INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Affordable Interior Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Affordable Interior Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The Affordable Interior Systems, Inc. 401(k) Plan (the Plan) is a defined contribution plan which began on January 1, 2000, and covers all employees of Affordable Interior Systems, Inc. and Pan Pacific, LLC (collectively, the Company and Plan Administrator) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility

The Plan states that all employees of the Company who have attained age 18 are eligible to participate in the Plan.

Contributions

Participants may defer pre-tax contributions to be made to the Plan through a reduction of their compensation of amounts between 1% and 100% in whole percentages of their eligible compensation, subject to certain limits under the Internal Revenue Code (the Code). Participants who are projected to be age 50 or older by the end of the calendar year and who are making pre-tax contributions to the Plan may also make an additional "catch up" pre-tax contribution subject to limits under the Code. Rollovers from qualified plans are permitted.

Employees who do not complete a salary deferral agreement will be automatically enrolled in the Plan with a 10% deferral percentage. The automatic contributions will be invested in a default investment fund selected by the Plan.

Effective August 1, 2025, the Company's matching contribution was changed to equal 25% of the first 10% of eligible earnings that a participant contributes to the Plan. Prior to this change, the matching contribution was equal to 25% of the first 6% of eligible earnings that a participant contributes to the Plan.

Additional non-elective contributions (profit sharing contributions) may be contributed at the option of the Company's board of directors. The non-elective contribution, if made, is allocated to all employees eligible to participate in the Plan. A participant must be employed by the Company on December 31 to receive any discretionary Company contributions. There were no non-elective Company contributions for the Plan year ended December 31, 2025.

All contributions are held in a trust and invested by the Plan's trustee in accordance with the options elected by the participants; all investments are participant-directed.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings to account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus cumulative earnings thereon. Participants vest in the Company's matching contributions and discretionary contributions and the cumulative earnings thereon as follows: less than one year of service, 0%; after one year of service, 25%; after two years of service, 50%; after three years of service, 75%; and after four years of service, 100%. Upon death or disability, participants become 100% vested in their account.

Note Receivable from Participant

Prior to March 2019, participants were allowed to borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in *The Wall Street Journal* plus 2%. Principal and interest is paid ratably through payroll deductions.

In March 2019, the Plan was amended to no longer permit loans from the Plan.

Forfeitures

Any non-vested amounts attributable to Company matching contributions shall be forfeited after a participant terminates employment. The forfeiture will occur in the Plan year that the participant receives a distribution of their vested account, or after a five-year period of severance. Forfeited discretionary Company contributions will be used to pay for Plan expenses or will be used to reduce the Company's subsequent contributions to the Plan. Forfeitures were not used to reduce Company contributions during the Plan year ended December 31, 2025.

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $86,524 and $57,137, respectively. These accounts will be used to reduce future Company contributions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account or periodic installments based on the life expectancy of the participant or the participant's designated beneficiary.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan as well as to discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of the termination of the Plan, each participant shall become fully vested in his or her retirement account at that date.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurement.

The John Hancock Stable Value Fund is invested solely in units of the John Hancock Stable Value Trust (the Trust), a collective trust fund managed by John Hancock Life Insurance Company. The Trust invests primarily in fixed income mutual funds and separately managed bond accounts. Deposits to and withdrawals from the Trust may be made daily at the current Net Asset Value (NAV) per unit. A delay of up to 12 months may be experienced for plan level withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Benefits to Participants

Benefits are recorded when paid.

Administrative Expenses

The Company pays substantially all of the administrative costs of the Plan. Personnel within the Company perform various administrative services for the Plan. Administrative expenses incurred by the Plan include loan fees and withdrawal processing fees charged directly to the participants' accounts, as well as investment management fees which are netted against investment returns. During the year ended December 31, 2025, the payroll and related overhead costs associated with these services were not included as administrative expenses of the Plan.

Subsequent Events

Management has considered transactions or events occurring through October 7, 2026, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Information Prepared and Certified by the Trustees

The investments, investment transactions, net appreciation in fair value of investments, note receivable from participant and related income were obtained by management and agreed to or derived from the information certified by John Hancock Life Insurance Company and John Hancock Trust Company, LLC, the trustees, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statement of Changes in Net Assets Available for Benefits; and
- Schedule H, line 4i – Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Valued based on the NAV of shares held by the Plan at year-end.

Collective trust fund – Valued based on the NAV of units held by the Plan. NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Pooled separate accounts – Valued based on the market prices of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 35,094,902**	**$ -**	**$ -**	**$ 35,094,902**
Collective trust fund, at NAV as a practical expedient				**1,375,612**
Total assets at fair value				**$ 36,470,514**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 29,010,020	$ -	$ 29,010,020
Collective trust fund, at NAV as a practical expedient				1,412,337
Total assets at fair value				$ 30,422,357

5. Party-in-Interest Transactions

Certain Plan investments as of December 31, 2025 are shares of mutual funds and a collective trust fund managed by John Hancock Trust Company, LLC. As of December 31, 2024, investment options included pooled separate accounts, a collective trust fund, and funds held in the insurance company general account managed by John Hancock Life Insurance Company. John Hancock Trust Company, LLC and John Hancock Life Insurance Company are the trustees as defined by the Plan and, therefore, transactions with these institutions qualify as party-in-interest transactions.

6. Tax Status

The Plan was originally established, and all subsequent amendments have been made, under the provisions of the third-party administrator prototype plan. The Internal Revenue Service has informed the third-party administrator, by letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since the determination letter was issued. However, the Plan Administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
