TD2 401(K) PLAN

REPORTABLE FINDINGS LETTER

DECEMBER 31, 2025

Wallace Plese + Dreher
CERTIFIED PUBLIC ACCOUNTANTS + CONSULTANTS

Wallace Plese + Dreher
CERTIFIED PUBLIC ACCOUNTANTS + CONSULTANTS

To the Trustees, Plan Administrator and Management of
TD2 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of TD2 401(k) Plan (the "Plan") as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered TD2 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible*. The chance of the future event or events occurring is more than remote but less than likely.
- *Probable*. The future event or events are likely to occur.

We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A reportable finding is an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. We consider the following deficiencies inTD2 401(k) Plan's internal control to be significant deficiencies and reportable findings:

Employer Contributions Based on Compensation in Excess of Allowable Limits

During our testing, we noted that employer contributions for one participant were calculated using compensation in excess of the annual limit established under Internal Revenue Code §401(a)(17). This participant was also affected by the same error in the prior year. As a result, employer contributions exceeding the amounts permitted under the Plan's terms were allocated to the participant's account. We further noted that the Plan has not completed corrective action for the excess allocations made during 2024 for this participant and one other participant. This matter was also reported in the prior-year audit.

We recommend that management promptly determine and complete the appropriate corrective action for all affected participants, including adjustments for related earnings, in consultation with the Plan's recordkeeper, third-party administrator, and ERISA counsel, as appropriate. Management should also establish and document an effective review control over payroll data and contribution calculations to ensure that compensation is limited to the applicable §401(a)(17) amount before contributions are funded. Because this issue recurred, management should evaluate the underlying cause, confirm that the compensation limit is correctly configured and updated annually in all relevant systems, and verify the operation of the revised control.

This communication is intended solely for the information and use of management, the trustees, plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
