# INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Participants
Loring, Wolcott & Coolidge Retirement Savings Plan

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Loring, Wolcott & Coolidge Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31,2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 – DESCRIPTION OF PLAN

The following description of Loring, Wolcott & Coolidge Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan originally established on July 1, 1987. The purpose of the Plan is to enable all eligible employees of Loring, Wolcott & Coolidge Trust, LLC (the Plan Sponsor, Plan Administrator, Employer or Company), to participate in the Plan to accumulate capital for their future economic security. The Plan enables participants to supplement their retirement income by accumulating an individual account balance during their years of employment with the Company. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

All assets acquired under this Plan as a result of participant and Company contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Company for the exclusive benefit of participants in the Plan and their beneficiaries.

The Plan was amended with an effective date of April 29, 2021, to adopt the most recent pre-approved Plan document to be in compliance with the most current laws and regulations.

Eligibility: Full time employees of the Company are eligible for participation in the Plan on date of hire. Part-time employees, temporary employees, seasonal employees and interns of the Company who have attained the age of 21 and have completed 1,000 hours of service during an eligibility computation period, defined as the 12-month consecutive period beginning on the employee's commencement date, are eligible to participate in the Plan on meeting these age and service requirements. Upon meeting the eligibility requirements, an employee is enrolled into the Plan as soon as administratively feasible.

Participant Contributions: Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan document, subject to the maximum tax deferred contribution allowed under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are fully vested in these amounts.

Rollover Contributions: With the approval of the Plan Administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers) provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Employer Contributions: The Plan provides that the Company may contribute a matching portion to all eligible participants. For the year ended December 31, 2025, the Company's discretionary matching contribution is as follows:

| Years of Services | Match Percentage |
|---|---|
| Less than 5 years | 100% match up to the first 4% of compensation of participant deferrals |
| 5-10 years | 100% match up to the first 6% of compensation of participant deferrals |
| More than 10 years | 100% match up to the first 8% of compensation of participant deferrals |

(Continued)

**NOTE 1 – DESCRIPTION OF PLAN** (Continued)

An increase in match percentage takes effect at the beginning of the calendar year that the participant will meet the years of service requirement. The Company may also designate all or a portion of any matching contributions as qualified matching employer contributions to all eligible participants who are non-highly compensated employees in order to satisfy nondiscrimination testing. Employer matching contributions are subject to certain limitations under the IRC.

The Company may decide at each contribution period whether to make a discretionary nonelective employer contribution, which they may also designate all or a portion of as qualified nonelective employer contributions, on behalf of eligible participants. No discretionary nonelective employer contributions were made in 2025.

Participant Accounts: Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and any company discretionary matching or nonelective contribution and allocations of plan earnings (losses) and charged with an allocation of administrative expenses and any related investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon, as well as in qualified matching employer contributions and qualified nonelective contributions. Vesting in employer discretionary matching contributions and discretionary nonelective contributions, including any actual earnings thereon, is based on the participant's years of continuous service in accordance with the following schedule:

| Years of Service | Vested Percentage |
|---|---|
| Less than 1 | 0% |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 or more | 100% |

Forfeitures: Forfeitures represent the nonvested portion of terminated participants' account balance. Forfeitures are applied first to reduce expenses related to the administration of the Plan and then toward any employer matching contributions. For the year ended December 31, 2025, amounts forfeited were $14,175. The Company used $14,175 to reduce employer matching contributions. As of December 31, 2025 and 2024, there was no balance remaining in the forfeiture account.

Investment Elections: Upon enrollment in the Plan, each participant shall direct the investment of their account among a selection of mutual funds and a money market fund. Participants may change their investment options at any time throughout the year by direct phone or online access to Fidelity Retirement Services.

(Continued)

**NOTE 1 – DESCRIPTION OF PLAN** (Continued)

Notes Receivable from Participants: Notes receivable from participants are made in accordance with provisions in the Plan. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. At December 31, 2025, these rates range from 4.25% to 9.50% on outstanding notes receivable from participants and the loans mature through 2039. Loan terms range up to five years, except for loans used to acquire a participant's principal residence which may extend up to 15 years. Principal and interest are paid ratably through biweekly payroll deductions. A participant is not allowed to have more than one outstanding loan at a time.

Payment of Benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum, partial withdrawal or installment distribution amount up to the value of the vested interest in their account. In-service withdrawals are also permitted for certain financial hardships, subject to a $500 minimum or when a participant attains age 59 ½. If the vested balance of a terminated participant is greater than $1,000, the participant (or beneficiary) must give written consent before the distribution can be made and if the vested balance is less, a lump-sum distribution is made as soon as administratively feasible.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant loans are charged directly to the participant's account and are included in administrative expenses. The remaining administrative expenses of the Plan may be paid by the use of forfeitures or plan assets. Investment related expenses are included in net appreciation in fair value of investments.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation: The financial statements of the Plan have been prepared on an accrual basis and are in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments in mutual funds and money market funds are valued at fair value based on quoted market prices which represent the net asset value of shares held by the Plan as of the valuation date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

(Continued)

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are paid by participants from their plan assets and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, upon the occurrence of a distributable event, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments: Benefits are recorded when paid.

**NOTE 3 – CERTIFIED INVESTMENTS**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity or the trustee of the Plan).

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification Topic 820 are described as follows:

*Level 1*: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

*Level 2*: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability; either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3*: Inputs that are unobservable inputs for the asset or liability.

(Continued)

**NOTE 4 – FAIR VALUE MEASUREMENTS** (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and Money Market Funds: The fair values of mutual and money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). The fair values of these investments are based upon the closing net asset value per share of the fund on the day of the valuation as reflected on a national securities exchange.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 45,601,440 | $ - | $ - | $ 45,601,440 |
| Money market funds | 1,585,496 | - | - | 1,585,496 |
| Total investments at fair value | $ 47,186,936 | $ - | $ - | $ 47,186,936 |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 40,048,624 | $ - | $ - | $ 40,048,624 |
| Money market funds | 1,821,383 | - | - | 1,821,383 |
| Total investments at fair value | $ 41,870,007 | $ - | $ - | $ 41,870,007 |

**NOTE 5 – PARTY-IN-INTEREST TRANSACTION**

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Certain Plan investments are managed by an affiliate of Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid directly or indirectly by the Plan for the period ended December 31, 2025, as well as notes receivable from participants, are also considered party-in-interest transactions.

(Continued)

## NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

## NOTE 7 – INCOME TAX STATUS

The IRS issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

## NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued.
