$ 15,604,599	$ -	$ 15,604,599	$ -

Investments at fair value as of December 31, 2024 are as follows:

Description	Total Fair Value	(Level 1)	(Level 2)	(Level 3)
Pooled separate accounts	$ 12,508,296	$ -	$ 12,508,296	$ -

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6. Related-Party Transactions

Certain plan investments are managed by the Plan's trustee and, therefore, transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Other fees and expenses, such as investment fees and certain plan administrative expenses, may be deducted directly from investment returns in accordance with the applicable investment option selected by the participants.

Note 7. Tax Status

On November 14, 2022, the IRS stated that the prototype adopted by the Plan, as designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself, and has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable equity securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain equity securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
