INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Insperity 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Insperity 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the Insperity 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description or plan document for a more complete description of the Plan's provisions, both of which are available from the Insperity Benefits Plan Committee (the Committee).

General

The Plan is a defined contribution plan. The Plan was established for eligible worksite employees (Eligible Employees) of Insperity Holdings, Inc. and its affiliates (the Company). The Plan document includes an election agreement (the Election Agreement) for each Covered Entity, as defined by the Plan, that indicates which of certain varying provisions of the Plan, such as eligibility, employer contributions, and automatic salary deferrals, apply to certain Eligible Employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Committee is the designated plan administrator of the Plan under ERISA and is responsible for administration and oversight of the Plan. Goldman Sachs Asset Management, L.P. (GSAM) is the ERISA 3(38) investment manager for the Plan with responsibility for selection and monitoring of Plan investments. Gallagher Benefit Services, Inc. (formerly Buck Global LLC) is the ERISA 3(21) fiduciary responsible for monitoring GSAM, and also reviews expenses of the Plan and advises the Committee. The Bank of New York Mellon (BNY Mellon) is the trustee of the Plan. In April 2025, Morningstar Investment Management LLC became the managed account provider available to participants under the Plan. Previously ProNvest, Inc. dba Future Capital was the managed account provider.

Eligibility

Pursuant to the election set forth in each of the applicable Election Agreements, certain Eligible Employees are eligible to participate in the Plan. There are four eligibility options offered in the Plan as follows:

- immediate participation with no minimum age requirement,
- attainment of 21 years of age and the completion of 1,000 hours of service within a computation period,
- attainment of 21 years of age and completion of one year of service, or
- attainment of 21 years of age and completion of three consecutive months of employment.

The eligibility period applicable to an Eligible Employee is based on the eligibility option elected in the applicable Election Agreement.

Contributions

Participants may make pretax and/or Roth salary deferral contributions to the Plan, including catch-up contributions, of 1% to 80% of their eligible compensation each pay period. Salary deferral contributions are subject to limits established by tax laws. Participants may also rollover certain amounts representing distributions from certain other qualified defined benefit plans, defined contribution plans, and individual retirement accounts. Pursuant to the elections set forth in each of the applicable Election Agreements, certain Eligible Employees may receive one or more of the following types of Company contributions: (a) matching contributions, (b) qualified non-elective contributions, and (c) discretionary profit-sharing contributions.

The Plan is designed with an intention to comply with Section 404(c) of ERISA, allowing participants to exercise control over the investment of their accounts in the Plan. Various investments, including mutual funds, pooled separate accounts and common/collective trust funds, are available. In the event that a participant fails to direct the investment of their accounts, their Plan accounts will be invested in a qualified default investment alternative (QDIA). If a participant's account is invested in a QDIA, the participant is deemed to have exercised control over the investment of the assets in their accounts. The Plan's QDIAs consist of the State Street Target Retirement Funds (TRF). The TRFs are a series of target date funds, which are designed to be a diversified portfolio for participants aiming to retire within a few years of the year specified in the fund's name. The TRFs follow a "glide path", allowing for the funds to become less risky, meaning the fund holds a decreasing percentage of stocks, as they approach and pass the year in the fund's name, until leveling out approximately five years after the year specified in the fund's name. The TRFs are broadly diversified and include asset classes such as U.S. stocks, international stocks, U.S. Government and other U.S. bonds, and inflation-sensitive asset classes. The principal value of the TRFs is not guaranteed at any time, including at the time of the target date and/or withdrawal.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of plan earnings and may be charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of the respective investment options. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in all salary deferrals and Company contributions and the earnings thereon.

Benefit Payments

Benefit payments are allowed under the Plan upon severance of employment, disability, or death. Upon severance of employment, participants may request all or a portion of their account to be distributed. If the account balance of a terminated participant is $1,000 or less, the plan administrator may elect to distribute the account balance in a lump-sum payment to the participant.

In-Service Distributions, Hardship Withdrawals and Participant Loans

Participants may request a distribution of their rollover and eligible merged contribution accounts at any time. At age $59^1/_2$, active participants may receive an in-service withdrawal of all or a portion of their accrued benefits. Distributions in the event of financial hardship may also be available to participants with a qualifying financial hardship.

Participants may borrow up to the lesser of $50,000 less the participant's highest outstanding loan balance during the preceding 12 months or half of their vested account balance in the Plan without penalty, subject to the Internal Revenue Code (the Code) and treasury regulations thereunder. The minimum loan amount is $1,000, and a participant may only have two outstanding loans at one time, of which only one loan may be residential. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account. The interest rate is fixed for the term of the loan based on the prime rate in effect during the month in which the loan is made plus 1%. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Generally, administrative expenses, based on a flat per participant fee, are paid or reimbursed by the Plan; however, certain administrative expenses have been paid by the Company. Administrative expenses related to participant specific transactional activities, such as loans and withdrawals, are deducted from the participant's account. The Plan's investments do not include any share classes that include revenue sharing.

Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time in accordance with the provisions of ERISA. In the event of plan termination, participants would receive their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding deduction to the net assets available for Plan benefits. These amounts are returned to participants within the time specified in the Code.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Under the terms of the trust agreement with the trustee, the Plan has investments in various mutual funds, pooled separate accounts and common/collective trust funds or collective investment funds. Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation/ depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

3. Investments

Investment information, excluding notes receivable from participants and the related interest income, disclosed in the accompanying financial statements and supplemental schedule, including investments held and cash at December 31, 2025 and 2024, and net appreciation in fair value of investments and investment income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by BNY Mellon, the trustee of the Plan, and New York Life Insurance Company.

Notes receivable from participants of $132,549,867 and $118,844,329 at December 31, 2025 and 2024, respectively, and related interest income of $9,874,172 for the year ended December 31, 2025, have not been certified as complete and accurate by the trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 – Level 2 inputs include the following:
  - Quoted prices for similar assets and liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in markets that are not active
  - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities
  - Inputs that are derived primarily from or corroborated by observable market data by correlation or other means

  An asset or liability with a specified term must be observable for substantially the full term of the asset or liability.
- Level 3 – Unobservable inputs are used when little or no market data is available, and the inputs are significant to the fair value measurement. Level 3 inputs include plan management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on a quoted market price.

Pooled separate accounts: Valued at the NAV of units held by the Plan. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Common/collective trust funds: Valued at the NAV of units held by the Plan. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table illustrates by level, within the fair value hierarchy, the Plan's assets carried at fair value:

(a) None of the pooled separate accounts or common/collective trust funds in the Plan have participant redemption restrictions.

(b) The New York Life Anchor Account is stated at a static $1 price by New York Life Insurance Company. The account is a stable value product that guarantees principal and accumulated interest. The account invests in high quality fixed income bonds and seeks to minimize volatility. The account has a limitation on transfers to competing core investments available under the Plan, but no such competing core investments are currently available.

(c) The TCW MetWest Total Return Bond Fund is stated at the NAV as reported by TCW Multiple Investment Trust. The fund is a fixed income fund that invests in a diversified portfolio of high quality bonds and other debt securities. The fund seeks to maximize long-term total return.

(d) The SSgA Global All Cap Eq Ex-US Index Fund is stated at the NAV as reported by SSgA's North America Valuation Committee. The fund is an international stock fund that seeks to track the performance of the MSCI ACWI Ex. US Index, which measures the investment return of stocks issued by companies located in developed and emerging markets, excluding the United States.

(e) The SSgA Russell Small/Mid Cap Index Fund is stated at the NAV as reported by SSgA's North America Valuation Committee. The fund is a domestic stock fund that seeks to track the performance of the Russell Small Cap Completeness Index, which measures the investment return of small- and mid-capitalization U.S. stocks.

(f) The SSgA S&P 500 Index Fund is stated at the NAV as reported by SSgA's North America Valuation Committee. The fund is a domestic stock fund that seeks to track the performance of the S&P 500® Index, which measures the investment return of large-capitalization U.S. stocks.

(g) The SSgA Target Retirement Funds are stated at the NAV as reported by SSgA's North America Valuation Committee. The funds are a series of target date funds, which are designed to be a diversified portfolio for participants aiming to retire within a few years of the year specified in the fund's name. The funds follow a "glide path", allowing for the funds to become less risky, meaning the funds hold a decreasing percentage of stocks, as they approach and pass the year in the fund's name, until leveling out approximately five years after the year specified in the fund's name. The funds are broadly diversified and include asset classes such as U.S. stocks, international stocks, U.S. Government and other U.S. bonds, and inflation-sensitive asset classes. The principal value of the funds is not guaranteed at any time, including at the time of the target date and/or withdrawal.

(h) The SSgA U.S. Bond Index Fund is stated at the NAV as reported by SSgA's North America Valuation Committee. The fund is a bond fund that seeks to track the performance of the Bloomberg U.S. Aggregate Bond Index.

(i) The T. Rowe Price Blue Chip Growth Trust Fund is stated at the NAV as reported by the T. Rowe Price Valuation Committee. The fund is a domestic large-cap growth stock fund. The fund seeks to provide long-term capital growth. Income is a secondary objective.

5. Plan Transfers

Certain Covered Entities requested transfer of assets of their attributable portion of the Plan, either to another qualified plan or from another qualified plan. Such transfers were permitted, providing that affected participants would receive a benefit immediately after the transfer equal to or greater than the benefit the affected participants would have received immediately before the transfer. During 2025, $689,493,147 in assets representing the accrued benefits attributable to certain current and former participants of Covered Entities were transferred into the Plan from other qualified plans. Additionally, $1,231,689,802 in assets representing the accrued benefits attributable to certain current and former participants were spun off to other plans not sponsored by the Company.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated August 19, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated, and further amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes

could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

8. Related Party and Exempt Party-in-Interest Transactions

All service providers who are a party-in-interest provide services necessary for the operation of the Plan at no more than reasonable compensation, and such services qualify as exempt party-in-interest transactions. Participant loans qualify as exempt party-in-interest transactions.

9. Subsequent Events

The plan administrator has evaluated subsequent events for the Plan through October 6, 2026, the date the financial statements were available to be issued.
